the opening and an advance of nearly sc from the close yesterday. June sold up to (8%)c, an

advance of 6c from last night. The July fu-

ture, in which heavy trading was done, was

up to 94% c. 3% cover the opening and 4% cover the close Friday. There is no corner in pro-gress. There is little or no manipulation.

The trade in oats went through the daily

CHICAGO LIVE STOCK.

ORIGAGO, May 3.-[Special Telegram to THE

BEE.]-CATTLE-Receipts were heavy for Sat-

urday, but there was a good deniand for anything at, all useful, and about everything in

of hit cattle is fully see period. A commission firm, writing to its customers, says: "Our impression is that we will have a heavy run next week and prices will be lower. We base our opinion on infor-mation received from shippers who believed we would have a strike here May I, and that they would hold off shipments until they were satisfied about the strike, while we advised in every case that there would be no strike and

every case that there would be no strike and to forward shipments. We are satisfied that

# THE CONDITION OF TRADE. Local Financial Situation Reported to be in Very Comfortable Shape. MONEY PLENTIFUL WITH BANKERS. **J**obbers Say General Business is Good and Fully Up to Expectations-Collections Easy-Good Increase in Clearings. The clearings of the week, as reported by

Mr. Hughes manager of the clearing house, show an increase over the same week of last year of 412-10 per cent. The footings were \$5,491,061.95, Balances footed \$1,534,610.74. The financial situation is very comfortable. Money is plentiful with bankers and there is a fair demand for loans at the usual rates, S to 10 per cent.

Jobbers report general trade good and fully op to their expectations, and say that collec-tons are fairly easy. Retail trade has been ons are fairly easy. Retail trade has been brick throuthout the week in all lines and retail dealers have had a much better season than they expected. Still there appears to be a drag to trade, and it is attributed to the fear prevailing that prohibition will carry at the November election, and from the best advices obtainable there is reason to believe that the apprehensions are but too well grounded. Prices as a rule are steady. In produce, butter is alightly better de-mand for strictly fresh stock, with a surplus of common dairy offering. Cheese is in mod-eratedemand for the finer grades. Eggs are in good supply and the market easier, if any-thing. Strawberries have been scarce and quotations were fully maintained. Pincaples and banamas are unchanged while oranges and henoms are higher on a very firm market. The poultry market improved somewhat and choice chickens found ready sale at full quotations.

The poultry market improved somewhat and choice chickens found ready sale at full quotations. There is a good demand for choice unmixed lots of potatoes at 3:640e per but, while mixed lots are neglected at 20025c per but. The wood market is steady at the enst and is thus characterized by the Chicago Tribune's Boston telegram: Sales for the last week have aggregated 2:023,300 lbs. domestic and foreign. against 2:147,300 lbs for the corresponding week last year. The items include 241,500 lbs Abot and Pennsylvania freeces, 200; 27,000 lbs X becces, 25,000 lbs No. 1 Onlo fleeces, 376,856; 55-56-56 lbs Michigan X fleeces, 200; 27,000 lbs X becces, 25,000 lbs unvashed combing, 22 (2500; 20,000 lbs territory, 14622c; 10,000 lbs spring Texas, 30e; 105,000 lbs castern, 105(190; 4,000 lbs Valley Oregon, 24e; 25,600 lbs spring California, 179/20e; 40,000 lbs fail California, 15 Gife; 91,000 lbs unvashed, 160,55e; 44,000 lbs spouper and extra pulled, 20640e; 24,000 lbs gouper and extra

6220c. Ohio. Pennsylvania and Michigan de-laines continue easy to move at 326 for the two former grades, and 34c for the latter. Quarter-blood wools are considerably neglected, and a good Missouri or Indiana wool can be had at 25c; % wools are in better feeling at 32c for de-sirable selections. Spring Texas wools are held at 23c; Oregon wools are practically sold up. Remaining lots of No. 1 eastern are held at 290c.

Fine territory, all warp wools, have brought 5605c; and all wools running 60 per cent warp, 5605c; while fine medlum warp wools run from 57608c; and wools showing about 60 per cent of warp, 5505c. There is quite an amount of defective territory to be had, run-ning from 5065c for fine to 48256 for fine medium. Pulled wools have improved some-what and A supers in particular are in better request. B supers are still the neglected grade on pulled wools have improved some-what and A supers in particular are in better request. B supers are still the neglected grade on pulled wool, while combing pulled is well sold up. Low pulled is druggy. Choice extras Ting 5c, clean less desirable grades rungting us low as 60c. Anstrallan wools are very firm, with a continued demand for cross bred. A London letter of April 19 to Gabain quotes in advance of 1828 9 d per sack 230 lbs in the price of Hungarian flour, partly due to scarcity of wheat in the Dunubian region. The Cincinnent Price Current saya "advices ine territory, all warp wools, have brought wheat in the Danubian region. The Cincinnati Price Current says "advices

The Cincinnatl Price Current says "advices do not justify any increase in testimates of the winter wheat condition." This is in har-mony with news received in Chi-cago, and the northwest continues to suffer from lack of rain. The spring wheat section is really the cause of great anxiety just at present, and many fears are expressed that drought there will cause a chost cound failed that drought there will cause a short crop of spring in addition to the new ad-insided deficiency in the yield of fall sown ment. in groceries coffee is about the same as for the past three wheks and sugars are un-

Packing House Slaughterings.

Over the corresponding period of last year Chicago has increased from 480,000 hogs slaugh-tered to 655,000. Kansas City has fallen off from 250,000 to 244,000, and South Omaha still securely in third place, increased from 138,000 to 149,000, or 9% per cent. Sloux City stands fourth with an increase from 68,000 to 88,000.

was very wild, with July up to Wile, and May and June anywhere from 9k to 9k. Hutchin-son at once became a very heavy buyer and his brokers kept it up all day. Logan & Co. bought heavily. Mitchell & Smith were heavy buyers. Commission houses bought for outsiders and bought for themselves. The most conspicuous solling of the day was the closing out of several long lines held through R.W. Dunham & Co. The profits on wheat were large and the offerings helped to feed the mar-ket. The advance from 96 to 81.00 in May did not represent heavy business. Wheat was not to be had and prices were bid up. In June the same was partly true. July sold at 91509036 carly, with but slight reactions. Then there was a turn 92% cand from this a second general ad-vance took the price to 9450 shortly after noon. There was a reaction of 1% at once. At 1 o'clock the price of July was back to 835c. The activity in wheat continued to the close, but prices yielded a little on heavy liquidation. Last prices were: May. 973(295c; June, 97c; July, 834c; September, 914c. The corn market was unsettled all day. There was a sharp advance early, partly on the dry weather and partly on the bull senti-ment fin all markets. The best prices were reached the first half hour, when May sold at 36c, June at 344c, July at 35c, latter to 35%c, and september at 363535c. On the bulls the country sold corn. Local houses turned seli-ers. Baldwin sold heavily for some big holder. Prices did not vield easily. May closed at 33%c. June at 34%c. July, after selling at the top, dropped back to 34%c hout closed at 34%c 35%c. August closed at 35%c and september at 35%c. The trade in onts weat, through the daily CANNED GOODS-Fruits, California standard

There was no very sensational news. It was not an advance worked by professional traders. The country is under wheat. The sharp advance is all the more remarkable because it

ers. The country is under wheat. The sharp advance is all the more remarkable because it comes when there has already been an upward movement of \$200c during the month. The strength did not develop suddenly. It has been growing since wheat was below 80c. The conditions affecting winter wheat have not improved in many states and the condition under which the spring crop is starting are very serious if even the mildest dispatches from the northwest are to be accepted. For days the dry weather and high winds have been a menace to the newly seeded fields. Yesterflay the weather man reported some rainfall in Dakota and elsewhere. The trade here and elsewhere sold out very largely, while the country took the offerings without any serious setback in this market. Many house got out of wheat and a great part of the trade were sol for a reaction—a break on expected rain. Early dispatches today not only re-ported no rain, but higher and dryer winds. Messages came from well known parties to leading houses here. This was suplemented by cold wind telegrams from Milwaukee. The crowd found that lower prices were out of the question and the only thild left was to get wheat and go with the market. The opening was very wild, with July up to Wise, and May and June anywhere from 94c to its. Hutchin-son at once became a very heavy buyer and his brokers kept 11 up all day. Logan & Co.

papers that it would cost \$75,000 to grade the driveway through the parkway is all bosh, driveway through the parkway is all bosh, and was made in the interest of the friends of a bouleward to Florence. I hope the park commissioners will treat our proposition in a business-like manner—first, have a survey made by their engineer and ascertain the cost of a driveway, to see if it will cost more than they have funds to spare for the purpose. We estimate the cost at \$20,000, and as the park commission have \$60,000 now on hand and will get \$80,000 more next season we think they commission have 800,000 how on hand and will get 800,000 more next season we think they can spend oue sixth of the whole on a three-mile boulevard. The citizens of Omaha want a driveway first before the subarban parks are opened, and the city wants it in eighteen months, too. "There is no string tied to our proposition

meeting. The statement made in the news-

"And that when they cease to use our land for public park purposes it reverts to us. "Mr. Millard, one of the park commission-ers told me that one reason why they had post-tored attended on the park commissionponed action on our proposition was that the Flerence boulevard people would, be ready to make them a proposition at the next meeting. I cannot see what that has to do with the southcast boulevard."

# The Improvement Record.

The week was a very active one in real estate business and improvement circles, compared with the corresponding period of last year, as attested by the following figures: REAL ESTATE TRANSFERS : Day 1889 1890 Monday.....\$ 47,009 \$ 23,460

### A Boy Dies of Fright.

Twelve-year-old Thomas Gilfeyle of 66 Columbia street, Brooklyn, died this morning from the effects, as supposed, of his fright during the panic which occur-red at the Galety theater on Tuesday night, says a New York dispatch to the St. Louis Republic. The boy was in the gallery when some of the drapery on the stage caught fire, and rushed down stairs and into the stage that the stage caught fire and states the stage state of the state of the stage state of the state of t and into the street with the excited crowd. He was not injured, however, and returned to the theater when the

panic was over and remained until the close of the performance. He was very pale on reaching home. During the night he frequently awoke and screamed so loud that he alarmed his parents. On Wednesday morning he was so weak that he could not leave his bed and

Dr. H. H. Morton was summoned and on his arrival found him suffering from convulsions. The attacks succeeded each other so rapidly that young Gilfoyle died from exhaustion at an early hour

this morning. Dr. Morton refused to give a death certificate and the case was referred to Coroner Rooney, who in-structed Dr. A. W. Shepherd to make

Highest of American Peaks.

north of the former peak. Several of these mountains have been newly meas-

ured. Mount Hood, once "roughly" estl-

mated at 15,000 feet, then "closely" at

16,000, was brought down by triangula-tion to 13,000. An neroid barometer made it 12,000 and a mercurial barometer

made it 11.225. Mount St. Elias, esti-

mated by D'Egelot at 12,672 feet, was triangulated by Mr. Baker at 13,500. It now transpires that Mount Wrangel rises

18,400 feet above Copper river, which is

in turn 2.000 fect above the level of the sea at this point. If this holds good,

an autopsy.

	Cattle.
	Saturday, May 3. Estimated recolpts of cattle 3.600, compared with 3.179 yesterday and 1.489 last Saturday. The receipts for the week have been [6.54].
	compared with 12.071 last week, a gain of 4.890.
	The market opened 10c lower on both steers
	and cows of all saleable grades,
	with some of the poorer lots sell-
	ing at even a greater decline. After the
	inarket was fairly opened it became guite ac-
	Tive at the dochine. To add to the activity of
	the market quite a number of buyers were on
	the market. The bulk of the sales ofs teers was
	at or above the \$4.00 mark, while one bunch of
	thirty-one very fine 1450 Ib. steers sold at \$4.65,
	within 25 cof the highest price paid during the
	week. The bulk of the cows sold at and above
	\$2.50, one banch of very fine 901 cows selling at
	\$3.35. Feeders were fairly active with only a
	few on sale, with prices unchanged. Bulls
	hold their own while calves were firm.
6	noid toon own while carves were arm.
-	

### Hogs.

Hogs. timated receipts of hogs 4,300 compared with 268 yesterday and 3.671 on Saturday of hast week. The receipts for the week have been 26,575 compared with 20,691 last week, a decline of 6,076. The market opened 56 lower, soon becoming active at the decline, all changing hands early. The range of prices was \$3,900,405. The average of the prices paid was \$3,900,405. The average of the prices paid was \$3,974 compared with \$4,014 yesterday and \$4,075 Saturday of last week.

#### Sheep.

April '89. May '89. June '89. June '80. Estimated receipts of sheep 1.724 compared with 357 yesterday and 350 Saturday of last week. The receipts for the week were 2.684, compared with 2.163 last week, a gain of 521. The market continues firm on sheep with good muttons in demand.

## Average Cost of Hogs.

### Weekly Bank Statement.

NEW YORK, May 3.-[Special Telegram to THE BEE.]-The weekly bank statement shows the following changes: Reserve, decrease ...... \$ 204.500 Loans, increase.....

Legal tenders, increase	89
Deposits, increase	ΰÖ
	-0
	00
The banks now hold \$3,128,725 in excess of t	
25 per cent rule. The exports of specie fro	

the port of New York last week amounted to \$283,898, of which \$56,675 was in gold and \$197,229 silver. The imports of specie for the week amounted to \$50,597, of which \$3,176 was in gold and \$72,631 silver.

#### New York Dry Goods Market,

.EW YORK, May 3.-[Special Telegram to THE BEE.]-There was no chaoge in the character of the demand, the tendency con-tinuing in the direction of activity and higher prices. Goods, however, seem scarcer every day and agents are now pushing trade.

### PROSPECTIVE PARKS.

Some of the Plans Now Under Consideration by the Park Commissioners. The park commissioners will meet at their office in the board of trade building next Wednesday afternoon for the consideration of the various propositions before them.

every case that there would be no strike and to forward shipments. We are satisfied that there has been a great many cattle held back on that account and that they will come for-ward next week. Besides, the advance in prices the past week will increase our receipts next week, therefore we do not look for as good a market as we had the past week. The de-mand for export cattle still continues good and we think that grade will hold their own better than any other grade. The receipts of Texans for the week were extremely light, owing to rains and floods in the southwest, and this, with the advance in natives and the scarcity of native cows and butchers' stock, has caused an active demand for Texas cattle of all grades, and we quote an advance of 256 the per 100 on all grades." Cholee to extra beeves, \$0.0005.30; medium to good steers, 1350 to 500 fbs, \$1.905.00; 1200 to 1350 fbs, \$4.406 4.70; 950 to 1200 fbs, \$3.905.425. Stockers and feeders, \$2.5062.50; cows, buils and mixed \$1.60 \$2.40; bulk, \$2.550; cows, bulk and mixed \$1.60 \$2.50; cornfed steers, \$2.562.85. Hose-Basiness was rather slow, with a down turn of 560 fbs. Shippers were not operating to any great extent and packers were bonking on a big run for Monday, hence a drop in prices. Current range of prices: Chole cheavy pack-ing and shipping, \$1.274; \$4.30; assorted butch-ers', \$2.10 to 2.40; common to good heavy pack-ing and shipping, \$1.274; \$4.30; assorted butch-ers', \$2.10 to 2.40; common to good heavy pack-ing and shipping, \$1.274; \$4.30; assorted butch-ers', \$2.10 to 2.40; common to good heavy pack-ing and shipping, \$1.274; \$4.30; assorted singed light; \$4.20; 4.30. In answer to a question, one of the members said: "We hold regular meetings, that is not to say in the way of all organized bodies, but THE BEE.]-STOCKS-No one was surprised at we meet and adjourn from day to day, the easier feeling in stocks. It would have been little to wonder at if a downturn had been sharp and decisive. As it was, the and especial meetings are of frequent oc currence. Guy R. Doane, the secretary, has his regular office hours from 10 until 13 in the morning and from 1:30 until 3 in the afternoon.

"The plans of the board are all vague, ideal, and none are as yet definite or specific, but we are getting there.

the ensier feeling in stocks. It would have been little to wonder at if a downturn had been sharp and decisive. As it was, the stationary spirit in the market was simply con-tinued this morning, and the first prices, with few exceptions, were from ½ to ½ per cent lower than last night's figures, while the mar-ket displayed activity only in spots and by turns. Subsequent morements in the list were generally insignificant, but after a further slight decline a rally occurred, which in most cases brought prices up to a shade better than the opening figures. Oregon Transcontinental was notleeably strong, rising ½ per cent and again crossing 41, while Richmond and West Point was the weak point declineng, to 53%. Among the special-ties, Chicago, St. Lonis & Pittsburg preferred were specially strong, rising ½ to 52% on very slight transactions. Laie in the hour, how-ever, the weak tone became more general and Oregon Transcontinental Tost all of its early gain, with something in addition. At il o'clock the market was fairly betwee and weak at fractional declines from first prices. The buils did not give up the fight casiy, and after the bank statement, showing but a small decrease in reserves, was published, there was a rally which helped prices materially before the close. Vanderblits and Viffirds were excep-tions. Atchison recovered to 42%, Sturlington to 10%, Rock Island from Shy to 34%, St. Paul to 74, and Missouri Pacific more than recov-ered all the early loss, going to 75%. The total sales of stocks were E0000 phares. "The general powers of the board are simply to make recommendations to the city for the purpose of park grounds and park ways. We have no power to do one thing or the other, only that of submitting our recommendations. The main powers of the board, however, is to improve such grounds as the city owns, and to take such action as is considered the best for the ecurement of additional park grounds and park ways.

"There are several propositions now be-"fore the board, the leading one is the improve-ment of the ground for a boulevard and park southwest of Hanscom Park, and extending clear round to Ruser's Park, a distance of three miles. There are also some matters pending with reference to Bemis Park im-provement, the details of which I am not conconversant, but in a nut shell it is the de-velopment of a certain amount of ground, say eight or ten acres, which Bemis Park has appropriated. The board has taken hold of this improvement and if possible will pur-chase additional ground fronting on Cuming street. A houleward is also in contemplation street. A boulevard is also in contemplation from Florence to the waterworks, and this road improvement will be carried steadily, at which much has already been accomplished. West Side park, too, will receive immedi-ate attention. This embodies forty-eight

ate attention. This embodies forty-eight acres west on Leavenworth street. It has al-ready been cross-sectioned, and Landscape Architect Cleveland will be here from Min neapolis next week to map out plans for act-ive operations. West Side park is to be im-mediately improved. With the exception of walks the work in Jefferson park is about finished.

#### Park and Park Commissioners.

"I understand that the park commission has taken no action yet on our proposition," said Mr. D. C. Patterson, one of the prominent donors of the latest park gift to Omaha. "They evidently thought condemned and he was ordered to dig his the matter too fine for action or that the grave. Selecting a spot near the brow proposition would keep until their next of the hill, he commenced the heart-

white soldiers on board were helpless and at their mercy. What a place for two helpless women without protectors. In the coach with the ladies was a soldier, and from his dress and demeanor one would judge him to be from Texas He was tall and stately, with piercing black eyes, while his massive head of hair well became his brawny face. He plainly showed that he had been a determined follower of the lost cause. In their wild carouse, one of the drunken negroes came to where the ladies sat and commenced to offer insults and indignities to the younger too revolting in its nature for rehearsal. In trying to release herself from his loathsome embrace, she cried out in despair, "My God, have I no friend; will no one pro tect me?" In a moment a voice was heard in the rear end of the coach: 'Yes, I will protect you if I die for it. The tall form of the unknown Texan was seen rapidly approaching along the isle. His eyes shone in the dim light like those of the wild beast ready to spring upon its prey. The keen blade of a knife was seen to glitter above his head, and with a mighy blow was buried to its hilt in the breast of the black ruffian. With Webster St. wild yell he leaped from the car and

fell dead upon the side track. The stranger quietly walked out of the coach at the other end, and stepped a few paces away, under cover of the darkness, and waited developments. He had not long to wait. All the imps of darkness turned loose could not have equalled the uproar and tumult this deed created. Word flew to camp that one of their comrades had been murdered by a Confederate soldier. A wild rush was made for the train; and for a few moments it looked as if all on board would be put to death. Search was made for the murderer, declaring that if found he should be shot at once. The stranger stood but

a few feet away, quietly listening to his death sentence as the soldiers rushed by. At last one declared he had found the man; he had seized one of the officials of the railroad, and others coming up, with equal positiveness, swore to his identity. Violent hands were laid upon the innocent man, while the drunken mass that crowded around him seemed as if they would crush him to death. His vain pleadings of innocence were drowned by the wild yells of the surging crowd. He was being carried away for execution, Where was the unknown Texan? He had shown his courage, now would he waver in the face of immediate death? With his hand he had protected the person of defenseless women, by dycing it in the blood of her assailants. Would he stand by and see an innocent man die in his stead? With calm deliberation, without any emotion whatever, he made his way to the maddening crowd, and with a loud voice said: "Turn this man loose, he is innocent. I am the one who did it-now do your worst." This gave new impetus to the drunken crowd, and he was hurried away to camp. A drumhead court-martial was convened and he was condemned to be immediately shot. While he was being tried, word flew like lightning over the town that a white man was to be shot. and every negro that could possibly go came rushing into camp and surrounded the brave Texan, offering him every in-sult and indignity that their wicked souls could invent. The negro women outdid the men rejoicing over the fate of the prisoner. Even the bloodthirsty and cruel Queen Esther could not have reloired more over her captives.
