Ill-Treatment of Blind.

DES MOINES, IA., April 10.—[Special to THE BEE.]—Some little excitement is being stirred up in regard to the management of the college for the billed at Vinton. Mr. W. C. Haines, a former inmate of that institution, is in town and he makes serious charges against Superntendent McCune. He claims that the superintendent is brutal and cruel in his treatment of the inmates under his care. He men-tions several specific instances in which he says that the superintendent exceeded his authority and was unnecessarily severe in his discipline. He charges the superintendent discipline He charges the superintension with striking pupils with barrel staves and broom handles, and with general mismanage-ment of the affairs of the institution. Fatal Runaway Accident.

OTTUMWA, Ia., April 10 .- Special Telegram to THE BEE.]-An accident occurred in this city this afternoon which caused the death of Colonel S. W. Summers, one of Ottumwa's oldest and most esteemed citizens. He was riding along Second street in a cart when an electric car came up behind his horse, frightening it so that Mr. Summers was thrown to the ground, striking on his head and causing the blood to gush from both ears. He was pleked up in an unconscious condition and carried to a house, where physiciaus were summoned, but he did not rally and died in an hour.

Trouble Again Brewing Between Lake and Rail Lines-Western Passenger Agents Make Very Little, Progress. -----

CHICAGO, April 10 .- [Special Telegram to THE BEE.]-Representatives of all the Michigan lines met today and resolved unanimously to ignore the 2 cents a mile act passed by the last Michigan legislature. The roads rely on winning the inevitable suit which will follow on the recent decision of the United States supreme court declaring illegal non-paying rates which the Munnesota legislature forced on the roads of that state. Rates in Michigan will be advanced to the old basis as soon as the tariffs can be prepared.

Rail and Lake Line Troubles.

Curcago, April 10.-[Special Telegram to THE BEE.]-Trouble is already brewing in lake and rail rates. The Erie road today accepted 500,000 pounds of coacse grain by lake to Buffalo and thence by rail to New York at a cut of 414 cents. This rate was made as the result of a rumor that there is more lake the result of a rinner that there is more lake tonnage now on its way to Chicago than there is traffic to load it. Agent Wellington of the Fitchburg road has chartered a boat which will take a car lot consignment to Rotterdam Junction, thence over the Fitchburg to its destination. A Field Day For the Alton.

CHICAGO, April 10 .- [Special Telegram to THE BEE.]-The Alton road had a field day today in the Western Freight association. It will be remembered that at yesterday's meeting Chairman Faithorn ruled as out of order the Alton's notice of paying regular mileage to shippers of live stock in common cars. General Manager Chappelle of the Alton is in St. Louis, but he wired his representative this morning to give notice that the mileage would be paid, and if any of the lines objected the Alton would withdraw from the association. Not Much Progress Made.

CHICAGO, April 10.-[Special Telegram to THE BEE.]-In splite of the direct orders of their presidents at the last meeting of the Interstate Commerce Railway association, the general passenger agents of the western lines have failed to reorganize the Western States Passenger association. In fact, today's meeting shows they are further from organizing than ever. Up to the last moment it was hoped the Missouri Pacific would come into the fold, but it did not, today's meeting opening without any representation from the Gould road. The Trans-Missouri representatives favored ignoring the Missouri Pacific and while advancing rates elsewhere fighting the Miswas too big a one, however, and gained new converts. A motion to advance rates in the northwest was voted down by the ad-verse votes of the Burlington & Northern and Wisconsin Central. The Senate Discusses the Montana Contested Election Case.

TELLER DENIES ITS JURISDICTION.

He Holds That Precedent Leaves Such Matters to State Legislatures -Naval Bill Amended and Reported Favorably.

WASHINGTON, April 10.-In the senate today among the petitions presented and referred was one from the Galveston, Tex., board of trade against the proposed duty on lead ore. Among the bills reported from the commitees and placed on the calendar were the following: The senate bill appropriating \$2,284,-000 for the improvement of the Columbia river, Oregon; the house bill to aid vessels disabled in waters co-terminus to the United States and Canada; the senate bill to revive the grade of lieutenant general of the army. The Montana election case was again taken up and Mr. Call addressed the senate in opposition to the report of the majority of the committee declaring the two republican claimants, Sanders and Power, entitled upon the merits of the case to seats in the senate from Montana.

At the conclusion of Mr. Call's speech Mr. Hoar spoke in support of the majority report, Mr. Gray replied to Mr. Hoar and then Mr. and elections, addressed the scaute. He regarded the question not from a partisan standpoint of view, but as a question of law, on the proper determination of which deresentatives. A good many senators on his side of the chamber, including himself, thought certain states had not been represented in the senate according to the and, if it had, there was no authority in the senate to revise that finding or to set it aside. What, he asked, was the controversy in the used. It was whether or not five men who and sat in the Iron hall legislature were eatitled to seate in that body. If it, was not that then there was no controversy at all. If they were there rightfully it was rightful. The house and joint assembly that elected the republican claimants was the rightful and only joint ascembly in Montana. But the senate had said in the Turpio case that the legislature of Indiana had to decide for itself who were entitled to seats in that body, Although there might have been the grossest outrage committed in dimitting the men to seats the senate held (in that can

LAREDO ENTERPRISE.

It is Building Up One of the Most **Prosperous Cities in Texas.**

LABRIDO, Tex., April 10.-- [Special Telegram] to Tun Ban.]-The Rie Grande & Eagle Pass railroad company has determined to work its coal mines above Lacedo by electrical appliances, which contemplates the lighting up of the mines with electricity, the running of coal cars in the mines with electrical motors, and the use of these motors also for drilling and breaking down the coal. This plant will perhaps be, when in full operation, the largest electrical plant in the state of Texas. This same company is preparing to put in works for the manufacture of vitrified pipe from the immense deposits of clay near these minus, and it is thought that the output from these works will be on a large enough scale to sup-ply the Texas market. Large derricks are to be created in the transfer yards of the International Mexican railway to facilitate handling of the great quantities of freight now entering into and out of Mexico through now entering into and out of Mexico through this natural gateway between the two repub-lies. Mr. Alan McDonald, president of the Laredo boot and shee factory, has just re-turaed from an extended trip to northern cities, where he went to select the latest and most improved machinery for this factory. The main building of the Laredo iron and brass foundry, which is of brick, 150 by 50 feet and two stories high, is about completed, and these works will be in operation in a very and these works will be in operation in a very short time. Rains fell in this section last and these works will be in this section last short time. Rains fell in this section last fight and today, and will insure a good range for eattle and horses. The Rio Grande & Eagle Pass company is determined, as soon as its mines twenty miles above Laredo are worked by electricity, to furnish the manufac-turing enterprises of Laredo with as cheap coal as any other point in the United States. A pamphlet has just been issued which gives a full, reliable and exhaustive resume of the wonderful resources of wealth which are tributary to Laredo, besides giving a complete answer to the thousands of inquiries which are pouring in from all directions unout this commercial gateway between the United States and Mexico. The Laredo Im-provement company, with its usual enter-prise, has arranged to send free this work to all who analy for it all who apply for it.

The Pacific Roads Committee.

WASHINGTON, April 10.-The house committee on Pacific railroads has entered upon the formal consideration of the senate bill providing for the settlement of the government indebtedness of the Union and Central Pacific railroad companies. The first five sections, covering the case of the Union Pacific company, were approved with a few changes The most important is one reducing from 3 The most important is one reducing from 3 per cent to 1½ per cent the interest to be paid by the company upon bonds falling due during the next five years. Provisions are made, however, for capitalizing the dif-ference between the 1½ per cent rate and the full 3 per cent rate for five years, so that the effect of the change is to reduce the unsuch of memory for the whether the set amount of payment for a time, but to make the final payments heavy enough to cover the difference. The committee also struck out the fourth section of the clause relating to the government guarantee of lands.

The One Thing Necessary.

Boston, April 10 .- The Union Pacific people here know nothing of Wall Street movements in that stock. President Adams said he knew nothing of it and his experience had taught him that there was only one thing to look to in managing a railroad, and that was not irafic returns. When this was right everything was right, and when this was wrong nothing was right. The annual report of the Union Pacific will be issued about April 20

THE LEAGUERS VICTORICUS.

Result of Omaha's Second Game With the Cleveland Team.

Gus Schmelz's Cleveland National league team met the Omahas at the local park yesterday afternoon for the second time this season in the presence of about 500 people. They scored an easy vicory, but nobody feels very bad, for Omaha outplayed the Forest City lambs, and it was only an exhibition game at that.

The day was a lovely one for ball playing. Cloar skies, genial sunshine and a refreshing invege were the elements that made up this condition of things. And yet the game was a lifeless one, and quite slouchy in a good many respects. Still, too much must not be of the Martin, fought a duel today. The State League.

GRAND ISLAND, Neb., April 10.-[Special Telegram to THE BEE.]-The meeting to organize a state baseball league was poorly attended, but the delegates present expressed a firm determination to organize if another city can be secured, making a league of four towns, although six would make a much stronger and desirable organization, and there are plenty of towns in the state large enough to support it. Kearney was represented by Messrs, Pratt and Shephard, Lincoln by Mr. Pope, and Messrs. Miller and Brown from Grand Island were all who answered the call of the secretary. These three towns are in corporated. All the stock has been subscribed and each delegate presented a bond for \$509, and each deegad presented a bond for solo, guaranteeing to carry out his part of contract. A letter was received from Hastings stating that they were fully organized and had secured a club and would send a delegate to the meeting, but none arrived. Mr. Pope will go to Fremont and Mr. Shephard to Hastings, and as soon as the results of their yisits can be reported. Secretary Miller will issue a call for another in hopes of perfecting an organization. Let Fremont, Hastings, Beatrice, Nebraska City and Plattsmouth express themselves in Sunday's Bar.
