

THE CITY

David J. Frichard was brought in from Grand, Logan county, last night. He had sold liquor without first having obtained government authority so to do.

A seven-year-old son of John N. Corey, telegraph editor of the World-Herald, while attempting to climb on a moving wagon, fell and broke his arm between the wrist and elbow.

Slow trade has crippled the business of Charles G. Hunt, a wall paper dealer at 519 North Sixteenth street. Being unable to meet his bills creditors have closed the store.

The Union stockyards company amended their articles of incorporation yesterday, increasing their capital stock to \$4,000,000 and providing that it may be still further increased upon thirty days' notice.

Emmanuel K. Simpson and Miss Annette S. Kulp were married last Wednesday evening at the residence of the bride's father, S. Kulp, at 2520 Indiana avenue. Rev. Charles W. Sadrige officiated.

The park commission met yesterday afternoon, but owing to the members having a desire to meet the committees of laying the corner stone of the city hall no business was transacted. A meeting will be held at 2 o'clock this afternoon.

There will be a meeting of the Franklin street property owners at the residence of Mr. Ralph H. Hill, southeast corner Twenty-eighth and Franklin streets, on Friday, at 7:45 p. m. Some important matters will be considered. All are urged to be present.

Sheriff Martin of Laramie county, Wyoming, is resting a couple of very tough and heavily manacled men at the county jail while on route with them to the Joliet penitentiary. They are Joe Martinez, three years for forgery, and S. E. Smith, who goes for fifteen months for shooting a woman.

The Council Bluffs and Omaha Chautauque assembly programme of the session of 1890 is being distributed. The commission opens at 10 o'clock on July 18. Every day is filled with entertainment and instruction. The famous Rogers' band will be in attendance again this year. Programmes may be obtained free of expense at Joplin & Co.'s and Chase & Eddy, or by addressing the manager, Mr. J. E. Harkness, Council Bluffs.

The old Drummond carriage repository on Harney street may be used for the accommodation of the firemen of No. 3. Since getting in the new hook and ladder work the quarters have become entirely too crowded. Commissioners Bennett and Hartman have charge of the matter of looking up a new location, and express themselves as being well pleased with the Drummond building.

PERSONAL PARAGRAPHS.

Mr. and Mrs. Charles Hines have removed to Missouri.

Miss Mollie Berry of Atton, Ia., is visiting her brother, Dr. W. Berry.

ANNOUNCEMENTS.

Bronson Howard's greatest triumph, "Siemendauh," which met with such remarkable success when presented in this city by one of its traveling companies, will be the attraction at Boyd's opera house next Thursday, Friday and Saturday evenings and Saturday matinee. It will be given in its original cast and all its scenery and accessories in precisely the same manner as it was seen during its run of 300 nights in New York. The sale of seats begins Tuesday.

The success of Mr. E. H. Sothern, who plays "Lord Chumley" at Boyd's opera house next Monday night, is due in a great measure to pluck and perseverance. When he first appeared his father plainly told him that he could not succeed on that stage. He was determined, however, and joined McCullough's company to play small parts—be moos, barbarians, citizens, or whatever the play called for—and in a year or two his persistence won. He made a hit with "The Highest Bidder," and following that with the sensation of "Lord Chumley" he found his reputation as an actor was assured.

The Circus Coming.

Sells Brothers & Barnett's shows combined into one will appear in Omaha Friday, July 4.

Sells Brothers have been in the circus business for the past twenty years and today enjoy a reputation second to none in their line of business.

This year they claim their show is larger and better than ever, introducing many new and novel features, that no other circus or menagerie has ever had and exhibiting in their line.

They have secured the cream of the profession for their circus performances.

These performances will be given in Omaha on the Fourth, giving all an opportunity to witness the show and not be crowded to suffocation.

HOPPER VERSUS POPPER.

Driven from Private Apartments at the Point of a Revolver.

George W. Hopper, a resident of this city, found himself in an interesting and at the same time a ridiculous situation Wednesday.

About a week ago he drove in a buggy up to a flat on Sixteenth street near Webster street, and there he found the second story. Without knocking he entered the apartments of a lady named Carter and upon being confronted by Mrs. Carter, asked her if she could tell him if a smaller woman with black hair and dark eyes roomed in the flat and proceeded to describe her more minutely.

"You must mean Mrs. Rice," said she. "Yes, she lives here. Those are her rooms across the hall."

Mrs. Rice is a good-looking brunette, whose husband is a commercial traveler and generally is away from home, but on this day he wasn't and opened the door himself for Mr. Hopper, whereupon the latter mannaled a few words to her.

Wednesday some one knocked at Mrs. Rice's door, and opening it the lady found Hopper there. She was alone. Hopper told her that he was a gentleman who is claiming no gentleman would see in addressing a lady.

Mrs. Rice stood this for several minutes and then went to her bureau, and taking out a drawer pointed it at Hopper and asked him what he meant by addressing to her such language.

Hopper fell on his knees and began to implore mercy. He was a Sunday-school superintendent, he said, a man with a family and a member of the board of trade. He never had been treated so by any of his lady friends before.

Mrs. Rice at length opened the door and told Hopper to leave, which he did without a word.

People living in the flat and in the neighborhood are highly indignant and assert that Hopper had better keep away from that vicinity.

A DRAPERY DEPARTMENT

Added by the Dewey & Stone Furniture Co.

The Dewey & Stone furniture company have added a drapery department to their furniture and upholstery business. They have secured the services of Mr. A. Lansing, who for eleven years had charge of the drapery department of Marshall Field & Co., Chicago, during which time he superintended the draping of the finest mansions in and about Chicago.

The old established reputation of this house gives assurance that this new department will be second to none in the city. Arrangements for special designs in draperies have been made with the leading eastern artists. In this department everything in the drapery line will be found, including all the novelties of foreign and home manufacture. No time is lost in the furnishing of such pronounced styles and patterns as now, and a visit of inspection will well repay both visitor and purchaser. The eleven double salesrooms of this well known house gives sufficient room for the proper display of all the furniture novelties as well as the many lines of standard furniture. Citizens who wish to impress upon their visitors the importance of Omaha as a business center will easily accomplish their object by showing them through the warehouses of the Dewey & Stone Furniture Co., 115 and 117 Farnam st., which location they have occupied the past quarter of a century.

MISSING EARL OF SHANNON.

When Last Seen He Was Accompanied Two Omahans.

The Irish Times of June 2, has a telegram from a correspondent in New York who gives the substance of a telegram from Victoria, B. C., regarding the fate of Lord Boyle, a young Irishman who has been in this country for some months. There seems to be some doubt as to the safety of the young man, who it is said was of a lively and somewhat eccentric temperament. It will be noticed that the lord was at one time accompanied by two Omahans named respectively Keast and Winter, but beyond the names nothing is known of them in this city.

The dispatch is as follows: "A Victoria, B. C., correspondent states that he has been making diligent inquiries as to the fate of Lord Boyle. A letter from Mr. W. T. Manning, deputy United States marshal at Juneau, Alaska, dated May 12, says that Lord Boyle was there a year ago, and is supposed to have gone to the Yukon river, 1,800 miles north, the miners who came from there having heard of Lord Boyle mining in the district and making plenty of money. Mr. Manning said that he was unable to learn whether Lord Boyle was still there or whether he had gone by way of the Yukon. A letter from Mr. Edward E. Gartner of Sitka, says: "I believe that if he did not get in among some bands of Indians for the winter months he is dead. It was the beginning of September that I last saw him. He was then with three other men who had formed a party to explore the mouth of the Yukon, and to ascend the river, mining for alluvial and nuggets for six weeks, intending to return to Kingsford and come down to Sitka for the rest of the winter. His companions were Keast of Omaha, Winter of the same city, and Hartley of Regina, Northwest territory, who came to Alaska with the intention of staying the winter, since he had, to my knowledge, of the whereabouts of either of the four men, Keast and Winter were experienced miners and had much experience. This is the only one entered that they may yet be safe among the Indians, as they could not possibly have survived last winter's cold without having had shelter such as the Indians give. It is possible, but extremely unlikely that Lord Boyle and his companions managed to sail back to the mouth of the Yukon on a craft of their own making. Lord Boyle was commonly supposed to be making a lot of money, and always spending a good deal in the townships."

"Dawson's Moyer's Way."

OMAHA, Neb., June 18.—To the Editor of THE BEE.—In looking over the traveling man's column of your journal in a recent issue I was surprised to find an article under the heading of "Dawson's Moyer's Way," which reflected on my integrity. As I have always maintained a good record and as I make Omaha my home at present, I am obliged to refute the statement quoted to your reporter. Referring to Mr. Ryerson's interview I can only say that I know of no reason why he should suddenly have changed his mind in reference to his signature being affixed to the circular of interest to all Nebraska traveling men. The only one, I presume, is that he was identified with the collapsed travelers' club of last winter, by making a statement which would further identify in behalf of traveling men's affairs.

As for my having attended the many sales at the Hotel Caser during the past season, I deny emphatically that I even took part in a single meeting in the interest of said club or at any time or under any circumstances connected with any resident of Omaha on the subject.

For proof of this statement I refer you to Mr. C. O. Lebeck, of the Omaha hardware company.

Hoping you will give this explanation space in your valued journal, I am as I have been for twenty years the traveling man's friend.

Entitled to the Best. All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Pines, to cleanse the system when constipated or bilious. For sale in 5c and \$1.00 bottles by all leading druggists.

An Exhibition of Nerve. "I see that the World-Herald boasts that it has been the means of increasing Omaha's census report by 15,000 names," said a gentleman who has taken a great deal of interest in the enumeration to a Bee reporter. "I take both The Bee and World-Herald,

and when I saw that the World-Herald was making such a blow over the matter, my wife and I took the pains to go over their files and count the names which that paper actually called attention to. "It was rather startling at the result, as it only named out 2,343 names. "Of course this might be increased by such broad and very flexible assertions as Bushman block, Rheumatism block, Life building lodgers, Bee building lodgers, etc., etc., have not been visited by the enumerator, or such and such a business house or such and such an addition have not been called on."

"I know it to be a fact that neither the Life or Bee buildings allow lodgers. "Of course on such broad grounds as that they cannot easily claim that it has been the means of increasing it 50,000 if they had thought of that sum first. This in-born, prize package amateur way of advertising makes me tired."

RAILROAD BUDGET.

It is Filled With Interesting Facts Regarding the Reorganization of the Missouri Pacific.

Charles Francis Adams left for Boston Wednesday evening and since then excitement in Union Pacific circles has somewhat subsided. The work of reorganization, however, is still going on and a number of important changes among leading officials remains to be made.

The increased authority vested in Vice President Holcomb gives him absolute management of the entire system as well as control of all appointments. He proposes, therefore, to replace men not in sympathy with his administration by those who will be loyal to him.

A new order relating to the traffic department is being arranged, making two or three new divisions. Mr. Meiler, however, will remain where he is. J. S. Tebbetts, the general freight agent, returns to take charge of another office. It is not known as yet who his successor will be. The indication is, however, point towards E. H. Wood, assistant general freight agent.

This change will necessitate the making of probably half a dozen promotions. E. Wood advances to the chair vacated by Mr. Tebbetts the place now occupied by him, which is an important one, because it deals directly with the general business of the road, and is by some bright, ambitious and aspiring young man, and the company has a great many of these among its employees. They are at Denver, Kansas City, Salt Lake City and Portland, as well as in Omaha, and right in line of promotion.

It is not unlikely that B. F. Whitney, assistant general freight agent at Kansas City, will be brought to headquarters and installed as general freight agent. If civil service between service is to be observed, he undoubtedly heads the list of aspirants, though the bosses may conclude that his services are worth more to the road where he is.

There has been considerable talk lately to the effect that J. A. Munroe, assistant general traffic manager, was becoming very weary of railroad work and would resign, and that Denver, Kansas City, Salt Lake City and Portland, as well as in Omaha, and right in line of promotion.

Something in the Wind. The Missouri Pacific has a scheme of some kind on foot up north. Advance agents of that company have lately been making frequent and secret trips to Sioux City, Yankton, Mitchell and other points along the proposed Omaha & Yankton road. Sioux City wants the main system extended from here to their town and there connected with the Sioux City & Northern a new and independent road extending into the richest regions of South Dakota. Mr. Clark told me last March that the company would go ahead and close up this gap between Omaha and Sioux City, arrangements could easily be made whereby the Missouri Pacific would lease the road, and operate it. It is now understood that they are thinking seriously of following out this advice.

McNeal Gets More Work.

In the official circular appointing J. O. Brinkerhoff general manager of the Missouri river division, it is announced that from and after July 1st all lines of the Omaha & Republican Valley road, south of the main line of the Union Pacific in Nebraska, will be included in the St. Joseph and Grand Island division. This is done to give Mr. McNeal a little more work.

A Worthy Promotion.

W. J. Allen, for some years general superintendent of the Iowa Island lines, west of the Missouri river, has been appointed assistant general manager. This place has not been occupied since it was vacated one year ago by H. A. Parlier, who was then elevated to the position of assistant to the president.

Straightening Out the Kinks.

General Manager Earling, Superintendent Goodnow and Chief Engineer Bates of the Milwaukee were in town yesterday making arrangements to run trains into Omaha. It seems that after having decided to come across the river June 1, a number of small difficulties were encountered which, owing to the fact that the railroad officials were away from home could not be overcome. These gentlemen were in session with Vice President Holcomb at his office nearly all day. It is understood they succeeded in bringing matters to a satisfactory conclusion and will inaugurate the new deal about July 1.

A Fast Freight Train.

The Missouri Pacific will put a new time table into effect next Sunday between Omaha and Kansas City. It makes only one change, however, and that is in the running time of a St. Louis-Omaha commercial train so as to bring it into this city at 7:15 a. m., the run from St. Louis being reduced to thirty-six hours. It will carry freight, but will exclusively not stopping on route, except for water coal and to change engines only at Kansas City.

Death of Mrs. H. L. Kennedy.

A private funeral was received yesterday bearing the sad intelligence of the death of Mrs. H. L. Kennedy, daughter of Mr. Richard Kennedy of this city. Mr. Kennedy had taken his wife to Chicago to undergo an operation for the removal of a tumor which had only recently made its appearance. The operation was performed Wednesday, and up to 3 o'clock yesterday morning indications pointed to a speedy recovery. At that hour, however, the lady suffered an alarming sinking spell, and at 4:45 o'clock passed away. The remains will arrive here tomorrow and will be laid to rest in the cemetery. Mrs. Kennedy had grown to womanhood in Omaha, and had during a long residence here endeared herself to a very large circle of friends and acquaintances. Her death is a heavy loss to her family and to the community. She was a devoted wife and mother, and her death is a great bereavement to all her friends, very few of whom know of her ailment.

Rheumatism, BEING due to the presence of uric acid in the blood, is most effectively cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatism, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 126th st., New York.

"One year ago I was taken ill with influenza, and was confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered. I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. Stark, Nashua, N. H.

WARM WEATHER

Is slow but its coming sure. We are prepared for it, we have made last week the heaviest purchase of summer clothing ever made by any retail clothing house. Owing to the backward season manufacturers are overstocked, and we have closed a deal for a very large stock at prices far below the cost of manufacturing. We mean to sell the goods without any profit, just for the sake of making a big advertisement with them, as we find this the most effective way of advertising. Our customers will remember how we monopolized in former seasons the trade in summer clothing. We mean to do the same this year, and if it is possible to give greater values we will do so. We have prepared for a greater rush—more than half of our second floor is filled with summer coats and vests.--If you will look at our stock you will think we have enough of them to supply every man in this state, and such a variety has never been seen in any retail clothing house in this country. The season will be short and we intend to make short work with the goods. We predict that this will be the most sensational sale in this city.

SUMMER NECKWEAR.

In connection with this coat and vest sale we commence to-day our annual sale of Summer Neckwear. Our patrons need not be told what this means. Thousands of dozens will be distributed at mere nominal prices. We say "dozens" purposely because the most of our Summer Ties are sold by the dozen for the same price as other houses charge you for one or two single ties of same quality. For instance, the Pique Tecks, which you see in our window marked 25c a dozen, can not be bought elsewhere for less than 12 1/2c or 15c apiece. They come in handsome new patterns and latest shapes. Other Summer Ties and Scarfs in proportion. We keep them in the finest grades. One of the prettiest novelties in summer neckwear this season is the new Ring Scarf, made of Washable material. This is the very latest. We have a large variety in handsome shades and patterns, guaranteed to stand washing. Our price for these is 35c each—other houses charge 75c for them.

SUMMER SHOES.

Our assortment of men's low shoes is the largest in the city. What you can't find in our stock is not worth looking for, and our prices are by far the lowest. We sell you a good Oxford tie shoe with solid leather sole and counter, made neat and shapely, for \$1.15. You could not buy the same shoe elsewhere for less than \$1.75. Russet low shoes, of a good quality which will stand service at \$1.40 worth \$2; and excellent Dongola southern ties, honest stock and well made, at \$1.90, worth fully \$2.50. Very fine calf Oxford and southern ties, very flexible and easy shoes, at \$2.15 and \$2.25. Shoe stores would charge at least \$3 for such qualities. We can save you considerable money on your footwear.
