A Legacy.

A SENSATIONAL SECREF. How It Was Faithfully Preserved by

Citizen The energy with which people ply Jailer Miller with questions regarding murderer Neal every time the former goes upon the street is becoming almost unendurable to the well-known turnkey. And Joe is seriously considering the idea of sticking a big placard in his bat and one on his back every time he goes out, which will rand:

> NOTHING NEW CONCERNING NEAL.

Sunday evening this much "pestered" official was out for a quie' little stroll when a man who has proven the mest annoying by his inquisitiveness made it his business to hasten across the street and spring the same old chestnut. What's new about Neal-anything !"

Joe had noticed the "pesterer" coming and immediately pulled a very sad and intensoly worried look across his face. He hesitated to

"Why, Joe, you look fearfully worried-it sn't over anything that happened to Neal, is

isn't over anything that happened to Neal, is it?" continued the man. "Can you keep a secret!" Joe asked, draw-up to him in a very confidential way. "Great heavens, yes!" exclaimed the man in an excited whisper. "Neal has done us! Escaped an hour ago! Broke all four of the locks on his steel cage, singged the death watch, picked the locks on all aix of the other doors that were between him and the court yard and got away. Now, don't give it away. The sheriff and a big posse are on his trail. I'm just walking around quietly to avert suspresson." Within the next hour and a half no loss

Within the next hour and a half no less than thirty telephono inquiries were shot into Jailer Miller's private office asking about "the truth of a report that was spread-ing like wildfire" and which said that Neal had escaped. The last three messages which came were from Council Bluffs, South Omnha and Florence. "It was a heartless joke," said Joe, "but it accomplished two things to my satisfaction.

First, it broke the monotony, and second, it gave a fresh illustration of how much the solemn promise of an 'eminently respectable' citizen is worth when it comes to keeping a ensational secret."

We had the crowds among the odd suit Pants and they almost cleaned the tables-only very few of these pants are left. This week we propose to have just as many customers in our Shoe department. We are closing out all our summer shoes and must be rid of them in a few days, We will make it worth your while to visit our shoe department this week-will show you bargains you have never seen before in the shoe line. All shoes adapted for summer wear must go.

Men's Russet Goat Oxford Ties, \$ 1.40.

Men's Russet Goat Lace Shoes. \$ 1.75.

Men's Coffee Brown Goat Lace Shoes, Goodyear welt, \$2,25,

Of the last lot there is only a small quantity. These shoes are not of the common trashy colored stuff of which, nowadays, so many are in the market. Ours come from reputable makers, are of good, honest stock, well made, and we can recommend them. The shoes are extraordinary bargains, and you should avail yourself of this opportunity. Shoes of color possess many decided advantages over black shoes for summer wear. They are much coolor, require less care, are less expensive and more comfortable.

In black summer shoes we offer a lot of very fine Kangaroo hand welt Southern Ties, which were delayed by the manufacturer and only received last week, too late in the season to sell with a profit. It is a shoe which we would ordinarily mark \$4.75, but for above reason we ofer them at \$3.90.

We still have a small quantity of the Patent Leather Shoes at \$2.50. We shall not get n any more of them this season, so if you want a pair better come soon.

TO MECHANICS AND LABORERS.

We have again a full line of our celebrated all solid leather \$1.25 shoe. This is by all odds the best low priced shoe ever offered.
