

THE CITY.

Several new cases of diphtheria have developed in the Ninth ward within the past week.
Nearly all the store buildings along Tenth street under the viaduct have been vacated.

Mr. Peter Beson has been called to Des Moines by the death of his sister, Mrs. G. Zeller.

It took four men to attend to the ticket office at the union depot on Christmas and the day before.

There were several persons who went to the depot yesterday morning to take a view of the Stanley car.

The express men have been very busy for several days past and expect to be kept active till after New Year's.

Depot Master Haney has had his hands full for the last few days, but the veteran railroader is always on hand when needed.

A marriage license was issued yesterday to Martin Moriarty, aged twenty-three, and Annie Bloom, aged eighteen, both of Omaha.

Secretary Nason of the board of trade ordered ten or twelve of our yesterday morning for the sufferers in the western part of the state.

Mr. John Wuestrich's employes, Ed Loeder, Jacob Letz and W. F. Moore, presented him with a gold-headed cane Thursday as a token of their appreciation.

Tomorrow evening a literary and musical entertainment will be given in the Omaha Commercial college by the Omaha Progressive Hebrew Educational association.

The American waterworks company did not forget the Omaha firemen and the Omaha police force. To each association they sent a Christmas gift of \$25, which they desire to have appropriated to the pension or relief fund.

E. L. Flagg will either have to make arrangements according to Building Inspector Whitlock's ideas of taking out a permit, or be prosecuted for violating the building ordinance.

Flagg was arrested yesterday but claimed that the irregularities had been caused by his wife's lack of information regarding the law.

A special meeting of the council was called for last evening to take action for the levy for the extension of the North Omaha sewer.

The committee on personal taxes will meet Monday morning and hear the statement of persons who have been summoned to appear and show why they have not been assessed on personal property.

Ayer's Sarsaparilla outstrips all other blood purifiers in popular favor, so Ayer's Almanac is the most universally familiar publication of the kind in the world.

It is printed in ten languages and the annual issue exceeds fourteen millions of copies. Ask your druggist for it.

Holiday Excursions. On December 24, 25 and 31, 1890, and January 1, 1891, the Union Pacific will sell tickets to all points in Kansas and Nebraska at one and one-third fare for the round trip, good returning until January 5, 1891. Remember the dates.

The Winter of Our Content is the title of a recent charming paper by that brilliant writer Charles Dudley Warner, wherein the glories of the Pacific coast, as a winter resort, are most graphically described.

The American people are beginning to understand that the Puget Sound country is one of our most splendid possessions and that the name of the "Mediterranean of the Pacific" is a happy title not misapplied.

In speaking of Mount Tacoma, Senator George F. Edmunds says: "I would be willing to go 500 miles again to see that scene. The continent is yet in ignorance of what will be one of the grandest show places as well as sanitariums if Switzerland is rightly called the playground of Europe."

I am satisfied that around the base of Mount Rainier will become a prominent place of resort, not for America only, but for the world's peoples, with thousands of sites for building purposes, that are nowhere excelled for the grandeur of the view that can be obtained from them, with topographical features that would make the most perfect system of drainage both possible and easy, and with a most agreeable and health giving climate."

Thousands of delighted tourists over the Union Pacific the past year bear ample testimony to the beauty and majesty of this new empire of the Pacific northwest.

Old Folks at Home. They will be there and expecting a visit from you at Christmas time, and the Union Pacific will sell tickets on December 24, 25 and 31, 1890, and January 1, 1891, to all Kansas and Nebraska points at one and one-third fare for the round trip, good returning until January 5, 1891.

A Three-Mile Dash. A three-mile match bicycle race has been arranged between Will Pixley and H. Muensterfering to take place this evening at the Coliseum building.

The race is for a handsome \$5 medal offered by the Coliseum management. A time limit of 9:10 will be established, thus making the contestants strain every muscle and nerve to get there inside the limit.

Young Pixley is well known in cycling circles, and Muensterfering is a comparatively new man at the business, but is one of the fastest young riders in the city and Pixley undoubtedly have his hands full to defeat him.

Dr. Price's Cream Baking Powder. Used in Millions of Homes. 47 Years the Standard.

Stanley's Departure. Mr. Stanley and his party left the Millard hotel yesterday morning in a couple of carriages and drove to the union depot, where they embarked on the special car named after the great explorer.

It is too bad to spend half of a short life distressed with neuralgia, when 25 cents spent for one bottle of Salvation Oil will cure it quickly.

The Manager of the Omaha Branch Taken by Surprise. Mr. Charles McDonald, the manager of the Parisian store, the Omaha branch of the Eiseman store, was taken by surprise yesterday morning.

"Wednesday night I closed the store as usual and staid at home Christmas. The first intimation I had of the failure was yesterday morning when I read my Bee at the breakfast table. Then I could not believe that the statements were true, but hastening downtown I found the store in possession of the sheriff."

"As to whether or not the store will be opened, I cannot say, as this was only a branch of Mr. Eiseman's Council Bluffs house. I am pretty sure that the assets are sufficient to cover the liabilities and leave a fair margin to go on."

"I know of no reason why the failure should occur. In fact, I know but little about the affairs of the main house or the business it was doing."

"At the house on this side of the river we have had a good trade and up to the time of closing Wednesday night the business was satisfactory."

"The officials of the Merchants' National bank when asked for additional facts regarding the failure of Henry Eiseman & Co. of Council Bluffs, replied:

"There is nothing more to tell, as the Bee of Thursday morning had all of the facts that came within our knowledge. Our house was the only one in Omaha that was interested from a financial standpoint, and as our attachment went to record ahead of the filing of the mortgage and the appointment of the receiver we are perfectly secure."

"It is impossible to state what was the cause of the failure, but there is but little doubt that the bridge motor line had considerable to do with driving Eiseman to the wall. There are any number of stores in Omaha carrying much larger stocks than that which was carried by Eiseman, and such being the case the Council Bluffs people came here to do their shopping."

Mr. Bushman's Bond is to be Forwarded to Washington. Collector Alexander's Christmas present from Washington came in this shape:

"The department has received your communication of the 13th inst in relation to the proposed bonding of a warehouse, class III."

"The acting solicitor of the treasury is of the opinion that it will come within the requirements of the law, in which opinion I concur. You are hereby authorized to take proper bond from Mr. Bushman and forward to the department."

After nine months of figuring both with the government and Mr. Bushman, who has just completed a building, Mr. Alexander is enabled to offer our merchants facilities for storing bonded merchandise.

Senator Manderson followed up the collector's recommendations with great energy and to his efforts and Mr. Bushman's presence in Washington, the quick decision concerning the new building is largely due. All the details will be arranged at once and the warehouse ready for use soon after January 1.

We've got quite a number of them left yet, in cashmere and silk, from 15c for a quarter one, up to \$2.50 for a pure jersey silk one. We've got a few fine dark ones left yet and you'll find them very scarce, such ones range from 70c to \$2.50 each.

Underwear. In our Underwear Department there's quite a number of broken lines which take up more room than they're worth. We don't want 'em. Do you? All Wool Scarlet Shirts and Drawers at 35c. All Wool Scarlet Shirts, [no drawers left] at 50c each. One lot of heavy camel's hair Shirts and Drawers [shirts double breasted] at 65c each. One lot Fancy Mixed Shirts [no drawers] at 40c. The prices we've made on them are low enough to tempt a man to buy for next year, if he's got enough for this.

FROM NOW TILL 1891 THERE'LL BE FUN IN FURNISHINGS.
