

THE CITY.

John Smith, who illegally appropriated a watch belonging to M. F. Hale, was fined \$25 and costs. Twenty-five bales of tobacco from Havana for Wedeles & Co. were received by the customs house. William Miller is under arrest charged with stealing a lot of clothing valued at \$21 from George A. Wilson. Pete Ward and Arthur Matthews, a brace of vagrants, will tarry in the city for thirty days at Horrigan's sanitarium. David Reed, an old veteran and G. A. R. man, is lying very ill with pneumonia at his home on West Dodge street. Preserve your complexion by using pure toilet articles. We recommend Spanish Court Face Powder, sold by all druggists. Sample free. The collector of customs has received notice of the shipment of a large cargo of tin from New Orleans consigned to several parties in Omaha. The amount consists of about six thousand boxes of tin plates. Thomas Scanlon, a clerk at the Omaha coffin company, died Monday night at the residence of his father, Thirtieth and Brown avenue, aged twenty years. He was attacked with the grip and was confined to bed seven days. The funeral will probably be held Thursday morning. When you go to buy Hood's Sarsaparilla be sure to get the one with an inferior substitute. Insist upon Hood's.

HIS BROTHER ROBBED HIM.

Wealthy William Fitzpatrick Will Be Buried Today in a Pauper's Grave. WORTH OVER FIVE THOUSAND DOLLARS. An Irrigation Inquiry—A Picture Peddler Works a Scheme—Latest From Baldwin & Co.—Other Local Matters.

William Fitzpatrick, who died at St. Joseph's hospital on the 19th inst., stated on his deathbed that he was worth \$5,000 in coin of the realm. Nevertheless, his body will be laid away in a pauper's grave today by the county's undertaker. If William's tale be true his brother is a double-cross villain. He stated to a number of his friends, during his lifetime and after he was taken to the hospital to die, that he was one of the three brothers who had inherited \$15,000 from their father. Each was bequeathed \$5,000, but John, one of the brothers, according to William's story, obtained possession of the latter's share and refused to divide. William drifted about from pillar to post, without any special means of earning a livelihood, having been read with the news that he would never be compelled to work. From time to time he would appear at the home of the brother he had robbed, and he would appear to be in a state of distress. He finally drifted to South Omaha, where he did all manner of light jobs, including tending bar in saloons. He was a quiet, gentlemanly fellow and made many friends. Several weeks ago William was prostrated with lung trouble and was taken to St. Joseph's. He adhered firmly to the story about his brother and after his death a telegram was sent to his brother notifying him of William's death. The telegram was returned as not having been delivered. A few days afterward another telegram was sent to the brother, and this also was returned, the brother refusing to either receive it or pay the charges. The body has been at Heafey's undertaking rooms since March 14, awaiting instructions as to its disposition. No further telegrams will be sent, but the body will be turned over to the county today for burial.

IRRIGATION INQUIRY.

Special Agent Hinton Tells of His Work and Plans. Mr. R. J. Hinton of Washington, D. C., special agent in charge of the irrigation inquiry, was at the Paxton yesterday on his way to Lincoln where he will hold a conference with Prof. Robert Hay, chief geologist of artesian and underground investigations. Colonel Nettleton, chief engineer; Prof. Culvert of the university of South Dakota, geologist for the Dakotas, and Prof. Lewis A. Hicks, geologist and engineer for Nebraska. Mr. Hinton stated that his visit to west was for the purpose of conferring with the gentlemen above named and arranging to concentrate all the forces of the department in the northwest, namely, in western Nebraska, the Dakotas and eastern Montana, with a view of determining the exact extent, as near as may be, of the artesian basin of the Dakotas. "The work will be pushed as far as the limited appropriation will permit," said Mr. Hinton. "The present fund we secured an additional appropriation and our forces have been engaged in the southwest during the winter months. Now, however, the work will be pushed in the west and northwest. We will endeavor to locate the 'water plain' of the northwest so that we may be able to estimate the depth of wells in all sections of that region. "The meeting at Lincoln will be for the purpose of conferring as to future plans and it will also be of a public nature, for the purpose of bringing the matter prominently before the people. A meeting will be held in the legislative hall tonight, at which address will be made by myself and others interested in the work."

WORKED A SCHEME.

Plan of a Conventor for Raising the Wind. Robert Griffin is wanted for obtaining money under false pretenses. A complaint filed by M. McCabe alleges that Griffin represented himself as an agent of the American Artist association of Kansas City, and sold J. H. Longan two tickets at 50 cents each, claiming that they would entitle the holder to have two pictures enlarged by the association. He further alleges that the tickets are worthless, as Griffin had no connection with the association at the time of the sale, although he had previously been in their employ. It is alleged that Griffin has been working the scheme quite successfully, and that there are a number of other sufferers.

BALDWIN WAS BALKED.

He Did Not Make His Orange City Scheme Work. When young Mr. Baldwin, the head schemer of the wholesale lumber and timber claim agents protested that the day he had not talked any of the citizens of Orange City, Ia., on his Tacoma excursion, he was right. It wasn't Mr. Baldwin's fault, however. A letter received by THE BEE yesterday from P. C. Lankelman of Orange City states that Baldwin had secured the contracts with thirty Orange City people, but did not get their money, but that he was paid in April 10, when the party was to start for Washington. The publication in THE BEE of Baldwin's plans and the letter from the Seattle land office denouncing him as a fraud put the Orange City men on their guard, and Mr. Baldwin will hardly call there for the collection of the contract money.

Deny the Report.

The officials at the B. & M. headquarters deny all knowledge of the news contained in the press dispatches from Pierre, S. D., to the effect that traffic arrangements had been completed between the B. & M. and the Northern Pacific, whereby the B. & M. would extend its line from Rapid City to Pierre. "There have been no arrangements of that kind made," said one official. "Moreover, our line does not run to Rapid City, but is on the other side of the hills, so that the report is utterly false on its face."

"Two Old Cronies" comes to the Boyd on Monday and Tuesday of next week. The company includes such people as Frank M. Wills, Adie Deaves, Charles F. Jerome, Julia Mackie, A. Billman, Josie Domain, Harry Dietz, Mabel Nichols, Frank O'Brien, Ada Stockholm and many others who are recognized leaders of farce comedy.

Must Lose an Arm.

The man McMannell of Waterloo, who was shot and brought to the county hospital, is in a critical condition and to save his life the amputation of his right arm has become necessary.

BETHOVEN, WELLINGTON, BISMARCK'S

Kings and Queens innumerable, nearly all the minds that have changed the course of affairs in the world for centuries, have been in the hands of the little man. Not every body can go even in those times of fast travel, but everybody can have the benefits of Carishad at small cost at home in the Carishad Sprudel salt, which has evaporated from the Sprudel spring, which contains all the solid constituents of the water. The genuine Carishad Sprudel Salt is a natural remedy for all ailments arising in all diseases of the stomach, liver and kidneys; for indigestion, constipation, and rheumatic affections. It is without equal. Be sure to obtain the genuine article which has the seal of the Carishad salt works and the initials of "Eiser & Mandelsson Co. Sole Agents, 6 Barclay St., N. Y." with every bottle.

TALKED BUSINESS.

Real Estate Men Discuss Important Schemes. There was an unusually large attendance at the meeting of the real estate exchange yesterday, and instead of discussing Mr. Tukey's prospective lunch, the members talked business. The public warehouse bill was discussed at length, the members arguing that its passage will not only be of material benefit to Omaha, but will add from two to five cents to every bushel of wheat that is raised within a radius of 300 miles. Mr. Wilson thought the establishing of public warehouses would increase Omaha's population at least ten thousand during the next two years, as well as doubling the bank clearings. Mr. George advised the holding of a public meeting to elect a committee to go to Lincoln and labor with the members of the house. No definite action was taken, though at the next meeting of the exchange it is probable a committee will be elected to work in conjunction with the board of trade committee.

TRANSFER CHECKS.

New Plan Under Consideration for Their Distribution. The members of the council committee appointed to treat with the street car company relative to a general system of transfer checks, got on any of the lines in the city, are making some headway in their efforts. Mr. Blumer, chairman of the committee, states that ere long the committee will be able to submit a report that will be satisfactory.

The New Hospital.

The Methodist hospital movement in this city took a step forward on Saturday last. It had been known to a few for some time that negotiations were pending, which, if successful, would give the Methodist hospital a bonanza in the matter of location, outfitting, etc. These negotiations culminated last Saturday afternoon in the purchase of Dr. Gifford's hospital building, with all the furniture, fixture and appurtenances thereunto belonging, the whole being obtained at about one-third its actual value. It is probable that Dr. Gifford will be appointed oculist of the institution. Considerable money will be needed to put things in running order, and from \$3,000 to \$5,000 per year besides the income from patients will be necessary for current running expenses. Call on or remit to J. E. Cowgill, secretary, Room 400, Bee building.

Stole Good Horses.

The News, published at Sidney, O., the home of Washington, the destroyer of "The Return of Spring" devotes a half-column to a review of the case now pending in the Douglas county courts. In answer to the affidavit published in THE BEE that Washington's uncle, who had a penchant for other people's horses, always "stole a worthless animal," the News says that the horses taken under peculiar circumstances were always fine animals.

Devan y Recovering.

William Devaney, the young man who was shot in Goldsmith's saloon some time ago by Pat Ford, jr., is still at St. Joseph's hospital, but has recovered sufficiently to be up and about the building. His nurses say that he will soon be able to resume his accustomed duties.

Prices of Cream Baking Powder.

The annoyance of breaking lamp-chimneys need not be borne. Get tough glass chimneys. Macbeth's "pearl top" and "pearl glass" are tough against heat; they do not break, except from accident. They are also clear, transparent, not misty or milky; they fit and stand upright; shape and proportions are right to direct the draft upon the flame. They cost a little more than rough and wrong chimneys of common glass that break continually. GEO. A. MACBETH & CO., Pittsburg.

A COLD IS INFLAMMATION.

POND'S EXTRACT. Specific Directions. IF A COLD IN THE HEAD, apply Pond's Extract (diluted one-half) by a nasal douche, or sniff it, or vaporize it over a lamp and inhale the fumes through the nose. IF HOARSE, gargle with Pond's Extract several times daily. IF THE THROAT IS SORE and NECK STIFF, rub the neck thoroughly with Pond's Extract, and, on retiring, wrap the neck in a woolen bandage saturated with Pond's Extract, and protected by an outer wrapping. IF THE LUNGS ARE SORE, take a teaspoonful of Pond's Extract four or five times daily. IF THE LIMBS ACHE and are sore, rub them vigorously with Pond's Extract. FOR CHILBLAINS, bathe with Pond's Extract and bandage with cloth saturated with Pond's Extract. Itching quickly stopped. BUT do not purchase some cheap substitute and expect it to do what Pond's Extract will. Be sure you have genuine article. Made only by Pond's Extract Co., New York and London.
