It begins to look as if President Spears would play Jack Pickett himself this year. Well, he ought, and at the minimum salary at that.

Hugh Nicol is down in the city on the Kaw impatiently waiting for the first chirp of the robin. He will manage the Rockford club this year.

Unless Hogriever, the Cowboys' much lauded outfielder, has improved wonderfully since '89 he will not be able to hold up his end in this league.

The Kansas City papers say that Kid Niekirk has grown so low-legged that a boy can ride a bicycle between his beautiful curves and never touch him.

A good many of the base ball boys will observe Lent this year. It will be a case of compulsive fasting. The crop of advance has been nipped by St. Paul.

Frank Seize, signed by Harry Stovey, which demonstrates the ex-Omaha manager is about as sick as they make 'em. Stovey's signing with Boston was a big surprise.

Longstreet of Red Oak, who pitched for Nebraska City last year, will be given a try by the Omaha management in one of the exhibition games before the season opens.

Red Oak Express.

Manager Harrington of Minneapolis and Watkins of St. Paul are at swords points with each other, and Sam Morton of the Twin City athletic club has offered to hang up a purse for them.

It would be an excellent thing if the Omaha management would make the grand stand free for ladies this year. That is the rule in Brooklyn and the largest attendance of ladies in the country.

Manager Watkins has accepted the terms of Patsy Hart, who finished the season last year with the St. Paul team. That is his natural position, and he will, without doubt, play it in first class style.

Brotherhood Dave now promises the Lincoln people to have the world's series settled on the Lincoln grounds. He has as good as won the Western association pennant already, and is thirsting to get at the National league and American association.

Now let someone say that bustling Boston, Phil Knell, who has been with Omaha since an infielder that resembles that much quoted stone wall. Big Allen McAuley, brother Danny, who has been with Omaha since last season, and a per cent of 645. Leading Knell were Gumbert, Radbourne, Keefe, Weiringer and John Ewing in the order named.

Chester county-Billy Seard's stamping ground-comes to the front with the record of the first name of the pitcher in the north this year. Times-Star. Oh, no it don't. There was a game played at the local park in this city the second week in January and two or three times.

Danny Stearns was actually seen coming out of a beer joint in Kansas City the other day wiping his mouth, and this led the Times man to say that Danny had been "blowing them off." Over the door, however, is a sign which reads: "Weinerwurst free this morning."

The Boston Reds are credited with having a line out of Smith. They might as well draw it right in. Elmer is still king of Kansas City, and to let him go now would be just the same as giving the cranks out there a bouquet of a few measures of rough rats.

Cincinnati Times-Star.

Billy Hayes takes seriously of going into business and quitting the ball field. Billy became a professional career with the Kansas City of 1870. Hayes is a gentleman and deserves success in any line of business.

Boston Herald. Yes, Hayes is an old-timer and a gentleman, but he can't play ball any more. He can play dirty ball with the best of 'em.

"Whoa, Billy."

Tom Ramsey was wanted by two Association and two Western teams, but was but Van Horn of Denver tagged Tom before the rest of the people could get at him. He will prove a terror to batters in the Western association. He never had a sore arm in his life-Rocky Mountain News. No, but his head, that's what you want to watch. That gets sore very often.

Manager Hylle of the Minneapolis club announces the release of Martin McQuaid, the outfielder, to Portland, Ore. This is no reflection on the playing ability of McQuaid, who desired his release on account of health. He has secured an eight-month's engagement at a good salary. Harrington also intends to exchange Carroll for Murphy of St. Paul, who will take McQuaid's place in center.

The uniforms for the St. Paul club have been ordered. They will be the same as the old Detroit uniform, white shirt and cap, blue pants, navy blue pants, cap, belt and Norfolk tourist jacket. Don't let him in, he is doing a driving strength of his ability as a dealer in slaves.

Springing Times.

Frank Bandle, the old catcher of the Union Pacifics, a semi-professional team, which brought out such players as Billy Bradley, Peck-a-boe Veach, Jack Sneed, Catcher Vianer, Fletcher Salisbury and others at Omaha six or seven years ago, is doing a driving business at his baseball bureau in that city. He writes the Sporting Times that he has a couple of phenoms on the books for the Gate City team that dynamite will never be able to explode-Sporting Times.

"Kid" Clarence Baldwin is still a great catcher, although released by the Western association. He was released by Cincinnati because here Harrington showed conclusively that he could catch every day and do the work second to no man in the league, and when the "kid" joined the Athletics he was in bad shape to do any work behind the bat, his hand being split open to the bone, yet he

Drexel has a new bat which he prizes very highly. He says they can't feel him on out curves this season.

Hart a pitcher, formerly with the Clippers, wishes a trial by the Sioux City team. West Omaha preferred.

Schwartz intends to do better work than ever the coming season. Schwartz is a good catcher, but a little timid.

The N. B. Falconer team will be under the management of W. B. Moore, and he says it is going to be a hummer.

The Sixteenth Street Stars state that their team will be a dandy and they hope to be able to do the Shamrocks.

"Sonny" Purcell has not yet signed with any club. It's dollars to doughnuts that he plays with the West Omahas.

WHEEL NOTES.

General and Personal Notes of Interest to Bykers.

"Dead to the world!" Ask Muentefering about it.

Ask Smith whether he owns the building, or simply has a mortgage on it.

Holton, who has been quite ill during the past four weeks, has entirely recovered.

The boys will take in "His Private Secretary" at Boyd's this evening in a body.

Mr. Dickey has given up riding and is putting in all his spare moments studying law.

Seth Rhodes and his acie are "rounding out," and Seth says he will be in it when the time comes.

Van Sicklen, another of the Chicago crack riders, has forsaken the "good old ordinance" for the coming amateur race.

Frank Shell has just recovered from the effects of his serious fall the first night of the Sunday race.

It is not unlikely that Spooner, Van Sicklyn and other crack riders will be here for the coming amateur race.

A theater party composed of Messrs. Denman, Bondford, Monahan, Tager, Pixley and Wertz looked in on Fanchon Monday evening.

There is talk of a Cyclist union being formed in this city. It would help wheeling very much, and the boys could thus build a track of their own.

Fletcher, Denman, Pixley and Wertz of the Apollo racing team are hardening up in the different gymnasiums preparatory to beginning their spring training.

There is some talk of an amateur six day, three hours a day, bicycle chase, to take place at the Coliseum during the first part of March, in which all the crack riders of the west will participate.

Now Omaha has the chief consul, Lincoln the vice consul and Lexington the secretary of the League of American Wheelmen. For long against Omaha, which there undoubtedly would have been had Omaha gobbled all the plums.

The boys are beginning to wipe the vaseline off their wheels and put them together for the winter. They should support it.

Gratitude

I am a rare virtue; but the grateful people, that S. S. has cured, after physicians had declared them incurable, number way up in the thousands.

Oscar Wiles of Huntington, Ky., says: "For years I was afflicted with a blood taint; that baffled the skill of the best

PHYSICIANS.

The disease affected my eye until I was almost blind. I am thankful to say that a few bottles of S. S. S. cured me entirely. My eyesight is completely restored, and my general health is better than it has been for years."
