

"A WILFORD HALL'S DISCOVERY"

All Diseases of the Blood Cured Without Medicine. Diseases Heretofore Regarded as Incurable, Radically Cured by this Treatment.

The Following Diseases Yield Readily to this Treatment

Asthma, Bronchitis, Bright's Disease, Catarrh, Consumption, Dyspepsia, Diabetes, Diarrhoea, Dysentery, Dropsy, Epilepsy, Fevers, Headache, Heart Disease, Insomnia, Kidney Troubles, La Grippe, Liver Troubles, Neuralgia, Nervous Debility, Obesity, Paralysis, Rheumatism, Skin Diseases, Stomach Troubles, Constipation, the foster parent of disease, and all diseases of the blood and circulatory organs.

It may be asked how any one medicine can relieve so many diseases. We reply that the blood is the origin of all the impurities of the blood, it naturally follows that if the blood is purified the disease is cured.

UNPRECEDENTED in the HISTORY of THERAPEUTICAL SCIENCE

To Incurables, Chronic Invalids and Suffering Humanity in General.

We desire to call your attention to a means of relief from suffering and discomfort. There is no need of being sick or in distress.

THE NORMAL CONDITION OF MAN IS HEALTH.

Stiffness arises from an abnormal condition caused by the impurities in the blood, which are absorbed from their source, principally from the digestive organs. Eradicate these impurities and you cease to be sick.

DR. A. WILFORD HALL, PH.D., LL.D.

Has discovered a new and marvelous hygienic treatment by means of which these impurities can be eliminated from the blood without medicine.

THE SECRET and value of the treatment consist in the fact that the impurities or poisons are more than purified, they are destroyed, and the system and without the "tearing down to build up" system that it is trying to weak constitutions.

LADIES will find it invaluable not only as a complexion beautifier, but as a COMPLEXION beautifier, for not only are all impurities, such as pimples, eruptions, freckles, blotches, blackheads, removed from the skin, but the roses are brought back to their normal condition, and the complexion is bright and clear.

THE remedy is simple and easily applied, and cannot harm the most delicate person. By means of it all aches and pains are banished, the nerves and muscles are toned up and strengthened, the appetite improved, the blood purified, and the system and without the "tearing down to build up" system that it is trying to weak constitutions.

IT is neither faith cure, mind cure, massage, spiritualism, magnetism, nor electricity, but is founded upon true therapeutic science.

Dr. JAMES ROBERTSON, of Birmingham, England, the eminent surgeon, says of this treatment: "It is physiologically sound and beneficial in practice. I hail the advent of this and every such safe and simple measure for the amelioration of human suffering, and congratulate you on crowning your life's work with this discovery and its demonstration to the world."

"It is the only safe cure for Bright's Disease and Diabetes."

It is the ONLY SAFE CURE FOR CATARRH AND RHEUMATISM. All drug medication tends to drive the disease to the vital parts, often producing death.

NOT MONEY ENOUGH IN BROOKVILLE TO BUY IT.

Mr. W. D. Dickey, of Brookville, Pa., writes, May 25, 1890: "Dr. A. Wilford Hall, Philadelphia, Pa.—I am now perfectly satisfied you have made one of the greatest discoveries of this age. I have been unable to look after my business. But, thanks to you, I AM NOW ABLE TO ATTEND TO IT."

"I have placed your GREATEST WONDER with a few to whom late life has been all pain and suffering, and can truthfully say they are all getting strong and well. One gentleman said to me today, 'THERE WAS NO MONEY ENOUGH IN BROOKVILLE TO KEEP HIM FROM BUYING YOUR DISCOVERY.' Again and again we have seen just such expressions of this joy to those having the pamphlet. A Mr. Esney here calls all his friends and tells them, 'Look at me now, how well I look; go get the pamphlet and I will refund the \$4 if you are not fully satisfied.'"

THE PYTHIAN SUPREME LODGE

Full Resume of the Important Proceedings at Milwaukee.

KANSAS CITY GETS THE NEXT SESSION.

Insurance Companies Which Use the Name of the Order Declared Illegitimate—The Two Ladies' Branches Refused Recognition.

The sixteenth session of the supreme lodge K. P. opened in Milwaukee on the 8th inst. A pleasant feature connected with the formal opening of the lodge was the presentation by Supreme Representative Essex of Arkansas to Supreme Chancellor Ward, on behalf of Ozark lodge No. 15, of Hot Springs, Ark., of a beautiful gavel, which was received by S. V. C. Shaw on behalf of S. C. Ward, who presented by Illinois from attending. The head of the gavel was made of pure white quartz taken from the Ozark mountains, emblematic, as Representative Essex said, of the life and cause of the noble Pythian for whom it was designed. The handle was of ivory, on which were satin ribbons of the three colors of the order. On the ends of the head were the coat-of-arms of the order, and on the circumference were General Ward's monogram and this inscription: "Ozark Lodge No. 15, K. P., Hot Springs, Ark., to Supreme Chancellor of the World." The gavel was in a case of purple velvet, on the outside cover of which were the colors of the order, and inside a bearing respectively the three symbolic letters, F. C. B.

A telegram of sympathy was sent to Supreme Chancellor Ward.

The election of officers resulted as follows: George B. Shaw of Wisconsin, S. C.; William W. Blackwell of Kentucky, S. V. C.; H. T. Blackmer of California, S. P.; Stansbury White of Delaware, S. M. of E.; R. L. C. Wiley of Tennessee, S. K. of R. and S.; George H. Morrison of Nevada, S. M. of A.; William B. Kennedy of Illinois, S. S. E. R.; M. C. Barkwell of Wyoming, S. I. G.

Two divisions completed the secret work of the U. R. before the session, the divisions being: A. D. Marshall, No. 10 of Lincoln; Captain W. H. Burger and Lincoln division No. 13 of Springfield, Ill.; Captain C. P. Johnson. The \$100 prize was awarded to the Springfield division.

An effort was made to have the rank of past grand chancellor conferred on J. A. Hill, P. U., the author of the ritual of the Pythian sisters, but it was unsuccessful.

A resolution introduced by the North Carolina representatives, asking such legislation as would enable grand lodges to admit their Knights as spectators at their meetings, was not adopted.

The minority report of the committee on appeals and grievances, on the case of G. V. C. Wilson and G. R. K. S. While by the grand lodge of Tennessee, was adopted. This report sustained the decision of the grand chancellor on the following point: "Can a Knight in good standing and otherwise correct, who has a receipt for dues and an order properly drawn and signed for the S. A. P. W. be refused the S. A. P. W., and the privilege of visiting a lodge to whose membership he is obnoxious?" The grand chancellor held that the right could not lawfully be debared. He was guilty of any offense charges should be preferred. If such a practice was tolerated it would open the door to appeals and reverses, and disrupt the order.

The form of memorial service presented by the grand lodge of Iowa for use on the Pythian memorial day was adopted and the supreme keeper of records and seal directed to have the same printed and furnished to the various grand lodges for use in the subordinate lodges.

The committee on law and supervision made the following report on the question of conferring the rank of past grand chancellor on German district deputy grand chancellors who had served as such for three years, their term commencing before the law was changed in 1888, requiring five years' service, which

was adopted: "In the opinion of your committee one who had not served three full years at the time the law was changed was in force had not acquired any vested right so that he would become entitled to the rank at the expiration of three years, nor before the expiration of five years."

The committee to which was referred the major general's report, among other things endorsed his recommendation that the name of the Uniform Rank remain unchanged. The report was adopted.

The special committee, to which was referred a resolution of Hastings lodge, No. 23, of Hastings, Neb., requesting the recognition by the supreme lodge of the Pythian Sisterhood, made the following report, which was adopted: "It appears that two distinct organizations, conducted by the ladies, are asking or claiming recognition by the supreme lodge, and in our opinion it would be best to express our preference in any way. We are also of the opinion that the constitution expressly fixes the qualifications of membership in the order of Knights of Pythias, and we firmly believe that the supreme lodge should, at this time, establish the principle that it will not recognize any body or organization which assumes the control of the supreme lodge as members of the order."

A design for a service medal for six knights held in the rank of knight, was adopted. The medals to be obtained in the same manner as jewels of honor for officers are obtained. From the major general.

The necessary fund for the general was increased to \$1,500 per year, this amount to include all expenses for clerk hire, office rent, fuel and light.

Any one who has been elected or appointed to any position as field or staff officer and has not uniformed himself according to law, and who shall not uniform himself within ninety days, shall forfeit his commission.

The dissolution of the grand lodge of Dakota, and the organization of the grand lodges of North and South Dakota was ratified, and the names of those who were members of the indebtedness of the old grand lodge in proportion to the members in each jurisdiction.

The following resolutions, submitted through the proper channel by Montrose lodge No. 2 of Jacksonville, Fla., were approved by the supreme lodge:

Resolved, therefore, that we request an individual donation from our brother knights of the Pythian world the sum of \$5 for the purpose of erecting a monument to the memory of the late grand lodge of the Pythian world.

The supreme chancellor was directed to appoint a committee of seven to communicate with the several grand lodges regarding the erection of a Pythian temple and to ascertain their views on said question, the committee to report its findings at the next session of the supreme lodge.

The committee on mileage recommended that the next session be held at Omaha, Kansas City or Washington. The vote on the location stood as follows: Omaha 42, Kansas City 23, Washington 1. Kansas City was the day.

ered related to the payment of insurance to the heirs of suicides. The present status of this question were thoroughly gone over by the orators of the supreme lodge. It was finally voted that such policies be paid. This action makes the position of the endorsement rank on this subject in harmony with the decisions of the court, to the effect that such policies must be paid.

Concerning the selection of Kansas City as the seat of the next supreme lodge, the Sentinel said: "The friends of both cities made a hotly debated fight for the prize, but the Missouri lodge finally won by a vote of 10-9. The hotel did it," said a supreme representative last evening. "There was a general opinion among the boys that the hotel accommodations at Kansas City are superior to those at Omaha."

K. of P. Court, supreme keeper of records and seal, was in the city last week as a member of a committee appointed by the supreme lodge to visit the cities which had invited that body to hold its next session in their midst. He was very favorably impressed with Omaha and spoke highly of the city, leaving the impression that he should recommend this place as the seat of the next meeting.

A new lodge was instituted at Herman Friday night.

Marathon lodge has secured a new hall at Twenty-sixth and Cumma streets, and had a house-warming last Monday evening in the most approved style. A large number of invited guests were present and a fine banquet was given with light refreshments.

Now that the Milwaukee encampment is over the next thing to be considered is the state encampment. Last year it was held at Columbus, but the prevailing sentiment this year is in favor of holding it in Omaha. The holding of this encampment means that the people who will be drawn here by that means secured it will be necessary to supply a camp ground large enough for tents for about one thousand six knights, and fitted up with a good supply of water and well lighted. The necessary arrangements may be prepared at the state department at Lincoln. The expense involved will be less than \$1,000, which will be a small sum for the benefit of the order.

The six knights who went to Milwaukee have been coming back in pairs and singly. All report a fine time and a good crowd.

Royal Arcanum. A new council of the Royal Arcanum was organized at Genoa Thursday night by Deputy Supreme Regent George Ker of Omaha, who was assisted by Judge H. J. Hudson, past regent of Mystic circle of Columbus.

The council was organized at Masonic hall and a number of visiting brothers from Columbus and Cedar Rapids were present. After the council had been formerly organized the following officers were elected and installed: Regent, Harry A. Hill; vice regent, Marshall G. Bentley; past regent, Henry A. Pope; secretary, Dr. E. E. McMillan; orator, William M. Backus; collector, R. C. Oberholser; treasurer, James B. Bennett; chaplain, William C. Walton; guide, Dr. N. A. Williams; warden, R. Bruce Moore; secretary, William H. Snyder; trustees, W. M. Backus, M. G. Bentley and P. R. Eaton.

When the officers had been conducted to their respective stations, Judge Hudson was called upon to address the council, and although he has passed the three score and ten mark in life he is still young, and especially when talking of the Royal Arcanum, having been a member more than twelve years.

The judge is an eloquent speaker, and for about fifteen minutes he delighted the assembled Arcanumites while telling of the social and fraternal features of the order. While speaking of the insurance part of the Arcanum he said that the fraternal bond of 167,000 royal brothers was good enough security for him.

Orator William M. Backus responded on behalf of the new council and assured the judge that they were grateful for his advice and encouraging words and that they would do all that was possible to profit by them. The new council starts under favorable circumstances and have a splendid set of officers, and among the charter members are some of the most prominent business and professional men of Genoa, and it is pre-

dicted that it will not be long before it takes the first place among the fraternal insurance societies there. The members are already making arrangements for a social meeting at which a number of members and their wives from Columbus, Cedar Rapids and Albion will be present.

Refreshments were served during the evening and a late hour the Arcanumites departed for home, satisfied with having passed a very pleasant evening.

SOCIETY'S DOINGS.

A Pleasant Party in Honor of Guests from St. Louis—Other Notes. A delightful party was given by Miss Maggie Cunningham Wednesday evening at her home 630 South Nineteenth street, in honor of her guests, Misses Dunn and Quinlan of St. Louis. The earlier part of the evening was passed with music, which was furnished by a quartette and also several solos given by Miss Quinlan, which were well rendered. A supper was then served comprising all the delicacies of the season after which dancing and games were the main feature of the evening. Among those present were: Misses Mauda Karbach, Dora Manning, Virgil Morrison, Maggie Pummer, Aggie McDermott, Marie Macheth, Rose Smith, Annie Sevelles, Mrs. Little, Mrs. Cunningham and Misses Josie and Katie Helan. Also Messrs. J. R. Higgins, Thomas Hirschner, Nate Richard, Arthur and Emil Karbach, Bradbury, Knouse, W. H. Nelson, Hill, Macheth, F. Olson, James Stewart, Hartford and many others.

College Students Fraternize. There was a jolly gathering of college students Friday evening at the residence of Hon. W. J. Broatch. The affair was entirely informal and was intended as a reunion of the Omaha boys now attending the principal colleges of the country. The evening was pleasantly spent amid music, song and stories, while the interludes consisted in the serving of light refreshments. The college yell was given with a vehemence which made the neighborhood around. Those present were: Messrs. Augustus and Charles Knott, Ken and Jay Brown, J. Watson, Broatch, Wilkins, Rustin, Holcomb, Beal and Mercer of Yale, Rosewater of Johns Hopkins and Fred Rustin of Andover.

A West End Social. Wednesday evening Mr. and Mrs. Robert Esson left for Spokane Falls, Washington. Prior to their departure the West End club, one of the well known social organizations in Omaha, of which Mr. and Mrs. Esson are members, held a social session in honor of the departing comrades at which, after a few games of cards, an elegant silver cold meat luncheon was prepared to the guests of the evening by Mrs. W. G. Sison in behalf of the club. The enjoyable evening closed with the expression of best wishes from all present for the success of Mr. and Mrs. Esson in their new home.

Lichtberger Banquetted. Some twenty-five or thirty of Mr. Lichtberger's friends gave him a farewell banquet Tuesday evening previous to his departure for Chicago, where he will again take a position in railway circles under Mr. Edward A. Dickenson. A merry treat at around the banquet table, and before dispersing at 12 o'clock every one had expressed in a neat little speech his sorrow at losing the association so companionable and excellent a friend.

Geo-Barrett. The residence of H. K. Fallasbee in Kountze Place was the scene of a quiet wedding last Monday evening. It was the occasion of the marriage of Mr. Lawrence Geo of Denver to Miss Cora Garrett of Lea Jara, Colo. Neither bride nor groom were residents of this city, but had made many friends during their short stay in Omaha. The bridal couple left on the evening train for Denver, where they will make their future home.

The Moonlight Society. A number of young ladies met Thursday evening at the home of Miss Ida Yule, corner Twenty-third and Hart streets, for the organization of a literary society. An election of officers resulted in the choice of Miss Jennie Sitt, president; Miss Alice

White, vice president; Miss Maude McVea, treasurer; Miss Mary Anderson, secretary, and Miss Ada Yule editor. It was decided that the association should be called the Moonlight society.

Movements of Society Folk. Judge Shields has returned from his summer vacation. Miss Clara Scholinger left for Elkhardt, Ind., Thursday.

Miss Hattie Morrison of Dubuque, Ia., is visiting the Misses Conway. W. G. Albright leaves for an extended sojourn in California on Tuesday next.

President Underwood of the American waterworks company has returned from his western trip. Miss Emma Balbach has returned from the east, where she has been visiting friends for the past three weeks.

Dr. C. P. Harrigan returned Thursday evening from St. Joseph, where he has been for the past two weeks. Mr. Russell Harrison spent Tuesday and Wednesday in Omaha. He left immediately on a business trip to New York.

Mr. and Mrs. J. J. Brown and Miss Brown will be guests at Cliff house, Manitow, Col., during the coming three weeks. The Misses Emma and Julia Newcomb of the Omaha schools are spending their vacation at Manitow Springs, Colorado.

No less than five elegantly equipped, well supported clubs are maintaining "They are 'the Omaha,' oldest and probably richest, the Elks, noted for its social features and excellent cuisine; the Union, Metropolitan and Deutscher. Each of these has finely fitted quarters with grill room attachments and good membership, therefore a large proportion of the male population find a much pleasanter, more profitable way of spending its leisure hours than loafing about the street corners, hotel lobbies, liquor saloons and cigar stands."

"What do men generally do at the club?" anxiously inquired an old maid of a veteran club man, after having volunteered a strongly anticlastic opinion against such institutions. "Without waiting for an answer to her question she rattled about with 'I suppose the oldest and having the largest membership in the city is the Elks club. It is a place in this world where the fellows get together to have a good time and themselves up wholly to free, easy enjoyment of the club."

"There they shut out all cares of business, all personal annoyances and are at peace with themselves. 'But you wanted to know what they do. Well that depends largely on the inclination. Should you like to have the largest membership in the city, you would see a dozen gentlemen playing whist, high-five chess, back-gammon or billiards; as many more comfortably ensconced in easy chairs reading; probably two or three off in some corner discussing theoretical topics and half a dozen in the smoking room enjoying a quiet smoke."

"Loud talk, disagreeable arguments, boisterous language are never heard. Harmony, good-fellowship and simple sociability reign supreme. 'Which is the best club? That's a hard question to answer. They all about on a par. The Elks takes first rank. As a whole it undoubtedly has the most extensive membership there is no doubt that the Omaha is the wealthiest. However, the Union claims to have more actual money represented in its ranks than any other."

"No doubt that is so, because it was organized chiefly for business purposes, a sort of fraternal association formed by leading men to protect, foster and look after the best interests of this city. Still it combines all the pleasures belonging to a club and is on a solid footing. 'Should you raise the question of simplicity, congeniality, most of everything for the least money then I should have to tell you that the Elks takes first rank. As a whole it undoubtedly has the most extensive membership there is no doubt that the Omaha is the wealthiest. However, the Union claims to have more actual money represented in its ranks than any other."

HOW THEY LIVE AT THE CLUBS

Where Many of Omaha's Male Population Really Enjoy Life.

PEACE AND PLEASURE PREDOMINATE.

Ease, Comfort and Good Fellowship Found in Various Quiet Games, Pleasant Conversation and Social Contact.

To the uninitiated there is a strange, fascinating charm in the stories of club life that draws upon the imagination and paints fanciful pictures in the mind.

Omaha supports more and better organizations of this kind than any other city of 135,000 population in America and any man who attempts to say the city is not proud of them all should have the false assertion crammed down his throat with a hand spade.

No less than five elegantly equipped, well supported clubs are maintaining "They are 'the Omaha,' oldest and probably richest, the Elks, noted for its social features and excellent cuisine; the Union, Metropolitan and Deutscher. Each of these has finely fitted quarters with grill room attachments and good membership, therefore a large proportion of the male population find a much pleasanter, more profitable way of spending its leisure hours than loafing about the street corners, hotel lobbies, liquor saloons and cigar stands."

"What do men generally do at the club?" anxiously inquired an old maid of a veteran club man, after having volunteered a strongly anticlastic opinion against such institutions. "Without waiting for an answer to her question she rattled about with 'I suppose the oldest and having the largest membership in the city is the Elks club. It is a place in this world where the fellows get together to have a good time and themselves up wholly to free, easy enjoyment of the club."

"There they shut out all cares of business, all personal annoyances and are at peace with themselves. 'But you wanted to know what they do. Well that depends largely on the inclination. superior to either the Omaha, Union or Metropolitan. The club and Elks lodge occupy an entire floor of the Curtis building, corner of Douglas and Fifteenth streets. More than two-thirds of the club which gives ample room for an immense parlor, as well as card, billiard and dining rooms sufficiently large to answer every purpose of the club, and the service one gets here is extremely reasonable is a matter of universal comment. Regular table board, as good as can be had at the city, and the price is very reasonable, only \$3 a week, while many other places charge \$5 a week for the same service. The lunch and Sunday evening dinners are becoming great features of the culinary department.

"True all these things are parts and parcels of the Omaha and Union clubs, but on a Tuesday or Wednesday the applicant for admission to either must plunk down his hundred cold, hard dollars before his name goes on the list and thereafter something like \$30 annually, with an occasional stiff assessment, are required to keep up with the procession."

"Why? Because there he is associated with the fellows who figure every season at all the social parties, the business acquaintances with Luther Drake, Joe Garneau, Charles Hamilton, Hal McCord, Charles Saunders and Will Wyman who control the assembly hall and are invited to nearly every notable reception given."

"Some of them here. The Union club has a ladies' day and members of your sex can find the Elks open to them every Thursday. This one generally gives a series of very delightful receptions every winter when the big parlor spoken of above is transformed into an elegant ball room."

"Well those who have the pleasure of participating in them seem to think so. By reading the society columns you will find many of the parties given by the wives and daughters of club members every week during the social season. Last winter a great many very delightful affairs of this kind occurred at the Elks club and at the Omaha, as well as in some of the other places."

The Omaha club has magnificently furnished rooms in the adjacent States Exchange building, but they are no more attractive than those of the Union in the Park block, corner of Fairmount and Fifteenth streets. The Metropolitan club occupies the corner of Dodge and Fourteenth. Its membership is confined strictly to German-American citizens.

"It is quite gratifying to note that all these organizations are growing right along. The membership of the Omaha club, over which Judge Savage presides as president, numbers about three hundred. The Elks has 135, and Colonel S. S. Curtis wields the gavel there. W. A. Faxon is president of the Union and looks after 100 substantial business men, who are called upon to pay dues or be reported not in good standing. The Elks and the Omaha are both discussing the feasibility of building club houses."

C. B. Moore & Co. have been appointed wholesale agents for the celebrated waters of Excelsior Springs Missouri.

Napoleon's Knowledge of Civil Law. New York Ledger: During the long and tedious discussions in drawing up the code Napoleon, French jurists and statesmen were astonished at the familiarity shown by the emperor with the principles of Roman law. He told them one day that when he was a young lieutenant he was sent to solitary confinement for some slight breach of discipline. "The room had no furniture except an old chair and a dusty cupboard, in which I found one ponderous, musty, worn-out volume. It was a digest of the Roman law. In those ten days of my imprisonment I had nothing else to do but to become saturated with Justinian and the words of Roman legislators and judges. Thus I acquired my knowledge of the principles of the civil law."
