Neal's Attorneys File a Motion for a New [Trial-The Missouri and Union Pacific Agree on Terms.

General A. W. Greely, chief signal service officer, Washington, registered at the Murray yesterday morning.

He has been in Utah and Arizona making investigations, principally into the heliograph system of army signaling, and says it is the greatest, most successful scheme of that kind yet invented.

"We have a thousand mile circuit, under operation the longest line, a distance of 600, miles being from Whipple barracks at Prescott Ariz, to Fort Stanton, N. M. I think there are only twelve stations located at irregular intervals. Some of them are only fifty miles spart, others are 125 miles.

"I assisted in the test made recently wherein a signal was sent 215 miles with only one transfer. The operation is performed with mirrors arranged so as to obtain a flash light. Of course the system can only be in

the sunlight, "However, we are now perfecting arrange ments to use electric lights. It can easily be done and at a modest expense. In time of ac-tive engagement, I am satisfied this will be found to be the most reliable signal ever adopted. It is constantly being improved open but has almost reached the point of per fection. The only thing lacking is something that can be substituted for sun light, and that we will get from electricity."

Speaking of the bill now before congress

removing the signal service from the war to the agricultural department, General Greely
paid he was satisfied it would become a law.
"No advantages," he continued, "are to be
gained in making such a change. It is done
simply to help fill up the agricultural department.
"If the bill passes and becomes a law it will not take effect until July 1 of next year.

It interferes in no way with my position.
When the change is made I will be re-When the change is made I will be level from army duty and placed in charge of the weather bureau, but my rank and standing as an army officer are not in any way abridged. The signal and weather services are to be separated, leaving the former

in the war department.
"There is no provision under which army officers will be attached to the agricultural department consequently I do not anticipate that there will be any changes."

General Greely says that the service was never in such perfect condition as now. Re-

ports are received very promptly and they come about as near being accurate as it is possible to make them.

He leaves for Washington today.

MURDERERS' ROW.

#### Bow the Occupants are to Take Turns for Trial.

The calm which so almost invariably follows a storm was found to have settled upon Judge Clarkson's court yesterday morning The judge himself, County Attorney Mahoney, and even the bailiffs seemed to be thoroughly tired out as a result of the Neal trial.

In view of this state of affairs, probably, more than anything else, further consideration of criminal business was postponed until Monday morning.

Mr. Mahoney says that the fact that he entered a nolie prossequi in the case of Joe Shellenberger will not prevent him from filing an information against him at any time charging murder in the first degree. He says that the entering of the nolle prosequi and discharging the man was the result of no "ar-rangement or understanding" of any kind for the future. He does state, however, that in case Neal

should get a new trial and should himself take the stand and throw the killing onto Shellenberger, the latter will come here and give rebutting testimony.

As to Sherman, Mr. Mahoney said that the Information charging him with the murder was now being prepared and would be filed

Sherman will not, however, be the next man tried for murder. Mr. Mahoney has decided to try Tony Frank, who is charged with killing Chronister, the peddler, next. Frank's trial will come on early in June.

When it is over Sherman's case will then be proceeded with Neal Asks Another Trial. Messrs. Gurley and Estelle yesterdaay

afternoon filed a motion for a new trial for Neal, paseb on the following reasons: 1. Irregularity in the proceedings of the court by which the defendant was prevented

from having a new trial. 2. Irregularity in an order of the court by which defendant was prevented from having a fair trial.

3. Misconduct of the jury by which the de-fendant was prevented from having a fair and Accident and surprise, which ordinary prudence could not have guarded against, by reason of which the defendant was prevented

from having a fair trial. 5. That the verdict is not sustained by sufficient evidence.
6. That the verdict is contrary to law.

Error of law occurring at the trial.
 Notice of individual exception to each of the overrulings of the court was also filed.

## CLOSED AT LAST.

The Agreement Between the Missouri Pacific and U. P. at Length Closed. General Manager S. H. H. Clark of the Missouri Pacific has satisfactorily closed ne-

gotiations with the Piattsmouth people and left for St. Louis yesterday morning. The matters under consideration were right of way through Cass county for the Missouri Pacific's proposed short cut between Omaha

and Union. As soon as Chief Engineer Lewis can let contracts, grading and bridge building will

be commenced.

Efforts to make an agreement with the Burlington for the joint use of track through the new military reservation by way of Bellevue failed. As a consequence the company will build an independent line and intercept the Union Pacific a short distance this side

Whether Mr. Clark succeeded in making arrangements to use the Burlington's Platte river bride at Oreapolis has not yet been de

ermined. He did enter into a written agrement, how-He did enter into a written agreement, however, with the Union Pacific, giving both corporations such track privileges in this city that elsewhere as neither could secure in any other way. The contract stipulates that the Missouri Pacific shall run all its passenger trains from Gilmore to Omaha over the Union Pacific track and into the union depot; that the Union Pacific is to have the easy that the Union Pacific is to have the use of the Missouri Pacific track to the gravel beds near Weeping Water, also from Leavenworth to Kansas City for its Kansas Central trains; that the Missouri Pacific shall use the Union Pacific's McPherson branch between Lin-bourg, Kan., and McPherson for a connection of its southern Kansas and Colorado sys-

Mr. Clark said that the building of this Platismouth cut-off would not only shorten the road between Omaha and Kansas City twenty-one miles, but give the Missouri Pacific a much shorter and more direct line than any other.

## A New Time Card.

General Manager Dickenson is preparing a hew time card for the Missouri river division to take effect June 1. It makes no changes, however, except in the arrival and departure of one or two freight trains.

## A New Southern Route.

The Union Pacific company has completed arrangements to open a new system June 1 which will give Omaha direct communication with all parts of Kansas. Through recent deals made with the Missouri Pacific and Rock Island roads the Union Pacific is enabled to establish a daily train between this city, Manhattan, Salina, McPherson and Hutchison. As soon as the Rock Island completes its Omaha-Beatrice

line, so that a train can leave here at about 7 o'clock a. m., passengers may then reach al most every important point in Kansas on the same day. A new road is now being built from Hutchison to Anthony which, when ready for operation, will be added to the Union Pacific, thus extending its system to the extreme southern boundary of Kansas.

Annual Meeting. The Fremont, Elkhorn & Missouri Valley company held its annual meeting yesterday. The business was transacted by Assistant Secretary Hawley. No changes were made, the directors elected being Marvin Hughitt, Albert Keep, J. H. Redfield, Chicago; M. L. Sykes, New York; P. E. Hail, Cedar Rapids, Ia.; Horace Williams, Clinton, Ia., and D. P. Kimball, Boston.

Notes and Personals. Assistant General Traffic Manager Munroe

President Adams and party are up in the Puget Sound country. Work has been commenced on the widen-ing to standard guage of the Union Pacific's Kansas Central division.

There is danger in impure blood. There is safety in taking Hood's Sarsaparilla, the great blood purific , 100 doses one dollar.

#### AN INTER-STATE RUN.

A Frightened Team Dashes Across the

Bridge Into Iowa. There was an exciting runaway on lower Douglas street yesterday. One of the Paxton & Veirling teams, attached to a heavy wagon became frightened at something in front of the Collins gun store and plunged forward, knocking down the driver, Pat O'Connor, who stood at their heads. The frightened team passed over O'Connor, painfully, though not dangerously, cutting him, and dashed down through the crowded streets to the Coun-cil Bluffs wagon bridge. Crossing the bridge on a run, passing a couple of motor trains on to side, the team reached the boulevard and plunged into an approaching wagon and snapped its pole as if it were a pipe stem. A quarter of a mile further on they plunged into a little saloon, demolishing its side. They were then brought to a stand. When they returned to this side neither horses, wagon or harness had received a scratch.

#### He Got Relief.

William Westlake, a prominent farmer stock raiser and breeder of thoroughbree norses, living about two and one-half from Avoca, Neb., was so badly injured by being thrown from a sulky as to be unable to raise his hand to his head. After using numerous liniments and consulting several physierous intiments and consulting several physi-cians without getting any relief, he came and asked me if I knew of anything that would help him. I gave him a bottle of Chamber-lain's Pain Paim. In two weeks he entirely recovered the use of his arm. I consider Chamberlain's Pain Palm the greatest preparation ever produced for all sprains, bruises, deep-seated and muscular pains.—J. J. La Grange, druggist, Avoca, Neb. For all shreads the Manager of the Portion of the Portio sale by all druggists.

#### WILL HE DISCLOSE?

A Suspect Who It Is Thought Knows Something About Our Burglaries,

Detective Dempsey and Officer Fahey Thursday night made an arrest which is considered important inasmuch as it is believed the man arrested could, if he would, throw some light on the numerous burglaries which have lately been reported to the police. The name registered is William Murphy who last Tuesday, completed a term in the county jail for stealing a bed spread from Mrs. Fish on North Sixteenth street. When arrested he was accompanied by Henry Wirth, who

was also taken in.

A letter was found on the person of Murphy addressed to George W. Bunn, who is now in the county jail, in which are men-tioned the names of several characters wellknown to the police, among them the man Anderson who drew a revolver on Officer Brady and was taken to Des Moines for house breaking. Anderson's term will soon expire and he will be waited for by the Omaha po Charles Brooking, who was arrested by Of-

ficer Savage about the same time, had in his possession a lady's hand bag and a pair of fine opera glasses, which he was trying to dispose of in a Tenth street pawn shop and which he claims was given to him to sell by Murphy Brookings also intimates that Murphy formed him that he had "made a haul" the north part of the city, and it is hoped that the burglar of the residence of M. H. Hamlin on Spencer street has been found.

#### For Nervous Diseases Use Horsford's Acid Phosphate.

Dr. F. G. Kelly, Alderton, W. T., says: "I have prescribed it in a number of cases of restlessness at night, and nervous discuses generally, and also in cases of indigestion caused by lack of sufficient gastric juice of the stomach, with marked success, and con-sider it one of the best remedies known to the professional world."

## Bessie a Mascot.

The following private dispatch, dated at Green River, was received from P. E. Her, who is now on his way to California, where he will spend the entire summer:

"Citizen Train's feat of circling the globe in sixty-five days is unquestionably a big thing. His coming over the Union Pacific is thus recognized by the officials of the road secur-ing him as against the Northern Pacific, and beating their time one day.

He has chartered a special from Portland

to Tacoma on account of five hours' decay My youngest daughter. Bessie, was the mas-cot that brought about this happy state of affairs. Train left here on time for Tacoma."

The Only One. The Chicago, Milwaukee & St. Paul railway is the only line running solid vestibuled, electric lighted and steam

heated trains between Chicago, Council Bluffs and Omaha. The berth reading lamp feature in the Pullman sleeping cars run on these lines is patented and cannot be used by any other railway company. It is the great improvement of the age. Try it and be convinced.

Sleeping cars leave the Union Pacific depot, Omaha, at 6 p. m. daily, arriving at Chicago at 9:30 a. m. Passengers taking this train are not compelled to get out of the cars at Council Bluffs and wait for the train to be cleaned. Get tickets and sleeping car berths at Union ticket office, 1501 Farnam st.

## J. E. PRESTON Pass Agt.

A Musician's Burial. The funeral of the late Prof. W. F. Hohen stein, who died a few days ago in St. Joseph's hospital, was under the auspices of the Lieder-

kranz, and was one of the most imposing of

the kind ever held in this city. The deceased had resided in this city about fourteen years, and was at one time connected with the surveying department of the Union Pacific. Latterly he devoted his time to teaching music, in which he was quite successful. He was the only honorary member of the Liederkranz, in which he was greatly

The remains were interred in Laurel Hill cemetery. The association marched to the corner of Center and Thirteenth streets and rode thence in carriages. At the grave an address in German was delivered by Mr. Otto Kinder of the Nebraska Tribune, and the Liederkranz sang with touching tenderness the beautiful funeral piece, "Da Unden ist Frieden."

Frieden,"
The Musical Union band headed the procession, leaving it at the corner of Thirteenth and Vinton, and meeting the society on its return and marching with it to the hall or Douglas street The pallbearers were G. Zimmerman, H.

Keiser, August Bohne, Herman Brieil and J. Boehm. The marshals were P. Kelser, the president, and Prof. Poterson, the musical director of the society

To Nervous Debilitated Men. If you will send us your address we will send you Dr. Dye's Celebrated Voltaic Belt and Appliances on trial. They will quickly restore you to viger, manhood and health. Pamphlet free. Vortaic Belt Co. Marshall, Mich.

They are Attracting the Attention of Citizens and Ward Organizations. The republican central committee meet at to the election in June.

the Millard hotel at 4 o'clock today to arrange for a convention to nominate five candidates for the school board preparatory The retiring members are H. T. Clarke, Dr. J. J. Saville, S. K. Felton and Messra. Robinson and Coryell. The last two were elected by the board to fill vacancies, and the

terms of the principals expire this spring.

Thus far candidates have not been very plentiful, in fact, no one is known to be actively seeking the positions. H. T. Clarke, it is said, does not expect nor seek a renomi

Dr. J. J. Saville would not object to another term, but an authority on school affairs says that too many people object to giving him one to render his hopes particularly lia-S. K. Felton will not be in the city and will

retire quietly.
Robison and Coryell would both like to return to the board, and will probably do so. As a member says, they have not been in long enough to make many enemies.

Another subject of immediate consideration in school circles is the \$250,000 school-bond

proposition which comes up again at this time. The citizens of Lowe's addition and vicinity meet this evening at the Franklin school to discuss the matter, and the discus-

sion will probably take the form of devising means for carrying the matter. The Second ward also has a meeting this evening to consider the best way of de-feating the proposition. Hartman school is the sore place with them. They wanted in-corporated into the proposition a provision for a \$50,000 school to replace the present structure with its numerous frame annexes The majority of the board was of the opinion that a \$300,000 proposition would frighten the taxpayers and result in the defeat of the whole proposition, and consequently struck

out the Hartman section.

The meeting called by the Second ward people is intended to be non-partisan and will take some action to secure a representation from that ward on the school board. It is held that if in order to do this a fusion must take place between republicans and democrats, that such a fusion must certainly take

## RENT AND FEDERAL FUNDS.

How They are Involved in the New Postoffice Site Purchase. There will probably be a pretty piece of lit-igation growing out of the payment of the postoffice site awards.

When it was decided to pay them the tenants in the block ceased paying rent. George Weitzel, a barber who occupied a shop in the block, was awarded \$150 and given a check for that amount signed by Judge Dundy and the clerk of his court. The check was payable to Weitzel, and according to law can be cashed by him only. When he presented it for payment he was shown a garnishee summons from the

Union National bank on a previous judgment for \$105 for rent of the premises in question. He offered the check back to Judge Dundy who refused it. According to the letter of the law, the award must be paid by check on the depository of the fund.

The attorney for the Union National bank stated that there was no doubt as to the abil ity of the bank to collect the garnishee, but it is held by other eminent legal authority that

the bank has no right to levy on federal funds under the circumstances.

A writ of replevin was filed yesterday A writ of replevin was filed yesterday by Weston Arnold, of Illinois, on George L. Woolsey, formerly president of the Nebraska City distillery. It recites that Arnold is the owner of the distillery and all its apparatus. By stipulation, Judge Dundy awarded John Lanham \$4,700, the amount of a sub-contract under the Fitzgerald & Mallory Construction company. The contract was for well digging on the Denver, Memphis & Atlantic railway

Pears' Soap is the most elegant toilet adjunct Nebraska and Iowa Corn Supply.

F. P. Arnold, of Battle Creek, Madison county, on the Fremont, Elkhorn & Missouri Valley railroad, says: "Three-fourths or nore of the crop of corn raised last year in Madison county has been used or marketed, and all of the balance will be consumed at home. The range of prices this year has been 10@20 cents, while last year it was 14@ 35 cents.

Daniel Cahill of St. Edwards, Boone county, on the Union Pacific, says: "Ninetenths of last year's crop raised in Boone county has been disposed of. There will be of prices last year was 14@22 cents; this year the range has been 12½@23 cents; this year the range has been 12½@23 cents. During periods in the winter we had lots of trouble in getting cars."

J. M. Lyons of Trenton, Hitchcock county, or the B. M. Agarts. One held of the same county.

on the B. & M., says: "One half of the corn raised last year in Hitchcock county has been shipped to market, and about one-third of the balance has been consumed at home. Practically all of that remaining will be used at nome. The range of prices last year was 14@25c, while this year it has been 14@30c,"

Elisha Taylor of Broken Bow, on the B. & M., says: "Seventy-five per cent of the corn raised last year in Custer county has been marketed, and of the balance two-thirds will be required for home uses, leaving little for shipment. At certain times we could not get cars during the past season for shipping grain, and the elevators were filled. The trouble lasted only about a month. The range of prices this year has been 9@20c, with the average about 14c, while last year it was 15

(240c."
T. S. Campbell of Neola, Ia., on the Chicago, Rock Island & Pacific railroad, says:
"Of last year's corn crop raised in Pottawattamic county three-fourths has been marketed and one-half of the balance will be required for home uses. The range of prices this year has been 14@25c, with the average about 16c, while the range last year was -17@25c. Generally we have had no trouble in getting cars for shipping grain, but during the winter we experienced frouble at various times. I think the corn crop of western Iowa has been pretty generally marketed."

## Unreasonable Prejudice.

Some very intelligent people are prejuduiced against any and all patent or proprietary medicines, and especially so against remedies they have never tried personally. Those who have had the opportunity and given Chamberlain's Pain Balm a fair trial pronounce it invaluable. It promptly relieves the excruciating pains of rheumatism and its continued application insures an effectual cure. Many persons who had been almost crippled with chronic rheumatism for years have been cured by using Chamberlain's Pain Balin. The prompt relief it affords is alone worth ten times the cost of the mediator. 50 cents per bottle for sale by all druggists.

Lora Zeigler's Case. The Lora Zeigler case was commenced yesterday morning in the United States district court. During the empanueling of the jury, the

defense tried to introduce Sergeant Cody of Fort Omaha, but the district attorney ob jected. Lieutenant Benham is acting as attorney for the soldiers' charge and is counseled by

Judge Advocate Ray of the army. The first accused was John Gather.

Lora Zeigler was called. She has a set of features which display a lack of, rather than

n vicious disposition.

The only evidence submitted by the defense was to show that the crime was committed outside of the military reservation, and that for this reason the United States court had no jurisdiction over the case. The jury took the same view of the case and at once returned a verdict of not guilty.

The case against John Coats, another soldier against whom the commission of the

same crime is charged, was put on trial and will be continued this morning. A Bad Chance. William Chance, the "dancing master,"

was indicted by the grand jury yesterday morning. William Coy, the conductor whom Chance tried to make dance at the point of his revolver, testified against him, and stated that

SCHOOL BONDS AND MEMBERS, I when Chance bade him go through his steps when Chance bade and the trained that he had said that he had been learned the art and was too old to learn. A passenger on the train at the time, W. C. Kein of McCook, and Ed McKay, the engineer, also testified against the desperado.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough, tenacious mucus and aids in it expectoratiou. It also lessons the severity and frequency of the paroxysms of coughing, and insures a a speedy recovery. There is not the least danger in giving it to children or babies, as it contains no injurious substance. 50 cents a bottle; for sale by al druggists.

Indictments. The United States grand jury closed its de-

liberations and returned thirty-four indict ments out of forty-nine cases, Tom Murray, charged with selling liquor without a license, and Dr. Gandy, charged with disposing of an important affidavit in his case now pending, were two of those who avoided indictment.

Daly Gets the Contract. The beard of public works yesterday awarded the sewer contract for district No. 7 to J. F. Daly. The sewer is on Hickory, connecting south with the main, and on Twenty fifth, Twenty-sixth and Twenty-seventh, to

## **T**ndigestion

IS not only a distressing complaint, of itself, but, by causing the blood to become deprayed and the system enfeebled, is the parent of innumerable maladies. That Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway

Centre, Mich.: —

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving rephysicians treated me without giving re-lief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength im-proved each day, and after a few months of faithful attention to your directions, I found myself a woman, able to attend to all house duties. The medicine has given me a

A SERIOUS MISTAKE. Much mischief is done in the treatment of constipation. The common opinion is that all requirements are fulfilled if the medicine forces unloading of the bowels. A great error. Medicine simply purgative, corrects no morbid condition, consequently their use is followed by greater costiveness. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective and carthartic properties. These are admirably combined in Dr. Tutt's Liver Fills. They will, in a short time, cure all the sufferings that result from inactive bowels. They give tone to the intestines, stimulate the secretions, and correct imperfect functional action of the stomach and liver.
