THE CITY.

The bank clearings yesterday

amounted to \$737,122.09. The receipts of the internal revenue office yesterday amounted to \$4,257.55. . The work of the building inspector's office yesterdar consisted of the issuance

of one \$50 permit. The jury in the Bruch inquest yesterday afternoon' returned a verdict that the deceased came to his death by his

Judge Shields yesterday issued a license permitting Thomas Hatfield to marry May Dobson. Both of the parties are of Omaha.

W. A. McClure of Pawnee City was yesterday appointed railway mail agent on the run between Lincoln and Crawford, vice M. J. Flanigan removed.

A warrant has been sworn out for Thomas Johnson on complaint of J. M. Clark. Johnson is charged with obtaining money under false pretenses, he having given a worthless check for \$5 to

John Grant has formed a paving com-pany in Salt Lake, citizens of Zion subscribing largely to the stock. Redman of this city has located there and will push the enterprise whose plant in Salt Lake is said to be worth \$10,000. F derat Offenders.

Hattie Clinton of West Point was brought to this city by Deputy Marshal Hepfinger charged with selling liquor without a license.

She plead guilty and was fined \$10.

Frank Spindler of Dodge was arraigned for selling liquor at wholesale without a license. He gave bonds for his appearance.

Vandervoort Was Missing.

The case of William McLood, arrested at

the instigation of Paul Vandervoort, on primary election day, on the false allegation of resisting Vandervoort's attempt to force himself into the room occupied by the judges of the Seventh ward was dismissed yesterday by Judge Helsley, Vandervoort failing to ap-

District Court.

German D. Wyatt yesterday commenced suit against James S. and Isadore Cameron to recover \$300 due on three promissory notes dated May 23, 1889. He also seeks to foreclose a mortgage.

H. A. Merrill has brought an action against Joanna C. Wright et al, to quiet a tax title on the west half of lot 7, block 74, city of Omaha, Merrill purchased the property at tax saie in

County Court.

William H. Bridges yesterday commenced suit in the county court to recover \$614.02 due on two promissory notes.

Feasted on Nebraska Trou.

General Passenger Agent Buchanan of the Fremont, Elkhorn & Missouri Valley road feasted himself and friends on speckled trout at the Paxton hotel last evening that were caught in Long Pine and Bazike creeks. Five years ago Mr. Buchanan induced the fish commission to plant a few hundred trout in some of the northwest Nebraska streams, and as a result that country now has a supply of the finest knd of fish. Lust Wednesday some admiring friend of Mr. Buchanan took the liberty of shipping him a dozen beauties on ice, and when served to those fortunate enough to stand in for an invitation were found excellent cating.

Business College Alumni. Thursday a large number of students

and ex-students of the Omaha Business college gathered in one of the large class rooms of that institution for the purpose of forming an alumni association. The meeting was called to order by Principal Rathbun and the following officers were elected: John F. Whalen, president; Miss Tina Bernsteen, vice president; Mrs. W. H. Taubman, secretary; Charles F. Reed, teasurer; Charles Kennedy, W. Moberry, T. Kelly, Miss Grace Woodworth, Miss Tina Bernsteen, executive committee; G. R. Rathbun, W. J. Clare and W. H. Taubman, committee on constitution and bylows

After a short address by the president the business meeting adjourned and dancing was indulged is until midnight.

A Card of Thanks.

To the Editor of THE BEE: The officers, teachers, and friends of the City Mission schools take this mode of returning their heartfelt thanks to all persons who in the least contributed in provisions, etc., so abundantly to the pionic, held for the children on the 17th inst., in Hanseom park. Especially would we thank the commission houses for the lemons, the grocers for the sugar, bread, pickies etc, the meat markets for the hams and sausage, and the families for the many nice cakes, sandwiches, butter, and codiribu-tions of money. There was an abundance, and to spare for poor families who could not attend the pic-nic. If the donors could have seen how the children enjoyed their kind gifts they would have realized the truth, "that it is more blessed to give than to receive." The day was a delightful one to all in all respects. SUPERINTENDENTS.

Board of Public Works. There was a meeting of the board of public

works yesterday afternoon, at wich all of the members were in attendance.

The bill of C. E. Fanning & Co. for street sweeping from May 31 to July was allowed at \$3,095.16.

J. O. Corby was allowed \$143.17 for constructing a catch basin and sewer in the vicinity of Twelfth and Nicholas streets. John F. Dailey was allowed \$480.17 for con-

structing the sewer in district 10%. On the construction of the sewer in dis-trict 113 there were five bidders, but Ed Walsh's bid being the lowest he was awarded the contract. His prices were as follows: Twenty-one inch pipe, \$1.55 per lineal foot: fifteen inch pipe, \$1.10; connections, 96 cents,

and eatch basins \$3,50 each. Final estimates were allowed as follows Ed Burns, laying cross walks, \$1,037.15; C. D. Woolworth, curbing Tweaty-muth avenue from Jackson to Hickory street, \$5,431.17; Lamreaux Brothers, grading Garlick's street from Lowe avenue to Pleasant street, \$761.48, and Orchard street from Lowe ave-

nue to Pleasant street, \$868.22; Ed Callahan, grading Park avenue from Thirty-second avenue to East avenue, \$7,819.94. A representative of the Galesburg brick company was before the board to make a statement regarding his brick, but the matter was postponed and he will be given a hear-ing next Monday morning.

The Park Concert.

The Musical Union band will give another grand concert at Hanscom park this afternoon from 2:30 to 6 p. m.

The programme for this concert is the best that has been given this season, embracing several very difficult selections. Manager Meyer proposes to furnish at each performance a programme that will amply ropay a visit to the park. The following programme

will be presented:
PART I.
March-Governor's Guards Ki Overture-Crown Diamonds Au
Selection Mikado Sulli

.. Rollinson Mr. J. Luchinger.

Galop-Wheelman's Spring (Introduces the regulation bicycle whistle) Headache, neurotgia, dizziness, nervous-cess, spasms, sleeplessness, cured by Dr. Miles' Nervine. Samples free at Kuha & lo.'s, loth and Douglas.

THE RAILROAD BURGET.

lowa Roads Object to Reduced Rates Other News.

"While the Iowa lines are making a desperate kick," said an official, "against adopting the reduced rate ordered by the interstate commerce commission on food products between Missouri river points and Chicago, they will, when the time arrives, take their medicine gracefully, all the same. I believe the commission is honest and right in its action. The roads are to blame for making an investigation possible and after securing what evidence they could at Chicago, Omaha, Lincoln and Kansas City, the commissioners Lincoln and Kansas City, the commissioners were justified in deciding that the rates of 20 and 15 cents were excessive. They discovered that on business coming from points west of the Missouri river the road hauling it to the river received 40 per cented the through rate, while the road taking it from the river to Chicago gets 60 per cent. On a 20-centrate this leaves 8 cents for the line west of the river and 12 cents for the one cast. From a point in Nebraska where the rate on corn is 20-2 cents to Chicago the road west of the river gets 10 cents as its portion, while the river gets 10 cents as its portion, while the road east takes 12 cents. Arguments were also produced showing through the pay ment of rebates the roads have been acting unfairly towards shippers, consequently they will not attempt to resist the enforcement of the new rate."

O'Neill at Last Gratified.

Sam Semple, an old Omaha boy, now in the anking business at O'Neill, said that the short line road reached his town last Sunday and sent It off on the high rolling track to great properity. That point is to be the terminus for a while at least, and it is thought the company intends to locate division shops there. This road has several western terminals in view, though just which one it proposes to strike for is not known. Denver, Cheyenne and Ogdes are all claiming it. Mr. Semple came down to the metro polislast Weinesday and will return in a

A Very Handy Tariff Sheet.

The passenger department of the B. & M. road has just completed a local tariff sheet, which will be put into the hands of agents for use August 1, that is the neatest, best arranged, most complete, as well as convenient thing of the kind ever gotten out. As there are 376 stations on the system it makes a handsome book, of 376 pages. One page is devoted to each station so that at a glance the agent can tell call quirer the rate from his station to every other on the entire system. He can also tell you almost instantly the rate from any designated point to any other desig-nated point reached by the B. & M. road.

A Small Accident.

An open switch at Blue Hill station on the B. & M. caused an accident yesterday, but the damage was light. An incoming freight train strack the switch, ran off onto a side track and dashed into a flat-car loaded with iron rails. The engine was badly disabled and several cars, were more or less battered up, but not wrecked.

A Hard Task on Hand.

The committee of general managers in session at Chicago on a proposition to readjust through freight rates and divisions from points at and west of the Missouri river is having a hard time. A resolution has been passed reducing the tariff on wheat from Kansas City to Omaha incusive to 15 cents per 100 pounds and on other grain to 12 cents; that the rate from interior points in Nebraska to Omaha be reduced so as to preserve a dif-ference between the through rate and sum of the two locals of 3 cents, except on corn.

Messrs. Clark and Eddy.

General Manager S. H. H. Clark of the Missouri Pacific, General Manager J. M. Eddy of the Texas & Great Northern, Palestine, Tex., and their wives are at the Millard. Mrs. Clark and Mrs. Eddy arrived in a special car attached to the Kansas City train early this morning, but their husbands desired to come over the road in daylight, so as to inspect it, therefore did not get in until this evening. The entire party went up to Spirit lake last night, where the ladies will join Mrs. Swobe and spend the balance of the hot weather. Mr. Clark and Mr. Eddy will remain only two or three days.

Spl ndid Icain Reported.

Telegrams poured into General Manager Holdrege's office yesterday from points all over the B. & M. system, reporting afine rain Thursday night. They came also from Superintendents Rignell, Rodgers, Campbell and Phenan of the northern, southern, western and Wyoming div-isions respectively, giving glowing accounts of the great good accomplished throughout the territory under each ones jurisdiction. The only point now left that seems to be suffering from hot dry weather is In the vicinity of Falls City and through Richardson county.

Notes and Personals.

The B. & M. ran a special train from Crete to Lincoln yesterday afternoon bearing General Manager Clark and Eddy of the Missouri Pacific.

The round-trip rate from Omaha to the national G. A. R. reunion at Beston has been fixed at \$31.75, with the Burlington as the official route. General Agent Phillippi of the Missouri

Pacific has gone to Kansas City on business. General Manager Holdrege of the B. & M. will return from Colorado today.

E. S. Hewitt, yardmaster of the Chicago, St. Paul, Minneapolis & Omaha railroad, who has been dangerously ill, has recovered and is social at his recovered and is again at his post of duty.

G. W. Little, formerly station agent at Lyons this state, has been appointed assist-ant ticket agent at the Webster street depot, and yesterday commenced his labors. U. C. McDaniel, assistant train dispatcher at the Webster street station, departed yes-

terday for Brenner, Kan. It is rumored that when he returns he will be accompanied by a John W. Firebaugh, formerly assistant city ticket agent of Chicago, St. Paul, Moneap-olis & Omaha, has been appointed to the po-sition of agent at Covington, and in addition

o this he will have charge of the yards as C. P. Hill, traveling claim agent of the Chicago, St. Paul, Minneapolis & Omaha, was in

the city yesterday. The new baggage and express room at the Webster street station was completed yester-day and will be occupied for the first time to-

The Chicage, St. Paul, Minneapolis & Omaha and the East Omaha Land company have joined forces and yesterday the two companies commenced the work of grading a track from hear locust street to Florence. The work will be completed inside of sixty days. It is the intention to run a number of spur tracks from this line to the lands of the EastOmaha company, that the manufacturing establishments now being erected may have switch yard facilities.

After diphtheria, searlet fever, pnenmonia, or any other severe illness, there is no better tonic than Hood's sarsaparilla.

NEAL IS AN ARTIST.

the Murderer Executes Some Drawings of Decided Merit. Murderer Neal has developed some quite superior talent for drawing since his arrest and incarceration.

He has just completed two pencil pictures which indicate that with a very little instruction and additional practice he might command a good salary as a sketch artist-providing circumstances were different.

One of the pictures just finished is an almost life-sized portrait of a young ady, drawn from memory, and whose face the death sentenced artist has evidently enjoyed studying for hours at a time. It is a handsome face, and the lines are exceedingly well executed. The other is a modestly expressioned sketch

of a pretty girl enjoying a plunge in the surf on the Jersey coast. There are distinctively original points about this picture also, which show that the idea came from some fair memory born in the long ago.

When chatted with on the tople of his tal-

ent in this line, Neal remarked with the greatest of self-assurance: "I have fully made up my mind that I shall go ahead, take lessons in drawing and fit my-self to do sketch work for newspapers." "Ain't you afraid it's just a trifle late for

you to come to such a decision!" was asked.
"No, I do not—judeed I don't," came the
answer without a mement's hesitancy. "It will come my way all right in the supreme court, but the only thing I don't like is to be wasting my time lying here in this steel box. Exery body has their trouble, though, in this big world of ours, and the person who does the least kicking is generally the happiest."

Pears' is the purest and bust soap evermade PROF. BLOSS' PHOTOGRAPH. It Figures in the Fight for the School

Superintendent. As the time for the election of a superintendent of the public schools approaches, in-terest in the matter increases. The question which the board of education will be called upon tesettle on Monday night one in which every parent in the city, as well as all who are interested in the welfare of the schools, is interested. Gossip is rife and all sorts of rumors are affect concerning the relative chances of the various candidates and their

respective merits. The question has narrowed down to two parties, namely, Henry M. James, the present incumbent, and James H. Bloss, the superintendent of schools in Topeka, Kan. The fifteen members of the board are about evenly divided on the question of electing one or the ther of these greatlemen and the contest will

Mr. James has made enemics, in and out of the board, and these are determined to defeat his re-election. In casting about for some suitable person to present for election as superlatendent the opponents of Mr. James struck upon Mr. Bloss, and a correspondence was opened with members of the Topcka board and with preminent educators in all parts of the country. The replies were of the highest character and were very numerous, about twenty-five being received. These letters all spoke in the highest terms of Prof. Bloss' ability as an educator and as a superintendent. He was in charge of the public schools of Indianapolis for several years and was a member of the Indiana state board of education. This correspondence was had Mr. James has made enemies, in and out o education. This correspondence was had without the knowledge of Prof. Blass. After this letter was written to Mr. Bloss

in which the situation was plained to him and he was a o become a candidate for the position. This he refused to do, stating as his reason for so doing that he would not be a candidate in opposition to Mr. James.

There the matter rested for a short time, when another letter was sent to Mr. Bloss, who was at that time in attendance upon the teachers' convention in St. Paul, asking him in stronger terms to allow his name to be used, as there was to be achange in the superintendency, and he might as well beome a candidate, etc.

To this he made no reply and a telegram

was sent, asking him to come to Ounha on his return from St. Paul and have a consul-tation with some of the members of the Prof. Bloss returned from St. Paul via

Council Bluffs, and when his presence there became known several members of the board went across the river and held a consultation with him. They found him to be a man of about forty-five years, of fine presence and a good deal of magnetism.

A gentleman in this city, who has been personally acquainted with Prof. Bloss for a number of years, and who, by the way, is not a now member of the board of education, states that Mr. Bloss is a man of great ability and high standing in the educational world.
The supporters of Mr. Bloss feel very con

fident of success. They acknowledge that Mr. James has brought the schools to a high state of perfection, but they claim that his personal peculiarities are such as to jeopardize the future success of the schools and therefore they advocate a change as being more conducted to continued presents. One more conductive to continued prosperity. One of the new members of the board is particularly active in his opposition to Mr. James, but the ground on which his opposition is based is difficult to ascertain, as he is very

based is difficult to ascertain, as he is very indefinite in his statements.

On the other hand the friends of Prof. James "point with pride" to his record since he has been in charge of the Omaha schools and express contempt for the petty opposition displayed by the other faction.

Each side is confident of success, and as the board is pretty evenly divided the result is very indefinite.

One of the ex-members of the board has been kindly furnished a photo of Prof. Bloss which cannot fail to create a favorable impression upon the school ma'ams if not upon the board.

An important discovery. They act on the liver, stomach and bowels through the acryes. A new principle. They speedily cure billiousness, bad taste, torpid liver, piles and constitution. Splendid for mea, women and children. Smallest, mildest, 30 doses for 25 cents. Samples free at Kuhn & Co.'s 15th and Douglas.

BEIWEEN TWO CITIES.

The Boundary Between Omaha and

South Omaha to be Legally Fixed. Councilman Bechel, the enthusiastic, life long republican, whom the whirligig of circumstances has made to now occupy the seat of Omaha's democratic mayor for a time, yesterday signed the resolution adopted by the council calling upon the city attorney to determine the boundary line between the cities of Omaha and South Omaha.

As the determining of this boundary line is an interesting as well as very important matter, a Ban reporter called upon Mr. Poppleton and asked him how he proposed proceed-

"I think that the best and perhaps the only way to proceed," said he, "will be to file a bill of equity in the supreme court restraining South Omaha from collecting taxes in Omaha. Since the spring of 1887 this matter of the boundary line between the two cities has been a mooted question. It was about that time that the boundary line of Omaha that time that the boundary line of Omaha was extended. In reality it is simply a question of priority of action as between the two cities. South Omaha claims that it became a city of the second class and fixed its boundary, as it now claims it, before the limits of Omaha were extended under the charter making it a city of the second class. The decision of the supreme court will be final."

'Is it possible or probable that whatever is the decision of the supreme court that a cross fire of civil law suits will be the result?" "No. sir; not at all. There can be no recovery of taxes whatever. All payments of nonies that have been made up to the time of the suprome court's deciding the boundary will stand under the decision. The deter-mining of this line is, however, something that should have been given attention a long

Catarrh

IS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla - the best of all blood purifiers. The somer you begin the better ; delay is dangerous

"I was troubled with catarrh for over two years. I ried various remedies, and was treated by a number of physi-cians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and com-pletely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsnparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would efit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarth. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."

— Charles H. Maloney, 113 River st., Lowell, Mass.

Ayer's Sarsaparilla,

Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5. Worth \$5 a bottle.

"It Disagrees with Me." A common remark. If you take Tut's Pillsyou can cat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now. Rev. R. Burts, Mannta, Fla., says: "Tutt's Fills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have lost their drend. Our people take one or two doses of the Fills, and follow it with fifteen grains of quinine, divided in three doses during the day. The chill never returns."

EVERY MOTHER

Is interested in our clearing sale of Boys' Clothing, which we commenced last week. We have done a very large business this season in our Boys' Department, carried an immense stock, and in consequence have more odds and ends left than usual. We propose to wind up this most successful spring season with a grand sweeping sale, and no matter how low the prices were before, they will be cut still more in order to accomplish our object. What we offer this week are the remnants of our best grades. Suits made from the finest qualities of cloths and finished as careful as the most expensive garments in the market. In the early part of the season only the rich can afford to buy such suits, but now the prices are cut so that they are within the reach of everybody. You can have now the finest suit for your boy, providing you can find a fit, for as little money as you paid early in the season for a medium grade suit.

In our Shoe Department we have opened to-day another invoice of 25 dozen fine Patent Leather Shoes, of same quality as we advertised a few weeks ago at \$2,50. The first lot of these shoes went off like hot cakes, and was sold out in a few days. We were at first reluctant to handle them, as the manufacturer does not guarantee patent leather, consequently we could not guarantee them to our customers. But we have not heard of a single complaint about them, though we have made it our business to find out how they wear. They seem to give good satisfaction-in fact, some customers told us they are as good shoes as those for which they formerly paid \$6,00 and \$7.00. Try a pair, and indulge for \$2.50 in the luxury of a patent leather shoe. They are a nice thing for the summer, do not need blacking, and always look dressy and neat,
