

THE OMAHA BEE.

COUNCIL BLUFFS. OFFICE, NO. 12 PEARL ST.

Delivered by Carrier in any part of the City. B. W. TILTON, MANAGER.

Telephone: Business Office, No. 43. Night Editor, No. 21.

MINOR MENTION.

N. Y. P. Co. Council Bluffs Lumber Co., coal. An information was filed against Jack Hurley, charging him with keeping vicious dogs.

W. F. Beersworth and Dorette Menclow, both of Omaha, and E. Horneman and Sophia Hundermark, both of Davenport, were married yesterday by Justice Barnett.

In police court yesterday morning Theodore McColey and O. A. Newell, each fined \$10 for drunkenness, and each was discharged. Jennie McImpney and Clara Peterson were each fined \$11.90 as disolute characters.

Frank Peterson got on the warpath at Manawa Sunday evening and was promptly escorted to the calaboose. He was taken before Mayor Reed yesterday morning and fined \$5 and costs. He paid the fine and hastened to get away from such an uncongenial locality.

The Sunday school of Saint Paul's church will assemble at the church tomorrow morning at 8:30 o'clock, and take wagons for Myrtle Springs where they will spend the day. There will be games and amusements of all kinds at a good time.

In justice to Peter Beck, the South Main street grocer, it should be stated that the Peter Beck who was fined \$15.75 for disturbing the peace and carrying up his furniture is an altogether different individual. The disorderly Beck is a Dane and resides in the southern part of the city.

Prof. Townsend, of Wilson of Dixon, Ill., and Miss Britton are visiting at the city. They were united in marriage last evening at the bride's home, No. 510 Avenue B, Rev. G. W. Crofts officiating.

The electric light company will today complete preparations for lighting the Chautauqua grounds during the eighteen days session of the assembly.

The park commissioners are working to secure electric lights for Fairmount park. They will place three lights in the park if the council will authorize the purchase of another over Graham avenue. They also want a police patrol box placed in the park so that the park policeman can call the patrol car.

Mr. Forrest Smith of this city and Mrs. L. B. Chase of Omaha were married last evening in Trinity cathedral, Dean Gardner officiating. The bride is Miss M. J. Hart, who resides at No. 736 Madison street, where the room has just completed a very neat cottage.

The Judd-Spells family has taken out building permits for six residences in various parts of the city. The cost of the first is \$14,500. W. M. Shepard has also taken out a permit for a \$8,700 residence in Madison park addition, and L. E. Bordenstein for a \$1,100 cottage in the same park.

Justice Barnett yesterday received word of the death of Mrs. J. B. Chase at Hull, Ia. The deceased was the wife of Rev. J. B. Chase, who was pastor of the First Congregational church of this city for three years about twenty years ago, and was well known to the older residents of this city. The funeral will be held at the residence of Water, Neb., Justice and Mrs. E. S. Barnett of this city will attend.

Several months ago an ordinance was passed granting certain Omaha parties the right to place seats on the principal street corners for the benefit of passengers waiting to take the motor. It was an advertising scheme, and the promoters had to raise money by selling advertising space. The plan was not carried out, and now Frank Cook has appropriated the idea and has started out boys with canvas stools. When the canvas is printed, "sit down and wait for the motor, and decide to buy real estate of Frank Cook, No. 7 Pearl street." The injunction to sit down is very generally heeded, but it is as yet too early to tell how the latter part will pan out.

S. B. Wadsworth & Co., 207 Pearl street, loan money for Lombard investment company.

J. G. Tipton, real estate, 367 Broadway.

The Manhattan sporting heels, 413 B. way.

Temporary Mental Healer. W. Kelley was arrested Sunday evening on a charge of threatening to kill his daughter, and was lodged in the county jail. Kelley is almost insane, and will be examined by the commissioners unless a confinement of three days restores him to his normal condition.

He was taken before Justice Schurz yesterday morning and was fined \$10 in a bad condition mentally. It is stated that his mind was unbalanced by the death of his little daughter a few days ago of diphtheria. Another child was reported to have died of the same dread disease. An account of Kelley's threats appeared in these columns yesterday morning, and it seems that he actually attempted to kill his daughter with a revolver at his daughter three times, but fortunately the weapon missed fire. It is believed that a short confinement in jail will restore the unhappy man to his senses.

Don't forget the great remnant carpet sale at the Carpet company. Remember, this sale lasts all week.

A Badly Burst Water Main. Since the water was let out of the Glen avenue reservoir for the purpose of cleaning it out, the city has been supplied with water direct from the pumping station reservoirs on Lower Broadway. The direct pumping pressure has been kept on the mains, and the result was a bursted main on Glen avenue.

The break occurred at a water main, and the water escaping under a pressure of 100 pounds to the square inch, rapidly undermined the street and was about ready to float out into the street. The waterworks company was notified and the water was shut off from that street. A large force of men were working to locate the break, which was found to be near the corner of Pierce street. It was found necessary to repair a large portion of the street so as to get at the source of the trouble, but the work of repairing will be rapidly pushed and the company will be pumping into the Glen avenue reservoir again by tomorrow.

If you wish to negotiate a loan on chattel or real estate security at lowest rates, see E. H. Sheafe & Co., brokers, Broadway and Main street, up-stairs.

The gasoline stove is more dangerous than the unloaded gun. Save life and property by using the C. B. Gas and Electric Light Co.'s gas stove.

Installation of Red Men. The local branch of the Improved Order of Red Men will install the following officers to-day: W. E. Beckman, sachem; Dr. J. C. Waterman, senior sachem; I. N. Parsons, junior sachem; L. E. Bedenstien, prophet; E. B. Edgerston, trustee. The installation will be conducted by R. L. Williams, deputy grand sachem.

Carpet Remnant Sale. We will continue to sell until all sold our remnants in pieces to suit customers for rugs, etc. Velvet carpets at 75c to \$1.50 per yard. Body Brussels at 75c to \$1.50 per yard. Tapestry Brussels at 50c to \$1.50 per yard. Ingrain, all wool, 60c per yard. Pringles, plushes and upholstery goods at cost. Now is your chance to get a fine rug cheap.

COUNCIL BLUFFS' CAREER CO.

IN AND ABOUT THE BLUFFS.

Judge James Dismisses the Paving Injunction Against the City.

The City to Be Re-Enumerated.

A Bad Break in the Water Mains—A Case of Mental Aberration—Manawa Will Try Saloons—City Council.

Several weeks ago Judge W. C. James set a temporary injunction in the district court restraining the city from proceeding with the paving of certain streets which had been advertised to be paved, and for which bids had been submitted. The injunction was granted just in time to forestall the letting of contracts, as the notices were served through the city attorney in having the injunction dissolved. The matter dragged along since that time and apparently nothing was done about it. A few days ago it was announced that satisfactory terms had been made and that the injunction would very shortly be dismissed, and that is actually what came to pass yesterday afternoon.

The injunction was dissolved by Judge James, and the city pays the costs. According to the terms of the agreement between Judge James and the city, the streets are to be paved without the payment of more than half of the property owners on those streets. This will allow the city to go ahead and pave the streets, and the property owners will be reimbursed for the cost of paving. The city will also be allowed to place a police patrol box in the park so that the park policeman can call the patrol car.

Desirable dwellings located in all parts of the city, for rent by E. H. Sheafe & Co., Broadway and Main st., up stairs.

J. C. Bixby, steam heating, sanitary engineer, 913 Lehigh building, Omaha; 202 Merriam block, Council Bluffs.

The City to Be Re-Enumerated. Census Supervisor Right has undoubtedly found more galls and wormwood in life during the past three days than anybody else in the state. The Bluffites have been filled with rage and indignation on account of the census showing, and they have vented their spleen on the defensible superior side of the great city of Omaha. He stated that he was, for a while, thinking that it would soon wear off, and he steadfastly refused to offer any hope of relief. He saw by yesterday's Bee, however, that there was no disposition on the part of the people to let the matter rest, but that the contractors were going to go to headquarters, if necessary, to secure the desired relief. He then stated that he was willing to do what was right, and during the afternoon said that if twenty representative men of the city would certify that the returns in certain districts were grossly incomplete, as alleged, he would require a special election to allow a re-enumeration of those districts.

The certificates were forthcoming, and the request for a new census in certain portions of the city was made. This will save a great deal of unnecessary trouble. The board of trade was in arms about the matter, and the council was occupied with some action last evening. Supervisor Right stated that he desired the council to act if they felt that the circumstances demanded it, and that if twenty representative men of the city would certify that the returns in certain districts were grossly incomplete, as alleged, he would require a special election to allow a re-enumeration of those districts.

BANK OF BUENOS AYRES.

It is Not Insolvent, But Suspends the Quarterly Dividend.

Arrangements About Completed for the Great Event.

St. Joe Drummer Arrested for Taking Wine Orders in Kansas.

Senator Fassett Exonerated. New York, June 30.—The report of the senate investigating committee exonerates Senator Fassett from all wrong doing. The report was adopted. The house committee finds that the West End company did maintain a large lobby. Dinners were given, carriages were hired, and money was expended for the purpose of influencing the legislature. The committee condemns the company for its lavish expenditure of money in this manner, and recommends that the company be fined \$5,000 for its conduct.

Officer Drummy Improving. The condition of Officer Drummy, who was shot by a tramp, was very much improved last night. The city physician expressed the opinion that the man would soon be able to report for duty.

Incendiaries at Work. At midnight fire broke out in the Creighton block at 605 north Sixteenth street, but was discovered by Jimmy fish of the police and fire alarm before the flames had gained any headway. The fire evidently was the work of incendiaries, as the floor was saturated with coal oil and had been set on fire in three different places. The blaze was in one of the rooms where the afternoon fire started.

A Bridge Builder Injured. John Wolf was brought in from Deerfield last night and taken to St. Joseph's hospital. Wolf had been in the employ of the Burlington bridge gang, and Saturday, while he was standing on one of the timbers of a bridge under way, he was struck by a falling cable and a bolt driven through the fleshy part of his thigh.

Burglars Foiled. Burglars entered the saloon of Henry Graack, at 262 Walnut street, last night, but were frightened away by the bartender, who was sleeping on a billiard table.

Cholera Reported in Portugal. LISBON, June 30.—It is reported that several cases of a disease supposed to be cholera have broken out near Oporto.

Gold Comes High in Brazil. LONDON, June 30.—A dispatch from Buenos Ayres says the premium on gold closed today at \$1.72.

Fatal Heat at St. Louis. ST. LOUIS, Mo., June 30.—Today's prostration from the heat number eight, two of them fatal.

New York's Potter's Field. The Potter's Field was different from what I expected, says the Philadelphia Review's New York letter. It had nothing revolting about it, but was peaceful and well kept. The field is a large tract of grass and trees and birds around it. The process of burial is to dig a grave fifty feet long by fifteen wide, which will contain successive layers of coffins (white pine "shells" twenty-two inches wide) until the land is filled to the top. The numbers are cut deep into the lid of each shell and then carefully marked in a book of record, with descriptions, etc., appended. In this way it is easy to identify and disinter a buried body, and the overseer told me that he had last week dug up a body that had been buried eleven years, and not only could identify it readily, but that the printing on the card marked against the head of the box was almost as plain as when buried. Very nearly seventy thousand persons have been buried in the Hart's Island Potter's Field, and of this number nearly three-fourths were children under seven years of age. This tells its own story of the neglect and misery that are the inheritance of the children of the poor.

Rolling Mill Strike. POTTSVILLE, Pa., June 30.—Eight hundred employees of the Fishback rolling mills and the Pottsville iron and steel company struck this morning because the president and general manager refused to sign the scale. This scale had been signed by iron workers all over the country.

Holland's Action to Be Deplored. LONDON, June 30.—The Brussels correspondent of the Times says that it is not unlikely that Holland's action will lead to the dissolution of the anti-slavery conference, in which event efforts to suppress the slave trade will be completely wasted.

A Few Words from Caprioli. BERLIN, June 30.—General Caprioli has given permission to a friend to state that though the chancellor is a colonial enthusiast, he accepted the offer, fully convinced that Germany, now that she has embarked in colonial enterprises, must advance.

Decayed White Bathing. NASKATO, Minn., June 30.—Hon. P. A. Foster and Robert Lord were drowned in the Minnesota river yesterday afternoon while bathing. Foster was one of the most prominent attorneys in southern Minnesota and a former member of the state senate.

Osman Digna Led the Derivishes. ROME, June 30.—The Tribune says Osman Digna led the derivishes who were defeated by the Italians at Kerpi.

Baseball Players Stray. BALTIMORE, Md., June 30.—At today's association game Mack accidentally hit McKee with the ball. McKee turned round and hit Mack in the face. A lively fight then took place, but the men were finally separated.

Dickinson Officially Appointed. CHICAGO, June 30.—Edward Dickinson, formerly general manager of the Union Pacific, has been appointed general superintendent of the Chicago division of the Baltimore & Ohio road.

Anticipating Increased Duty. NEW YORK, June 30.—The Dutchman Rotterdam, which arrived from Antwerp yesterday, brought the unusual quantity of 4,750
