STATE CONVENTIONS. Colorado Republicans.

DENVER, Colo., Sept. 17 .- The republican state convention met here this morning and after perfecting a temporary organization took a recess. There is a bitter, factional fight in the party, one faction being termed the "gang" and the other the "gang smashers." The former have control of the state and county offices and are making a

strong fight to continue in power, while the others are determined to oust them. The re-sult of this is that there are contested deletown today and was an interested visitor to the Cass county fair. NEW ROUTE TO SIOUX CITY.

The Rock Island's Blow at Competitors for Northwestern Business.

Adjourned.

Синскоо, Sept. 17 .- Special Telegram to THE BEE. -The Rock Island road has formed a new route to Sioux City which, to competing roads, will prove a demoralizing factor in all business from northwestern points. The route consists of the Rock island, Burlington, Cedar Rapids & Northern and Sloux City & Northern roads. Under the mileage tariff of the Iowa commission the length of this route will extend the Sioux City rates to a point within fifteen miles of Sioux Falls. This point has always taken rates 8 per cent higher than Sioux City, but owing to the Goat's Horn route of the Rock Island, the rates. must be practically the same. Consequently the Illinois Central road has given notice that on September 22 it will apply Sioux City rates at Sioux Falls. On being notified of this action the Lake Section discussion of the section the Lake Superior lines immediately took steps to meet the reduced rates via St. Paul and Duluth and the consequence will be a reduction of 8 per cent and upwards from all Dateda and wards mental Dakota and western points.

At this morning's meeting of western lines it was decided to make grain rates from Sioux City 2 cents higher than from Omaha. The formation of the new route of the Rock Island was not known, it being considered that was not known, it being considered that Sioux City was not a competitive point of either the Rock Island or Alton. In pursu-ance of yesterday's resolution, there-fore, the order of the interstate commerce commission for a 20-cent rate from all Missouri river points was to be ignored. The Rock Island will upset this, however, by making a 20-cent rate from Sioux City, and of course the rate will be carried to Sioux Falls and points farther west, thus tumbling rates in a manner which it is feared by milroad men will lead to exwest, thus turnoling rates in a manner which it is feared by milroad men will lead to ex-tensive demoralization. The Rock Island will also reduce grain rates in Kansas and Nebraska and will apply the reduced wheat rate on flour and the reduced corn rate on mill stuff, rye and barley. Competing lines claim the Rock Island will break the Western Freight association agreement by either action and the result is certain to be a wrangle, as the competitors of the Rock Island have not the competitors of the Rock Island have not made the reductions mentioned in their tariffs subjects have created more ill feeling among the freight men than has existed in six months. months

Chairman Goddard of the Western Passenger association has accepted the chairman ship of the Southwestern Railroad and Steam ship association. This afternoon Mr. Gol-dard said he was not yet at liberty to tell what office he had ac-cepted, but later the above was learned from the most unquestioned authority. This association includes all the lines west and south of Kunsa City and the griff lines of south of Kansas City and the gulf lines of steamers. The salary of the chairman is \$15,000 a year. The natural place for the headquatters of the chairman is either at St. Louis or Galveston, but Mr. Goddard re-fused to move away from Chicago and his earding was in and housed that his the services were in such demand that his wishes were recognized and he will occupy permanent offices here.

Chairman Finlay of the Trans-Missouri association today accepted the chairmanship of the Western Passenger association and will relieve Chairman Goddard on October 1. The passenger department of the Trans-Missouri has been absorbed by the Western Passenger and it is now the expressed in-tention to morge the freight department into the Western Freight association, thus effecting a saving of \$100,800 a year.

A Cut in Rates on the Alton.

CHICAGO, Sept. 17 .- [Special Telegram to THE BRE.]-The Alton road is selling tickets from Lincoln, Neb., to Chicago, via Kansas City, at the Short Line rate, a reduction of \$1.60. This forces a reduction from every point in Nebraska west of Lincoln of the same amount. General Passenger Agent Charlton of the Alton said, in reference to the matter: "We have simply quoted the persons. The Union Pacific Showing.

NEW YORK, Sept. 17.- [Special Telegram o Tun Bun.]-The Evening Post, in a fluan cial article, says: "The report of gross and not earnings of the Union Pacific whole sys tem for July and for the seven months to July 31, show again, as the earlier reports have shown, that the Union Pacific Denver and Gulf is the only prosperous division of the Union Pacific system and the only thing that saves the Union Pacific from making a very bad showing. For the seven months to July 31 the Union Pacific Denver and Gulf earn-ings show an increase of \$182,477, or 112 per Package over last year, while the whole Union Pacific system shows an increase of only \$238,725, or about 3 per cent. This, however, is due mainly to the Oregon Navigation, which shows a decrease of \$555,042, or 73 per cent of its net earnings, as compared with the same time last year. The total fixed charges of the Union Pacific Denver and Gulf for 1890 are about \$100,000 per month, and its net carnings so far have been at the race of \$137,000 per month, or at the rate of 11g per cent per annum on the \$431,000,000 of out-standing stock."
