#### AMUSEMENTS.

Manager Miner of the Grand had his first benefit last night, with "A Soap Bubble" company as the attraction. Financially it was an excellent success. Some of the singing and dancing seemed to please the audicuce and win applause, but very little can be said in praise of the performance. Mr. Miner must either have been unfortunate or badly deceived in his selection for such an occasion.

#### Slightly Premature.

A report has been published in a local paper to the effect that Mr. D. H. Mercer has been appointed assistant United States district attorney upon recommendation of Mr. Baker, the district attorney. Upon inquiry this statement is found to be premature. No such appointment has as yet been made.

Dr. J. W. McMenamey, the energetic founder and manager of the Omaha Medical Institute, is lying dangerously ill at the new institute corner of Ninth and Harney streets. Saturday Evening's Council Meeting. A special meeting of the council was held Saturday evening to listen to what the delegation from the south side league had to say. Joseph Redmond and Mr. Donovan addressed the council asking for a division of the grading and paving bonds, stating that the south side was badly in need of improve-ments, and charging that that part of the city had been neglected in previous years. The matter was talked over and action deferred until the next regular meeting of the council. A Call for Aid.

Dr. Duryea of the First Congregational church made an appeal yesterday to his congregation for aid in behalf of the "hailed out" settlers of Kimball and Chevenne coun ties, this state. The doctor said that he had received sufficient evidence to warrant his statement that aid was sorely needed and needed at once. He called upon members of his congregation to send cast-off wearing apparel and other useful articles to the Clarke-Andreson hardware store, on Harney street, whence they will be shipped to the destitute settlers in the western counties. Transportation will be provided by the rail-roads free of cost, it is said.

Funeral of Mrs. Rogers.

The funeral of Mrs. Mary Rogers was held yesterday afternoon at Thomas L. Kimball's residence, on South Seventh street. Rev. Dr. Mann officiated and preached a short, touching sermon. Among other things he said that any one who might have had the privilege of choosing a time to live could not since the world began have selected an age so full of interest and incident as the nint three years deceased passed through. Si saw this country, whose progress is some-thing upon which we all look in astonish-ment, grow from a struggling nation to its \* present magnitude. She saw that curse to the human race, slavery, wiped out, and was the companion as well as friend of those who, during the dark days, guided the destinies of the ship of

The Blessing of Strong Nerves

Is recoverable, not by the use of mineral se datives, but by a recourse to effectual tonitreatment. Opinies and the like should only be used as auxiliaries, and then as sparingly as possible. Vigorous nerves are quiet ones, and the most direct way to render them so is to reinforce the vital energies. That sterling invigorant, Hostetter's Stomach Bitters, will invigorant, Hostetter's Stomach Bitters, will be found all-sufficient for this purpose, since it entirely removes impediments to thorough digestion and assimilation of the food, so that the body is insured its due amount of nourish-ment, and consequently of stamina. Rheu-matic tendencies and affections of the kidneys and bladder are also counteracted by the Bit-ters which is besides a change, medicinal ters, which is besides a pleasant medicinal stimulant, infinitely purer than the raw ex-citants of commerce, which react injuriously

upon the nervous system.

REV. FRANCIS E. CLARK.

The Founder of a Great Society Re-

ceives a Cordial Welcome. Rev. Francis E. Clark, the founder of the Young People's Society of Christian Endeavor, arrived in Omaha Saturday evening and was tendered a reception at St. Mary's avenue Congregational church by the members of that organization in Omaha. There was a large turnout of both old and young. The address of welcome was delivered by Rev. J. M. Wilson of Castellar street Preseyterian church, and Mr. Clark replied in his

ready and interesting manner. At 4 p. m. yesterday Mr. Clark addressed large audience of young people at the First Presbyterian church, the time being de voted entirely to the answering of questions. voted entirely to the answering of questions.

Among the main things he urged was an endeavor to secure carnest, working Christians instead of a large membership of half-hearted professors of religion in the society. He also advocated less quibbling on little points. He believed every member should be a prohibitionist. He believed in making the consecration as solemn and im-

pressive as possible.

In the eyening Mr. Clark addressed an immense audience at Boyd's opera house, that resort being crowded from parquet to gallery. A number of the leading ministers of the city

Mr. Clarke spoke on his favorite theme, the Young People's Society of Christian En-deavor, giving some idea of the work that is being done by this vast army of young peo-

pile.

Mr. Clark is a man possibly forty-five, although he appears considerably younger. He is of medium size, of erect form and is full of nervous activity. His moustache and burnside whiskers are dark and in considerable contrast with his pale face. His once raven locks are touched here and there with the silvery harbingers of old age. But in every other way he has the appearance of youth. His eyes are keen, but kindly and full of expression.

Nine years ago Mr. Clark organized the Y. P. S. C. E. in his church at Portland, Me., never dreaming that the association would spread beyond the limits of that city. Today there are 10,000 associations in the United States alone, numbering in their ranks 500,000 members. In addition to this there are societies in nearly all the English speaking communities in the world. In Omaha alone there are 1,500 members. At present Mr. Clark is editor of the Golden Rule.

#### A NARROW ESCAPE.

Two Buggies and a Motor Mixed Up in a Fortunate Collision.

At 5:30 o'clock yesterday evening there came near being a fatal accident on the motor line immediately in front of Croft's old road house, just north of the fair grounds. Mr. and Mrs. Hans were in a top buggy and were in the act of turning around headed for Omaha, when the motor passed by. The horse became frightened, and, in whirling around, threw the shaft of the buggy against the car. Both the motor and the buggy were now going rapidly in opposite directions and the result was terrific. The buggy was dashed backward and collided with a two-scated rig, in which were scated a man and woman. This conveyance was also overturned and smashed up generally. Mrs. Hans fell directly under the bed of the overturned buggy, but strange to say was not injured in the least. Neither was the woman in the double-seated vehicle, but all hands were dumped out in a pile. The horses were caught before getting away, the only damage being done to the carriages which were completely wreeked. Mrs. Hans had a miraculous escape as she was thrown out immediately in front of the motor car, Motorman G. W. Patton, who was in charge of the car, deserves credit for the quick and sensible action he took when he saw the horses were frightened. His car is No. 39 and was stopped almost immediately at the proper period of the collision. None of the people who were in the accident were in-
