### THE SPECULATIVE MARKETS

Wheat Suffers a Reaction But the Session a Very Lively One.

A WILD OPENING ON THE PLOOR.

A General Stirring up in the Corn Pit-A Quiet Day's Business in Provisions-Fair Trading in Hogs.

CHICAGO, May 5 .- [Special Telegram to THE Bre. |- When May wheat touched \$1.00 on Sat-urday it looked as if the climax had been reached and that with a natural reaction a quieter market would follow. The trade had a reaction this morning, but they furnished the country the liveliest wheat market on rec-ord for many a day. The reports of rainfall in the northwest and Mississippi valley Satur-day night and Sunday appeared to knock out support from under the market. Weakness cropped out on the curb. The opening of the market on the floor was very wild and first prices for July were caught at 9000014c. Scarcely had the great flood of selling came upon the market when it was discovered that there was a flood of buying orders also on lower figures. There was moderate buying by upon the market when it was discovered that there was a flood of buying orders also on lower figures. There was moderate buying by Hutchinson at first, and heavy buying by McCormick and Jones & Kennett. Edwards & Co. also took \$60,600 bushels quickly. The market began to rebound as quickly as it went off. The sciling was over done. The trade made a rush to recover wheat. In short order July was up 2c from the opening at 93%c. It was then that Hutchinson put half a dozen hookers in the pit and bought furiously. This added to the furore and was supplemented by receipts of buil news. The northwest reported very low temperature and clearing, cold and dry, with no rain or snow since Sunday afternoon. The decrease in the visible supply promised to be very large, perhaps over 1,000,000 bushels. On all this the market went soaring to 94%c for July. Then, after a reaction, it went to the top price of Saturday—94%c. The visible finally showed but \$25,000 bushels decrease. Hutchinson turned a heavy seller here as elsewhere. The crowd rushed to realize and July went off to \$25,000 bushels decrease. Hutchinson turned a heavy seller here as elsewhere. The crowd rushed to realize and July went off to \$25,000 bushels decreased \$400,000 bushels for the week and \$300,000 bushels shee April 1. The Mark Lane Express quoted wheat is higher and flour 6d higher. There was no long wheat on the market and again July went to Ecc before 1 o'clock. Early months were neglected, but May early sold at 25c and up to 36%c. The closing prices in wheat were: May, \$6%; June, 5%; July, 2%c; August, 50c; September, 90%c.

The corn market had a general stirring up today. The action was almost as violent as in wheat, although the range was not so great. The market started a fraction easier, but the receipts were nearly 100 cars short of the estimate and dispatches giving the mercury from \$9\$ to 55 degrees in many places in Dakota, Many opened at 33%c, touched 34%c, closing at 33%c, so so the feet of the close. August touched 36%c, closing at 37%c, an

steady for May, but \( \frac{1}{2} \) lower for June and July.

The provision trade had a quiet time of it today, as many of the operators were deeply engaged in the more active grain markets. Dispatches from the yards reported good buying for both packers and shippers. The mess pork market opened firm and higher, with July at \$13.49 and later at \$13.50, closing at \$13.45. Other futures were neglected early, with the closing prices quoted at \$13.20 for May and \$13.35 for June. Lard was steady and closed: May, \$5.356,5375; June, \$5.42\( \frac{1}{2} \); July, \$6.50; August, \$5.50; September, \$5.62\( \frac{1}{2} \); Bibs sold at \$5.425,50 for July, and the closing figures were: May, \$5.40; June, \$5.40; July, \$5.47\( \frac{1}{2} \); \$6.50; August, \$5.50; September, \$5.62\( \frac{1}{2} \).

#### CHICAGO LIVE STOCK.

Curcago, May 5.-[Special Telegram to THE BEE. 7 CATTLE First estimates placed the run at 20,000, but that number failed to materialse and at the outside there would not be over 18,500 on the market. Business opened slow and, as is usual on a big run, medium 1.300-1b steers, a trifle coarse, were rather neglected and sold a good 10c lower. Buyers preferred light 1.100-lb animals to a 1.300 average, and would pay no more for one than the other. Buyers for English markets and buyers for the dressed beef trade wanted a large number, and first class steers of this description sold nearly steady. There were only forty-three cars of Texans, say 850 to 900 head, on sale, all of which sold equally as good as last week. Native butchers stock, although in heavy supply, sold about steady. The run of cows showed up larger than for some time past. cows showed uplarger than for some time past. There was some movement in stockers and feeders, with little or no change in prices as compared with last week. At the close about everything was sold and the general market closed in better shape than at the opening, notwithstanding there were 6,000 more cattle than last Monday. Choice to extrabel to 1500 lbs. \$1500 to 1500 lbs. \$1,500 t

## FINANCIAL.

NEW YORK, May 5 .- [Special Telegram to THE BEE.] STOCKS—The action of the stock market early today was a revelation to the street. Expressions at resorts over Sunday and dispatches sent out after the close Saturday led the public to expect further depression in many leading securities. Instead the market was very active and decidedly strong. though the activity and wide movements were principally confined to a few stocks, among which St. Paul, Lackawanna, Oregon, Trans continental, Atchison, and Chicago Gas were the most prominent. The reactionary feeling of the last two days of last week seemed to have entirely disappeared and first prices were in most cases from 14 to 5 per cent higher than Saturday's closing figures, while Kansas & Texas was exceptional with a gain of & Texas was exceptional with a gain of 15 per cent at 145. Trading was extremely large during the first balf hour and prices among active stocks mounted rapidly. Chicago Gas rising two per cent to 62%, Lackawann 15 to 1454, Oregon Transcontinental 15 to 425, Reading 1 to 434, Atchison 5 and others fractional amounts. There was a slight reduction from these prices, but the recession was of short duration, when the upward movement was resumed and some wide fluctuation continued among the lower-priced shares, while leading stocks reached still higher figures in many cases. Nor did sentiment or action change up to moon. The advance not only continued, but became more general. Chicago Gas went on up to 54, sentiment or action change up to noon. The advance not only continued, but became more general. Chicago Gas went on up to 54, while Sugar trust recovered to 55½, Transcontinental, after a reaction, rose to 42½. Canada Southern was up 15, per cent from the close last week at 58½. Atchison, after reacting to 42½, sold ½ per cent over the early figures to 45½. Burlington went up 1½ to 110½, Northwestern I to 115½, Rock Isiand 1½ to 10½, and St. Paul 1½ per cent to 50½. Missouri Pacific were firm and higher. There was added strength in stocks late in the day. Atchison led the advance, going to 44½, or 2 per cent up from Saturday. Rock Island went to 16½, Surar trust to 75½, and Lackawanna to 16½, with good gains all through the list. The Quintan (pear) failure added to the nervousness of trade. Money was at 6 per cent at the close. The total sales were the largest of the year, at 410,000 shares.

### OMAHA LIVE STOCK.

Cattle.

Saturday, May 5.

Estimated receipts of cattle 1.500, compared with 3.500 last Saturday, and 1.501 on Monday of last week. The market on both steers and cows opened very slow at unchanged prices and remained slow and lifeless throughout the day. Feeders were scarce and firm. Not many persons were on the market looking after feeders, but the local buyers and brokers were all well sold out and were paying steady prices for all offered for sale. Buils and calves remain steady. The market throughout was featureless.

Estimated receipts of hogs 3,100, compared with 4,33) Saturday last and 2,400 on Monday of last week. The market opened 5c lower, soon became active at the decline and all the pens were cleared early. The range of the prices was \$1.85\cdot 6.01\cdot 4 with the bulk changing hands at \$1.00\cdot 0.02\cdot 4. The average of the prices paid was \$3.92 compared with \$3.97\cdot 8 saturday and \$1.05\cdot Monday of last week.

Estimated receipts of sheep 1.338, compared with 1.634 last Saturday and none Monday of last week. The quality of the receipts was poor. Good muttons are in demand. Sufficient good muttons are not received to supply the nosking houses.

The following table gives the average cost of hogs on the dates mentioned, including the cost today, as based upon sales reported: Date.

he is engaged in relating one of his best stories to an appreciative audience, says the Washington Post. A few days ago the speaker entertained a small coterie of congressmen during a lull in the house proceedings with a highly interesting ilustration of the present mode of selecting government employes through the civil service commission channel. The applicant in the particular case was a young lady of more than ordinary intellect, who had graduated at one of the leading colleges of the country with the highest honors. She was naturally the least bit nervous when she went to the commissioners to have her intellectual dimensions taken, but after the first few questions became quite composed, as she was quite at home on the examination billof-fare for that particular day. The young lady got along nicely until the examiners struck a branch of the in-

history. She answered the first few ques ions readily, but about the fifth dash out of the box, to use an expression not to be found in the civil service code, was a stumper. It was as follows:
"Who is Henry Cabot Lodge, where

quiry which they were pleased to term

roulette, 65e; boncless ham, 75e; pienie ham, 65e.

Canned Meats—I lb lunch tongue, \$2.75; 2 lb lunch tongue, \$4.75; 1 lb corned beef, \$1.20; 2 lb corned beef, \$4.20; 6 lb corned beef, \$6.50; 14 lb corned beef, \$4.00; 2 lb boncless [pigs feet, \$2.20; 1 lb English brawn, \$1.30; 2 lb English brawn, \$2.35; 6 lb English brawn, \$2.75; 1 lb chipped beef, \$2.00; 1 lb compressed ham, \$1.65.

ROPE—Basis—Manilla rope, 15e; sisal rope, 125e; cotton rope, [6e; new process, \$4e.

COTTON TWINE—Bibb very fine, 3 or 4 ply, 22e; fine, 2ee; Daisy, 18e; candle wick, 22e.

OLIVES—Quarts, per doz., \$3.73; pints per doz., \$2.25; bulk, per gal., \$6e.

Vinegar—10 gr, cider, 10e; good, 12e; white wine, 15e. was he born and by what great acts in his life has he been distinguished up to the present time?"

The young lady, poor thing, had never heard of Lodge, nor formed an acquaintance with the incidents of his life, either public or private, and was completely nonplussed. She passed the examination, but her per cent suffered by reason of her ignorance as to Lodge. When Speaker Reed told this story he

\$17.00.

Molasses—Bbls. N. O. faney per gal., 55/257c; choice, 45/247c; good. 20/252c; Cuba baking, 28/25c; black strap, 20/22c.

Wrapping Paper—Straw, per lb, 14/252c; rag, 24/c; Manilla, B. 55/25c; No. 1, 7c.

Bags—Union Square, 30/245 per cent off list. Salx—Dairy, 280 lbs in bbl, bulk, \$2.10; best grade, 20, 5s, \$2.30; best grade, 100, 3s, \$2.40; best grade, 28, los, \$2.30; rock sait, crushed, \$1.80; common, bbls, \$1.25. ad for one of his auditors the young Massachusetts reform congressman, who after coloring deeply, left the group to escape the laugh of his fellow-auditors and the shaking of the fat sides of the man from Maine.

COKE FOR LOCOMOTIVES.

It is Being Successfully Used on the Baltimore & Ohio Railroad.

The Baltimore & Ohio railroad company has successfully solved the question of burning coke in its engines in place of coal, says the Philadelphia Record. The subject has been under consideration by numerous other corporations, but here-tofore no way has been found in which to

utilize the coke successfully.

About a year ago the Baltimore & Ohio began experimenting with the new fuel, and at first found very little encouragement. The promoters of the scheme presevered, however, and the management now claim that the problem has been completely solved, and that coke is the future fuel for their express engines. Most of the experiments were conducted on the Pennsylvania division, and six engines on that branch and two on the main line now burn coke exclusively, the three-hour trains to Washington being drawn by coke burners.

Many advantages are claimed for coke. It is as clean a fuel as hard coal and the cost of it will be less than onehalf. Besides, the cost of converting soft coal engines into coke-burners is very much less than to prepar them for hard coal. The cost of coke is, of course, somewhat more than soft coal, but the idea is that when the fuel is used on the entire line it will cost no more than their present coal. A carefully prepared coke fire will last longer and give more heat than any coal fire yet made, and by carefully using these advantages the management hope to reduce the cost to the same level as the bituminous coal.

The kind of coke which has been found to answer best is that which has been burned for thirty-six hours. Not only was it found necessary to change the internal arrangements of the engines in order to substitute the coke, but considerable difficulty was found in educating the firemen in their new duties. A man accustomed to making soft-coal fires was found to be no good with a coke fire. They are rapidly learning, however. The experiments by the company have attracted attention throughout the country. The officials point to the threehour trains between this city and Wash ington as fair samples of their success.

Miles' Nerve and Liver Pills.

An important discovery. They act on the liver, stomach and bowels through the nerves. A new principle. They speedily cure billiousness, bad taste, torpid liver, piles and constipation. Splendid for men, women and children. Smallest, mildest, surest. 30 doses for 25 cents. Samples free at Kuhn & Co.'s, 15th and Douglas.

Wages and Living in Canada.

At a time when the labor question has assumed such an acute form in this country a great amount of interest ought collected by the government of Ontario, and which relate to the amount of wages paid in the various trades and the cost of living in that province. Of the returns on which the tables are based 23,-006 were furnished by employers and 2,752 by employes, says the London Times. The first thing shown thing shown is that there has been a gradual shortening of the hours bor, the average number of hours per week being 58.24, as compared with 59.10 in 1884, and the average of 58.60 hours for the five years 1384-8. There is greater steadiness of employment, the average last year having been 270.07 days, against 265,17 days in 1884, and the average of 268,03 days for the five years 1884-8. Earnings also show an increase, these now averaging \$420.07, as compared with \$383.31 in 1884, and \$395.41 as the average of the previous five years. But with all this increase the cost of living has kept pace, and the surplus of wages over cost of living averages \$50.45 against \$48.84 in 1884, and an average of \$49.76 for the five years previous. A curious feature of the return is that it shows clearly that the cities are not the most desirable places for workmen. It is true that the wages are higher, but the cost of living is higher in proportion, and there is a case of the larger cities there is for 'males with dependents, tenants''-i. e.: who do not own their houses-so close : margin that in London the wages do not come up to the average cost of living by \$6.68, and in Hamilton by \$3.02. Toronto they show a surplus of \$23.90

FRANK WHITE WINS \$5,000 IN THE MEXICAN LOTTERY.

How a Sacramento "Bee" Route Agent Cleaned up a Small Fortune Out. of One Dollar.

A Bee reporter interviewed Frank White today (the principal owner of the Sacramento Bee's city routes), as he was dealing out the huge bundles of Bees to his score of carriers. "Yes," said the gental, good-natured agent, "I won \$5,000 in the Mexican Nations Generally 1860. National Government Lottery of the City of Mexico, in the last drawing, and I received my money today-in new, crisp United States

my money today—in new, crisp United States notes.

"How did I come to purchase the ticket? Well, I'll tell you, I was coming down to the office the day before the drawing, when I met on J street an old fellow who sells lottery tickets. I asked him if he had any left, and he replied that he had just one Mexican ticket. It was No. 42,336, and I bought it. When the list came along I saw that that number had drawin the \$20,000 prize in the February 6 drawing. I didn't make any noise about it, but quietly put my ticket in the hands of Wells, Fargo & Co., and, as you know, my \$5,000 arrived today. The money comes in at a very opportune time, as I proposed to build myself a house the coming summer. The Mexican lottery seems to be my mascot. One day last summer my barber bet me a Mexican ticket against \$1 on a base-Pullman sleeping cars run on these lines is patented and cannot be used by any other railway company. It is the great improvement of the age. Try it and be Sleeping cars leave the Union Pacific depot, Omaha, at 6 p. m. daily, arriving at Chicago at 9:30 a. m. Passengers taking this train are not compelled to get out of the cars at Council Bluffs and tickets and sleeping car berths at Union my mascot. One day last summer my barber bet me a Mexican ticket against \$1 on a base ball game. I won the ticket and then the ticket one \$10. Oh, I am going to stay with Speaker Reed's Joke on Mr. Lodge. Speaker Reed is never so happy or never appears to a better advantage than when | the Mexican lettery. I guess I will win the

big prize next month, and then you can write me up and put in my picture. Come, boys, hustle out, now, on your routes. Hold on there, you reporter, and we will go round the and they did.-Sacramento Bee,
