

THE RAILROAD BUDGET.

Union Pacific Cut Offs—The Western Passenger Troubles—Other Notes.

The matter of two big cut offs on the Union Pacific is being discussed at headquarters.

The passenger rate agreement has proven ephemeral. With only one day of attempted quiet the trouble has broken out again.

One of the complaints is that the Rock Island is in high favor with the brokers in Kansas City.

General Passenger Agent Sebastian states that he signed the agreement only on condition that the other roads signed, and that so far as he was concerned the agreement was not effective until he knew that the signatories had not been given.

When it is claimed that the Burlington has been cutting the rate to St. Louis, and the prospects are that the newly formed agreement will go to pieces.

Promotions and Changes. General Passenger and Ticket Agent W. R. Busenbark of the Chicago, St. Paul & Kansas City railroad has been promoted to the position of traffic manager.

Assistant General Freight and Passenger Agent Phillip of the Missouri Pacific is making civil service promotions and he increases his staff to cover his enlarged territory.

Mr. S. S. Senne is promoted to be chief clerk; Eugene M. Cannon, hitherto chief clerk at Atchison, has come to this city and will be in Mr. Phillip's office in charge of the central branch business.

Mr. J. H. King, traveling agent of the Missouri Pacific, has been appointed general agent of the road at Calhoun, St. Joe and Leavenworth. D. E. King, contracting agent at this city, will have charge of the office when Mr. Phillip is out of town.

Here's Another Road. Articles of incorporation of the Dakota, Wyoming & Missouri River railway company have been filed in South Dakota to run through the counties of Custer, Pennington, Ziebach, Nowlin, Pratt, Sully, DeWitt and Charles Mix.

Every tissue of the body, every nerve, bone and muscle is made stronger and more healthy by taking Hood's Sarsaparilla.

Announcements. Few comedians are better known to our amusement going public than the fascinating Fay Tompkins.

Our famous Fred Wright, who is the advance pusher for Hoyt's "Midnight Bell," is in the city.

Stolen. A push cart from 1121 Farnam st., lettered (C. F. Whitney), returned and get reward.

A Remarkable Monkey. The New Orleans Playhouse tells of a monkey which answers to the name of Jocko.

West, Ridgeway, under secretary, and Thomas Browning and George Wyndham private secretary to the chief secretary, left Dublin at 7:30 o'clock this morning on a long over the routes of a proposed railway in Donegal.

Socialists Didn't Like Criticism. BOSTON, Nov. 4.—[Special Cablegram to The Bee.]—A meeting of the English workmen's association was held here last night. Among the speakers was Herr Richter, who severely criticized the act of the socialist party.

The Death Roll. LONDON, Nov. 4.—[Special Cablegram to The Bee.]—The death is announced of Charles Verlat, the Belgian painter, aged sixty-six years.

An Irish Farmer Murdered. DUBLIN, Nov. 4.—[Special Cablegram to The Bee.]—The body of a farmer named O'Mahoney was found on the roadside at Schull. Investigation shows the man to have been murdered without demonstrations of any kind being made.

A Russian Bitter Hanged. BERNLIE, Nov. 4.—[Special Cablegram to The Bee.]—A dispatch to the Cologne Gazette from St. Petersburg says that Lieutenant Schmidt, who was tried on the charge of betraying the plans of Cronstadt to a foreign power, has been found guilty and hanged.

A curious bell that has doubtless had an eventful history has been recently dug up in Elizabeth, N. J.

Army Notes. Only one more officer of the army is to be retired this year, Surgeon Middleton, on December 15.

Recruits Mears, Moffatt and Young have been assigned to troop G, Ninth cavalry in orders from the office of the general recruiting officer.

Sergeant Lommer, company K, Seventh infantry, stationed at Fort D. A. Russell, Wyo., has been detailed for duty by the war department on recruiting service at Rochester, N. Y.

By an act of congress soldiers in the army may hereafter wear the distinctive badges adopted by military societies to which they belong, providing all such societies served in the Mexican war and the late rebellion.

The old time custom of selecting the cleanest soldier from those meeting guard as orderly for the officer of the day, has been abolished by the war department and hereafter the commanding officer will be entitled to an orderly.

It is understood that when the question next comes up in congress to revive the grade of lieutenant general, it will be in such shape as to make the grade a permanent one in place of any private legislation for any particular officer.

The inspector general of the army in submitting his report to the soldiers home near Washington, recommends that nine gallons of milk be distributed daily among the old veterans. As there is now a dairy connected with the home, the question is, where does the milk go?

Out of 109 military posts or stations in the United States where troops are stationed, there are only three where full rations are stationed, Fort Clark, Tex., Eighteenth infantry, Fort D. A. Russell, Wyo., Seventh infantry, and Fort Omaha, Neb., Seventh infantry.
