OMAHA'S FINANCIAL STANDING.

In the business world the standing of the individual, firm or corporation is measured by the energy and ability displayed...

The same rule applies to municipalities. Their standing in the financial world reflects not only the prosperity of the community...

PERSONALITIES.

One of the English novelists of the day, A. C. Doyle, is an occultist in active practice.

That is the kind of a presidential candidate he is.

Mrs. Mary Darden, of Hampton, Va., claims to be 105 years old, and her word is estimated at \$10,000 each in 1901.

Sir Julian Pauncefote is very anxious to deny his involvement in the Helming sea decision.

Probably the richest clergyman in the United States, Rev. Dr. E. A. Hoffman, and his brother C. F. Hoffman, the former dean of general theological seminary in New York.

Cleveland Press: Congressman Taylor of Chicago boldly proclaims that he bought silver after the present silver law was passed.

The estate that Senator Hearst will leave to his heirs is valued all the way from \$20,000,000 down to \$3,000,000.

It is said of Senator Gorman that he is so cool, pory and self-possessed that it is impossible to surprise or disconcert him.

Frederic Couderc, second only to Canoy in an after dinner speaker and one of the best speakers in New York.

Gene Field's Psalm. When tired of life, we can end all its strife.

WHEN it comes to the finer points of municipal law, the legal minds of the council are, in their own estimation, several leagues in advance of the city attorney.

ANOTHER rate war is on. The more the corporations combine the greater becomes the thirst for blood.

Mating Time. It's bird mating time, and Blaine has one eye on the eagle and the other on the Cuban parrot.

Shaking in Their Boots. Cleveland (in writing that letter about silver) has done what the plantation preacher did when he diverged from "ligion" into morals.

ILLINOIS IS CROWDING. If the Connecticut legislature cannot manage soon to get over its quarrel and get down to business...

A DESPERADO'S ADVENTURES.

It Costs Two Thousand Dollars to Arrest a Forty Dollar Horse Thief.

VARIOUS MATRIMONIAL COMPLICATIONS.

The Lincoln Eden Musee Changes Hands—A Kansas Merchant Taken In—Bound to Hold the Farm—News Notes.

Lincoln, Neb., Feb. 12.—(Special to THE BEE.)—Deputy Sheriff Zutzvern of Tecumseh arrived in the city this morning with Will Whitney, a noted desperado and crook, whom he captured in New York for stealing a horse in Johnson county several years ago.

This is the fourth or fifth time Whitney has been arrested for the crime, and each time he escaped. Once when a note from Tecumseh he jumped from a train going thirty miles an hour, and alighted in safety.

Another time he broke away from the officers and hid in a swamp. He tells his escapades with evident relish, and says that on this occasion he hid in a ditch partially filled with water, while his pursuers searched within a few feet of him.

He is a young fellow of about twenty-eight, very well dressed. He says the county has spent about \$2,000 chasing him for the theft of a \$40 horse.

BOUND TO HOLD THE FARM. Frank Stradley secured an injunction from Judge Field this morning restraining William Carr from selling a certain farm, a boying him and throwing him off a farm in Cass county.

Newton E. Carr claims the land belongs to him, and that William and Stradley entered into a contract with him to give him the farm on which the former was allowed to live on conditions that he didn't sell. William Carr has rented the farm to Shaw, while Newton Carr has rented it to Stradley, and there is where the difficulty lies.

DUNCAN TAKES CHARGE. Many patrons of the musee who called last evening to attend the performance were considerably surprised to find that place of amusement closed. The closing was only temporary, and at 1 o'clock this afternoon the musee opened its doors again, with William T. Duncan as sole proprietor and manager.

The closing was due to differences between the proprietors of the musee—Messrs. Sackett & Lawler of Omaha, and the owners of the building, Bohannon Bros. The musee company had entered into the contract in good faith and did not desire to be thrown out in the cold suddenly.

Will Lawler of Omaha was down yesterday and held a conference with the Bohannans, but no settlement was reached, and he left for Omaha at 4 o'clock.

Messrs. Bohannon immediately made Messrs. Bohannon a proposition to assume the obligation, contingent on his being successful in securing the musee for himself. This was satisfactory to Duncan, and he remained in Omaha in the evening, where he held negotiations with Mr. Lawler, and as a result he returned this morning with the papers in his pocket which give him the sole proprietorship of the musee.

WON'T PAY HER HUSBAND'S DEBTS. The attention of the county court was taken this morning in hearing that case of the State bank vs. Mrs. Ryan, who had a suit on a note. Mrs. Ryan says that she never signed any note and don't owe the bank a cent.

Whether the woman is liable for the husband's debts, as the bank bought the note supposing that she would sign it.

MARRIED ANOTHER GIRL. Louis Clayton, a young man who is at present under bonds to appear before the next term of district court to exonerate himself from the charge of being the father of Mary Kinkaid's child, was married at the Charles hotel today by Judge Stewart, who had bound him over. The girl in the case, however, is not Mary Klump but Laura Spencer, a 13-year-old young lady from Sprague.

THE SAWYER LARNEY CASE. The Frothingham-Sawyer case, over which Judge Field presided, has been pending for two days, but has been dismissed, there not being enough evidence produced by Frothingham to prove that Sawyer had stolen \$300 from him, although in the meantime, Frothingham, however, says that he is \$700 out and naturally feels rather sore over the decision.

MR. RAGSDALE IS LIABLE. Mr. J. S. Ragdale of Kenosaw writes to Deputy Auditor Allen that the Citizens' Mutual railway company of Waterloo, Ia., which failed in 1888, has failed to pay \$135 toward the payment of the debts of the defunct company. Mr. Allen says that as the company is a mutual one, it will use every effort to make Mr. Ragdale pay its amount.

LOOKING FOR A WIFE. Joseph Norton, an Englishman who lives near Dover, was a caller at Judge Stewart's office yesterday afternoon and invoked the aid of that official in securing a wife for him. The judge's supply was exhausted and Joseph is still hankering after a fair one to woo and win.

His desire seems to be a woman of the line of a woman of about forty or forty-five, and as he has had considerable trouble with his sons the right party should apply at once.

THEY STORMED FROM MEN SOON. Mrs. M. E. Meyer, an administratrix, began suit in the district court this morning against C. E. Hodges asking \$10,000 damages for the death of her son Enos, who was killed in defendant's country December 18, 1888, by the bursting of an emery wheel. The plaintiff contends that the explosion was due to careless management and that her boy ought not to have been put at that heavy work.

ODDS AND ENDS. Frederick Soerth was given leave to withdraw the answer to his wife George's petition for divorce, on the condition that he tell her story the court gave her a decree on the ground of non-support and desertion.

Judge Stewart yesterday heard the testimony in support of the application of Norris Paden for the appointment of a guardian for his mother, who he claims, is mentally incompetent to have charge of her estate, and which she is wasting. Argument is being heard this afternoon.

RESOLUTIONS OF SYMPATHY. At a meeting of the Apollo club, held Tuesday evening, the following resolutions were unanimously adopted:

Whereas, We have learned with profound regret of the death of Mr. T. J. Pennington, a distinguished citizen of this city, and a member of our club, and whose life was devoted to the cause of education and civilization, and whose death is a great loss to our community, we do hereby resolve that we will wear mourning for one month, and that we will contribute to the fund for the erection of a monument to his memory.

Resolved, That we further express our sympathy to the bereaved family, and that we will contribute to the fund for the erection of a monument to his memory.

Washington Post: The cause of the recent stringency in Wall Street is last disclosed. Two western poker-players with flowing sleeves have been spending the winter in Gotham.

Globe: Atchison has a curiosity. It is a pretty girl whom all the other girls like better than they do her homely sister.

Puck: 'I believe you Presbyterians don't keep Lent, Miss Lawrence?' 'I just guess we do. I always have a new suit for Easter.'

Harper's Bazar: 'Please don't talk to me. I'm saying my voice for the opera.' 'Why are you so sing?' 'No. I'm to be in one of the boxes.'

American Grocer: Making a play for him.—Jack Pott (to a musician)—Er—Miss Gladys, won't you play for me? Willie (nearly weeping)—That's what she's been doing for a month.

Cause of Jay's Death. An inquest was held yesterday to determine the cause of death of George Jay, the employe of the Kimball ice company who was run over by a Missouri Pacific engine February 11, and both legs crushed in a way as to make amputation necessary. The testimony showed that the man was trespassing on the property of the railroad company and drove directly in front of the approaching engine on the yards. The testimony of the physician who made the post mortem examination showed that death resulted from the both legs crushed in
