Mass Meeting at Wymore.

WYMORE, Neb., Sept. 23,-[Special Telegram to 'Tus Bss.]-The farmers and the Knights of Labor held a large mass meeting in the fair grounds north of the city today. They met outside the city and formed a procession which took over an hour in cession which took over an hour in passing a given point. After parading through the streets of the city they proceeded to the fair grounds and took dinner. After dinner the multitude was ad-dressed by Judge Edgerton of Omaha, fol-lowed by Richard F. Travelick, who was cheered quite frequently in his herculean task of giving the people brains, as he claimed. Hoa George F. Collins, alliance candidate for state senator, then spoke for a candidate for state senator, then spoke for a short time. The North Nebraska Fair.

NORFOLK, Neb., Sept. 2s.-[Special Tele-gram to THE BEE.]-The first day of the North Nebraska fair closed this evening with great exhibits in every department. As immense variety of grains and vegetables proclaim the fact that farm products in this section have not been injured by drouth. Fully five hundred plates of fruits are shown. Sugar beets occupy a department by them selves. The field of horses for the speed de partment was largely increased today. Cat-tle, hogs and sheep are well represented. In poultry and fat stock there are fully 150 en-trics, and all other classes are well filled. Tomorrow is children's day and Thursday is alliance day. General Van Wyck will speak The rationads have made special arrangements.

Jefferson County Fair.

FAIRBURY, Neb., Sept. 23.-[Special Telegram to Tag Bgg.]-The fifteenth annual meeting of the Jefferson county agricultural society began here today and the prospects for a successful fair are good. The day has been taken up in arranging the exhibits and are larger and of a much bet-ter class than any previous year. The farm products are unusually good and do not fall short of any former exhibit. All par-ties concede that there is the best field of horses bare for the races that have ever been in Fairbury. The purses for the races are liberal and the managers have spared no pains to have each race filled. The principal race of tomorrow will be a running race in which there are seven entries, several of them

River Carn val at Davenport.

DAVENPORT, Ia, Sept. 23. -The river carnial held on the Mississippi river tonight was scene of great brilliancy. It is estimated that 20,000 persons lined the river banks on this side while 10,000 viewed the pyrotechnics from the share of Rock Island. At S:30 the firing of a salute of sixty guns began, and at the same time 204 illuminated boats, dis-charging thousands of Roman candles, started down the river from a point a mile above the railroad bridge. The programme of fre-works from anchored barges below the bridge lasted nearly an hour, and consisted of sevthe river for another mile, discharging guns, rockets and candles.

PROGRESS OF TARIFF WORK. The Republican Conferees Expected to Reach

an Agreement Today. ONLY TWO POINTS OF DIFFERENCE REMAIN.

Both Sides Very Obstinate Regarding the Rates on Sugar and Binding Twine-The Omaha

Postmastership.

WASHINGTON BUREAU THE OMARA BEE,) 513 FOURTEENTH STREET, WASHINGTON D. C., Sept. 23. The republican conferees on the tariff bill

were not able to finish up their work today, but it is understood that an agreement will be reacted tomorrow. It is reported that the only points of difference now are on sugar and binding twine. Both sides seem to be very obstinate in adhering to the rates adopted by their respective houses. The greatest secrecy is observed in reference to the proceedings of the conference, but from what can be gathered it may be stated that the following changes have been made: The earthenware schedule, on which the differences were very marked, has been adjusted by the senate receding and leaving the rates as established by the house. The glassware rates, which were made compound by the

iouse, have been restored to an ad valorem rate on most of the articles of glassware at a uniform rate of 60 per cent. The principal point of difference on the metal schedule was n sheets and billets. The language of the nouse bill is restored, with the following new classification: Sheeps valued at 1 cent per pound or less, 5-10 of 1 per cent; valued above cent and not above 1 4-10 cents, 65-100; value above 1 4-10 and not above 2 cents.

-10. The remaining classifications on steel sheets are retained as in the house bill. Steel rails are fixed at 6-10 cept per pound. The senate rates on shotguns were adopted. The sugar schedule is changed by paying a bounty on sugars testing 90 degrees by the polariscope instead of 80. Champagne is madedutiable at \$8 per dozen, and brandy and wine at \$2.50 per gallon. The amend-ments made by the senate to the other paragraphs of the liquor schedule were aban-doned. A great many changes have been made in the flax and hemp schedule, the

rates generally being a compromise between those adopted by the two houses. Paintings and other works of art were placed on the free list by the house and made dutiable at 30 per cent by the senate. I conferces have restored this pa-graph to the dutiable list at per cent. It is understood t The para-15 er cent. It is understood that number of internal revenue features of the that

bill nave been agreed to and that tobacco and snuff will be reduced from 8 to 6 cents a pound, and that all special taxes on dealers and peddlers of tobacco and eigars will be abolished. It is probable that the paragraphs in relation to the use of spirits in the manufacture of vinegar will also be adopted. The conferees will meet tomorrow, when it

The conferees will meet tomorrow, when it is expected that the final touches will be given to the bill and that it will be reported on Friday or Saturday. The date when goods may be removed from bond under the present law is fixed at February 1. No agree-ment has been reached in reference to the day when the bill shall go into operation, but it is generally believed that it will be not later than October 15. CHICAGO, Sept. 23,-[Special Telegram to THE BEE.]-A rallway news bureau says "Chairman Goddard of the western passengerassociation today refused the proffered chairmansnip of the Southwestern Railway and Steamship association. This decision took Judge Springer of the Atchison and Vice president Stubbs of the Southern Pacific, the only two members of the execu-tive committee now in the city, completely by surprise. They had counted on Mr. Goddard as chairman, but it is understood the Lake Shore road came to the front with a handsome increase in its first offer and that after October 1 Mr. Goddard will be on the Lake Shore pay-rolls as vice president or general manager. The Latest Railroad Fake.

NEW YORK, Sept. 23 .- [Special Telegram to THE BEE.] -- The Tribune this morning states that the story sent from San Francisco of the project of a new transcontinental line in which the Vanderbilts were to combine with Senator Stanford, did not create excitement in railway circles yesterday. Its structural weakness was discovered without the aid of a microscope, and the friends of General George J. Magee, who was used as the authority, expressed doubt that he had written the statement ascribed to him. If there is any foundation for the idea that a competing road with the Central Pacific is to be established, the published story gave no hint of it. The surrender of the Bee line to the proposed syndicate, and the alleged in tention to purchase the Chicago & Alton were said by some persons to smack of a de-sire to "bear" the first named and bull the last named property. Chauncey M. Depew, when he saw the story, declared that it was onsense, and a brother of Senator Stanford, in private conversation, laughed at the idea that the senator was concerned in such a pro-ject as was suggested.

The South Shore Reduction. CHICAGO, Sept. 23 .- |Special Telegram to THE BEE. |-A meeting of the Western Passenger association was held today to consider the threat of the Duluth, South Shore & Atlantic to reduce passenger rates from St. Paul to New York. NORTHWESTERN SENATORS COMBINE.

The work of the conference committee on the tariff is being closely watched by the northwestern senators, who are determined to oppose any agreement to the report in case the interests of agriculture in the west are not properly protected. This afternoon, upon learning that the senate amendment placing

binding twine upon the free list would prob-ably be rejected by the conference committee, Senators Paddock, Plumb, Ingalls, Wilson of Lowa Davis and Washburne of Minnesota Casey and Pierce of North Dakota, Pettigrew of South Dakota and Powers of Mon-tana held a meeting, at which they pledged themselves to vote against the tariff bill if the duty on binding twine was not stricken off and the reductions made by the senate in the interests of the west were endorsed by the conference committee. Immediately upon coming to this decision Senators Allison and Aldrich were notified of the action of the northwestern senators.

THE AFRICAN SLAVE TRADE TREATY. A report prepared by representative An-drew of the house committee on foreign affairs contains a copy of the treaty arranged at Brussels, July 2, concerning the suppres-sion of the African slave trade. This treaty sion of the African slave trade. This treaty was signed at a conference attended by the representatives of Germany, Austria, Bel-gium, Denmark, Spain, the Congo State, the United States, France, Great Britain, Italy, the Netherlands, Persia, Portugal, Russia, Sweeden and Norway and Turkey. The treaty, it was supposed, was still held secret within the precincts of the state de-partment not having them sent table sente partment, not having been sent to the senate for action, and there is some curiesity amon g the officials of the department as to how Representative Andrew secured his copy. An investigation was made in a hurried way a day or two ago to discover if possible how it had escaped from the files of the depart

ment, but nothing satisfactory was deter-mined. It is not known that anything more serious will come of it, but it will doubtless lead to an overhauling of some of the methods THE NATIONAL METHODIST UNIVERSITY.

The annual meeting of the board of bishops, of the Methodist Episcopal church, to be held in this city next November, will be of more than usual importance because it is expected that action will be then taken to insure the early accomplishment of the project to found in this city a great national university under Methodist auspices. Bishop Hurst, who has been at the head of the movement, has already secured subscriptions to the amount of \$35,000, which have been used for making the first payment for a desirable site just out-side of the city limits of Washington, and rit

is now intended to make a general call upon the members of the Methodist church at large to subscribe to the fund. The citizens of the District of Columbia will pay for the land, which will cost something more than \$100,000, and it is expected that those outside of this city will furnish the funds for the endow-ment. The only man of national reputation who has given a large sum is Senator Stan-ford, who is down for \$1,000. Howard Price of lowa, ex-commissioner of Indian affairs, and Mr. Clement Studebaker of South Bend, Ind., are down for \$500 each and Susan B. Anthony has given \$100. to subscribe to the fund. The citizens of the

Anthony has given \$100. HANSBROUGH THE AUTHOR. Representative Hansbrough of Dakota turns out to be the author of the story that has been circulated so extensively over his state regarding the appointment of Charles state regarding the appointment of Charles H. Ham of Chicago as general appraiser under the law passed last spring. Hans-brough has repeatedly denied that he was a candidate to succeed Pierce in the senate, but he decuared that he would support the latter for ro-election and seek senatorial hanors later in life. But the story has been taxed to him and the discovery has created quite a sensation in the Dakota colony here. If was to the effect that when the general appraiser bill was passed the president sent for Pierce and asked him to name one of the nine big men who are now enjoying big salaries, and that Pierce, ignoring the large number of candidates from Dakota, selected Mr. Ham, an old friend and editorial associate in Chi-cago. There is no truth in the yarn, of course.

Overlooked a Big Roll.

DETROIT, Mich., Sept. 23 .- [Special Telegram to THE BEE.]-George Keiter of this city, accompanied by Miss Mary Murphy, was driving along the boulevard from Jefferson avenue to Champlain street shortly before 10 o'clock last evening when the carriage was suddenly stopped by two men. One had a revolver at Keiter's head while the other compelled the lady to alight. Miss Murphy compelled the lady to alight. Miss Murphy was dragged several rods away, roughly handled and relieved of a \$200 diamond pin and other jewelry. The men then took \$25 from Keiter and made their escape. Keiter drove to Elmwood avenue station and re-ported the matter to the police. The robbers were not masked, and Mr. Keiter thinks he can identify them. He says he had \$300 hung about his neck which the robbers overlooked. no clue to the robbers. about his neck which the robbers overlooked
