A Laboring Man's Views. OMARA, July 9, 1800.—To the Editor of THE BEE: A year ago last winter Dr. Mercer wanted to keep some of the laboring men of Omaha at work putting down poles and lay-ing tracks. How did Mayor Broatch help the laboring men of Omaha that winter? Simthe laboring men of Omaha that winter? Sim-ply by sending a policeman to watch the men and when he found them digging holes the policeman made them stop work or be ar-rested. I think a good many of the laboring men of Omaha ought to remember Breatch for keeping them from work that winter. Dr. Mercer gave us the best street car service in the United States. No one can deny the credit due Dr. Mercer. the United States, credit due Dr. Mercer.

The Twenty-Eighters Marshalin & City Laborers For the Broatch Boomlet.

Reports reach THE BEE from various parts of the city that the Twenty-Eighters and Broatch heachmen generally are hustling up all the busy and idle laborers they can find in order to vote them for Broatch in the primaries today. Special attention is being paid to the graders and men at work on public broatch.

Yesterday morning Chaffee was out in Hanscom park bust ing up the men engaged as laborers there. He will attempt to vote them all in the Seventh ward, and possibly in other wards, irrespective of their place of resi-

Th · Belters Squelched. The dissatisfied Tammanyites who were defeated at the preliminary caucus in the Sec ond ward Wednesday evening decided to try it again last night, and they gave it out distinctly that it was to be a "bolters meeting." They had been fairly beaten in a square, open fight, but as it was contrary to Tammany rules to submit gracefully to defeat, they would not give it up and therefore planned this meeting of their own deepest sympathizers in order to spring a slate of Broatch delegates to be presented at the regular ward caucus this evening, as against the delegates selected at the open caucus held under the auspices of the Second Ward Republican club. But subsequent events showed that they had again reckoned without their host. It was apparently a meeting of the most devoted Broatchites when the meeting was called to order and I. N. McCov elected chairman. As soon as the first step was taken, however, toward declaring against the regularly nominated delegates in favor of a crew of Broatch flunkies, it suddenly transpired that Dr. Mercer's supporters had not forgotten him, and the air was again and again fractured with cries of "Mercer," Mercer," "The Broatch adherents were surprised at the outbreak, and disgusted with themselves. A number of them renlized that Broatch had no more show in the Second ward than a calce of ice in a swellering furnace, and hastened to get away from such an unfriendly atmosphere, but some of them stayed and re-enacted their mobilite proceedings of Wednesday night. They raved and yelled, and grossly insulted the Mercer men who had shown the necessary courage to oppose them. The republicans of the Seventh ward held a mass meeting at 1212 Park avenue last night to complete arrangements for the primary elections today. President Mike Lee prosided, and in a happy speech deplored the lack of opposition in the coming contest. He wondered where all the Broatch men had gone, he said. If any Broatch men showed

up at the polisthey should be watched, as they certainly did not belong in the ward.

Jug : ling with the Fi ;ures. The Western freight association has given notice that rates between Chicago and Missouri river points will be advanced August 1 to nearly the same schedule that existed before the war that reduced first and second classes to 60 and 40 cents. The B. & M. received instructions yesterday to make out a sheet in accordance with the following figures which compared with the rates now in effect show what the advance will be:

New rate. 70 58 42 28 21 28 23 18 16 15 Old rate. 60 50 35 25 18 25 21 15 11 10 The original rate was 75 cent first class and 60 cents second class. On the fourth, fifth and A classes, which include the bulk of ship-

and A classes, which include the bulk of ship-ments and all heavy goods the rates are 2, 4 and 7 per cent lower under this advance than they were a year ago. There are existing doubts, however, among railroad men about this proposed advance ever going into effect. Merchants are so well satisfied with the present condition of things that they will enter vicorous protests against making any disturbances, and if necessary go before the inter-state commerce commission. before the inter-state commerce commission. The Commercial club of Omaha will do all it can to prevent the abolishment of present rates for others 25 per cent higher.

A Western Reduction. The rate clerks of all roads are holding their quarterly meeting, and In compliance with an order issued by the general passenger agents have made quite a sweeping reduction in passenger rates between St. Paul and Missouri river points and Helena, Mont. The Omaha lines received notice this morning that hereafter the first class rate from here to Heicha, which is now \$48.75, will be \$40, second class \$25, both ways, and round trip tickets, interchangable, \$60. This is an advance of \$4 on the old rate going and coming on the same road and of \$15 on the interchangable, which has that for the previous of terchangable plan, that is for the privilege of going out one way and returning by any other route. The round trip to Spokane Falls is placed at \$75 first class, but the second class remains unchanged. To all intermedi-ate points between Pocatello and Umatella Junction first class fares are reduced about \$3.

Acted in Bad Faith. Enemies of the Union Pacific and Burlington roads have discovered that tickets issued by them on account of the national teachers' convention at St. Paul, as well as to the Knights of Pythias conclave at Milwaukee

are in the hands of scalpers and a great big row has been made. It is charged that these tickets were thus issued with a view to cut ting the regular rates and as proof thereof the claim is made that they do not contain the signatures of the original purchasers, as required by the mreement. This of course enables the scalpers to fill in the names of parties to whom they make sales. A Chautauqua Train. The Milwaukee yesterday put on what it

calls a Chautauqua train, which runs making trips every few minutes between the transfe depot, Council Bluffs and the Chautauqua grounds. It will be operated continuously to the 18th, and leaves the depot as follows: 6:10, 7:50, 9:50 a. m.; 1:50:4:45, 6:45, 7:40 p. m. Returning it leaves the grounds at 6:40, 8:20, 11:20 a. m.; 2:20, 5:15, 7:13, 10:16 p. m.
