

RETURNED WITH THE SHIELDS

A Spontaneous and Enthusiastic Reception to the Victorious Omaha Guards.

ONE THOUSAND DOLLARS AND A MEDAL.

Address of Welcome and Congratulation by Mayor Cushing and the Happy Termination of Six Weeks of Camp Life.

Yesterday, at 5.50 p. m., the Union Pacific band left the army of the Omaha Guards on Capitol avenue playing an enlivening quadrille.

Behind them walked a score of the guards, attired in the fatigue uniform of the company, with every-day housewifery brooms across their right shoulders.

Hundreds of people followed them to the depot where, after a short wait, the Kansas City train arrived.

Then the line was again formed. In the lead came the evoloop drum major of the band, the latter following in its brilliant uniform and with his created helmet.

Then came the robust, round, sun-browned color bearer, Sergeant Cleaver, who walked like a lion, and proud from the fields of his fame fresh yet not weary.

Then came Captain Schaff, tall and straight like a poplar, marching like Caesar on parade, with a heart beating with honest satisfaction within his ample bosom.

Behind the captain followed the members of the Omaha Guards who had achieved fame and renown both for themselves and Omaha in the inter-state drill at Kansas City.

mation of the public. They were the most noble company on the grounds, the Atlanta rifles the most southerly.

The following is a list of the competitors and the prizes they won in the grand inter-state infantry drill, open to all companies enlisted regularly in the national guard.

National Fencibles, Washington, 150.3 per cent, third, \$500.

Muscular rifles, 151 per cent, fourth, \$250.

Marmaduke guards, 142.9 per cent.

Phoenix light infantry, 138.8 per cent.

Possible score in this drill, 177 per cent.

Grand interstate maiden infantry drill, open to all companies that have not won a state or interstate prize.

Omaha guards, 118.8, first prize, \$1,000.

National Fencibles, 111, second prize, \$500.

Brunswick rifles, 110.1, third prize, \$250.

Company G, St. Louis, 108.4, fourth prize, \$250.

National Fencibles, 105.3.

MORRISSEY GETS A PLUM.

He is Appointed Sanitary Commissioner and Confirmed by the Council.

THE BIG BILLS FOR THE NEW JAIL.

Payment of Them is Refused and an Investigation of the Work Ordered—A Bunch of Vetoed—Minor Notes.

The first paper presented at the council meeting last night was from the mayor and contained the appointment of Frank H. Morrissey as sanitary commissioner.

Nearly every member of the council moved the confirmation of the appointment, and all of them voted for it and the approval of the \$300 bond presented by Mr. Morrissey.

The sergeant-at-large, assisted, with the compliments of the new sanitary commissioner, a box of more or less fragrant Havanas of the suggestive brand, "La Gratitudine."

All of the council's unanimity of action was apparently expended in the confirmation of Mr. Morrissey. After that act the members wrangled over almost every matter presented for their consideration.

The mayor appointed a new set of appraisers for the proposed change of the grade of Douglas street from Sixteenth street to Twentieth street.

The report of the committee adopted at the last meeting of the council covering the monthly appropriation for the detective services was returned by the mayor as not being in a proper shape.

There was a wrangle over a veto of the mayor of a resolution introduced by Mr. Kaspar ordering the street commissioner to repair an alley along near Dorcas street.

Mr. Kaspar claimed that the job in question should be let by contract. Mr. Kaspar kicked long and loud, claiming that the work was a necessary one.

There was a number of vetoes on reports of committees because they were not accompanied by concurrent resolutions. The vetoes were all sustained.

The report of the committee on the contract for a six foot brick sewer on Farnam street, in Briggs place, was vetoed by the mayor for alleged lack of funds.

This contract was let at Mr. Davis' instance, and he explained at length the great necessity of the work.

The ladies in attendance were very active in disposing of their wares and at the close they had succeeded in raising \$100, which was clear profit, as the expenses were almost nothing.

The institution now has seventeen regular boarders and ten day boarders, the children being from eight months to eight years of age.

tion of the motor line. In writing his resolution he said he would begin an action in the courts against the street car people for violation of the city ordinance.

A petition inviting the members of the school board to join the council in a game of ball, the proceeds to go to the Creshe, was referred to Morris Morrison and Billy Kelley.

Ordinances were introduced: Providing for the construction of a viaduct over the Belt line tracks on Hamilton street.

Ordinance was passed: Ordering the construction of sewers on Twenty-third street from Burt to Lincoln and on Twenty-fifth and Franklin streets.

The young people's societies of all Methodist churches in Omaha gave an entertainment at the Young Men's Christian association hall last night.

Judge Coffey's show last night was a flat, dismal affair as compared with the debut of the new troupe.

Mrs. Winslow's soothing syrup is the best of all remedies for children teething.
