## A World's Fair souvenir.

A World's Fair souvenir. A corps of artists are in the city sketching the public buildings and writing up Omaha in the interest of a magnificent world's fair souvenir for free distribution. The book is entitled "The Important Events of the Ceu-tury," and is deserving of any patron-nge it may receive from the citizens of Omaha. The book is to be used by the world's fair committee wherever the site may be, and is to be gotten up on a magnificent scale. Only fire western cities are to be illustrated, viz., Omaha, Denver, St. Paul, Kanass City and Soux City-merely to show the progress of the west.

Monday evening, November 25. All members are requested to attend. A Word of Cauton Not many months age a new remedy was introduced by dentists and lauded to the skies, as a saic and sure means of extracting beeth without causing pain and without resort to those remedies which destroy for the time the con-sciousness. It was claimed by most all the dentists that the patient could sit in his chair and after naving the med-icine injected into this goins withces the extraction of one or more teeth without danger or pain. The question of dan-ger has, however, been disputed of late, and as the source of the goals of the extraction of one or more teeth without danger or pain. The question of dan-ger has, however, been disputed of late, and as it is one which greatly interests the entire puelle a BEE reporter called on Dr. J. C. Whinnerey, the well known dentist, to obtain his views on the mat-ter. The doctor was very reluctant at lins to give his view, but being prossed was finally induced to do as. "Won the matter first came to my notice," says the doctor, "I was as anxi-ous as all the others to find out the na-ture of the new remedy, and give my patients the bonefit of its use. I found out what it was and used it freely. It was not long, however, before I camo across patients, delicate and sometimes vere robast indies, who showed serious symptoms after the use of the new remedy, symptoms much more alterning than any which I have observed from the use of gas in the course of thirteen verse practice. They would become deathly pale, and some-times fell into a dead faint, from which they were wild difficulty aroused. Other instances of a similar natures having been brought to my noties, I finally gave up the use of this remedy entirely, preforing to give gas wherever there awas any need of as annestholic. "May show by have a consciousness until fourteen hours after the niger. Now, yith gas this is entirely different. I have used it dato recover consel from the a Almost any price to close out stock.
