nately from each lot turned over by the chief coincer to the superinterment of the mining The only mints in operation during the year 1899 were the Philadeiphia, the Carson City, the San Francisco and New Orleans. A proportionate number of vieces were tested from each of these minis and found to be faily up to the standard required by yiaw. In the double cagie to de-vision must not exceed one-half a grain. In the other gold picces the deviation must not exceed one fourth of a grain. In all silver picces, the division in any single picce must not exceed one and a half grains. The commissioners were treated with grate courtesy by all the officials and em-inologies of the minis. After passing through the different de-building, the commissioners were unan-imonsity of the opinion that the present building was entirely indequate to the de-mands upon it. There was not enough room to the werk required. Between live hom-ted the work required men and women were constantly employed.

cure tickets when the sale opens without personally being in Omaha. They are now preparing diagram cuts of the Colencum to be cristed with full expla-nation in next Sondarys papers, and showing the exact socation of different prices weats. Orders may be sket in either by mail or telegraph, but they must in every instance be accompanied by the cash, otherwise the management will not take any risks. Requests having checks or nosteffice money order with them will receive promit attention and repeating what Mr. Hoy a said yesterday. "We will try our best to secure for those seen ding in ust such exats is they want." Manager line of the district messenger service sales receiving orders from out of town people who want him to have his boys in line early eact Huirsday morning and secure seats for them. The indications are that there will be an immense crowd of strangers here to attend both night and matines perform-ances. Parties in Lincoln are arranging for a special train to bring at least 900 from there. ored and six hundred men and women were constantly employed. The number of coins issued in 1859 was 100.140,017.01 the value of 58-518-022.01. This includes the work of all four of the mints, but the most of it was done at Philacelphia. The commission signed a memorial to con-gress asking for the selection of a new build-ing with moders improvement. It was stated by one of the official provent. It was stated by one of the official present that the government had been offered \$1,00,000 for the lot on which the present building stands. ances. Parties in Lincoln arc arranging fore special train to bring at least 500 from there. "How do you propose to provide scenery if" was the question put to Mr. Boyd when he asserted that the stage being boilt and its trappings would be good enough for the pro-duction of any grand orders. "With what we have in our theater here that can be 1. probably one set I may be able to rent ... in the Grand opers house and such as our stage hands can by their to ventive ingrandity got scenery. Our stage carpenter, Mr. Uhl, is a man of woo-derful resources in his business, and he will have charge of the stags." The Patil grand opera company will come from Denver to Omaha in a special train on the Union laid order, arriving here Mon-day, March 3. Mine, Patil and her nusband, Count Nicolini, Mme, Atbin, Mme, Volla, Mile, Nordiea, Mile Patierd Giani and sister, Manager Henry E. Abby and will come Marise Gran and other principal fusion may will be quartered during their inverting of the stage." LETITIA GETS LEFT.

stay in the city. Salt Rheum With its intense itching, dry, hot skin, often broken into painful cracks, and the little watery pimples, often causes indescribable suffering. Hood's Sar-saparilla has wonderful power over this disease. It purifies the blood and ex-pois the humor, and the skin heals without a sgar. Send for nook contain-ing many statements of cures, to C. I. Hood & Co., Apothecaries, Lowell, Mass,

LETTIA GETS LEFT. Another Chapter in the Matrimonial Troubles of Rev. Warren Cochran. The famous Cochran divorce case was given another ran through the judicial mills yester-day and this time the divorce wite, No. 2, got the best of the bargain. The case is the most interesting in the divore is wite that as occupied the attention of the local courts for a long while. In 1822, Rev. Warren Cochran, a Congregational minister, came to Omaha from Oakloosh, Wis, where he left a wife, his second, Mrs. Lettila Cochran, who was a teacher in the normal schoola. He v. Cochran invested his money in real estate and prospered. In 1834 he se In real estate and prospered. In 1881 he se-cured a divorce from his wife on the ground of desertion and shortly thereafter married his third, wife whose acquaintance he se-cured through a "personal" activitisment in an Omnha paper. This matrimonal ven-ture resultad unhapping for the minister and he secured a divorce on some moral ground between the divorce on some moral ground between ground of the source of the source of part in the local battles that have been going on in the courts. Mess Lettita contrant, the one left in Wisconsin, has been the distribut element In Rov. Cochrao's core and some to Notrastra. She cause here after a divorce has been ground of descr-tion and commenced a suit to vacate the budgment on the ground of fraud, and also began and for allowy. The case was tried a year axo and a decision rendered by Juage Walcely yesteriday morning. The judge, after reviewing the case bilefly decided that the motion to vacate the judgment should be overruled. The suit was properly brought. Mr. Cochran was a resident of Notraska, and the case carried through the court is uroper legal form. Mra. Cochran has knowledge of the degrees in ample tune to have commenced proceedings to vacate the judgment in the time allowed to the statutes, but did not take advantage of it. in real estate and prospered. In 1884 he se ured a divorce from his wife on the ground
