

A CRUSADE AGAINST DISEASE.

The Board of Health endeavoring to ascertain where it lurks.

WELL WATER FOUND DELETERIOUS.

A joint committee of the Council and Board of Trade to entertain the delegates of the National Farmers' Congress.

The board of health held an important meeting in the rooms of the fire and police commission.

All the members were present except Mr. Chaffee of the city council, who had gone as a member of the invitation committee.

The first meeting held since the city council voted the board \$10,000 to work with, and the interest displayed by the members was greater than had been previously displayed.

A lengthy discussion arose over the subject of abating the nuisances which exist in various portions of the city, as pointed out in the Blue Book.

A new variety of nuisances was brought to the board's attention through a communication from W. P. Hudson.

The letter referred to the water furnished from the wells located in the vicinity of the corner of Twenty-fifth and Corby streets.

Known as Patrick's addition, the lots being Nos. 2715-2732. The fluid it held was unfit for use.

Having examined these wells and finding them in a foul condition, the board immediately ordered these nuisances abated within ten days.

Mrs. Ish, whose property on Jones street between Fourteenth and Fifteenth had been complained of as a nuisance, explained that the complaint was based upon badly constructed sewer facilities.

The board recommended that the council order a sewer to be built in that district.

The matter of foul well water being referred to the secretary was instructed to make ten analyses of the water referred to in the report.

Chief Seavey said that while he was not familiar with the wells in the locality referred to, he had examined others and was satisfied that the water was pure.

After a good deal of discussion, it was given a good cleaning out they would be in a healthy condition until next spring.

A well was reported at 812 South Seventeenth street being a nuisance, and was ordered closed.

Mrs. Hanora Corrigan, 2125 South Twelfth, reported a fearful nuisance in the shape of a stagnant pool on lot 1, block 115, at the southwest corner of Twenty-first and Nicholas.

They were in a very simple and indescribable condition. Orders were issued for the removal of the nuisance.

A communication signed by nineteen residents called attention to the condition of the sewerage at southwest corner of Sixteenth and Hart streets.

Then came a peek or more of letters referring to alleged nuisances and requested action by the board.

After a long discussion, and on motion of Chief Seavey, the board ordered that garbage be removed in the district described by Tenth and Eighteenth streets.

At a meeting of the board held on August 27, a bill of Mr. DeLor for making up the record of births and deaths, \$20 a month for three months, was ordered paid.

City Physician Gapsen called the board's attention to the fact that diphtheria was clinging to Omaha with unusual tenacity.

He inquired what steps would be suggested to check its progress, and stated that it should be a man specially employed to visit every house where there was diphtheria, scarlet fever, typhoid fever or contagious diseases of any kind.

On motion of Chief Seavey, the board recommended to the council that it pass an ordinance making it a misdemeanor to clean vaults at other times than between the hours of 11 p. m. and 4 a. m.

A communication from Mrs. A. M. Clark, Twenty-seventh and Pierce streets, asked the board to replace a lot of carpet and working clothes which she had destroyed after a fire.

On motion of Chief Seavey, the board recommended to the council that it pass an ordinance making it a misdemeanor to clean vaults at other times than between the hours of 11 p. m. and 4 a. m.

The city council committee appointed to arrange for entertaining the delegates to the national farmers' congress now in session in the Blue Book met at the mayor's office.

It required but a few minutes to ascertain that they were heartily in favor of extending the freedom of the city to the agricultural visitors.

The committee construed the instructions of the council to warrant it incurring whatever expense might be necessary in order to make the reception a success.

Mr. Ostbo announced that he had had a talk with Superintendent Gilmore of the Missouri Pacific railroad, and that gentleman had informed him that if the Omaha Pacific would take the delegates to South Omaha, his line would bring them back.

The members of the committee concluded that the Omaha Pacific would be such an arrangement.

A trip to South Omaha in the forenoon, a luncheon and a drive around Omaha in the afternoon were then decided upon.

The committee concluded to invite the mayor and city council of Council Bluffs to take part in the drive.

Messrs. Chaffee, Davis, Lowry and Oshoff were appointed a sub-committee to go to the Blue Book immediately to report to the city council and learn its pleasure on the questions, also regarding the day upon which they would be pleased to visit the city.

THE SPECULATIVE MARKETS.

Wheat Open Higher All Around, With a Very Wild Market.

OUTS QUIET COMPARED WITH WHEAT.

Lively Interest Manifested in Provision, Together With a Firmer Market, Make Better Prices - Cattle and Hogs.

CHICAGO, August 27.—(Special Telegram to THE BELT.)—There was a rattling time in wheat-to-day. Prices started about 1/2 higher all around on a somewhat wild market.

Before 1 o'clock prices had advanced on all lines, and the market was very largely attributed to the very bullish statements contained in Bernheim's early message on British markets.

Then, 10 o'clock, bulls who have made much profit from the advance in wheat, talked \$1.25 for wheat ready to take on more at the promise of a further advance.

This they did early and the high prices of the day were reached at once after the opening. High prices were reached at 10:30, or like over last night, December opened at 1.05 1/2 and thereabouts and closed at 1.05 1/2.

There was a drop in the price of the 10:30, but it was not a very large one. It was a drop of 1/2 cent, and the price was 1.05 1/2.

There was a drop in the price of the 10:30, but it was not a very large one. It was a drop of 1/2 cent, and the price was 1.05 1/2.

There was a drop in the price of the 10:30, but it was not a very large one. It was a drop of 1/2 cent, and the price was 1.05 1/2.
