MURDERERAND JAIL BREAKER Ed Jackson, a Desperado, Arrested at

Ogden. Ooden, Utah, August 11.- Special Telegram to The Bee.]-Shortly after mon today Sheriff Jacks on of Manatou Junction county stepped into the office of the chief of police conducting a young man with a white nat and cowboy air. The man was securely handcuffed, and his treatment that of a pretty hard customer. The prisoner is wanted for murder in Maniton Junction. Not only is he a murderer but a daring jail breaker.

In January, 1889, while under the miluence of liquor this man, named Ed Keily, but who has a string of aliases, leaped upon on ex-prison guard, named Phillips, and literally backed him to pieces. Somebody had remarked on Phillips' Somebody had remarked on Phillips' former calling here, whereupen Kelly remarked that such a man was not fit to live and proceeded to emphasize his opinion by taking Phillips' life.

He was arrested and placed in jall at that blace, but did not remain long. In November ic, with four others, succeeded in sawing their way out with improvised tools, and that was the last heard of Kelly until it was

learned he was living in Ogden.

Jackson and a deputy named Metcalf succeeded in locating and arresting him there. Jackson started for Manitou Junction today stopping at the local jail for dinner. Kelly is a youthful desperado, being hardly moce than twenty-two years of age. He has a re-putation, however, as a bad man and a dangerous one for an insecure jail.

The Euracd Steamer Egypt. NEW YORK, August 11 .- [Special to THE BRE.]-The steamer Canada arrived today with nine of the cattlemen who were on the National line steamer Egypt, recently burned William H. Hammond, one of the at sea. William H. Hammond, one of the men, said that the fire started in the cotton and gained rapidly despite the efforts of all hands. When the ship was abandoned the cattlemen were at the pumps and were the last to leave. The ship's beats hung from rusty davits, which could not be turned to swing the boats out. The boats were lifted out and hamched. The seams were lifted out and hamched. The seams were bindly called and constant balling was recessary to keep them affort. If the sea had seen rough all would have perished. Four soats were so rotten that they were abanoned at sea.

His Eyes Were Barned Out. Kansas Citt, Mo., August 11 .- [Special 'elegram to THE BEE. |- Jacob Waukert met a fearful death at his home on Heim avenue this evening. He was taking a nap

WESTERN ROADS STAND FIRM

They Completely Ignore the Demands of the Central Traffic Association.

Commissioner Iglehart of the Chicago Freight Bureau Claims That City Gets the Worst of It-Railroad Gossip.

Cmcaoo, August 11. - Special Telegram to THE BRE]-Sald Commissioner Iglebart of the Chicago freight bureau today: "Every western road is with us in the fight on the new uniform bill of lading. Not one of them will pay attention to the demand of the Central Traffic association that the western roads shall use the new bill of lading on all through shipments. On the other hand they have agreed to use the old form until a new one satisfactory to the shippers can be drawn up, and meantime they are sending word to the central traffic lines that if they want to the central traine shes that if they want to take the traffic on the old forms they can do so. If not the business will be routed over the Grand Trank or Wabash-Canadian Pacific route. It will be an interesting pointer to loarn whether any eastern road re-fuses freight on these conditions. I haven'teard of a case vet.

Concerning the interstate commerce com-missioner's decision on grain rates, Mr. Igleart said: "The decision would have suited sexactly had the commission simply put leago on an equality with other points. As it is, Chicago is the only one of the gateways where the sum of the locals does not equal the through rate. The through rates from all western points to the sentoard are he same via all gateways, but look at the advantage St. Louis has owing to its differ-ential on local rates. From many points in Nebraska and Iowa it is nearer to Chicago than to St. Louis and yet under the recent decision of the commission local rates from all western points are 6 cents a hundred less cago. This diverts an immense amount of grain to St. Louis which would

naturally come to Chicago,
"The St. Louis people also have the advantage that they can receive the grain and keep it for months without demurrage charges and then ship it east on exactly the same rate it would have taken if it had never stopped in transit. In Chicago we are subect to demurrage charges after forty-eight nours and if it does not continue east before eventy-two hours it must take the local rate. 3 cents higher than the proportion of the through rate. The practical effect of this inequality is that the St. Louis grain merchant can hold his grain as long as he pleases while in Chicago it must be sold within six hours after inspection, no matter whether the market is up or down—either this or pay cents more a hundred in addition to eleva

"We claim, and with perfect justice, that Chicago should simply be put on an equality with its competitors. This can be done by aducing the commissioner to make a differ ence of only 3 cents a hundred in the local rates as between St. Louis and Chicago from western points; instead of the present 6 cents. We are perfectly willing to yield our position if it can be shown it is not perfectly just and proper, and I believe the interstate commerce commission will look at it as we do. The reduction in rates ordered by the Kansas commissioners will not affect the question to any extent. It amounts to a 25 per cent reduction and

operative only on lines west of the river."
From another reliable source it was learned that not only would the Kansas roads contest in courts the rights of Kausas commissioners to reduce the rates as ordered, but that all western lines would unite in testing the right of the inter state commerce commission to compel the reduced rates as recently ordered. The contest will be heard on the Minnesota commerce commission to c granger decisions, in which the supreme court decided no power could compel roads to transport property at less than cost. The cost per ton to the western roads on grain is from 7½ to 9 mills. The decision, it is claimed, will reduce this from 5½ to 7 mills

That Ninety Days' Contract. CHICAGO, August 11 .- [Special Telegram to THE BEE.]-The ninety days in which the Western Passenger association agreement is binding expires September 9, after that date the agreement becoming more doubtful i the association will out last the agreement. Certain it is that Alton and St. Paul roads express the utmost dissatisfaction with the agreement, and they, together with almost if not quite all the other members, declare they will not longer continue the farce of living up to the terms of the agreement at the end of the ninety days, In no instance is the fault laid at Chairman Goddard's door

The agreement itself, and the conditions made by many of the roads in signing it, render it in possible to impose fines which will stick. It is agreed on all hands that Chair-man Goddard could have conducted matters more satisfactorily had there been no agree-ment whatever. The result of the inoperat-ive agreement has been that each road has done practically as it saw fit, rendering the passenger situation more shaky than it ever was before the break of rates in January Each road has a cause of grievance against its competitors and there is no way under the

agreement to settle the difficulties.

Especially is there war among the roads competing for Colorado business. One road competing for Colorado business. One road claims the Missouri Pacific is to blame for the whole trouble, while other roads lay the blame on the Rock Island and approve every act of the Missouri Pacific. From every side comes the admitted fact that roads are doing exactly as they please and cutting rates in a way to put the manipulations of pre-interstate commerce to the blush. Many lines are willing and anxious to withdraw their membership today, but none has yet mustered up courage to take the initiative.

CUT BY A GRIDA

An Employe of the Street Railway Company Severely Injured. Frank Leahy, an oller in the employ of the

street railway company on the cable line, removed one of the iron covers to oil a pully on Twentieth street near Lake. He deposited his oil can on the outside of the track and descended into the hole to examine the gearing. He remained out of sight for some time and in the meantime a cable train in charge of Conductor Thomas Mealn and Gripman Charles Anderson came along. Seeing the track apparently clear, as the oliers frequently remove the covers and then go away to attend to other business, the train proceeded on its way. The opening in the trench is not large enough to allow a mun to get out of the way of a live in the contract. get out of the way of a "grip" and in conse-quence Leahy's head was severely cut sud brulsed by being struck with the "grip." He raised up as soon as the train passed and was seen at once. He was assisted to a neighboring drug stare where his wounds were dressed. His head was badly cut, but the wounds were not considered fatal. The injured man was taken home and was resting easy at a late hour last night.

A Waterspout Bursts.

BOLLDER, Col., August 11-The bursting of a waterspout in the mountains above town last night caused the water in the river to rise to a fearful height in a very few minutes, The cabin of W. J. William Mulhall complained that Officer S.
S. Drummy assaulted him on the morning of
July 25 while intoxicated. It was
alleged that the assault was committed on the perch of a house in the burnt district while Mulhall was assisting Officer Russell to investigate an alleged case of assault. Mulhall is night watchman at Hoogland's lumber yard. He and Russell were trying to gain admittance when Drummy appeared and ordered him off the porch. Drummy and Special Officer Bruce went into the house and locked the door. They remained five or ten minutes, and when They remained five or ten minutes, and when they came out Drummy assaulted Mulhall and violently pushed him into the street. Mulhall thought that Drummy was drunk, but the bulk of the evidence introduced disproved that theory. Drummy told a very straight story, and denied using any undue force. He explained that Mulball was stubborn and in his way, and he merely pushed him aside.

Dr. Benson appeared before the board to secure a transfer of saloon privileges for Robert Tilford. Action was deferred. In executive session the charge against Officer Drummy was dismissed.

Action in the case against Officer Burr was

Chief Seavey was instructed to detail a man to take the place of the police and fire operator, who is on the sick list.

Living in Free and Easy Style in Respectable Neighborhoo 1.

IRREGULARLY MARRIED.

Sadie McGonigal was arrested yesterday charged with disturbing the peace. She put up \$5 for her appearance at 2 o'clock and forfeited the bond. There is little of public interest in that part of it, but other facts in connection with the case will be of great interest to the residents of North Eighteenth

For the past three months complaints against the place have been very numerous at police headquarters. The neighbors alleged that it was a disorderly house and told very damaging stories about the occupants. Officer after officer was sent to the place, but no positive evidence was secured until Detec-tive Vaughn traced it down yesterday.

It seems that six unmarried couples have made the place their home. Four of the women are sisters and the others are old time acquaintances. One of the men, and the one who claimed to be the head of the family, is a well known hay and feed merchant. Among the others are a "hasher" and three young men holding important positions of trust in the city.

Heretofore, when the officers have visited

the place the parties have claimed to be mar-ried and no positive evidence to the contrary was forthcoming.

Two of the women indulged in a hair-pulling match Saturday, and the one who was defeated gave up the desired information yes-terday morning. None of the parties have yet been arrested, but the piace will be cleared of its objectionable occupants, and the residents of that neighborhard will have

no further cause for complaint. A CARPENTER'S SUICIDE.

Peter Raberg Hangs Himself in His Cuming Street Lodgings. Another case of suicide was brought to light yesterday, by the finding of the body of Peter Raberg, a Swedish carpenter, suspended by the neck in his lodgings at 2420 Caming street. The discovery was made by Mr. G. Collins, a real estate agent who has an office in the building, and from whom the doceased rented his rooms. Raberg had not been seen for two or three days, and Mr. Collins visited the rooms to look for him. The body was hanging in a low doorway, at-

tached to a couple of nails by a short strap that was buckled about the neck. The man had apparently been dead three days, and decomposition had set in. The coroner was notified and a jury empanelled. The inquest will be held at Burket's undertaking rooms this morning at 10 o'clock. Raberg had no relatives in this country so far as is known. He worked at one time for the electric light company. He had occupied the quarters on Cuming street for about ten

John Christiansen is check clerk at the B. & M. freight depot and the head of an inter esting family at 1708 South Twelfth street. An open domestic rupture has just developed, however, and it resulted in Mrs. Christiansen's appearance in police court yesterday afternoon. She informed the city attorney that she had been a dutiful and loving wife, but had been prostrated by slekness, and that without just cause or provocation her husband had declared that she was of no earthly use and could not care for her chil-dren. He had sent the children to his brother, who resides at Twentioth and Dor-cas. He declared he would live with his wife no longer. She likewise refused to live with him, but insisted that the children should be placed in other hands.

It was to this effect that she wanted an order from the court, who refused to issue one until evidence was introduced to show that there was reason for it.

Major Wilcox Swears. J. C. Wilcox, president of the defunct Republican newspaper publishing company, yesterday filed in Judge Shaw's court thirteen motions to dismiss thirteen attachment suits. The attachments were secured several days ago by the employes. The defendant alleged, in his motion for dismissal, that the allegation of the plaintiffs were untrue and insufficient to justify the issuing of the attachments.
The major also filed his affidavit to the ef-

fect that he did not fraudulently contract debts with the palatiffs, neither did he in-tend to convert his property into money for the purpose of defrauding his creditors as alleged by the complainants,

The plaintiffs will have ten days time in which to prepare and file counter-affidavits.

The Busy Burglar at Work. The burglars were out again on Sunday night. Nuckell's procesy on north Twentyfourth street between Clark and Grace, was

entered and the till oreaned out. About \$10

was secured.

The Tremont house saloon at Thirteenth and Burt was also entered and the burgiars ciped themselves to \$10 worth of cigars.

The thieves attempted to enter the resi dence of H. J. Windsor, 2223 Howard, about 8 o'clock. The family is out of town but the noise made by the thieves, while working at the shutters awakened Ernest Rial, who re-sides next door, and who telephoned for the police. The burglars make their escape before the officers arrived. They had cut two slats from the shutters at a side window. Mrs Reland's saloon on Sixteenth street was also entered, but the thieves did not se-cure anything there, being frightened away before the consumation of their plan.

The Senate Again Resumes Consideration of the Tariff Measure.

SHERMAN COMMENTS ON ITS PROGRESS.

The Conference Report on the Sundry Civil Appropriation Bill is Finally Agreed to in the House.

WASHINGTON, August 11.-In the senate today after routine business the tariff bill was taken up, the pending question being on Mr. Plumb's amendment to reduce the additional duty on iron and steel hoops cut to length for baling purposes from 2-10 to 1-10 of a cent per pound. The amendment was rejected, three republicans-Messrs. Ingalis, Paddock and Plumb, voting in the affirma-

Mr. McPherson moved to amend the paragraph by making the duty on iron or steeel 50 per cent advalorem instead of 1 cent, 1 1-10 cents and 1 3-10 cents per pound.

Mr. Thurman spoke of the little progress that was being made with the bill. Nearly three weeks, he said, had been spent upon it and not one-fifth of it had been disposed of Unless senators on the other side would be satisfied with one vote upon a question and would then go right along the senate would have to continue in perpetual session. He did not wish to see any change in the rules of the senate if it could be avoided. If the other side would forego needless repetition of amendments and of yea and nav votes the senators might soon see daylight and soon be able to go to their respective homes. The bill had passed the house and had been 'conby a committee of ate, its general outline sidered

on Wednesday. Considerable money has been posted on the Deadwood and Chadron the senate, being on a scale of a protective tariff, even of a high protective tariff. The republican sen-ators did not dony that. It was a tariff that would protect American industries and build ap nearly all the industries that could be e ployed in this country. It was a pretty high protective tariff, and there were some points in it on which he would be willing to yield, still it had been reduced in several important particulars below the bill passed by the sen-ate two years ago. It seemed that the senate ought to make more progress with the

Mr. Vest said the senator from Ohio had stated that the bill was acceptable his side of the chamber. The R ord did not show that to the fact. On the other hand the most aggressive attacks made upon the bill had come om that side of the chamber and from state that gave the largest majority for republican ticket in the late election. Record would also show that a proportion ately larger number of democratic senato and responded every time the roll had been alled. He gave notice that every item in the bill would be discussed, if necessary, unless t was prevented by force, applied in some

The discussion having turned on the depreciation of farming property, a statement was read by Mr. Vest as to such depreciation n some of the best farming counties in

Mr. Cameron remarked that while the statement was correct, it was not, in his opinion, the cause of it. Its cause was the emonetization of silver in 1878. Ever since that act the price of land and farm products had decreased. Since the passage of the siler bill prices had risen some 20 per cent. Mr. Teller said that as to the question o aste in passing the bill he was not disposed

to deny its opponents a fair and free discussion. He was willing to stay and discuss the tariff question or allow it to be discussed, be cause he believed the American people wanted to know whether the bill was a proper revision of the tariff. Finally a vote was reached on Mr. McPher

on's amendment, and it was rejected with out division. The paragraph relating to tinned plate naving been reached Mr. Vest said it was a bold, naked attempt by Pittsburg manufac-turers to create another monopoly in their own interests against the consumers of the United States. He moved to reduce the rate from 2 2 10 cents per pound to 1 cent, the

Seventh Ward Germans Organize a Branch.

The Germans of the Seventh ward held an enthusiastic meeting at Krong's hall, Twentysixth and Walnut streets, last night. They were in attendance from all parts of the ward; and when H. F. Hamann called the meeting to order standing room in the little hall was at a premium.

In the opening remarks Mr. Hamann stated the object of the meeting was for the purpose of organizizing a Seventh ward personal rights league. This was greeted with load applause. A number of gentlemen delivered

applause. A number of gentlemen delivered speeches, in which they piedged themselves to work for their personal rights and the defeat of the prohibition amendment at the November election.

The organization was then completed by the election of the following officers: President Max L. Roeder; vice, president J. H. Boonstrah; secretary, P. A. Ledebrink; treasurer, Harmon Kerstens; finance committee F. Tugenhangen and Nick Bastian.

An opportunity was then given those present to subscribe to the constitution and bylaws and seventy-five availed themselves of aws and seventy-five availed themselves of The next meeting of this branch of the

THE BOARD OF TRADE. A Showing of Finances and Some

Interesting Reports. The board of trade met in regular monthly session last night with President Martin in the chair. There were very few members present. The directors' report showed that the bills allowed for July amounted to \$1,117,-66. The rents collected for July aggregated \$1, 824.27, for August from the 1st to the 11th \$1,346.82. The delinquent ront account amounts to \$1,279.44. There are six greatly rooms in the hourst of trade boldings. vacant rooms in the board of trade building sacant rooms in the coard of trade building, the rental value of which is placed at \$109. Secretary Nason read a lengthy, well prepared and very interesting account of the visit made by the president and secretary of the board to the Black Hills, the fin mines, Dendwood and other points in that region.

But Kansas City has eighty-eight money loaning agencies to Omaha's thirty-three, This fact seemed to impress Mr. Nason as being an indication Nason as being an indication that Omaha is not doing business on borrowed capital nearly so much as Kansas City. He called attention to the fact that Kansas City bank stock is bought and sold largely by local dealers, which tends to make

business brisk down there, and he thought Omaha might show a little more enterprise in financial matters. Dr. Solomen's Case, Dr. J. J. Solomon was tried in the police sourt at 5 o'clock yesterday afternoon on a charge of practicing medicine and obstetries

without being registered in accordance with the laws of the state. About twenty of these charges have been made against physicians in Omaha by the Omaha medical society. The case against Dr. Solomon has been taken up first by com-
