Anson thinks the lengue made a mista e in buying Al Johnson out. He thicks it was money wasted, as in his opinion the Cleve-landers never had may iden of putting a club on the field in Cincinnati. He was simply making a blaff to get some of the money he had in the game.

Kilrain wrote recently to a friend in this city saving he would make a match with McAuliffe in the event of his whipping Godfrey. Madden and McAuliffe are both anxious for this chance and will hold Kilrahi to his pledge.

George R. Clark on Monday deposited \$2,500 with Harry Bailard of the Inter-Ocean \$5,500 with Harry Ballard of the inter-Ocean as a deposit for a fight between Bob Fitz-simmons and Jim Hall for the middle-weight championship. Clark has Fitzsimmons under contract and will match him against Hall, the fight to take place before the San Antonio (Tex.) athletic club, which has offered a purse of \$15,000. Hall can have as much of a side bet as he chooses. Clark stipulates that the combining which mervailed in the Dema. the conditions which prevailed in the Demp-sey fight must govern this. The loser is to receive \$1,000 out of the purse.

Of the McCarthy-Dixon match nothing of great importance can be said. Both men are at work preparing for the fray, and when they meet they are likely to give tip top ac-counts of themselves. McCarthy was inter-viewedlast week and he said that it did not appear to him that Dixon was in the pink of condition the day he weighed in to fight be-fore the Puritan club. He seemed stiff and apparently teo fine drawn, "I am sorry didn't get a chance at him that night," h remarked, "for I feel sure I would have whipped him." Cal thinks that Dixon has grown a good deal in the last year, stouter as well as taller, and that he cannot get to weight in as good form as he used to. Well, time proves all thing and frost hues potatoes. We shall know all about this on the 25th of this We month.

The cold weather seems a little stubborn about leaving, but we cannot let a trifling delay in the weather combination interfere with the regular declarations of spring business. The climate is a fixed fact, established by long years of experience, and we don't have to wait for the "oldest inhabitant" to tell us that it is only a matter of a few days and Spring will be with us in dead earnest. We know it, and, of couse, as the first Clothing Establishment in the west we are naturally on hand promptly with the season, fully equipped in every department. Our arrangements for the spring trade can be expressed in three words: ENORMOUS, ELEGANT, PER-FECT.

As the days roll by we will talk to you specifically and in the meantime the following pointers are especially valuable:
