A Heartfelt Expression. Councilman Bechel has received the following letter from a brother of the late O. H. Reichardt: "Dear Sir—I write to inform you that my mother arrived home safely this morning. If you, the press club of Omaha and the other business and professional gentlemen who were so kind to hear her glowing words of thankfulness at your extreme kindness and heartiness, had the tally with which you took her—a broken-hearted man—into your helping arms, no words of mine except a sorrowing brother's thanks would be needed to express her feelings."

W. R. Alexander's Funeral. The funeral of W. R. Alexander was held from the family residence, 2339 Pierce street at 2:30 o'clock yesterday afternoon. It was largely attended by the friends of the deceased.

Successful National Banks. The Boston Daily Advertiser gives the following interesting account of the American National Bank of Boston, a bank which is as well known in business and financial circles as any bank in the United States.

The American National Bank was incorporated in 1854, and was one of the last, if not the very last, incorporated under what was known as the old banking law of Massachusetts.

STILL A MYSTERY.

The Rubber-Coat Suspects Known Nothing About the Poor Murderer. The two rubber-coat suspects O'Day and Nolan were released yesterday the police having become convinced that they could in no way be connected with the poor murder. They were not informed until after their dismissal as to why they had been held and were greatly surprised at the information.

A Penny Reward. The county commissioners are considering the matter of a reward for the capture and conviction of the poor assassin.

Mr. Berlin spring the matter voluntarily yesterday morning.

"I am greatly in favor of," he said, "of calling a special reward for the capture and conviction of the fiend. I consider that the board should give the matter precedence over all other engagements which the members may have, and fix the thing without a particle of delay. As to the amount that should be offered, I think it ought to be as much as the state offers, which I think is \$200."

Mr. Corrigan, who was present and heard what Mr. Berlin said, added:

"These are my sentiments exactly, only I would be in favor of making the amount \$500. I do not think that a reward should be offered simply for the arrest, but should demand conviction before payment. We were arranging to offer a reward for the murderer of the Jones people and on that day that we were to offer the reward of \$1,000 against me in Kansas City. Now, it would go against me to have to offer a penny reward that we might have offered if Neal isn't convicted."

Mr. Burns Will Contribute. OMAHA, Neb., May 20.—To the Editor of THE BEE: In the interest of good order and the fair fame of our city, I wish to voice the sentiment of many of our business men and endorse the efforts of the mayor and chief of police on the subject of placing at their disposal a fund to suppress lawlessness in our midst, and to this end will be one of one hundred to raise \$1,000 to be so placed. I believe that the opportunity is given more than that number will cheerfully respond.

FINED A SUSPECT. Walter Perkins, the well dressed vagrant, arrested on Douglas street by Officer Cullen, with a skeleton key in his pocket, was fined \$10 and costs. Perkins has a record as a criminal, having served more than one term in the penitentiary.

The Standard. "I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won this position by its undoubted merit and by the many remarkable cures it has effected. For an alternative and tonic it has never been equalled."

A DESPERATE THIEF. He Robs Guckert & McDonald and is Arrested After a Chase. F. R. Stratz is the name registered on the police records by a bold and determined shoplifter.

When the tailor shop of Guckert & McDonald on South Fifteenth was opened yesterday morning he, in company with two others, whose description is in the hands of the police, went in and engaged the porter, O. D. Wood, in conversation, which called the latter's attention to all parts of the store. The party left after a few minutes and Wood missed a bolt of undressed worsted.

After a short interval two of the fellows returned and Stratz slipped a bolt of cloth under his overcoat and again stepped out. By this time Mr. McDonald arrived and the two men, who were in the store, started. Young Wood overtook and grappled with the thief, but was pulled away by the latter's accomplice and Stratz, displaying a revolver, started west to Farnam and down to the National bank, where he again drew his revolver on his pursuers who now numbered a squad of five men.

Down the alley between Farnam and Harney to Twelfth, Officer Kelly, whose beat is on Thirteenth street, saw him cross the thoroughfare, and he, together with the other officers, intercepted the thief just as he had unhit a horse in front of Ladd's ice office on Twelfth and was applying the whip to the animal. Here the thief again attempted to draw his revolver, but was overpowered by the officer.

When searched he had on his person \$25 in money and a fine Smith & Wesson revolver. He was charged with grand larceny.

Johnson's Cyclopedic. Every one who gives the 1889-1890 edition a careful unbiased examination will be surprised at the amount of new and valuable information not found in any other cyclopedic. Remember it has 10,000 articles, the highest scholarly standard, and over 2,000 contributors. Notice who speak of this work as the best:

THE NATION'S DOCTORS. Omaha Brothers Who Want Them to Come to This City.

Dr. Bryant, chairman of the state delegation, together with Dr. Galbraith and Dr. Gapsen, left Monday night for Nashville, Tenn., to attend the annual meeting of the American medical association.

Dr. C. Rosewater started two days ago. As has frequently been mentioned, the Nebraska delegation will make an effort to have the next meeting of the association held in Omaha. Dr. Bryant is said to have an extensive acquaintance with eastern physicians, particularly those at the head of the various medical societies of that section, and he is depended upon that he will use his advantages to the best manner possible.

New York, Massachusetts, Connecticut, Ohio, Illinois, Iowa and other states have already been pleased to come to the front of the work already done by the Nebraska delegation.

It is anticipated that Kansas City, Minneapolis, St. Paul and Denver will form a combination against this city, but Dr. Bryant expressed himself as confident of resisting the move.

Whooping Cough. There is no danger from this disease when Chas. H. Kemensky's Cough Remedy is freely given. It liquefies the tough, tenacious mucus and aids in its expectoration. It also lessens the severity and frequency of the paroxysms of coughing and insures a speedy recovery. There is not the least danger in giving it to children or babies, as it contains no injurious substance. 50 cents a bottle; for sale by all druggists.

Usury. James Miller, a painter, who has been arrested on the charge of having obtained money under false pretenses by giving Mortgage Broker Maxwell a mortgage upon furniture which he had no title, enters an ar-

rested denial of the charge. He alleges that he owned the furniture and has paid Maxwell all the interest at usury rates. He further alleges that the action against him was instigated by Maxwell's attorney, to whom Miller says he has been paying blood money to keep him from pushing his claim.

Mr. C. V. Gallagher, postmaster, called at THE BEE office yesterday morning and offered the following card for publication:

OMAHA, May 20.—To the Editor of THE BEE: I read in this morning's World-Herald that Mrs. Gougar in her lecture last night gave me her authority or certain information which she detailed to her audience concerning anti-prohibition committees said to have been organized in this city.

I desire to say that I never saw Mrs. Gougar in my life, and I never authorized anyone to give her any information which I may have possessed in relation to any matter or thing whatsoever. She could have taken the unwarranted liberty of giving the news, but should demand conviction before payment. We were arranging to offer a reward for the murderer of the Jones people and on that day that we were to offer the reward of \$1,000 against me in Kansas City.
