### CHICAGO PRODUCE MARKETS.

CHICAGO, Jan. 16.—[Special Telegram to THE BEE.]—The daily contest between the bulls and bears in the wheat pit is likened to the pugilistic encounter at Battery D last night—sparring with soft gloves for scientific points. Yesterday the bears came out ahead. Today the bulls had an inning and recovered the ground that was lost the day before. There were enough bulls after to put the market up 2c. The actual improvement scored was ¾@1¼c. The surrounding markets were decidedly stronger than Chicago. The speculative demand is small, but cash wheat seems to be wanted by shippers and millers. Toledo was 1@1¾c higher for cash wheat. Minneapolis wired that millers were bidding for all the wheat they could lay hold off at ¾c advance over yesterday, and about noon word was received that 100,000 bushels of No. 1 northern had been bought at Minneapolis for direct and immediate export via Newport News, and also that 100,000 bushels more had been bid for and not secured. New York wired that the cash market there was strong and that ocean freights were a shade easier. Cash wheat there is now bringing within 2c of the May price, and one sale at within ¾c of the May price is reported privately. Yesterday afternoon 94,000 bushels was worked at Philadelphia and freight room engaged. Even St. Louis chimed in with bullish advices, mentioning the fact that No. 4 wheat was in active milling demand by millers at 72c. In this market No. 2 red winter is in active request and the market may be quoted as decidedly firm today. An unverified report got out this afternoon that 100,000 bushels had been worked here for rail shipment to the seaboard. The nearest approach to a sensational incident this morning was the purchase of about 1,250,000 bushels by John Bryant. This was soon after the opening and he happened to strike a time when everybody wanted to sell. The opening quotation was 81⅝@81¾c and most of the Bryant line was picked up at that figure. Toward the last he had to pay 81¼c, taking 300,000 bushels in one lot from Pardridge at that, and bidding for 500,000 bushels more. The market then moved up to 81⅝@81¾c, once touching 81¾c, but not sticking. Curiosity as to who Bryant was trading for was measurably relieved when "he gave up" the Weare Commission company and Boyden. At the advance there was heavy and general selling, but the tone of the market remained firm, and the last quotation was 81¾@81⅝c, with January resting at 77c, February at 77¾c and July at 80c. The bulls are showing more courage now than for some time, and a stronger tone is apparently developing.

The corn market ruled easier for future delivery, with a fair amount of business passing at the slight decline which took place. The receipts were about as expected here, and for tomorrow the moderate quantity of 200 cars are looked for. The cold, dry weather now prevailing promises to effect an improvement in grading, which though not apparent in today's receipts, yet influenced trading to some extent. One hundred and ninety-two cars were received, of which thirty were No. 2. Export clearances were heavy, and as freights were reported easier at the seaboard, continued free shipments will be encouraged by that fact. There was a good deal of covering by May shorts at and below 31⅝c. Offerings of cash corn were quite moderate and were readily taken at a slight decline from yesterday's closing figure. The resting quotations today show a trivial decline from those of the afternoon preceding, and were: January, 28⅝@28⅝c against 28¾c; February, 29¼c against 29¾@29⅝c; May, 31⅝@31⅝c compared with 31¾@31¾c yesterday.

In oats there was a little more doing, with prices tending to easiness, induced partly by the continued weakness in corn, which called out a few more sellers. May sold off ⅛@¼c to 22c and barely touched a shade below that, while near months were quiet around 20c. The receipts were small, but there was again an absence of withdrawals from store and cash business was confined to samples. No. 2 regular was in some request at 20c bid, but there were no sellers at that. No. 2 white for May was steady at 23⅝@23¾c.

The provision market was unrelieved of the dullness that has characterized the speculative trade for so long, but the undertone today was firmer up to within a few minutes of the close and prices averaged a shade stronger. Outside orders were as scarce as ever and the pit operations of room traders were inconsequential. Baldwin and Farnum bought about 3,000 barrels of May pork at $9.90. Chandler & Brown were credited with the purchase of 2,500 tierces of lard for the same month at $6.07½ and John Bagley took 250,000 pounds of May ribs at $4.90@4.92½. Scattering trades were made in less deferred futures, but nine-tenths of the business done was in May. Prices for hogs were again 5c up in the face of continued large receipts. Today's arrivals at six points were 22,000 larger than for the corresponding day in 1889 and 16,000 more than in 1888. The packing of the west for the week, according to the Price Current, foots up 445,000 hogs against 375,000 for the same time last year, being an increase of 70,000 head. Foreign markets were unchanged as to prices, lard being quoted easy at Liverpool. At New York lard futures were steady. May pork sold at $9.87½ low to $9.90@9.92½ high and closed at $9.87½, or the same as yesterday. The same future of lard closed at $6.07½ and sold early at $6.05½@6.07½ together. May ribs sold at $4.90@4.92½c, with some trading on the split, closing at $4.90. Speculative offerings were increased slightly just previous to adjournment and the close was easy. The shipping demand was improved and cash transactions showed an increase, lard selling at $5.82½@5.85, green hams averaging 13 lbs. at 7¼c, green shoulders at 3¼c for New York and 4c for Boston cut, sweet pickled hams averaging 16 lbs. at 8¼c and fully cured short ribs at $4.75.

### CHICAGO LIVE STOCK.

CHICAGO, Jan. 16.—[Special Telegram to THE BEE.]—CATTLE—Receipts continue on the increase and now show 8,000 more than this time last week. Business ruled rather slow. Prime steers were scarce and fair to good not at all plentiful, and a few early sales were made at about yesterday's prices, but later on the demand fell off, and so slow was trade that salesmen did not offer late arrivals, preferring to carry the same over and try their luck tomorrow. The pens were full of cows and common stock, with old canners selling a shade lower. There was a fair demand for stockers and feeders at former prices. There were a few loads of corn-fed Texans on sale that made fair prices. Choice to extra beeves, $4.80@5.25; medium to good steers, 1350 to 1500 lbs, $4.00@4.75; 1200 to 1350 lbs, $3.50@4.25; 950 to 1200 lbs, $3.00@3.75. Stockers and feeders, $2.20@3.15; cows, bulls and mixed, $1.25@2.90; bulls, $2.20@2.40. Texas fed steers, $3.30@3.80.

HOGS—Business was brisk and prices strong to 5c higher. Packers paid $3.70@3.75, largely the latter price, and shippers $3.75@3.80. A few assorted fancy heavy sold at $3.82½. Light sorts underweight little or no change, selling at $3.65@3.75, largely at $3.70.

### FINANCIAL.

NEW YORK, Jan. 16.—[Special Telegram to THE BEE.]—STOCKS—The opening of the stock market today was anything but brilliant. The buying forces were not aggressive, and the bears were not inclined to increase their short interest. The list on the whole was dull, but not heavy. For a time action was confined to a few securities, but in the leaders there was fairly active business and all the movement in the market was confined to these half dozen stocks. The opening prices were generally slightly higher than last evening's closing figures and in most of the active stocks small fractional gains were made in early trading, though Union Pacific was a marked exception, the influence of the action of Chairman Walker being still felt, and it dropped away from 63½ at the opening to 60¾. The movement extended afterward to the rest of the list and Lackawanna and Missouri Pacific, which had been the most prominent in the early improvement, fell back to the opening prices and later a shade below. Sugar Refineries also, which had been a strong feature of the market, rising 10 per cent to 86¼, retired to 85½, recovering only a small fraction. After a period of stagnation a better tone prevailed before noon and prices were marked up with scarcely an exception. Sugar led the list, going to 86¾. Chicago Gas recovered to 46¾. Canada Southern moved up ¾ to 53¾ and New England and the Vanderbilts about a like amount. In Atchison and the Granger group the gain was about ¼ all around. Pacific Mail was very buoyant, going to 39 against 37¾ at the close yesterday. Missouri Pacific went up to 73 and Union Pacific to 60½. Lackawanna recovered to 136 and Reading to 36¾. Wisconsin Central was heavy at 34. The prices reached on the morning advance in stocks did not hold. The Walker decision regarding the consolidation of the Northwestern and Union Pacific caused a little trouble in those securities and the others quickly followed. The decline from 12 o'clock figures at the close were Atchison ¼ to 30¾, Burlington ¾ to 106, Northwestern ¾ to 109¾, St. Paul ¾ to 68¼, Missouri Pacific ¾ to 72¾, Rock Island 1 to 85¾ and Union Pacific 1 per cent to 65¾. Wisconsin Central suffered a decline of 1¼ per cent for the day to 33½ at the close. Pacific Mail kept strong and closed 1 per cent higher at 38¾. Trusts closed steady or higher. Coal stocks were firm on the colder weather. Money was easy at 3@4 per cent. It was thought that the list was oversold before the close and a rally is predicted. The total sales were light—175,970 shares.

### OMAHA LIVE STOCK.

#### Cattle.

Thursday, Jan. 16.

The cattle market was slow again today, and yet the buyers took hold a little more readily. The fresh receipts of cattle were light for this time of the week, but there were about as many more held over from yesterday, which made the total offerings quite large. For the reason that the fresh receipts were so light there were some who were expecting a better market, but it did not come. In fact, the dressed beef men claimed to be buying their cattle fully as low as yesterday, and salesmen who happened to have something that did not just please the buyer thought it was almost impossible to get steady prices. Taking everything into account, it would be safe to call the cattle market no better than yesterday, only that buyers purchased a little more readily. Cows sold at about yesterday's prices, and the offerings were pretty well cleaned up before the close. There were a few stockers and feeders in the yards today, but not enough to equal the demand, which was very fair. There were a number of orders which could not be filled. Such as there was here sold at about former prices. Some range grade Herefords contracted for in the country were brought in and delivered at $3.00.

#### Hogs.

There was no quotable change in the market today, the prices being about the same as yesterday. The receipts were very light and there were hardly enough hogs to make a market. Everything was sold, even some that did not arrive till afternoon.

#### Sheep.

There were two loads of sheep here which sold readily at strong prices.
