The Nebraska Staats Zeitung Withdraws from the Republican Party.

IT GIVES REASONS FOR SO DOING.

Seventy-Five Thousand Dollars Subscribed in Grand Island for the Purpose of Building a Sugar Palace.

NEBRASKA CITY, Neb., April 12.-[Special Telegram to Tun Ban, The Nebrasha Staats Zeitung, the oldest and one of the most influential German papers in the state, comes out in its issue today with a three column leader, renouncing its allegiance to the republican party, which it had supported for more than a quarter of a century. The cause . for its action is mainly the party's position on prohibition and the tariff. Its future policy is not clearly outlined, but will follow the independent anti-prohibition cause, with a leaning toward democracy. Hon. Paul schulinke owns a controlling interest in the Zeitung, and it is predicted that is he is ex-Senator Van Wyck's trusted friend and licitenant, his love for the old party is also on the wane. In its article the

paper says: "The republican bosses may think the Germans are without any intelligence whatever, and that their indulgence and confidence will never reach an end and that they are ready to dig the grave in which to bury little by lit-tle the liberties of this country. But they are in error. The Nebraska Staats Zeitung are in error. The Nebraska Staats Zeitung with love and zeal battles for the republican party, to which it has belonged since its be ginning. After Harrison's election it followed followed the party again with enthusiasm, filled with hope that the, party, after its latest bitter experience and downfall, would rule with wisdom, justice and care. But how shamefully are we do How many shoe nails had we to ceived. swallow during this time. How many camels had we to pull after us. How are our best hopes denolished. He whose eyes are not yet opened may be a good republican, but he is not a good patriot, not a brave defender of the institution of freedom and liberty of this country.

News from Aurora.

Atkons, Neb., April 12 .-- |Special to Tag BEE.]-Indications point to an unprecedented building boom in this city during the present season, with its attandant increase of business generally. Already the various branches of trade feel the pulsations indicative of an approaching season of great activity. Among the more important buildings contemplated, are a 44x80 feet business block, by General Dellvan Bates, and William Glover, Esq., and a 50x100 feet brick or stone block, by the Aurora state bank. Plans and specifications have been prepared for the former of these and provide for basement and first floor business rooms, and the second floor arranged as a music hall with a seating capacity of 800, and an eighteen feet stage. The plans for the State bank building are not yet fully decided on, but the first floor will probably be occupied by stores, except the rooms devoted to the requirements of the bank, while the upper floors will be arranged as an opera house. Messes, D. E. Thompson, president, and John L. Tidball, director, are expected here next week, when the details will be definitely arranged. Work will be began on these and several business blocks within a fortnight. The erection of a num-ber of elegant and costly residences is also on

Mr. McKean, captain and Pooh Bah of the Cleveland National league baseball club, is a false prophet.

"We'll, make this our third," exclaimed he exuitingly as he went to the bat vesterday. But he didn't get vesterday's game, and he off the grounds as mad as a hornet.

And the reason he didn't get it is a very simple one-the Champions played ball. Their fielding was short and true, their baserunning brilliant and their hitting timely. Mr. Wadsworth, that tall, good looking, inoffensive youth who proved such a terror to the Denvers last week, was anything but a

terror vesterday. The champion middle-weight of the state, Mr. Willis, however, on the other hand, pitched a surprisingly good game, and it was only in the first and eighth innings that the Buckeyes hit him with any effect.

There were about six hundred spectators present and they groaned audibly when, after McKean had been neatly retired by Willis to Andrews, Smalley, Daily and Veach followed with safe hits in succession, the two former scoring. Davis then flew out to Hines and Cleveland threw Joe Sommers out at first, Two earned runs for Cleveland for a

starter. It was one, two, three for the Omahas in the second, as it had been in the first, but in the third they made the people's heart leap with joy.

Canavan led off with a safe one to left, and went to second on a wild pitch. Moran banged one to right, scoring Jimmy, the big catcher taking second on the throw-in. Willis went out on a high one to McKcan. Joe Strauss was given his base on balls, and Cleveland followed with one of his old-time three-sack-ers, driving both Moran and Strauss home. Kearns and Andrews both were presented with first on balls after this, Cleveland having tallied on Hines' long fly to center. This ing tailined on Hines long by to center. This ended the fun, and the Forest Citys came in for another turn, but it was a blank. In the fifth Omaha got in another run on Walsh's hit and steal and Moran's second safe one. In the next inning Kearns hit safe

and stole second, and Hines brought him in on a beauty to left. Hines also purloined second and scored on a passed ball. Cleveland, however, got in three more, run-ning the total up to 5. In the seventh, on Stockwell's single steal

and a three-sacker by McKean, one run crossed the plate, and in the eighth a twobagger by Veach and a lucky homer by Davis, which bounded out of Hines' way, the Quite an excitement was created here on last Tuesday night by a lurid glow which sudlast two were made.

OTTAWA, Ont., April 12.- [Special Telegram to Tun BEES -Another general is in trouble. Members of parliament are paid at the rate of 10 cents per mile on the distance between their homes and Ottawa. This was considered outrage ons, and Mr. McMullen, a fellow member, drew attention to it in the house tonight. At the close of the seasion the two men encountered each other in the lobby. The general called McMullen a sneak, the latter resented it, and the two men clinched. A minister of the crown who came along at this moment forcibly separated them and compelled them to leave the house in different directions.
