A DRAFT FOR A CENT.

Not a California Bear.

Not a California Bear. Anybody can catch a cold this kind of weather. The trouble is to let go, like the man who caught the bear. We advise our readers to purchase of the Goodman Drug company a bottle of SAN TA ABIE, the Cal-ifornia King of Consumption, Athuma, Bron-chitis, Couros and Croup Cures, and krep it handy. Tis pleasing to the taste and death to the above complaints. Sold at \$1.00 a bot the or S for \$2.00. CALIFORNIA CAT-R CURE gives immediate relief. The Catar-rhal virus is soon displaced by its healing and penetrating nature. Give it a trial-Six months treatment \$1.00, sent by mail \$1.10.

ALL SORTS OF QUEER FISH.

ALL SORTS OF QUEER FISH. The Census Bureau Offers a New List Awfully Funny Ones. For the first time in the history of census making in this country, says the Washington Star, the bureau which conducts that important work finds it-self now compelled by an act of congress approved last March to produce statis-tics regarding the fishes that inhubit the waters in and about the United States. The superintendent's first con-tribution to this branch of human inowledge has just been published in the shape of a list merely giving the names of "aquatic animals sought by fishermen." However, this list is sur-prisingly interesting to peruse, so very many queer fishes thare are in it, or, at all events, fashes with exceedingly queer annes.

Permits were granted by Superintendent hitlock yesterday as follows:
