THE CITY.

A meeting of the Woman's Christian association will be held today, at 2:30 p. m., in the parlors of the young woman's home, 109 South Seventeenth street.

Mrs. J. C. Lange presented a basket of beautiful bouquets to the clerks at Kelley, Stiger & Co.'s on the occasion of their opening yesterday. These little mementoes and the giver will be long remembered with pleasure by the delighted recipients.

The only radical cure for rheumatism is to eliminate from the blood the acid that causes the disease. This is thoroughly effected by the persevering use of Ayer's Sarsaparilla. Persist until cured. The process may be slow, but the result is sure.

Landed in the County Jail.

E. E. Quackenbush, a settler living near Stratton, an account of whose arrest on the charge of perjury in proving up on a land claim has already appeared in THE BEE, was brought to this city yesterday and placed in jail to await trial at the next term of the United States court.

Change of life, backache, monthly irregularities, hot flashes are cured by Dr. Miles' Nervine. Free samples at Kuhn & Co., 15th and Douglas.

A Runaway.

C. Pahl, a grocer at Seventeenth and Clark, and P. Gaahst, who resides at 513 North Sixteenth, had a narrow escape about 1 o'clock yesterday. They were driving north on Sixteenth street, and when near the corner of Leavenworth the horse ran away. At the corner of Sixteenth and Howard the runaway dashed upon the sidewalk, overturning the buggy and throwing out the occupants.

They were badly shaken up and bruised, but escaped a more serious injury. The vehicle was demolished.

Nebraska Weather Crop Bulletin.

The temperature of the past week has been below the normal, the nights especially being very cool. There has been about the average amount of sunshine. The rainfall has been above the normal in the eastern part of the state and normal or but slightly below in the rest of the state. There has been but slight changes in the condition of the crops during the past week. Corn has continued to improve slightly in general condition, but the weather has been too cool for it to mature as rapidly as it should. Late potatoes and grass have been much benefited by the rains of the week.

The Collingham Inquest.

The inquest over the remains of Collingham, who was drowned Sunday, developed nothing but what has been published. The jury rendered a verdict of accidental drowning.

Letters found among the dead man's effects showed that he had two maiden sisters, Clara and Rose, living in Providence, R. I., and a telegram was sent them asking for instructions as to the disposition of the remains.

E. P. O'Donnell, in whose employ the dead man had been, stated that the latter had told him he had once been married and had one child, but the child and mother had both died about three years ago, when the former was about six months old.

Kountze Place Sidewalks.

OMAHA, Neb., August 30.—To the Editor of THE BEE: Your editorial on the condition in which contractors leave sidewalks when through grading, is certainly to the point. The readers and patrons of your paper cannot but be thankful that you have taken this matter up. Several years ago, at least it seems so long, the sidewalks were removed by the grading contractor on Spencer street in Kountze Place, and have not all been relaid yet. As far as crosswalks, at the intersection of streets is concerned, there are none of them relaid. We expect to continue "to walk through the mud" this winter as we have for several years past. Kountze Place is well known as one of the handsomest additions to the city, but the action of the grading contractors, sidewalk inspector and board of public words, has caused us to blush when showing the addition to strangers. There were crosswalks once, but they were removed, allowed to rot and probably stolen. Is there any hope that they will ever be relaid? KOUNTZE PLACE.

The rosy freshness and velvety softness of the skin is invariably obtained by those who use Pozzoni's complexion powder.

A Suggestion to the Board.

OMAHA, August 30.—[To the Editor of THE BEE: Your recent reference to the "wanton destruction and pulling up of sidewalks that are still in fair condition and their replacement under orders of the sidewalk inspector," is most timely. There is entirely too much of this sort of work going on. Repairs are ordered and made where absolutely no repairs are needed. Planks are thrown out that are about as sound as the new ones put in, and they are, it is understood, charged up to the property at exorbitant rates. In the outskirts of the city the disposition seems to be to place some new plank in the walk of every lot with regard to needs. The matter is left to the discretion of repairers, who, of course, work in the interest of the contractor, and get in as many as they can. These men are not competent judges of the repairs needed, and indeed in many instances the repairs show that they are not even competent workmen.

THE BEE voices the sentiments of a large class of property holders when it says that "the board of public works should take this matter in hand, and that before any sidewalk is condemned by the inspector it should also be viewed by a member of the board." Taxes are high enough in Omaha without their being increased unnecessarily by greedy contractors who are allowed full scope to tear up and throw aside sidewalks fully as good as that which they put down. Let the board of public works look into this matter by following up the repairers, and they will find that many taxpayers have just cause for complaint. CITIZEN.

Hot Weather and Accidents.

Take no chances on headaches or sunstroke This hot weather is fearful, but if you will take a few of Krause's Headache Capsules each day you will find the temperature will be reduced and the likelihood of sunstroke or prostration absolutely counteracted. For sale by all druggists.

The Solid South

Is solid on the great "German Remedy." Telegrams and letters are received every day during this heated term for Krause's Headache Capsules. The people from that section say they reduce the temperature and prevent sunstrokes and headaches. For sale by all druggists.

Sun Stroke.

Now is the time, the accepted time, to prevent sunstrokes, headaches, etc. By reducing the temperature all these distressing evils will be prevented. Krause's Headache Capsules are the thing.

One or two Krause's Headache Capsules taken during the day will prevent any headache, also attacks of sunstroke. All druggists.

FRACTURED HIS SKULL.

Lee Garlick Thrown From a Horse and Fatally Injured.

Lee Garlick, a sixteen-year-old boy living with his parents on Thirty-third street, near the Belt line, was thrown from his horse on North Sixteenth street yesterday about noon. His horse became frightened and started to run. It struck a wagon and knocked its rider off, fracturing the base of his skull, and bruising him severely. He was taken to his home and a physician summoned. The latter pronounced the injury to the skull fatal, but thought the patient might live a day or two.

Headache, neuralgia, dizziness, nervousness, spasms, sleeplessness, cured by Dr. Miles' Nervine. Samples free at Kuhn & Co.'s, 15th and Douglas.

MORE POLLING PLACES.

Tuesday Petitions Will Be Circulated by Bee Carriers.

In order to expedite the movement to increase the number of polling places in Omaha THE BEE has decided to circulate petitions in the various wards through its carriers, care being taken that none but known residents and legal voters shall be asked to sign the petitions.

Under the law no increase in the number of voting precincts can be made except a petition signed by at least fifty voters in any ward be presented to the city council.

Time is pressing. The new sub-division of voting places must be made within the next two weeks, and the registration books and blanks must be prepared in time for the new registrars.

All legal electors are requested to assist THE BEE carrier boys in securing the signatures of competent voters. With a little co-operation on the part of our friends the task will prove an easy one.

The petitions to be presented today for signature will all read as follows:

FOR A DIVISION OF POLLING PRECINCTS.

UNDER THE LAW AT LEAST FIFTY ELECTORS IN EACH WARD ARE REQUIRED TO SIGN THIS PETITION.

To the Mayor and City Council of the City of Omaha:

Your petitioners, legal voters of the..... ward, in said city, hereby pray the mayor and city council of said city to divide said ward into.....polling or voting districts, and we hereby represent, show and make it appear that said ward contains more than four hundred (400) legal voters as appears by the election returns of the last city election held in said ward.

Your petitioners, therefore, pray that a sufficient number of polling districts may be created in said ward to insure the reception of all votes entitled to be cast therein at the coming election.

OMAHA'S SHARPSHOOTERS.

How They Were Honored Sunday Afternoon at Ruser.

Sunday afternoon the third annual fest of the Omaha schuetzen fest verein came to a close in Ruser's park. A thousand interested spectators gazed upon the ceremonies which were carried out with an attention to detail never before witnessed in Omaha.

It was a reproduction of similar exercises in the fatherland which conduce so much to the pleasure of the people and inspire in them a devotion to marksmanship and valor, the safeguards of the nation.

The shooting had begun on Saturday at noon and continued unremittingly during the afternoon and on Sunday up to the closing hour. At that time the sun was sinking in the west and a gentle wind was playing among the trees.

On the range the members of the verein formed in line and to the martial strains of the Union Pacific band marched to the open dancing floor, where they formed a hollow square. On the west side President William Mach mounted a chair while in front of him stood a table. Beside the table stood Louis Heimrod, the secretary of the association. Behind him stood Mr. M. Kjer who held communication with a window in the inclosed dance hall in which Mr. William Segelke was visible.

The president, in German, eloquently and felicitously set forth the object of the gathering and announced that the King prize had been awarded to Mr. Fred Fuller who was thus styled the king of the fest.

This announcement was received with cheers and drew forth an "alarum" from the band.

Mr. Fuller immediately advanced to the table and was invested with a large, broad red silk sash trimmed with gold, the front bearing a beautiful embroidery of oak leaves together with the following inscription also in embroidery, the work of the fair hands of Miss Augusta Pomy:

"Ehre preis, fur den Omaha schuetzen verein, von Augusta Pomy, 1888."

This was placed upon the shoulder of the big man by little Lucy Mach, daughter of the president, who at the same time pinned it with the golden medal which accompanied it.

Mr. Fuller was then raised upon the shoulders of County Treasurer Snyder and E. Paulsen and borne to the range. On the return trip, Messrs. F. Mengadot and W. Butt carried the 260-pound mortal. His return was greeted with another "alarum," after which W. F. Stoecker passed around a beaker brimming with wine, from which each member sipped some of the sparkling liquor.

Mr. Fuller was decorated with the magnificent J. E. Boyd medal, which he had won as the best shot, making a score of 176.

The other awards were then made, the prizes being handed from the dance hall by Messrs. Segelke, Kopp and Heimrod to the president, who in turn handed them to the winners. When well known people were called, the president made remarks pertinent to the individual and occasion, and the bestowal of the prize was greeted with the triple cheer, "Er lobe hoch," and the "alarum" by the band. This was especially with Chris Wuethrich, ex-president of the verein; W. F. Stoecker, with his breast decorated with medals, indicative of former triumphs; Ed Wittig, who walked off with a magnificent cartridge box; William Segelke, Louis Heimrod, who won a fruit dish; Anton Pokorny, who drew a sheep, which he didn't claim; Peter Goos, who displayed his champion ten-pin medal; Julius Nagl, who walked off with a magnificent chair and a fine cash prize; Adam Snyder, who won a smoking set, Judge Bencke, whose award was a fruit dish and a pair of vases, and Councilman Blumer, who won a gun.

The other prizes were as follows:

BROKE JAIL.

A Penitentiary Bird Makes His Escape at Night.

The first jail-breaking that has occurred at the county bastile went upon record at about 2 o'clock Sunday night, when it was discovered that R. C. Johnson, one of the smoothest, most experienced and daring confidence men in the country had flown.

The details of the escape as well as the fact itself are stubbornly withheld by the authorities in immediate charge, but have leaked out through another source.

Having gotten hold of a knife or a small tool of some kind, Johnson succeeded in taking the lock off his cell. Once in the corridor he found a "cubby hole" that had been left unguarded, and that let him next to the roof. Then he discovered a manhole in the roof which had been left unlocked.

Raising up the cover, it was the work of but a moment to draw himself up on the roof, then to drop down from the roof onto the ground and then take to his heels.

As soon as the escape had been discovered or at about 11 o'clock—two hours later—the police were notified.

The gentleman now at liberty was bound over to the district court some six or eight weeks ago for confidencing a farmer out of $80 in cash. He had been identified by his victim, and the other evidence against him was conclusive, and consequently Mr. Johnson was bright enough to see that all he had to look forward to was a term in the penitentiary. He is about forty years old, quite tall, rather slender and wore a full though not particularly heavy beard. He has one of the most innocent, unsophisticated expressions of confidence and is calculated to ply his nefarious business with success.

Jailor Miller completed his term of office and left the jail Saturday evening at 6 o'clock. His successor, Pat Lynch, attempted to pull the wool over THE BEE man's eyes by a denial that the escape had occurred, this also in the face of the fact that he had told the police all about it.

Census Taking in India.

The London Daily News thus explains some of the difficulties of census taking in India: "The great difficulty with the Indian population is not so much to prevent false returns as to prevent false and ridiculous notions about the motives of the government. Millions of people are ignorant enough to believe that one object of the census is to procure lists of persons eligible for sacrifice. There are multitudes of people who believe that every great public work—bridge, barracks, railway, canal—is started with a propitiatory sacrifice of human life to the gods. Perhaps the most general impression is that the census is a taxing trick. Not the least interesting portion of the census of 1891 will be that which deals with the child widows and child wives, of whom there are many millions in India, and who are to be the subject of the next great legislative reform. In England the question of ages will be a delicate point. In India it will be the question of names, and the ordinary native Indian householder is pretty sure to resent as a mortal insult inquiries about the female members of the family."

As a Rule,

It is best not to attempt to remedy costiveness by the use of saline or drastic purgatives. When a cathartic medicine is needed, the most prompt and beneficial is Ayer's Pills. Their effect is to restore the regular action of the bowels, without weakening them. Being sugar-coated, these Pills retain their medicinal virtues for a long time, and are easy to take.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithsville, Pa.

"In 1858, by the advice of a friend, I began the use of Ayer's Pills as a remedy for biliousness, constipation, high fevers, and colds. They served me better than anything I had previously tried, and I have used them in attacks of that sort ever since."—H. W. Hersh, Judsonia, Ark.

OUR FALL STOCK

Is now ready and on our tables. We are proud of it, and if you see it you will say we have reason to be. We have made great exertions to get up a stock of goods, that would be worthy of The Nebraska Clothing Company that will not only accomodate our vast army of old customers, but also provide for thousands of new patrons. Omaha's census returns warrant us in looking for a great increase in our business.

To people unacquainted with OUR house, FINE clothing means HIGH PRICED clothing. To such we extend a cordial invitation to call and examine OUR GOODS and HOW THEY ARE MARKED. We are anxious to convince them that there is no need of paying exorbitant prices. We will show them that we can give them as *fine goods and of as good workmanship as they can get any where* and *that we can save them considerable money on their clothing purchases.*

The greatest saving we can show you is on Boy's Clothing. Nothing advertises a Clothing House more than to sell these goods close, and for the past few seasons we have made it a rule to sell Boys' and Children's Clothing at merely nominal profits. To this we attribute in a great measure the rapid growth of our business. We shall continue the same policy this season and will offer in our Boys' Department bargains *which you cannot get elsewhere. For the opening of the schools we have prepared a stock of goods second to none in the country and we promise to save you not 25c or 50c, but positively $2.00 or $3.00 on every good suit which you need for your boy.*

THE FIGURE "9."

The figure 9 in our dates will make a long stay. No man or woman now living will ever date a document without using the figure 9. It stands in the third place in 1890, where it will remain ten years and then move up to second place in 1900, where it will rest for one hundred years.

There is another "9" which has also come to stay. It is unlike the figure 9 in our dates in the respect that it has already moved up to first place, where it will permanently remain. It is called the "No. 9" High Arm Wheeler & Wilson Sewing Machine.

The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1889, where, after a severe contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, all others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company, with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the greatest advance in sewing machine mechanism of the age. Those who buy it can rest assured, therefore, of having the very latest and best.
