

THE CITY.

The churches south of the tracks are invited to join in the union Thanksgiving service at the Tenth street Methodist Episcopal church, at 10:30 a. m., Thanksgiving day. Rev. J. M. Wilson will preach on "Civil Service Reform." Virgil Allan of Stackman, Custor county, has occasion of faith in the future of Omaha, and yesterday he gave practical evidence of this by investing \$29,000 in cold cash in property on South Sixteenth street, McCormick's addition and Hanson place, which he intends holding for a rise. The Omaha dramatic company, comprising the following ladies and gentlemen, Miss Anderson, Miss Jones, Miss Grace Hungerford, Miss Addie Kettler, Mr. F. E. Smith, Mr. A. C. Powell, Mr. S. S. Baker of New Bedford, Conn., is in the city visiting his brother, the superintendent of the Ben Building. The captain has been in command of a whaling ship since 1857, having never spent more than a year on land during that time. He is now on his way to California to again take charge of his ship. Joe Kestner, the chicken thief who stabbed Matt Gahlon, gave ball yesterday in the sum of \$2.50 for a preliminary hearing. The charge is assault with intent to kill. Broke the Lock. County Clerk Roche appeared at his office yesterday but was unable to open the vault there as he had forgotten the combination. He was compelled to have the lock broken to get the vault opened. Independent Metropolitan Club. There will be a meeting of the Independent metropolitan club Wednesday night at the hall, southwest corner of Tenth and Farnam streets, at 7:30 to take action on dividend bonds. C. SCHANK, president. Appreciate His Recovery. The ladies of Walnut Hill who have lost more or less of their poultry during the last year, have considerable sympathy for Mr. Matt Gahlon, the man who was stabbed by chicken-thief a few nights ago. All of them have lost chickens, and on Thanksgiving day they propose to present to Mr. Gahlon a testimonial of some kind for his bravery. Gahlon is improving and will be able to attend to his duties in a few days. A Peculiar Accident. Michael Hayes attempted to let himself down on a rope from the third story of A. R. Riley's brick warehouse in course of construction on Douglas street, but it happened that the rope was slack and he was precipitated in a twinkling to the ground, sustaining serious injuries. He was picked up insensible. When a physician arrived he discovered that his right arm and left leg were broken and he was badly hurt about the hips. There are evidences also of internal injuries. He was taken to St. Joseph's hospital and cared for. Closed Up. H. N. Mannington, successor to Hovey & Kerr, furniture dealers on Douglas street between Fifteenth and Sixteenth streets, has been closed up by creditors. Late Monday evening Mr. Mannington fled chattel mortgages on his stock for the benefit of the former as follows: Merchants National bank of Omaha, \$2,085; First National bank of Geneva, Ill., \$1,000; American National bank of Omaha, \$200; J. H. Davis, \$1,500; A. L. Howe, \$250; E. M. Hulse, \$250; Murphy, Wassy & Company, \$20; C. A. Hoobe & Company of Council Bluffs, \$125. Why don't you try Red Cross Cough Drops, five cents per box.

BE HELD TOGETHER. The County and City Elections at the Same Place. Mayor Hreathch met the county commissioners yesterday and made arrangements by which the polling places for the general city election and the county bond election will be held at the same place. Locations were agreed upon except in two instances. The commissioners had designated P. Ford's house as the polling place for the First district of the Third ward and No. 6 engine house as the polls for the First precinct of the Fifth ward. Mayor Hreathch objected to both of these locations. He wanted the polling place in the First precinct of the Third ward located at the cellars station on the First of the Fifth at some place other than the engine house. The commissioners have agreed to these changes and will have the judges and clerks meet at the place first designated on election day and adjourn to such places as may be selected in the two polling places by the city. In the other precincts, the city election will be held at the polls selected by the commissioners for the special county election. It has also been practically agreed that the officers of election should serve for both city and county. This is made necessary by the fact that there is but one set of election books for the use of election officials in each voting division. The votes on the bond propositions will be voted in a special ballot box provided for the purpose. Catarth originates in scrofulous taint. Hood's Sarsaparilla purifies the blood, and thus permanently cures catarth. SUPERFLUOUS LINES. One of them on Twenty-fifth Street Has Finally Been Discontinued. The Twenty-fifth street and Twenty-fifth street motor line has been finally abandoned, not being sufficient to pay even the wages of the motorman and conductor. It is probable that the abandonment of the road will be permanent, as there are two lines parallel to it which furnish a better service, namely, the Hanson park and North Twenty-fourth street motor, and the North Twenty-fifth street cable line. The two motor lines of the abandoned road are to be transferred to the Sherman avenue and South Sixteenth line, which will commence running regularly to South Omaha next week. Although the tracks on Commercial avenue extend to Thirty-fourth street and the overhead wires are up, no further effort towards running the motor cars to the former street will be made until next spring. So, for the next three or four months, the car bars near the head of Twenty-first street will be the terminus of the Sherman avenue line. Superintendent Smith says that there are many persons dissatisfied in the outskirts of the city because they are not enjoying the street railway facilities they would like to have. "If," says Smith, "they will guarantee the running expenses of a road until it pays for itself from the receipts we will build one any place that anybody asks us and put in whatever sections they wish. These people should remember Omaha is already better equipped with car services than any other city of its size in the country. But most of the kicks come from parties holding real estate in the suburbs that they are anxious to get rid of. Of course, if we should run electric railways out to their farms, they would make a fat thing out of their investments in cornfields." The double switches for the new street railway extending from Ninth and Leavenworth to Sixth and Pierce are being put in at the junction on Ninth street and in a short time, probably by the first of next week, the tracks of the new line will be ready for use. The pavement on Howard between Fifteenth and Sixteenth, is being torn up preparatory to laying double tracks for the South Sixteenth street motor line which will run west on Howard to Sixteenth instead of south on Fifteenth. Leavenworth street is being changed in many places to widen the street and to make it more level. The steep and dangerous hill on Leavenworth next week. WANTS TO BE FREE. Why Mrs. Albert Hopkins Seeks For a Divorce. Louise A. Hopkins filed a petition in the district court yesterday asking for a divorce from her husband, Albert M. Hopkins, the court room being crowded. The petitioner alleges that she was married to the defendant in May last, and has been the customary true wife ever since. She alleges that she has been treated as if she were a slave, and that her husband began to practice a system of cruelty toward her and in August pushed her arm so severely that she still bears the marks of his violence. He confessed that he did not love her and taunted her and wanted her to leave him. In August he put her out of the house where she was occupying, and tried to force her to leave him. He refused to provide any clothing for her after her wardrobe had been destroyed by fire, and employed spies to watch her actions. Mrs. Hopkins also alleges that her husband was twice married before she knew him and that he deceived her in regard to the fact. On these grounds the petitioner asks for a decree of divorce and alimony. Miles' Nerve and Liver Pills. An important discovery. They act on the liver, stomach and bowels through the nervous system. Sent free at Kuhn & Co.'s, 15th and Douglas. Lewis, the Murdered Man in Valparaiso, Was Known Here. Mr. J. V. Lewis, who was shot at Valparaiso last Saturday night and who died Monday, was known by quite a number of persons in this city. About two years ago he was in the employ of C. S. Higgins in his restaurant at Twelfth and Douglas. From the city he went to Ashland, thence to Wahoo and thence to Valparaiso, where he worked as a clerk in a hotel till about six months ago, when he leased the house. He has since that time conducted it on his own account. During the war Mr. Lewis was a gallant soldier and returned home as a second lieutenant of the Fourth heavy artillery, N. Y. He had worked up from the ranks without the aid of political influence. At the time of his death he was about forty-five years old. SOLID FOR THE BONDS. The Sixth Ward Republicans Will Vote All of Them. A large number of the taxpayers living in the Third district of the Sixth ward held a meeting Monday night at the republican club room to consider the various bond propositions before the people. Mr. Day presided. Speeches in favor of voting the bonds were made by Messrs. J. C. Wharton, T. J. Moriarty, John T. Dillon, W. A. Messick and H. T. Leavitt. The grounds on which the speakers based their arguments were that they insured if voted, five or six years of work which would give a great many men employment and make money plentiful. "With all these inducements, in addition to the government building and city hall," said one of the speakers, "voting on the same line we can't but to the bonded house and Nebraska Central bridge bonds." A strong resolution was adopted pledging support not only to the Tenth street viaduct, but to the bonded house and Nebraska Central bridge bonds. Satisfaction Guaranteed. DR. ment of Mr. Reed, Attorney Pritchett and one or two others to be a mistake somewhere. The figures of the board of appraisers as taken from their estimates, places the value of the property and the losses at \$287,119. The only way in which they can account for the calculations made by Mr. Hatcher is that he figured several large mortgages into the appraisement, whereas these should be deducted from the awards. For instance, Mr. Hatcher will receive \$75,000 for his property less the mortgage of \$25,000. He led the German and his foolish dress was the admiration of the assembled fair, but his stout partner slipped on his favorite corn. Sensation! Salvation to the rescue. Happiness again. Nothing is more provoking than a troublesome cough. Cure it with Dr. Bull's Cough Syrup. IS IT A BOYCOTT? Scarcity of Bees Reported on C., St. P., M. & O. Trains. Hon. William A. Osborne, mayor of Blair, accompanied by his brother and Mr. E. J. Farrington of the Pacific express company, were in town yesterday. Mayor Osborne complains of the boycott by the trainboys on the Chicago, St. Paul, Minneapolis & Omaha railway against the city. In conversation with a Bee reporter he said: "I asked for a copy of The Bee on the train this morning, and the trainboy said he had none, but that he had plenty of Waverly-Herald. The latter paper, however, did not seem to be much of a success, as very few of them were purchased. Several passengers asked for The Bee, but the trainboy claimed that he could not furnish it. One gentleman secured one in some manner, but the rest of us had to go without reading matter. The scarcity of The Bee and the large number of other papers under the trainboy's arm caused considerable comment among the passengers, as it looked very much like a boycott. When we want a Bee, we want one, and do not want another paper foisted upon us." Grief for a Husband. Mrs. Mary Polack, forty years of age, was arrested by Deputy Sheriff Lou Grein Monday night on the charge of insanity. A CARD FROM MAX MEYER & BRO. The auction sale which is now in progress at our store has caused so many inquiries that we take this method to answer the inquiries and inform the public at the same time. The object of the sale is not, as some have asserted, to get rid of our old stock for the best of reasons, we have none. Nor is it a holiday scheme to get the trade—but it is advertised, to close the retail department of our jewelry business which we have been desirous of doing for many months, and having failed to find a customer to purchase the stock entire, and to put the stock into our wholesale department not being feasible, we have determined upon an auction sale of our entire stock of diamonds, fancy goods, art goods, and all. Without limit or reserve of one single article. We invite all to attend these sales, which will be held daily for the next thirty days (if not disposed of before) and see if this statement is not a fact. MAX MEYER & BRO.
