THE SPECULATIVE MARKETS.

Wheat Prices Higher and Controlling Sentiment Bullish.

CORN STRONG ON NEAR DELIVERY

Provisions Show Good Strength Throughout the Entire Session-Cattle Values Weak-Hogs Lower-Quotations.

CHICAGO PRODUCE MARKETS.

CHICAGO, Nov. 6,-[Special Telegram to THE BEE. |- Wheat was dull and firm a portion of the time to-day and active and firm the rest of the day. There were reactions, as a matter of course, but the average range of prices was above that on Monday and the controlling sentiment was bullish. Foreign markets were firm, but that was all, though grop news from the old world was decidedly advantageous to holders. Norton & Worthirgton had a cable from London to the effect that a British consul had reported a 70 per cent deficiency in the wacat crop of southern Russia, and Lindblom had advices from Mark Lane that the German rye crop was 6,000,000 quarters short of the requirements. Another cable credited German grain merchants with being heavy buyers of Russian wheat. Later in the day New York and Baltimore advised that from twenty to twenty-two boat loads had been worked for export. That worked in New York was No. 2 red, which is looked upon as a bull point. The local market developed faint indications of weakness early in the day, and about 11 o'clock there was another weak spell on the selling out of some good sized lines of long wheat, but the recovery in each instance was prompt and the tone of each instance was prompt and the tone of the market was bouyant, especially during the last hour of the session. December started off at 80%c, sold down to 80%c and up to 11 o'clock fluctuated between 80%c and 81c, selling back, however, from the outside to 80%c, and subsequently advancing to 81c again. Then occurred a reaction of about 14c and another bulge followed, which carried the price to 81%c. The closing quotation was 80%c. May opened at 84%c, ranged at 84%@84%c during the first half of the session and 84%@84%c the last half, closing at 84%@44%c. November left off at 70%c. at \$4%,@4%c. November left off at 70%c. What caused the advance toward the last was news from the seaboard. From a modest two boat loads at the start the number swelled to nineteen, then to twenty-two and finally to twenty-eight. This cooled the builish ardor and generated a buying fever. Hutchinson was a conspicuous and the steadiest buyer. He bought all day. Lindblom was also very active on that side. Most of the rank and file of commission houses had plenty of wheat to sell for northwestern and scattered country accounts.

the corn market was strong and prices on the near end of the deal were higher, but this state of affairs burely extended beyond the November delivery. December and on-ward responded rejuctantly to the boom in cash corn. Trading in futures was inactive and fluctuations narrow. The receipts here were only 227 car loads, but by canal 89,650 bushels were received for to-morrow. One reason given for the eagerness of shippers to secure cash offerings was that there was a large fleet of vessels offering easy rates for freight, and that the marine insurance on sailing vessels expired on November 15, so satling vessels expired on November 15, so they were auxious to avail themselves of the present opportunity. December closed at 31½c, against 31½c on Monday, and May at 33½c, against 33½c, while November closed at 33½c bid, or ½c higher than on Monday. The oats market presented little of interest, with only a light speculative business, and that chiefly local in character. Under a mild monity on the part of the shorts and no

mild inquiry on the part of the shorts and no pressure to sell. May improved 1/2/4 and later receded a point, while near months were dull, but fully steady, with November at 181/2/219c and next month touch

ing 194c. No. 2 to go to store sold at 185c and withdrawals were 83,278 bushels.

Provisions had a pretty firm opening this morning on the whole list and the undertone was one of strength throughout the session. in the aggregate, but it was generally a case of Hutcinson against the crowd. That oper-ator was the largest buyer by long odds, both on call and on 'change, while the sell-ing was of a general and miscellaneous character. Outside business does not improve in the least, Packers were not pressing future property for sale to-day, though hog receipts were liberal and prices for the same 5c per 100 tierces lower at the yards. On call 3,250 learners of north 5000 transports. barrels of pork, 5,000 tierces of January lard and 50,000 barrels of ribs were sold, Hutch-Inson taking nearly all of the offerings, During the session he bought about 1,500,000 barrels of January, February and May ribs. In pork and iard January was the principal delivery traded in. November attracted less attention. Fluctuations in prices were not wide. wide. January pork was covered on the extreme range of \$9.07;4@9.17%, while the same option of lard sold at \$5.80@5.82%, split to \$5.85, and ribs at \$4.70@4.7234. The final closings at this point for the future product were 214.005c higher for November and May were 234 395c nigher for November and May pork, January being unchanged, while No-vember and year lard was 234 36734c lower, January unchanged and May 234c stronger. Rib futures were 234 35c higher at the close.

CHICAGO LIVE STOCK.

CHICAGO, Nov. 6 .- [Special Telegram to THE BEE.]- CATTLE-The receipts were divided at 8,000 natives, 3,000 Texans and 2,000 rangers. Business was again dull and prices weak on all grades, including best exporters, that have all along been seiting at satisfactory prices. As was the case yesterday and Monday, common and medium native steers were nearly unsaleable unless at runously prices. Texans ruled steady. some salesmen reporting a slight advance on canning cows. The few rangers here were not up in quality to what was wanted, and they sold slow at rather lower prices. The stocker and feeder trade was moving along about the same as for the past week. Choice to extra beeves, \$4.80@5.25; medium to good steers, 1.350 to 1.500 lbs, \$3.80@4.50; 1.200 to 1.350 lbs, \$3.80@4.25; 350 to 1200 lbs, \$2.75@3.50. Stockers and feeders \$1.00@9.85; cover studies of the same studies.

450 to 1200 bs, \$2.75@3.50. Stockers and feeders, \$1.00@2.55; cows, bulls and mixed, \$1.00 @2.70; bulk, \$1.60@2.00. Texas steers, \$2.10 @2.70; bulk, \$1.60@2.00. Western rangers, \$2.40@3.50; cows, \$1.40@2.50. Western rangers, \$2.40@3.50; cows, \$1.90@2.50. Hoos—Theres was a sharp down turn of \$5@10c, but at the decline business was active, the general market closing a shade stronger than the average sales will show. Packers bought parts of loads, and speculators, oads and ends, together with rough and common at \$3.75@3.80, and fair to good at \$3.55 3.90, and the best at \$3.95. Shippers paid \$3.95@4.00 for good to fancy assorted heavy. A few lots of all barrows sold at \$4.10. Light sorts sold largely at \$4.00@4.10.

FINANCIAL

NEW YORK, Nov. 6 .- | Special Telegram to THE BEE.]-STOCKS-The feeling in Wall street was more bopeful this morning. The return of Gould and his unmistakable buying of stocks, the partial breaking up of the ear combination by the arrangement of Mr. Nat Jones to be absent for a time, and the expressions of Cammack that difficulties are getting out of the way for an advance of a few points, together with improved opportunities for earnings in grangers and coalers, combined to help the bull forces. The managers' meeting at Chicago is also expected to leave the roads in better shape for the buying of stocks. Under these influences the market opened strong with fair fractional gains over the close on Monday. Pullman was up 3 per cent to 186%, and Lake Eric & Western preferred started a point higher. Of western railroad stocks, Northwestern took the lead in strength, gaining 54 to 1125%, and was followed by Union Pacific up 1/4 to 6814, and Rock Island up 1/4 to 9814. Missouri Pacific and Burlington were weak and % lower at the end of the hour. Lackawanna advanced 34 to 141%, and Reading moved up to 41%. afterward dropping to 40%. Trusts were again eccentric and tricky. Chicago Gas

opened % higher at 54, touched 55, and went off to 54%. Cotton Oil sold at 31%, up to 32, down to 31 %, and then up 1 per cent to 3314 before noon. Sugar moved up 11/2 to 751/4 and yielded to 741/4. Business during the entire forenoon was well distributed and buying light. The closing hour in stocks was all that the better feeling early indicated. The news of the day was bullish. There was an easier feeling in money, which loaned freely at 4 to 6 per cent, and the removal of other lesser obstacles allowed the buils to begin what may be a campaign for much better prices. The only drawback to-day was weakness in Reading, which closed 114 lower at 30%. The entire list aside from this was strong, and few conspicuous gains were made, while all the active shares closed at the top for the day. Pullman was up 41/4 to 188, Louisville 154 to 84, Atchison 114 to 321 Rock Island 11 to 98%, Northwestern 1 to 113, St. Paul 36 to 7014, Union Pacific, Wabash preferred and Cotton Oil and Sugar trusts 1/4 each, while Chicago Gas went to 55%, closing 24 per cent better for the day.

OMAHA LIVE STOCK. Cattle.

Wednesday, Nov. 6.
To-day's cattle market could be summed up in a few words, "slow and dull." Such eattle as the buyers wanted were not here, and what there was here they did not want and what there was here they did not want to buy. Good beeves were in demand, but the half and three-quarters fat stuff was neglected, and if shippers know what is good for them they will keep that kind at home. The same its yesterday there was a feeling that good cattle would bring strong prices, but the cattle that were here and that were good enough for killers sold at steady prices. Quite a number of fairish natives changed hands at \$3.70@3.95. A few westerns went at \$2.5.@2.65. Good cows sold fairly well and at fully steady prices. Some good cows and heifers sold at \$2.55, but the general run of cows brought \$1.50 at \$2.25. The yards were full of stockers and feeders, but the market was slow and the feeders, but the market was slow and the demand light. The morning passed with very little trading. A few natives brought \$2.40@2.70 and westerns \$2.30@2.65.

The market at other points was lower and The market at other points was lower and the packers here started out evidently with the intention of buying their hogs lower. The receipts, however, were moderate and there was too good a demand to admit of any pounding of the market. The general market could hardly be quoted otherwise than steady. Some of the best heavy hogs that would please the shippers prought \$3.80, and some light hogs sold as high as \$3.85, but \$3.76@3.75 bought the bulk of everything. \$3.70@3.75 bought the bulk of everything. The market was fairly active at the prices and the bogs were all sold early.

Receipts. Cattle 1,600 Hogs 8,500

Control of the Control of Control		-	C Total		

Live Stock Notes. H. C. Smith, of Milford, come in with

Howard Wilcox brought hogs and cattle in Roden & Zohner marketed hogs from Missouri Valley, Iowa. J. W. Kelley come in from Republican Valley with hogs.

C. A. Johnson came in from Wood Lake to look after the sale of a car of cattle and one of hogs. Howard Wilcox, a well-known Stafferd dealer, was here with a car of hogs and one

of cattle. Chet Morsa, of Morse, Rogers & Co., Morse Bluffs, was at the yards with a load of fai steers. They are feeding 140 head of cattle and close to five thousand sheep. The latter were put on feed early and are doing splen-didly, and some of them will be fit to market

in two or three weeks. L. B. Gorham, live stock agent of the Rock Island, who has been west all the sum-mer looking after the interests of his road, has returned, and will travel in Nebraski during the winter.

Joe Miller, a heavy farmer and feeder, o Valley, Neb., was in with two cars of good cattle of his own feeding. There are fully as many cattle feeding in that vicinity as last seasen, but hogs are scarce on account of the ravages of cholera. Mr. Miller has one of the finest farms in the county and keeps it well stocked.

WESTERN PACKING INTERESTS. The Winter Season Opens With Fair

Receipts of Hogs. CINCINNATI, O., Nov. 6.—[Special Telegram to THE BRE,]—To-moreow's Price Current will say: The winter season opens with fair receipts of hogs at the leading centers. The total packing for five days at prominent points is about 185,000, against 150,000 last year. The weather was favorable, but there was hesitancy on the part of many packers, both at interior points and the large cities, in regard to operating at current value.
