Another case of diphtheria was reported yesterday in Turkey's Glen. T. G. Rice and Amanda Judd, both of South Omaha, were married yesterday morning by Justice Schurz.

The revival meetings conducted by Murphy and Evans in Trinity Methodist church, South Main street, opposite Eighth avenue, are progressing finely, with large audiences and much interest.

The basses to be given by the ladies of St. Francis Xavier's Catholic church upon Monday evening with a fine concert. The following evening the Festival of Days will be presented. Other entertainments are being provided. All should attend the opening concert Monday evening.

An organized movement has been instituted in this city, having for its object the adoption of a five-cent motor fare between Council Bluffs and Omaha. All of the leading business men of the city have engaged in the movement, and it will be zealously pushed.

A petition is being circulated in favor of restricting the city and creating two new wards in the western portion, as provided by the ordinance submitted by Alderman Evers at a recent meeting of the Council. It is very generally signed, bearing the signatures of scores of the leading business men, bankers and professional men of the city. It will be presented to the council at the next meeting.

The case of Stewart vs City of Council Bluffs was submitted to the jury in the district court at 10 o'clock yesterday morning, and a verdict was returned two hours later in favor of the city. The case was most substantially contested, and is a creditable victory for City Attorney Holmes. Little other business was transacted in court during the day, the jury being excused until Monday morning. An adjournment was taken at 3 o'clock until this morning. Today will be occupied in hearing the argument of motions and demurrers.

A steady looking tramp, giving the name of Eddie Greig, was run in Thursday night by Officer Clough and booked for larceny. Greig had in his possession a pair of pants, which he claimed to have purchased a second hand dealer in Sioux City, but as the garment was too large for him by about a dozen sizes, his story was not believed. He admitted having been tramping for the past eight months, and was held yesterday morning to await developments.

Two more matrimonial suits were filed in the district court at the January term of the district court. Sarah Hoop wants the knot untied that binds her to Fred L. Hoop, alleging as a reason for her petition that he willfully and deliberately deserted and abandoned her without just cause or provocation, and she always conducted herself as a loving and faithful wife for a similar reason.

Rachel A. Holland wants a divorce from Charles A. Holland, and further states that Charles is addicted to the habit of using alcohol stimulants, for which reason he is not a fit person to have charge of their two children, and she desires that they be given to her.

Physical Culture. Miss Anderson, who has very large classes in physical culture, in Omaha, has decided to organize like classes in Council Bluffs. She is thoroughly competent, and has been wonderfully successful. The opportunity of securing such an instructor will doubtless be gladly embraced by those in Council Bluffs desirous of physical culture. Those interested in the forming of such classes, and those desiring to attend, are requested to meet Miss Anderson at Dr. Hanchett's residence, No. 120 Fourth street, this afternoon at 3 o'clock.

The Contractor Explains It. It was stated several days ago that the residents on Third street were complaining bitterly because Contractor C. R. Mitchell, who has the contract for grading that street, left the street in an unfinished and almost impassable condition whenever he could get work for his teams anywhere else. The contractor allowed him until January 1 to complete the job. They protested that he should not have commenced the work and torn up the street, which was previously in good condition, until he was able to rush the work through to completion. Mr. Mitchell states that he has never taken his teams away to work on another job but once, and that was when the council ordered him to grade Fletcher avenue and Harrison street. He says that the paving could be put down without delay. According to his story, the rough condition of the street is owing to the fact that the contractors have been allowed to grade in front of their property done by private contract, and in some instances this has been done through the center of the street, as the work done by two contractors on either side of the street would not meet smoothly in the center, which was the cause of the accident to Dr. Montgomery while driving along in the night. Mr. Mitchell states that he will have his contract completed on time, but much before, as there are 11,000 yards of dirt to be hauled in.

ALL ABOUT COUNCIL BLUFFS.

An Organized Movement Started to Secure a Five Cent Motor Fare.

SEVERAL LABEL SUITS STARTED. A Severe Accident on an Ungraded Street—Banqueting Royal Arcanum Guests—General and Personal Notes.

Working for a Reduced Motor Rate. "When will the motor company reduce the fare between the Bluffs and Omaha to 5 cents?" is a question that is asked by interested parties many times a day, but a satisfactory answer is not forthcoming.

Inquiry of the local members of the board of directors of the company fails to elicit anything beyond the fact that the board has repeatedly considered the matter, but has been unable to agree upon a reduction of the fare. It is said that certain members favor the adoption of a reduced rate, and urge that the company should accordingly reduce its rates for the benefit of the laboring classes and the regular patrons of the road.

It is understood that the directors are inclined to resist the proposition with favor, but still lights a little shy of it for fear that it would soon lead to the adoption of a straight 5-cent rate, which is a possibility.

points south of Los Angeles is created, while the distance to St. Louis is but 232 miles greater than via the Union Pacific. The route has the advantage of being so far south that it is free from the snow and during the winter months through trains are expected to make better average time than those on the more northerly routes. The contract is for a long term of years and is even stronger than that of the Union Pacific and North-Western. The agreement also provides for the construction of a new line of traffic in connection with the passenger service will be established as soon as the necessary arrangements are made.
