

THE CITY.

Charles Kelley, a resident on North Eighteenth street, was taken to the insane asylum by Sheriff Boyd. The children of the Long street school sent three wagon loads of clothing to the poor in the southern part of the city last week. The Omaha Loan and Trust company filed amended articles of incorporation reducing their capital stock from \$500,000 to \$100,000. Over \$200 damage was done to the police and fire alarm wires at central police station Thursday by a broken wire falling across a motor wire. The Omaha investment company has been incorporated by G. W. Logan, A. A. Egbert, J. B. Evans, E. E. Clippinger and W. J. Wagener. The capital stock is \$50,000 and the company will transact a general real estate, loan and rental business. Ed Phelps, the contractor, has put down 132 feet of sidewalk on Fifteenth street between Leavenworth and Jones at his own expense. Mr. Phelps graded that street and before he could replace the walks the boards had all been stolen. Personal Paragraphs. M. L. Esmore of Hastings is at the Murray. H. D. Watson of Kearney is at the Paxton. I. W. Harris of Hartwell is stopping at the Casey. C. G. Hoyt of Beatrice is stopping at the Murray. J. P. Matthews of Lindsay is a guest at the Casey. P. M. Barnett of Louisville is a guest at the Millard. O. P. Turner of Fremont is stopping at the Millard. G. F. Hammett of Columbus is registered at the Casey. A. S. Patterson of Kearney is registered at the Paxton. James H. Rothwell of Creighton is stopping at the Millard. John S. Hoover of Blue Hill is among the guests at the Millard. W. L. May of Fremont is in the city, a guest at the Paxton. W. N. Richardson of Red Cloud is registered at the Paxton. James H. Scanlon and wife of Kearney are among the guests at the Paxton. Ladies who value a refined complexion must use Puzon's Powder—it produces a soft and beautiful skin. A Good Invoice. The real estate exchange held a brief session yesterday and after receiving itself into a committee to aid the collecting committee in securing subscriptions to the state fair fund. Notices from Europe. A large shipment of lace from Switzerland has been received at the custom house for Hayden Brothers. The tariff on these delicate goods will cost the firm over \$1,000. Five cases of linen and cotton goods have been received from Scotland for the Kilpatrick-Koch company. Marriage Licenses. Licenses were issued to the following parties by Judge Shields yesterday: Name and Residence. Age. James H. Howie, Dubuque, 34. Elizabeth Lear, Dubuque, 22. David Treloar, Omaha, 35. Emma Carmelo, Omaha, 15. Beware of Frauds. Red Cross Cough Drops will cure your cold. Paid For Trial. Georgia Patten was yesterday, charged by William H. Smith with the larceny of \$30. Smith went the night with Georgia and claims she took the money while he was asleep. The girl was brought before Judge Healey yesterday afternoon, pleaded not guilty, and gave \$100 bonds for her appearance later. Duress for Education. The county superintendent has finished making the apportionments of the school fund, amounting from state assessments, liquor licenses, fines, etc. to \$2,304,400. Omaha gets \$14,477.25 of this amount and South Omaha \$1,147.15. The balance is distributed in amounts ranging from \$135 to \$200 among the various school districts of the county. From Seybey's Report. Chief Seybey reports the following number of hospitals and charitable and other institutions for 1889: Hospitals, 55; beer gardens, 51; dance halls, 10; second hand stores, 26; lodging houses, 1; junk dealers, 1; pawn brokers, 16; charitable institutions, 7. Licenses granted for the year were as follows: Saloons, 343; peddlers, 430; hacks and cabs, 75; auctioneers, 19; house movers, 12; hotel runners, 10; theaters, 4; plumbers and train carriers, 36; and coal merchants, 36. Mrs. Winslow's Soothing Syrup for children teething cures wind, colic, diarrhoea, etc. 25 cents a bottle. Announcements. The attraction that will first occupy the boards of Boyd's opera house next week is a dramatization by Mr. W. A. Brady of Rider Haggard's wonderful work, "She." The piece will be produced by the well known Webster Hrazy company, and the special scenery which has been prepared for the play is extensive and artistic. "She" will be performed twice—on Tuesday and Wednesday evenings. On Thursday evening of next week Harry Campbell's romantic "Hans" will reappear at the Boyd after an absence of several years. "The Heirloom" the latest and one of the most popular operas that Strauss, the famous Austrian composer, has yet written, will be sung for the first time in this city by the Grand opera company at Boyd's opera house on Friday and Saturday of next week. A Lady and La Grippe. We know a refined and cultured woman whose modesty will not permit any newspaper mention of her name, who was as miserable as one could well be last week. Her whole body was racked with pain. Her headache was so insupportable in character, but when it did subside the pain was unconsciously severe. Her spells of sneezing were frequent and protracted. The lining membrane of the nose was in a high state of inflammation. Her cough, especially early in the morning, was painful and her expectoration was copious. She had an exaggerated case of hay fever. It destroyed her appetite and drove her to bed. At one time her family became seriously alarmed, as her symptoms had assumed a character of a dangerous character. She refused to have a physician called, and said: "Chamberlain's Cough Remedy had helped her out of a very bad cold, and she would try it any how. There was a bottle of the remedy on the sideboard, but it was half gone, and as it had not been used for some time it was supposed that its strength and virtue were gone. The fair patient persisted and at last she was prevailed upon to have her way. She began taking it in the evening, and the next morning, though the medicine seemed to make her slightly dizzy, she was much improved. The cough had ceased and the sneezing was infrequent, less in duration and violence. The next night she slept soundly and arose the next morning realizing that though she was weak "La Grippe" had retired from the conflict—From Mail and Times, Des Moines.

SHIPPING GRAIN.

The Question of Rates to Market Centers. Whether they can succeed in getting the railroads to make a general reduction of rates or not, the state boards of transportation and Governor Thayer hope that something may be done towards assisting farmers in realizing more for their corn than they are now realizing. Secretary Cowdry and Land Commissioner Steen came here Thursday purposely of making a special appeal to the B. & M. officials for a reduction of 5 cents per hundred on grain shipments from the Missouri river to Chicago. As General Manager Holdrege, whom they wished particularly to see, and General Freight Agent Millard are in Chicago, nothing resulted from their visit. However, the request was left with Mr. A. H. Smith, and when the other officials return it will be laid before them. Governor Thayer has written letters to the general managers of Nebraska's railroads, questioning them to adopt some measure to afford relief. "The state of affairs," said a Union Pacific official, "is very largely due to the farmers themselves. They threw their crop onto the market all at once, thus creating a glut and forcing prices down. There were not enough available ears in this country to supply the demand made for them, but farmers continued hauling the product to the stations, piling it on the ground, and taking whatever they could get for it." "No figures have been received as yet showing the number of bushels of corn raised in Nebraska last year, but the crop is estimated as being from 90 to 40 per cent larger than last year." General Freight Agent Tebbets of the Union Pacific writes up to December 31 his road had carried out about four thousand car loads more than for the same period of 1889. The B. & M.'s increase was nearly as large, and General Agent Phillips of the Missouri Pacific places the supply along the line of that road at fully 25 per cent above the year previous. In addition to the hundreds of thousands of bushels that have been shipped out, all the elevators and bins in the state are still as full as they will hold. "Suppose we should comply with Governor Thayer's appeal," said a B. & M. official, "and reduce our rates 5 cents a hundred from the Missouri river to Chicago, would the farmers receive any benefit? It has been our experience that every time we make special rates in cases of emergency, the market prices were lowered proportionately; consequently the railroads as well as the farmers suffered heavy losses in their revenue. The rate now on grain to Chicago is 30 cents and to New York 88 cents." The problem seemed to be a puzzler, the question being will any body be benefited. Messrs. Cowdry and Steen were compelled to return home without having secured any satisfactory results. If the assertions made by a Milwaukee official yesterday are founded on facts, and he claimed to know his business, a stupendous conspiracy has been organized to do down the Union Pacific and Northwestern. "What do you think of that combination?" asked a reporter. "Isn't it destined to defeat the gentlemen's agreement?" "If it continues two years the Union Pacific will be in the hands of a receiver." "Oh what do you base your opinion?" "The ground that it will lose business." "The management claims that it is doing more and is better able to increase its earnings than ever before." "That is all in your eye. I don't care how many combinations there make, it will be impossible for them to control the through business with four corporations, either one of which is as strong as the Northwestern, cutting the life out of them at every point." "Since that combination was formed the St. Paul has handled more through business than it ever did before. It was a good thing for us. Our people braced right up and offered their agents bigger inducements to handle." "But how are you going to put the Union Pacific into the hands of a receiver?" "Easy enough. I'll just give you an instance of the work that is going on. Suppose there is a large shipment of through freight at New York. Agents of all these roads are doing their best to get it. The Milwaukee, Rock Island, Burlington and Santa Fe follow each other in a race, and secure it for either one of the four roads, rather than let the Union Pacific-Northwestern get away with them. Several times recently this sort of thing has occurred, and it will be kept up." The Alton's action in reducing live stock rates from Kansas City to Chicago to 12 1/2 cents per 100, has been the means of creating the present economic straits. Railroad association circles. Railroad officials say that it will be impossible to confine this cut among Kansas City lines. It is bound to reach St. Joe, Omaha and Sioux City. Official circulars have been issued by General Traffic Manager C. S. Melton for the "Rock Island Road," announcing the appointment of W. V. Newlin, as general freight and passenger agent at Fort Worth and F. J. Smith special agent at Denver. Mr. Newlin succeeded J. L. A. Thomas, who is transferred to another division. General Traffic Melton is recovering very nicely from his late severe illness. The most remarkable cures of acrofula on record have been accomplished by Hood's Sarsaparilla. Try it. Sold by all druggists. EIGHTY HUMAN LIVES. The Number Judge Brewer's Probable Successor Blotted Out. Judge Dundy says that Judge Parker, the United States district judge in Arkansas, who is reported the probable successor of Judge Brewer on the United States circuit bench, has held his present position for sixteen years. He has sentenced more men to be hung than all the other federal judges in the United States put together. Thursday six men were hung by his sentence, which makes just exactly eighty men whose lives, by his decree, have paid the penalty for murder. Two more men sentenced by him will be hung in two weeks. "Parker," says Dundy, "will fight at the drop of a hat. He is terribly determined upon any kind. He is terribly determined upon and possibly fitted for a lawless country in his jurisdiction—Arkansas and the Indian Territory. He was formerly a congressman, having been elected in 1870 while living in St. Joseph. He and Elkins were in congress with him at the same time and both were very friendly to him. It is probable that if he is appointed it will be through their influence." The Only One. The Chicago, Milwaukee & St. Paul Railway is the only line running solid vestibuled, electric lighted and steam heated trains between Chicago, Council Bluffs and Omaha. The best reading lamp feature in the Pullman sleeping cars run on these lines if patented and cannot be used by any other railway company. It is the great improvement of the age. Try it and you will be convinced. Sleeping cars leave the Union Pacific depot, Omaha, at 9 p. m. daily, arriving at Chicago at 9:30 a. m. Passengers taking this train are not compelled to get out of the cars at Council Bluffs and wait for the train to be cleared of passengers and sleeping car berths at Union ticket office, 1501 Farnam street. F. A. NASH, Gen. Agt. J. E. PRESTON, Pass. Agt. A HEALER DEPARTMENT. The City Physician-Elect Says He Will Organize It. Dr. Gapan, the city physician-elect, has filed his bond, in the sum of \$5,000, with John O'Keefe, L. H. Flower and J. T. Clark as his sureties. The bond has not yet come before the council, and will not until next Tuesday night. Until after its approval the doctor will not formally enter upon the duties of his office. As regards the present manner of conducting the health department of the city, Dr. Gapan says he is not acquainted, but his aim will be to build it up after the manner which obtains in metropolitan cities.

Catarrh

It is a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla—the best of all blood purifiers. The sooner you begin the better; delay is dangerous. "I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint, and completely restored my health."—Jesse M. Buggs, Holman's Mills, N. C. "When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

WESCOTT'S ENEMY.

He Finds Him in the Person of a Chicago Drummer. Louis Wescott, the young fellow who commenced suit last week for a divorce from his wife, made an assault yesterday on J. H. McCullough, a Chicago traveling man, whom he charges, estranged his wife from him. It occurred in the Millard hotel office. Wescott happened to see McCullough walking through towards the wash room. He followed the latter, through the dining room, and, by doling about among the chairs, McCullough managed to keep out of Wescott's reach until Chief Clerk Hacket came to his rescue and separated the two on the ground, and taking whatever they could get for it. "No figures have been received as yet showing the number of bushels of corn raised in Nebraska last year, but the crop is estimated as being from 90 to 40 per cent larger than last year." General Freight Agent Tebbets of the Union Pacific writes up to December 31 his road had carried out about four thousand car loads more than for the same period of 1889. The B. & M.'s increase was nearly as large, and General Agent Phillips of the Missouri Pacific places the supply along the line of that road at fully 25 per cent above the year previous. In addition to the hundreds of thousands of bushels that have been shipped out, all the elevators and bins in the state are still as full as they will hold. "Suppose we should comply with Governor Thayer's appeal," said a B. & M. official, "and reduce our rates 5 cents a hundred from the Missouri river to Chicago, would the farmers receive any benefit? We also have a large stock of all the latest and most improved machinery, and are prepared to do all kinds of repairing and alterations.

THIS GOLD SNAP

Promptly us to remind you that we have a few heavy Ulsters and Fur Trimmed Overcoats which we would like to close out and as this may be our last chance this season to dispose of them, we have cut the price in two, thus offering you a rare chance to get a garment for about one half its value at a time when it will do you the most good. We call particular attention to a small lot of elegant fancy Chinchilla Ulsters with very fine Cassimere lining, choice satin sleeve lining and made up in first class manner—a garment which was gotten up to retail for about \$30.00, we offer them at \$14.75, and a few excellent Chinchilla Coats, Cassimere lined, and very long and trimmed with good Beaver Collars and Cuffs, at \$13.50. You could not buy this in the early season for less than \$25.00. For small boys we still have a little lot of very neat Cape Overcoats, sizes 4 to 10, which we offer at \$1.00. They are worth even at this time of the year \$3.50. For other seasonable bargains which will be appreciated these cold days we mention, Good Knit Caps at 20c, worth 40c. Good Woolen Mitts at 15c, worth 30c. Excellent all wool Seamless Socks at 15c, worth 30c. The prices on all these goods were double but as there was no sale for them and we wanted to force them during the warm weather, we reduced them to one half—it is not our custom to mark goods up again after they are once reduced. Rubber Overshoes are said to be sold by all shoe dealers very close but you should see how we sell them.

Nebraska Clothing Company

Corner Douglas and Fourteenth Streets. During January and February our store closes at 7 p. m. Saturday at 10 p. m.
