#### ANNOUNCEMENTS.

Ever delightful "Evangeline," sweet and welcome, with its music gorgeous, with its brilliant costumes, and altogether the most popular of all of E. E. Rice's tuneful and lavish productions, comes to the Boyd for three performances, commencing next Saturday

The report that the Grand opera house was to be closed was premature. It say the least. L. M. Crawford and I. W. Miner have made arrangements to keep the house open hereafter for such attractions as they deem it best to book there. The effort to offer Sunday evening amusements at popular prices will be continued for the benefit especially of those who cannot have this class of entertainment during the week and those who feel that they can better afford to pay 50 cents for a reserved seat than \$1 for an especially located seat elsewhere. "America," under the auspices of the Grand Army of the Republic and the Women's Relief corps, is to be presented on Friday and Saturday evenings and at a Saturday malinee, of this week, and on Sunday evening next the Stuart dramatic company, one of the strongest and best popular priced organizations on the road, will pre-The report that the Grand opera house was lar priced organizations on the road, will pre-sent "The Ironmaster," a play of the deepest possible interest, which will be sure to at-tract a large audience.

#### THE DEMAND FOR COPPER.

How it Indicates the Rise and Fall of Electrical Works.

New York, Jan. 14 .- [Special Telegram to THE BEE. |-The sudden cessation in the demand for copper has caused a surprise. A few months ago the consumption exceeded the supply and about 60 per cent of this demand came from the electrical industries. This was checked by the recent inancial storm, for the reason that the electrical industry is of recent birth and did not command that degree of credit, in the monetary market, which old industries have acquired. The electrical recents were practically forced out of the way. cople were practically forced out of the marsummarily stopped and only the strongest companies could get the requisite funds to continue the work already under way. With an easy money market the former big demand for copper is expected to appear.

Western Union Operators Have a

Scheme to Make Money. NEW YORK, Jan. 14.—[Special Telegram to THE BEE.]—A Western Union lineman discovered a "tap" in the Clifton race track wire, opposite 529 Sixth avenne, and at once notified the police. Officers went to the spot and in a room on the top floor of the building A. M. Clark of St. Louis was at the Mur- found three telegraphers, named Fred Marron, Edward Mureen and Charles H. Flint.
They had tapped the race wire last Monday
and since then had delayed results of the

#### N. B. FALCONER. A Car Thief Arrested.

As a watchman in the B. & M. yards was making his rounds last night he discovered a seal of one of the cars broken, and pushing the door open he saw a small negro boy in the door open he saw a small negro boy in the car. The lad said that one Charles Stanley had broken the lock and had put him in there to throw out coal. The boy was taken to the station and in a very short time Stanley was arrested and locked up also. He is supposed to be the man who stole two dressed logs and several sacks of flour from a car in the St. Paul & Omaha yards last Sunday night. He denies the story told by the negro boy, but the extreme youth of the lad gives his explanation of the affair the semblance of truth.

A Dinsmoor Memorial Service. A memorial service in honor of the late Dr. C. M. Dinsmoor was held in Pythian hall in the Paxton block last evening under the auspices of Nebraska lodge, No. 1, of which the deceased had been an honored member. The ball had been appropriately draped, the charters being hung in sombre color and the stations and altar tastefully covered with black and white. On the altar was the open bible and resting on it was a wreath of immorteles. About the altar the chairs were arranged to form a double triangle. The services were participated in by mem-bers of subordinate lodges and divisions of

bers of subordinate lodges and divisions of the uniform rank in the city, a number of the members being present, the sir knights being in full uniform. A number of ladies were also present. Members of the order oc-cupied the chairs about the altar, on one of which were placed the hetmet and sword of the decorated. Captain John Howard presided as chan-

cellor commander, Past Grand Chancellor John Q. Goss occupied the past chancellor's chair, E. C. Currier acted as vice chancellor and Dean Whitmarsh, the brigade chaplain, acted as prelate.

The memorial exercises were appropriate

and beautiful, being conducted according to the ritual for public exercises adopted by the supreme lodge of the order at its session in New Orleans in 1886. This ritual was used last night for the first time in Omaha. Brief and appropriate addresses were made by P. P. C. Mines Lighted by Electricity. Heary Phillips, secretary of the Phillips fuel company of Ottumwa, Ia., was in the city yesterday. This company operates four large coal mines in central Iowa and has just completed something that was never under taken before. Several months ago the secretary conceived the idea that coal mines could be lighted by electricity. Four plants were purchased and now 400 feet below the ground, day and night, 1,000 incandescent lights are burned.

William Berry, a druggist at Binney and Twenty-fourth streets, left last evening for Atchison, Kan., where he will be wedded to Miss Mattie McLeary, one of the most charming young ladies in that city. Omaha will be their future home.

# CLEANING

The Ten Dollar sale of overcoats we inaugurated last week has reduced our stock considerable, still we have yet quite a few to dispose of. In a week or so the season will be closed, and what is not sold will have to be carried over till next fall. We have no room for unseasonable. stock. We have always made it a point to clean out at the end of each season, and are determined to do it this time. One of the secrets of our success lies in the fact that we start every season with an entire fresh stock. We do not allow any goods to be carried over from one season to another. We know people will not buy overcoats in January unless the inducements are great but we are willing to give them the inducements. We are offering the entire balance of overcoats now at clearance prices. When you bear in mind how close we sell goods every day in the year you will realize what our clearance prices mean. A bona fide reduction from our regular low prices means an uncommon opportunity to save money. You will find it a big investment to buy an overcoat now, even if you do not get much use out of it this winter; it will pay you to keep it for next winter.

### CORK SOLE SHOES.

This has been a poor season for all winter shoes. We have a lot of excellent calf shoes with genuine cork soles, which we are forced to sacrifice. We offer these at \$2.78. Every pair guaranteed. There is not a shoe store in the country that will think of selling such shoes for less than \$4.50. If you have never worn any cork sole shoes, try a pair. They are warm and comfortable and keep your feet dry.

## CLEANING UP ALL AROUND.

In every one of our departments we have something or other which must be cleared out, and have made extraordinary reductions. In some instances the price is cut just one-half. In the underwear department, a lot of scarlet heavy shirts and drawers, worth 50c, marked down to 25c.

In the hat department we offer a lot of good knit caps, in men's and boys' sizes, at 15015 they always sold for 3oc.

In hosiery, excellent all wool seamless socks at 15c; every store sells them at 30c. At the glove counter you will find several lots of gloves and mitts, reduced to about half their former prices.
