EARLY SLAUGHTER.

We have altogether too many fine suits and overcoats both in our men's and boys' department. The continued warm weather has demoralized the eastern manufacturers, and the figures at which fine goods were offered the past few days tempted us to buy very heavy. We must now unload, and commence an early slaughter of these goods.

We name a few of the bargains we offer this week. \$3,-About 500 good Chinchilla Overcoats, serge lining and honestly made, a substantial garment for a mechanic and workingman, and a coat for which you would have to pay elsewhere \$6 or \$7, only \$3.

\$5.25-200 fine all wool Kersey Overcoats, of same quality as those offered a few days ago for \$9.50 ... only that they have no satin sleeve lining. We have two shades, one dark brown, which is silk faced. the other is a fine mixed blue without facing. These coats are positively worth double.

\$3.90-175 good Chinchilla Reefers and Vests, lined with checked cassimere and well made, an excellent coat and vest for which other houses would ask about \$7,50; we offer them this week at \$3.90.

The above are all in men's sizes, from 34 to 42.

At \$2.25 we offer 300 boys' cape overcoats, sizes from 5 to 12, made of good chinchilla, a neat brown color; this is splendid value, the coats are worth fully \$5 and could not be bought for less,

Recollect that we do not handle shoddy or trashy goods, so that when we quote prices they represent honest goods, and however low a price we may name, rest assured that the garment has our guarantee. which means that it is what it should be and as fair in every way as recommended.
