

GERMAN PROHIBITION PORK.

Repeal of the Obnoxious Law Only a Question of Time.

NOT OPPOSED BY THE CENTER PARTY.

Interest in the Koch Treatment Seems to be Abating—The Bill to Repeal Confiscated Stipends to Catholic Priests.

Copyright 1891 by New York Associated Press. The repeal of the prohibition against American pork is regarded as near. The weight of the speaking in the recent debate was all on the side of a change.

The government could not let a combination of the free-trade and socialist parties dictate its policy on such an important question. He had long known that the government is ready to modify the restrictions as soon as the precautions taken by the American authorities seem sufficient to insure the health of the German people.

Dr. Windthorst's declaration that the center party has waited only for the taking of sufficient precautions in America brings the end of the prohibition within sight.

In Mr. Phelps' opinion Herr Bartsch's management of the motion was admirable. Among the comments by the newspapers the Post says: "Customs and other considerations could not lead to prohibition, but would find expression in heavy customs duties. The prohibition against American pork became necessary owing to the insufficient precautions taken by us against the danger of trichinosis.

It is now probable at any rate that the prohibition against ham and bacon will be removed.

The lever house of the Prussian diet today commenced debate upon the government bill for restitution of stipends to catholic priests confiscated during the Kulturkampf.

Cony, national liberal, contended that the bill was a political move by the government to gain center votes. It was a complete overturn of the former party to turn over the 6,000,000 marks for distribution among the clergy.

Dr. Van Gossler, Prussian minister of ecclesiastical affairs, defended the plan of restitution. The direct payment of the accumulated capital to the priests interested was, he says, impossible, and a pro rata distribution to the diocese of the amount confiscated would be the most direct method.

Dr. Bollerger of Munich reports the result of experiments with the lymph upon tuberculous cows. He states that in cases where large injections were used a reaction similar to that noticed in human beings was seen. Two sound bulls which were treated with the fluid showed no reaction and upon being killed their tissues were found to be in a normal condition.

Prof. Bollerger concludes that the highest value of the lymph is to be found in the diagnosis of cattle suspected of having tuberculous diseases.

The ministers do not fear the defeat of the measure.

The bulky report of the committee having in charge the labor bill has been distributed among the members of the reichstag. It provides for the enforcement of Sunday rest, rejects fixed working hours in all trades; increases protection of women and children who labor and prohibits the retention by employers of more than one week's wages in the event of a breach of contract by workmen.

Interest in Koch's treatment is abating. An English bacteriologist, who is notable as the discoverer of toxalbumins, and who is now studying the Koch method at the hygienic institute, announces that he has discovered a remedy for anthrax.

Prof. Bollerger of Munich reports the result of experiments with the lymph upon tuberculous cows. He states that in cases where large injections were used a reaction similar to that noticed in human beings was seen.

Prof. Bollerger concludes that the highest value of the lymph is to be found in the diagnosis of cattle suspected of having tuberculous diseases.

The ministers are still delaying the presentation to the landtag of a bill for the endorsement by the government of a hospital for the treatment of patients by the Koch method. In the opinion of many medical men the exact value of the remedy is doubtful.

Her Von Boettcher, secretary of the imperial home office, will bring the question before the bundesrath, the members of which are not likely to venture to contest a decision approved by the conservatives and socialists alike.

It is reported that Major McKinley will visit Germany the coming summer and will call on Prince Bismarck.

Herr Auer (socialist) held that the immunity from the arrest of the deputies was inherent and that they could not legally be prosecuted either while the house was open or closed, without the formal assent of the reichstag. A majority supported Herr Auer, thus settling definitely an important principle of the constitution.

The arrest of Herr Gilleberger in July last and his subsequent trial by the Nuremberg tribunal has again raised the point of immunity from arrest of the members of the reichstag. Herr Gilleberger, a Bavarian representative in the bundesrath, maintained the right of federated governments to arrest and try deputies while the reichstag was not in session.

A general thaw has set in in western and northern Germany. Melting snow and heavy rains are causing rivers to rise rapidly. Reports from Cuxhaven state that the River Ems has been nearly frozen.

Mr. William Walter Phelps, the American minister, and Mrs. Phelps and all the members of the legation were present last night at the ball given by General Von Verze to the officers of the

RESURVEYS IN GRANT COUNTY.

A Letter from Land Commissioner Groff on the Subject.

HIS OFFICE READY TO ENTERTAIN THEM.

Mrs. Harrison Obligated to Abandon Her Regular Saturday Reception Owing to a Severe Cold—Miscellaneous.

WASHINGTON BUREAU THE OMAHA BEE, 513 FOURTEENTH STREET, WASHINGTON, D. C., Jan. 24. Land Commissioner Groff has addressed a letter to Representative Dorsey on the subject of resurveys in Grant county. He says that the land office is now prepared to entertain the question of these resurveys, an examination having been made by a special agent, and funds are now available to pay the expenses of the proposed work.

A ROUND FOR THE ATCHISON.

Chairman Finley's Decision on the Mileage Question is Overthrown.

THE CANADIAN PACIFIC IS HEARD FROM.

It Does Not Like Mr. Vining's Northwestern Passenger Pool Its First Order—Manager Barlow's Intentions.

CHICAGO, Jan. 24.—(Special Telegram to The Bee.)—The Atchison has won the second round in its controversy with Chairman Finley in regard to the abandonment of the 85,000 miles of Atchison mileage, bought from scalpers by the Rock Island and presented for redemption through Chairman Finley. The Atchison raised the point that at least part of the mileage had been built for condemnation and consequently need not be redeemed.

Chairman Finley ruled the point in favor of the Atchison, and the arbitrators, Messrs. Shattuck, Murray and Fulton, they have decided that the chairman was in error to the extent that the question was one for the association to discuss and decide. The question now reverts to the Atchison, who claim that the most of it was obtained on forced orders and that, in no event, need it be redeemed.

The Atchison claims that the most of it was obtained on forced orders and that, in no event, need it be redeemed. The Atchison claims that the most of it was obtained on forced orders and that, in no event, need it be redeemed.

DOINGS OF THE LEGISLATURE.

After a Brief Session the Senate Adjourns Until Monday.

THE RELIEF MEASURE MADE A SPECIAL ORDER FOR TOMORROW AFTERNOON—The State Treasury—Saturday's Proceedings.

WASHINGTON, Jan. 23.—The farmers' alliance and labor organizations' delegates, in conference here today, adopted and agreed upon resolutions as a basis of action under the proposed confederation. The resolutions call for the abolition of national banks as banks of issue and demand the issuance of legal tender treasury notes in sufficient volume to meet the needs of the business of the country without special advantage to any class or calling; favors government loans to the people at 3 per cent interest upon non-perishable products and also upon real estate; demands free and unlimited coinage of silver; prohibition of alien ownership of land; a graduated income tax; national control and supervision, and if this does not remove existing abuses then governmental control of the money market; and a re-creation of United States senators by a direct vote of the people; a system in each state that will insure an honest and accurate registration of all voters; a national official ballot and an honest public count; and that each state legislature make it a duty to provide for the election of a national officer to supervise the election of registration, ballot or count.

Ben T. Hayes of Pennsylvania secretary of the Farmers' Alliance, said that the amalgamated associations will be known as the "Confederation of Industrial Organizations."

A Sail Story. NEW YORK, Jan. 23.—Count Sbrimoff's search for his missing daughter, briefly mentioned in yesterday's dispatches, has resulted in the disclosure of a sad story. The girl was brought to New York by a coast-guard cutter and soon entered upon a life of degradation in which she descended to the lowest depths. It is now learned that the girl is a victim of the "white slave" traffic.
