

Hundred Thousand Dollar CLEARING SALE.

We Are Overstocked and Must Unload.

The People's Mammoth Installment House is overstocked and must unload. They find themselves to-day with an enormous stock on hand, more than double what it was at this season last year. Notwithstanding their enormous sales the past few months and the carloads of goods that have been sold and delivered, they actually have to-day as much goods as any two furniture houses in Omaha combined. Neither is this all. Nine carloads of goods are now in transit and will arrive in about one week, and where to put these goods is what is now puzzling the firm. They must get rid of a large portion of their stock, no matter what the loss will be. Former prices will not be considered at all, but figures have been placed on all goods that ought to be an inducement for any one to buy. To-morrow this
