But if water is so impure what shall we do? Boilit? So, that may kill the germs, but does not remove them. A far better way is to use pure whiskey with 11. The best physicians in America, unbesitatingly declare this now, but and bear this carefully in a It must be PURE whiskey, for impure whiskey is

ree than impure water. Doctors, chemists, scientists and professors, are now fully agreed that no whiskey used in America to-day is so chemically pure or free from fusel oil, as Duffy's Pure Malt. It has successfully withstood the enmity of all other whiskies, the prejudice of weak-minded and the bigotry of narrow minded people. Why? Because it has produced results, restored health, prolonged life, awakened the lagging facu ties and counteracted the evil effects of poisonous water. Indeed, it is a pure, medicinal whiskey. Do not, however, allow any unscrupulous dealer to i pose upon you by declaring he has some concoction of his own that is "just as good," or some bottled whiskey that is "much better." It is the very popuarity of Duffy's Pure Mait that has caused these ur worthy decoetions to come into the market.

ANNOUNCEMENTS.

The amusing comedy, "A Pair of Kids," will be the attraction at the Grand on Sun day and Monday evening, when our amusement lovers will have an opportunity of laughing as they never laughed before. The character of the old countryman, "Jiles Button," which Ezra Kendall has made familiar to theater-goes throughout the country, is one of the most mirth-provoking pieces of acting seen in late years of Ameri-can comedy. He is as irresistibly funny as he is thoroughly original, and if there is any laugh in an audience he is sure to get it out of them. Soveral of the old favorites are in the cast, including the French comedian, Sarony, and Miss Jennie Dunn, the original "Little Josephine" of the famous Juvenile Pinafores.

Will Lawler is never happier than when delighting the ladies. This time Mr. Lawler has secured \$500 worth of Japanese souvenirs, which will be given away by ticket today. Every lady who attends the Eden Musee this afternoon and evening will receive a ticket.

Mr. George B. Sammis, advance represen-tative of the Cora Tanner "Fascination" company, is in the city. "Fascination" will be the attraction at the Boyd on Thursday, Friday and Saturday of next week. Miss Tanner will be supported by Colonel William E. Sinn's Park theatre company of Brooklyn.
