

A SOBER APPEAL TO THINKING MEN.

Shall the Commercial and Industrial Prosperity of the State be Sacrificed to a Delusive Sentimentalism?

NEBRASKA'S MATERIAL WELFARE IMPERILED.

The State Bankers, Merchants and Manufacturers Organize for Mutual Protection Against the Prohibitory Amendment to the Constitution, in order to avert the Blight that Always Follows in the Wake of Prohibition.

We, the Undersigned Business Men of the State of Nebraska, in view of the results apparent from the attempts heretofore made to enforce prohibition in neighboring States, believing that prohibition is not a true aid to temperance, do assert as a business proposition that the incorporation of a prohibitory amendment into the Constitution of the State of Nebraska will be inimical to the best interests and material welfare of the people of the State, by retarding its development, depressing real estate values, producing a disastrous stagnation of commerce and stoppage of immigration;

Therefore, for our mutual protection and the maintenance of our trade interests, we do hereby organize ourselves into an association to be known as the State Business Men's and Bankers' Association, with headquarters at Lincoln, Neb., and auxiliary branches in the cities, towns and villages throughout the State. And we do hereby advise and urge our friends to work and vote against said prohibitory amendment at the election to be held November 4, 1890:

OMAHA.
