The sentiment in favor of pincing a citi-ens' ticket in the field this spring is rapidly matter. The secretary read a tletter from the Colo rado Live Stock association requesting The secretary read a tletter from the Colo-rado Live Stock association requesting a change in the methods of charg-ing commissions on sales of stock at the South Guada yards. A graded scale of commissions per head was urged as the most equitable way of deing justice to the shippers. Action on the suggressions made in the letter was requested and a committee of five was appointed to consider it. A concral discussion followed on matters connected with the South Guada yards. The most important action was a decision to request the stock yards imanagement to request the stock yards imanagement to rease their yardage for from 35 cents to 20 cmats pic head, the same as the rate charged in Kanass City. growing, and it is now regarded as abso lutely certain that this will be done. The following correspondence explains to solid: Trecursten, Nub. Jan. 15 - Hox. J. S. Moa-rox - Dear Sir: I write you is regard to the talk you made at Lifeoin before the state board of horricuitury about root grafting. As some parties understand you to be op-posed to that system man in favor of whole root or budded trees, and I know that you do not wish to be held in a failed light, and it did seems that you did favor that system from Tus Bar, as there was no discussion on the subject at that time. Please give me your opinion on the matter. I has sure you would not favor any system unless you thought it was the best. Respectfully yours. W. R. Hakman.

thought it was the best. Respectfully yours. W. R Anam. Nrmnastra Cirr, Jan. 34 - Dear Mr. Harans. My intention at the meeting of the Nebrasia attate bord of horticulture was merely to draw attention to the fact that our apple orchards were too short-lived and to inquire whether root graft ing was the cause of the carty decay of our orchards of cariner days of the republic lived in the castern and middle states. Hut I do not wish to be quoted as anying that root graft-ing is a known cause of the carify doclins of our orchards. These orchards for the the carify into prolife bearing than du those of New York. New England and Michigan Possibly they are only sonther varification of the old proverb "Early rupe early rotten."
