CHICAGO PRODUCE MARKETS.

CHICAGO, March 18.—[Special Telegram to THE BEE.]—Wheat was more or less active all day and the market was difficult to follow with profit. The opening was a little weak on different cables, excellent weather and a reported increase of 1,204,000 bushels on ocean passage for the week. May started at 80¼c and sold off to 79¾c. Here the market turned and for two or three hours was fairly broad and strong. May moved up to 80⅝c, a fraction better than the high point Monday, yielded to 80¼c and then went to 80¾c, the best price touched on the present upward movement. Then there was a setback to 80¼c without apparent cause before noon, and again later there was a further break to 78⅝@79¼c, the low figure of the day. This was followed by a recovery to 80¼c and another easier turn, leaving the price at 12 o'clock at 80c. The big buying early was by W. G. McCormick & Co., who were credited with buying for St. Louis shorts. Schwartz & Dupee, Hutchinson and Cudahy were moderate sellers. Crop news all day was very conflicting, and the best information obtainable seems to be that it will take ten days yet to fix the percentage of the damage. William Dunn expressed himself a bull on the cash situation in wheat. Cudahy not only sold freely but talked bearish, and the trade suspected that he was getting ready to buy again. The whipsawing in wheat continued to the close. May sold off to 79¾c, the lowest figure of the day, and closed at 79¾c, or ⅝c under last night. The closing prices were: March, 79¼c; June, 79¼c; July, 77⅞c.

The corn market opened steady, but the offerings were very light. When wheat became strong there was no corn on the market and prices were bid up nearly ¼c to 30¾c for May. They began to receive corn on the advance and then receiving houses and others with corn bought in the country sold freely. Patten, Bartlett, Fraiser and Counselman were the leading sellers. Schwartz & Jupee sold July. Boyden was the one good buyer of the day. March closed at 28¾c. May sold at 30¼c and off to 29⅞c to the close. Other closings were: April, 29c; June, 30¼c; July 31@31⅜c; August, 31⅝c; September, 32¼c.

For oats there was a fair volume of business, with a higher range of prices. The strength was due to the better feeling in wheat and corn. The offerings were not particularly large and the demand fair and prices advanced ⅛@¼c, but the outside figures were not maintained, as a weak feeling developed the last fifteen minutes. Offerings became free and all the advance was lost. There was a little demand for carlots in store and No. 2 was quotable at 26⅝@26c. For No. 2 white for May an improved demand existed and 30,000 bushels were sold at 22⅞@23c, a slight advance over yesterday.

The provision market was firm and prices ruled higher early. Toward the close there was less activity and less strength, and part of the early advance was lost, with 22,000 hogs at the yards and 46,000 at the western markets, compared with 31,000 at the same points a year ago. Prices were 5@10c lower. Mess pork opened a few cents off at $10.45 for May, but was bid up to $10.67½ the first hour, and March and July up to $10.65. At the close May was off to $10.52½. Lard sold at $6.14½ for May and $6.20 for July and held firm. Short ribs sold at $5.12½ for May and $5.22½ for July, but yielded to $5.07½ and $5.17½ later.

CHICAGO LIVE STOCK.

CHICAGO, March 18.—[Special Telegram to THE BEE.]—CATTLE—Business opened rather slow and uncertain, the export demand was light and the dressed beef trade seemed in no particular hurry to get to work, but later on there was more activity and about everything desirable was disposed of at the close. Prices underwent little or no change as compared with yesterday. There was unlooked for firmness late yesterday and last night sales were made at a better advantage than at the opening. About fifteen load of Texans were penned in the Texas division, among which were a few fat steers, but the bulk were not first class. Native butchers' stock showed little or no change and the stocker and feeder trade is moving along about the same as last week. Choice beeves, $4.50@5.85; medium to good steers, 1,350 to 1,500 lbs, $4.00@4.40; 1,200 to 1,350 lbs, $3.35@4.10; 950 to 1,200 lbs, $3.20@4.75. Stockers and feeders, $2.40@3.65; cows, bulls and mixed, $1.50@3.30; Texas corn-fed steers, $2.85@3.75.

HOGS—There was another down turn of about 10c, that is bulk sold that much lower than yesterday, but the general market was only about 5c lower than yesterday. Packers paid $4.00@4.05 for common and rough and $4.05@4.15 for best mixed; in fact it was about a $4.15 market. Best heavy and prime selected shipping grades sold at $4.17½@4.25 and assorted light at $4.20, with $4.25 for singe sort.

CHICAGO, March 18.—The Drovers' Journal reports as follows:

CATTLE—Receipts, 7,000; shipments, ——; market dull, closing 10@15c lower; steers, $3.20@4.40; beeves, $4.50@4.85; stockers and feeders, $2.40@3.65; cows, bulls and mixed, $1.50@3.30; Texas corn-fed steers, $2.85@3.75.

HOGS—Receipts, 23,000; market 5@10c lower, closing strong; mixed and light, $4.00@4.25; heavy, $3.90@4.25; skips, $3.50@4.00.

SHEEP—Receipts, 8,000; market strong; natives, $4.00@5.90; western corn-fed, $4.90@5.70; Texans, $3.75@5.00; lambs, $5.00@6.60.

FINANCIAL.

NEW YORK, March 18.—[Special Telegram to THE BEE.]—STOCKS—The opening of the stock market was hardly in keeping with the confidence apparent among the operators at the resorts last night. The trade generally conceded that most of the selling yesterday was by the Jones-Cammack parties. The narrowness of the market was not regarded unfavorably so long as prices held firm so near a critical money period. There was some elation over the report that dispatches had been received from the heads of the disturbing lines west of Chicago, saying that steps are already in progress for a settlement of the rate troubles within a few days. It was claimed that orders are placed to take Burlington, Union Pacific, Rock Island and other shares as fast as they press on the market. Notwithstanding this feeling the opening today was tame, the temper of the room bearish and London doing nothing. Outside of the transactions in Atchison, Union Pacific and Sugar there was little interest in trading. First prices showed only slight changes from last night's figures except in Tennessee Coal, which was down 1¾ per cent, and Burlington & Quincy, which was ⅛ lower. After a momentary recession everyt hing moved up, though changes in quotations in the general list was on the same limited scale as the business done, and they got but a shade above those of the opening. Tennes see Coal and Sugar, however, were exceptions, each rising 1 per cent above its lowest price, after which a general reaction took place, and in many stocks all the improvement was lost. Grangers especially showing considerable weakness. Before noon Union Pacific was the leader for activity, and after touching 62¼ recovered slightly. At mid-day the market was stagnant, with prices throughout the list ¼@½ under the prices yesterday. The total sales of stock today were but 118,000 shares. There was no feature of importance beyond a dragging decline the last hour. Grangers and Pacific stocks all showed small net losses. Earnings continue good and reports indicate an early settlement of the rate troubles.

OMAHA LIVE STOCK.

Cattle.

Tuesday, March 18.

The receipts of cattle estimated at 3,400, compared with 2,006 yesterday, and 2,576 last Tuesday. The receipts were the largest since November 4, 1889, when the receipts were 184 cars, but as nearly everything today was native cattle the receipts of natives has perhaps never been excelled in one day in the history of the Union stock yards. The cattle market opened slow with very few early sales and bad symptoms. The steer market was absolutely flat till midday with buyers nosing round to look at cattle but making few offers. On everything except the most desirable in the steer line prices ranging from a nickle to 10c off and in many cases more were offered, but holders were not disposed to part with their stock at the prices bid. Only one sale of steers today above the $4.00 mark, while there were eight yesterday ranging from $4.00 to $4.20, and nearly a dozen every day last week at or above $4.00. The bulk of the sales today was at or above $3.60. The steer market is 15c to 25c lower than Saturday. Cows more or less sympathized with the steer market and are weak except on the very best and most desirable grades. Taking advantage of the large receipts buyers all seem disposed to bear the market. Cows and feeders suffer the least. Quite a number report their cow sales steady, while it is common to be answered "slow with a weak tendency, anything desirable selling at steady prices." Feeders continue in demand and have not receded from the top price of the year, $3.50. The receipts of cows and feeders were very liberal, the bulk of the cows selling at and above $2.50, one lot of 1063-lb cows selling at $3.00. The receipts of feeders were the largest this season and the prices paid were the highest, two lots, one of ninety-two weighing 762 pounds and one of three weighing 843 sold at $3.50, the top price this year. Everything in the feeder line sold at or above $3.00. Some very fine bulls were on market, selling at the top for this year at $3.50.

Hogs.

Estimated receipts of hogs, 5,300, compared with 1,958 yesterday and 1,582 last Tuesday. The quality of the hog receipts was good. The market opened a nickle lower, nearly everything selling at $3.85@3.90. One load of very rough light hogs, weighing 197, sold for $3.80, and another load of rough ones touched $3.75, the bottom. Everything was sold. The average price paid today was $3.86 compared with $3.92 yesterday. The market closed active and strong at the opening prices.

Sheep.

Only one car of sheep was received, compared with 2,266 yesterday, and 1,458 last Tuesday. The sheep market continues unchanged.

Market Mention.

McClusky & Needham and G. Hornby, prominent stockmen of Winside, were at the yards with two cars of cattle each.

W. T. Barstow, a regular patron of this market, contributed a load of hogs from Burwell, and Fred Kropf sent in one from Schuyler.
