CHICAGO PRODUCE MARKETS.

CRICAGO, March 12 .- | Special Telegram to THE BEE. |- The opening price of May wheat, 78%c, was the lowest and 78%@78%c was the highest up to 1 p. m., when the price was at 78%c. There was no great influence of any sort, no vigorous attempts at controlling the market, and so it became a hum-drun affair. Dodge's crop figures, which unsettled the market yesterday, were unheard of today. What little outside news came in was pertaining to winter wheat and was generally bullish. This was offset by heavy sales by Hutchinson, who was called a very heavy buyer of "calls" on the curb last night. The Michigan crop report said that considerable damage was done during considerable damage was done during February. The reports covered a territory representing 95 per cent of the crop of the state. The leading buyers in this market were Chandler, Brown, Norton, Worthington, Gifford, Schwartz, Steever & Jones and Kennett. Counseiman sold early and Hutchinson was a free seller between 7814@7814c on the advance through Parker. The number of cars for tomorrow is only 31. May sales up to 10 o'clock were: 7814@7834c to 7814@7834c to 7814@7834c to 7814@7834c to 7814@7834c to May sales up to 10 o clock were: 12% (2015) to 7814 (20178) to 17814 (2017 to get the most profit out of the "puts" and "calls." The close was at 73%c for May, March 773%c, June 773%c, July 76%c.

month traded in and prices only nucluated 1/3c. There was no outside or local news to affect values and trading was on a reduced scale. More deferred delivereries were neglected. In the cash market little demand existed except from the elevator men. Car lots of No. 2 in store were slow at 201/4@203/3c and in a special house sold at 21c. No. 3 white for May was slow at 221/3c. The provision trade showed some life and some strength today. Several things helped a slight advance. The receipts of hogs are disappointing. Offerings in the pit are very meagre. At the Chicago yards all parties bought at slightly better prices. There was bought at slightly better prices. There was a firmer feeling in the pit at the opening. a firmer feeting in the pit at the opening, with prices about 2½c higher all around. May pork sold 5c higher early at \$10.20, and after the call there was brisk buying headed by Baldwin and the price went to \$10.25, but soon dropped back to \$10.27½, where it closed. Lard sold up to \$6.15 May \$6.20, July closing at \$6.10 and \$6.15 \tilde{6}.17½. An Anglo-American bought July lard and sold May. Norton and Worthington bought pork early. Short ribs held around 15c for May.

CHICAGO LIVE STOCK.

CHICAGO, March 12 .- [Special Telegram to THE BEE. !- CATTLE-Business opened slow. the first sales being hardly as good as at the close yesterday, and later on values ruled a good 10c lower, with the general market weak at that, but at the decline prices are yet a shade stronger than last week. The decline was largely on steers and covered about all classes. But few Texans were in sight. Cow stock showed no particular change, and bulls are making strong prices. FINANCIAL

New York, March 12 .- | Special Telegram to THE BEE. | - STOCKS - The speculators who congregated at the Windsor and elsewhere last night were outspoken and bullish. The fact that prices throughout the list are ranging higher is of itself an argument that the bears have played their game pretty nearly to the end. Tight money possibilities now stand in the way of the long predicted advance. The fact that many think the bull movement may be two or three weeks off may be the means of starting an upward action more suddenly than even the most sanguine expect. The action at the opening today was promising. First sales were with a little more animation in the general list than usual of late, though Grangers, Union Pacific, New England and Reading were most prominent in dealings. First prices were almost invariably from 16 to 16 per cent higher than last night's figures, and further fractional gains were scored in the early trading, in which everything except Reading shared, although New England, which led the upward movement, rose only 1/4 per cent. Sugar Refineries late took the lead and rose over I per cent, crossing 69, while the stocks of the regular list became stagnant and dull at the improvement already made. The action of the first hour was continued with slight interruption to noon. Higher prices were touched throughout the list with western railroad stock as strong as on yesterday. Atchison led up to 85. Burlington made the best advance, going to 45%. Northwestern touched 110%, St. Paul 68% and Union Pacific 64. Missouri Pacific was not firm with the others. Sugar was steady at 60%. Reading went off to 88% and Lackawanna lost its early gain. Wabash preferred moved up Stocks closed on a bulge such as the market has not bad for weeks. Cattle.

Wednesday, March 12. Cattle receipts estimated at 2,700 compared with 2,576 yesterday and 2,723 last Wednesday. The quality of the receipts is much better than yesterday. The receipts of steers were liberal and among them were some very good ones, one lot selling at \$4.40 a dozen other lots selling at or above the \$4.00 line. The market opened slow and continued during the early part of the day without special features, with sales gen-erally steady at yesterday's prices, the bulk of the sales being at or above \$3.70. About one third of the receipts today were cows, the quality being good, much better than yester-day. While sales will indicate an advance, the higher prices are on the quality of the stock and not on an advance in prices. Some fine heifers sold at \$1.25. The general cow market was a steady, easy market with sales at about steady prices up till midday, when, under conflicting advices from Chi-caro, the general market became weak and shaded off. The best grades of cows were all picked up before the actual decline set in, so that only the poorer grades suffered. The receipts of feeders were very liberal and the demand good. Nearly every thing sold at or above \$1.00, six sales at \$1.45, the highest price paid this winter for feeders. Everything was picked early, Bulls continue active and strong, prices ranging from \$2.00 to \$3.25, the bulk going above \$2.30. Stockers, like feeders, were in demand and anything at all desirable soid readily at strong prices, the top being \$3.10, the bulk selling at or above \$3.00. The sup-ply of caives was liberal, the quality good and prices strong, the bulk selling at or above \$4.00 the top bale \$3.50. above \$4.00, the top being \$5.50.

Hogs. Receipts of nogs estimated at 3,000 compared with 8,200 yesterday and 3,754 last last Wednesday. The market opened active at an advance of a shade to 5c. All sold early. The bulk sold at \$0.80@3.85, although a few loads of very fine hogs sold at \$3,90. The average price will be about \$3.84 compared with \$3.83 yesterday. The top price today was the highest price reached this month,

Sheep. Sheep receipts estimated at 475, compared with 941 yesterday. Mutton finds ready sale at firm prices.

This Woman was Not Curious. Mrs. John Outland of the Fifteenth district is reported quite ill, says the Jackson (Tenn.) Whig. She is a very old lady, and came to this county fiftyeight years ago, settling three miles north of town, where she has lived ever ince. She says that when she passed through Jackson the court house was a little log hut sitting in one corner of the present court house square, and that though she has lived within three miles of Jackson all these years, she has never seen the town since. She knows it must be a good deal larger from the number of whistles she can hear blowing the dinner hour. She is the mother of a large family of children, who, with their children, are among Madison's active, progressive farmers.
