Hutchinson's Way of Taking Wheat Offerings Made Shorts Uneasy.

CORN PROFITS BY TRAILING WHEAT.

Different Stories Tend to Advance the Price of Oats—Provisions Show a Firmer Tone—Gossip in the Pit.

CHICAGO, June 19.—[Special Telegram to THE BEE.]—A quick turn in wheat yesterday after a very bullish opening made trade in wheat cautious today. The market was in the dumps only a few minutes early, due to a bearish feeling carried over from the curb last night. Then influences appeared to be on the buying side. The trade was short to a greater or less extent to begin with, and buying was the natural order of the day. To add to the natural strength Hutchinson was on the buying side, and while he did not press the market, he frequently took offerings in a way that made shorts uneasy. St. Louis also sent buying orders and Cudahy became conspicuous as a buyer. Orr was a free seller of September early. Later S. V. White & Co. and others sold out a lot of wheat at 86c on stop loss orders, supposed to be for C. H. Smith & Co. The bull points were too much rain in Dakota, rust in many parts of the northwest, light yield in Tennessee, harvest, export business reaching 155,000 bushels at Duluth, and ten to twelve boat loads reported at New York. The bear points were weak cables, small export clearances, only 35,000 bushels from three Atlantic ports, and the Price Current review showing more favorable conditions in many states. Trade was very active early and at intervals all day. The action of prices were quite free and the advance up to 10 o'clock well sustained. The action was: July 85¼c to 85⅝c to 86c to 85¾c to 85⅞c to 86⅛c; August 86c to 87c to 86⅛c to 87c; September 86c to 87⅜c to 86¾c to 87⅛c; December 87¾c to 88c to 87¼c to 88⅝c to 88c to 88⅛c. The prices reached in wheat at 1 o'clock were not passed. There was some realizing all around and prices yielded a trifle, but closed with gains of ⅛ to ¼c for the day as follows: June 85¾c, July 86⅛@86⅜c, August 86¾c, September 87¼c and December 88⅛c.

There was little news in corn. It was in part a tailing on after wheat and very fair gains were made. The closing prices were slightly under the best figures and generally about ¼c over the closing yesterday. The principal support of the market was Hutchinson. He bought freely and was helped by shippers at times. It was the same old story, pretty general selling on the advance. Prices were: June 34¼c, nominal; July 24⅞c to 34⅜c, closing at 34⅛c; August 35c to 35⅛c to 35¼c; September 35⅝c to 35c to 35⅝c; October closed at 36¼c and year corn sold 1⅛c under August.

The oats market was firm and higher again today, but without any down turn in prices at the close. Uncertainty about the spreading crop, fresh stories about plant lice in Iowa and too much rain farther north, light receipts and a continuation of the export demand, all helped to advance prices. The talk in the pit is that mess, from being a bull manipulator six weeks ago, has gone as far the other way and is the heavy short of the market. As on former days the advance was most marked in later months. July sold at 28⅜c and 29¼c, closing at the top and ⅞c over last night; August closed ⅝c higher at 27½c; September sold at 26⅝c and 27¼c and closed 26⅝c for seller cars.

A firmer feeling marked the provision trade today. One explanation is that on the Warren failure some houses oversold in their effort to break the market. They are now getting stuff back in expectation of higher prices. Prices were firmly held at the yards and were higher in the pit at the start for ribs and lard. Mess pork was off at the opening to $12.80 for July and sold at $12.75, and reopened to $13.00; June pork sold at $12.85 and closed at $12.80. Before the close a considerable advance was made in lard and ribs. July lard, $5.92½; September, $6.02½, a gain of 5c to 7½c; July ribs, $5.12½; September, $5.32½, a gain of 10c to 12½c. Cudahy bought lard early. Ribs were up on the recent support by Armour & Co. Hutchinson sold ribs on call and packers generally bought.

CHICAGO LIVE STOCK.

CHICAGO, June 19.—[Special Telegram to THE BEE.]—CATTLE—Business continues slow all along the line from export trade down to local wants. The average quality of native stock was good and useful, yet the demand was limited, prices weak and in many instances lower. Native butchers' stock was in fair demand and steady. Receipts of Texans, 3,000, selling a shade stronger than yesterday, when a decline of 10c was reported. Business in the stocker and feeder line continues light on account of few arrivals. Choice to extra beeves, $4.50@4.80; medium to good steers, 1,350 to 1,500 lbs, $4.25@4.40; 1,200 to 1,350 lbs, $3.90@4.20; 950 to 1,200 lbs, $3.50@4.50; stockers and feeders, $2.40@3.90; cows, bulls and mixed $1.10@3.10; bulk, $2.20@2.60; Texas grass steers, $2.25@3.30.

HOGS—Business opened slow, with values rather weak as compared with yesterday, the prime cause of such conditions being an exaggerated report of receipts, same falling 4,000 to 5,000 below early estimates; hence late sales were 5c higher than at the opening, the general market closing steady at $3.75 to 3.80 for mixed and $3.77½ to $3.85 for assorted heavy, with light sorts at $3.80@3.85.

FINANCIAL.

NEW YORK, June 19.—[Special Telegram to THE BEE.]—STOCKS—The end of the selling pressure in stocks is not yet. Following the severe drop in values during the last hour yesterday, war was kept up by both longs and shorts, the action of the latter causing weak holders to let go. The market had one virtue at the very start today—it was not dull. The opening was extremely active, while first prices, as compared with the final figures of last evening, were generally from ⅛ to ½ per cent lower, with exceptional declines of ⅝ in Oregon Transcontinental and Pacific Mail and ¾ in Wheeling and Lake Erie. Supporting orders were placed in the market, however, and while a few of the leading shares made further declines of large fractions, Atchison and Oregon Transcontinental retired at ⅝ per cent each. The general list yielded only slightly. In Louisville & Nashville, Missouri Pacific and some others small advances were made. The decline was followed by a rally on which early losses were generally recovered, and in some cases fractions in addition, Oregon Transcontinental, Canada Southern and Big Four being conspicuous in this respect. There were especially large dealings in Oregon Transcontinental, Atchison, St. Paul and Sugar Refineries, but the whole market was more active than usual. Prices again reacted toward the end of the hour and at 11 o'clock the market was less animated and heavy. In the hour to noon Sugar went off to 76¾ up to 77 and off to 75¾. Chicago Gas held up to 53, while grangers and western stocks generally showed little recovery from the early decline from ¾ to 1¼ per cent, putting Atchison to 44, Burlington to 104¾, Northwestern to 109⅝, Rock Island to 90¾, St. Paul to 74, Missouri Pacific to 72¾ and Union Pacific to 64¾. Free selling of stocks late yesterday and early today created a feeling of nervousness among the shorts and the closing hours today brought a very good rally on buying for this account. Chicago Gas had the best support and closed with a full point gain at 54¾. Sugar more than recovered the early loss. Strange enough, the reaction in nearly all railroad stocks showing any activity was just sufficient to leave prices where they were at the close yesterday. Northwestern was an exception, with a loss of ¾. St. Paul ⅝, while Missouri Pacific was up ¼. The total sales were 257,711 shares.

OMAHA LIVE STOCK.

Cattle.

Thursday, June 19.

Estimated receipts of cattle 1,300, compared with 2,208 yesterday and 1,049 Thursday of last week. The bad weather and discouraging advices from Chicago caused everything in the stocker line to open weak and slow. Only a few sales were made early in the day. Steers are 20c to 35c lower than they were a week ago, while canners and the poorest grades of butchers' stuff are from 30c to 50c lower than it was the first of the month. The best grades of cows ruled steady. Stockers and feeders remain unchanged.

Hogs.

Estimated receipts of hogs 5,600, compared with 8,818 yesterday and 4,208 Thursday of last week. The market opened slow and steady, became active and stronger, closing active and 5@10c higher, with all sold. The range was $3.30@3.57½. Light, $3.30@3.40; mixed, $3.37½@3.50; heavy, $3.47½@3.57½. The average of the prices paid was $3.47, compared with $3.45 yesterday and $3.59 Thursday of last week.

Sheep.

Estimated receipts of sheep, 139. Market active and good muttons in demand.

Mr. Mills of the firm of Mills & Roberts, Angus, was here and disposed of a car of hogs.

The receipts of hogs for the first three days of this week number 25,959 head against 25,011 head on June 11-13, 1888, the largest half week's receipts in the history of the yards up to this time. Values are the lowest now in years with the exception of one day in December 1889, when the average cost was reduced to $3.44. If the receipts the remainder of this week are proportionally large to the past three days the count will greatly exceed that of any week since the yards opened.
