The executive committee rollef fund has received a large number of additional subscriptions and all cases of destitution where immediate action was necessary has been cared for. Tomorrow a thorough system will be put in operation by which every pody who needs aid will be given relief. Where ever houses are not too badly damaged repairs will be made at once.

The amount of the fund now in the hands of the treasurer is about \$32,000 and this is being added to tonight. Offers of aid have been received from a number of outside cities, but the board of trade committee has declined the offers of assistance for the present. Mayor Jacobs said, however, that while opposed to calling for outside belp. # voluntary contributions were offered he would advise their acceptance. #### Over the State.

LOUISVILLE, Ky., March 29.-Dispatches received from points in this state show that Thursday night's storm created terrible havoe. The town of Grand Rivers, twentyseven miles east of this city, was nearly swept away. Mattie Beck and John Etheridge, a boy, were killed and nineteen others injured. Passing, from Grand Rivers the evelone struck the railroad bridge over the Cumberland river, disabling it, thus cutting off all trains. All telegraph lines were destroyed and only through relief trains sent out from this place could facts be

At Farmington, twenty-five miles south, there was great damage done to buildings, but no loss of life. In Peducah the storm was light, doing no damage of importance but breaking down the telegraph poles. It is but breaking down the telegraph poles. It is thought the story of the storm's destruction is not yet half told. It swept over a section of Laurel county last night. So far as can he learned no lives were lost, but great damage was done to property. A section of the country around Empire, Ky., was visited by the cyclone Thursday night and many buildings wrecked. Two persons are known to have been killed and others were fatally

HOPKINSVILLE, Ky., March 29. - Reports of a most distressing nature continue to be re-ceived from this and the adjoining counties swept by the cyclone. In some places entire farms were laid waste. The town of Cale-donia' is partly destroyed. A great deal of valuable stock was killed in this county and a number of persons injured. A dispatch from Marion, Ky., says a large

portion of that town was destroyed and eighteen lives lost. A family consisting of Mr. and Mrs. Jacob Montague and four daughters and the mother of Mrs. Montague living in the county eight miles from Marion living in the county eight miles from Marion, were crushed to death by the falling of their dwelling. A family boat moored about five miles above the mouth of Green river was dashed to pieces against a tree, and a man named Krazier and wife drowned.

## THE STORM AT OTHER POINTS.

Down in Mississippi. NEW ORLEANS, March 29 .- A Times-Democrat special from Greenville, Miss., says a terrible storm prevailed Thursday night, which caused the river to overlap its bounds and to seek a shorter way to the guif by making two immense gaps in the embankments which had kept the water back for sixty days.

In Virginia. DANVILLE, Va., March 29.-A violent wind storm raged in Patrick county yesterday and seven houses were blown down. At Stella a tree crushed the school house, but mil esceped with slight injuries.

The breaks were at Easton's levee, half a mile above Mound Landing and a mile and a half below Huntington, on Timber Lake plantation. The outflow of water from these places will inundate a large section of country before it reaches the Yazoo river again to join the great river, leaving desolation and ruin in these parts, submerging the garden spot of the Yazoo delta and entirely suspending railroad traffic from Leland to Rolling Fork. The water from the Huntington break will join the outpour from Offutt's break, which will inun-date a large section of country. These waters will swell its volume bearing to the west against Greenville and that portion of the country, spreading out toward William's bayou on the east, and no doubt will blend with the waters from the Easton break, mak ing a perfect sea of water from here to Bayon Phalia and perhaps overflowing the east banks of that stream. The junction of the waters from these three streams will inundate nearly all the plantations of Wash-ington county in its entire length and breadth until Sharkey and Issaquenna coun-ties are reached, then connecting with the outpoor from Sky will overflow everything in its tracks until the Yazzo river is reached. The damage this flood will do to plantations stock, fences, houses, stores, towns and rail roads is beyond calculations. The crops will possible to plant at all.

The latest from the Easten break states it

Is now 600 teet wide and increasing rapidly The water crossed to the west bank of Wil liam's bayou, at Avendale, and is six feet deep in the stores at that place.

In Tennessee. GALLATIN, Tenn., March 29.-News of the terrible storm of Thursday night is slow to obtain. Every house and building between

Bledsoe and Eulia in the path of the storm was blown away and hundreds of people were injured and are without food or shelter. It is reported that the whole town of Dixon Springs, in Smith county, thirty-five miles distant, was swept out of exist-ence by the angry cyclone. Wire com-munication is interrunted, Those injured by the storm near Gallatin will probably recover. The Chesapeake & Nashville road suffers greatly. Two 600-foot trestles were destroyed and two 500 foot problems were suffers greatly. Two 600-foot trestles were destroyed, and two 300-ton iron bridges were blown from their pillars and wrecked. The loss to stock and other property in this dis-trict is estimated at \$2,000,000.

Pierce Makes Another Break. DES MOINES, Ia., March 29.- Special Telegram to THE BEE I-A little sensation was ereated tonight when it became known that Frank Pierce, the former prohibition constable, had threatened to prosecute the Gilbert starch works if they fed cattle on Sunday. He claimed that they were violating the law by doing any work on Sunday, and they insist that the only work done was necessary. Public sentiment is very much aroused, as Pierce is the former searcher who had made such an unsavory record as a constable.

#### The Legislature.

DES MOINES, March 29.-The house this morning resumed consideration of the bill to compel fixing bonds and cost in crimma eases before justices of the peace, but it failed to pass. A bill passed for punishment for fraud in the sale of nursery stock. A bill for the protection of stock breeders took up the greater part of the session, and after being amended was ordered engressed. Adjourned until 7:30 in the evening. At the evening session a number of acts

legalizing the incorporation of the towns of Rock Rapids, Lawler, Casey, Guthrie Center, Hartley, Dyersville and Independence were discussed. In the senate a resolution was passed for

the appointment of a committee to prepare a reception for the Grand Army of the Re-public state encampment on April 8. One of the Most Enterprising Cities

In the Lone Star State, LAREDO, Tex., March 29.- | Special Teles gram to THE BEE. |-The Laredo coal company reports that they have recently received large orders from Mexico and Texas for their coal, which is mined at Laredo. This, in addition to the large demands of the railroads centering here, and the foundries and factories already in operation, has made it necessary for the company to largely increase their working force. It is stated on good authority that the Rio Grande & Eagle Pass road, which connects Laredo with the mines, will be immediately extended in rder to more extensively work the rich coal

fields in this section.
The abutments of the steel bridge now ing constructed across Mason creek within the city limits have been completed. The cost of this bridge will be \$14,000, and will greatly facilitate access to Laredo from

neighboring counties.

The receipts of the electric motor line are daily increasing. Additional equipment for this line is constantly being received. A large force of men is now employed by the in grading and improving the streets.

The Principal Fight to be Made on the Question of Granting Licenses to Saloons-A Brakeman Kuled.

Politics at Fremont. FREMONT, Neb., Murch 29 .- [Special to THE BEE! - The usual aute-election excitement and interest is now prevailing here. it is an "off year" in city politics, there being only four members of the council and two members of the school board to be chosen at the election to be held next. Thesday. The republicans have nominated J. V. N. Biles, A. C. Jensen and C. A. Peterson for councilmen in the First, Second and Third wards, with no nomination in the Fourth. The democrats have named as their condidates for allermanic honors George W. Davy, E. N. Morse, Detlef Hein, Harry Archer. The fight for the council will resolve itself into a test of the popularity of the occupation tax, the ordinance im-posing which was passed by the council at its regular meeting last Tuesday evening. This ordinance imposes a tax of \$300 on the saloobs, whereat the proprietors are all mad. The saloomen have seen to it that the democratic nominees are men who are very unfriendly to the ordinance, and their hope is that there may be a democratic victory at Tuesday's election, to the end that the ordinance may be repealed by the new Mrs. Lizzio Reynoids and Fred Nesbit

#### North Bend's Prosperity.

NORTH BEND, Nob., -March 20.-[Special to THE BEE. |- North Bend is just now on the verge of a mild boom. Within the past thirty days manufacturing industries con sisting of a fifty barrel flour mill, with fifty barrel pearled corn meal, rye and feed grinding machinery, a tow mill that will employ fourteen men and use the product of 1,200 acres of hemp, have both been secured by a total cost to the town, in the shape of bonus, of \$3,500. A new house for the ac-commodation of the public, and traveling men in particular, has just been opened by William Oxtoby, formerly proprietor of the Cameron house at Schuyler. The prospects for a prosperous time for both town and county were never brighter than at the present. The recent rain and snow will put the ground in the best possible condition and more wheat and small grain will be sown than heretofore. Farmers are discouraged over the the ruinously low price paid them for their corn, and other crops will be sub-stituted to a great extent. Washington, March 29.—The house went utdeommittee of the whole after the transaction of some unimportant business on the army appropriation bill.

Mr. Morse said the provision appropriating \$100,000 for the cantoens at army posts showed that among the things to be sold at these canteens were beer and light wines, and the government beer saloon was to be connected with the library and reading connected with the library and reading room, He protested against this as an outrage against temperance and the Unristian people of this country. Mr. Morse's amendment that no alcoholic liquers shall be sold to enlisted men in any canteen was adopted yeas, 62; mays, 45, many democrats who were opposed to the proposition voting for it in order that there may be a yea and may vote. Pending further action the committee room and the house adjourned. rose and the house adjourned.

#### Milwaukee Wants Trouble.

The Milwaukee club has so far refused to deposit its \$1,000 guaranty check with President McCormick, and trouble in the Western association is not nullkely. Milwankee's action in this regard is very queer, and that they are contemplating some move which they are keeping dark from the association officers is the opinion of all who are familiar with the facts. All the other clubs sent in their checks some weeks since. Yesterday morning President McCormick received a check for \$1,000 from President McGuire, but he might as well have kept it back, as it contained the proviso that it was to be returned in case Milwaukee did not play season out—exactly contrary to the purposes of said guaranty. President McCormick was very wrathy and declared that he would instantly return each club its guaranty check.
