

UNCLE JOSHUA'S PENMANSHIP.

It Gets Him Into Trouble with the Government Authorities.

FORGED THE NAMES OF HIS BONDSMEN.

Berlin Gets a Share of the River Appropriation—Omaha's Chances for the Pan-Republic Congress.

Joshua R. Jacobs, late postmaster of Jacob, Dundy county, is in disgrace and languishes in the county jail.

Joshua was appointed postmaster under the Cleveland administration and, like all other postmasters, was required to give a bond for the faithful performance of his duties.

He thought over the inhabitants of Dundy county who would be good bondsmen and came to the conclusion that one Frank Leppert would be a good man.

Proceedings were commenced against the bondsmen when the forgery was discovered and the arrest of the willful postmaster followed.

He will be taken before the United States commissioner, where he will waive examination and be bound over to the next term of court.

Dick Did It. R. S. Berlin has returned from the spring meeting of the Missouri river commission held at St. Louis last week.

It was the intention of the commission to do all of this season's work in the vicinity of St. Louis and near the mouth of the river.

Mr. Berlin's recommendation is that the appropriation be made for Kansas City, St. Joe and Nebraska City.

Mr. Berlin's main efforts were put forth in securing a grant for the North Twenty-fourth street, owing to the mud which has no bottom.

There is a big hole in Thirty-sixth street, just north of Farnam, which is a constant source of trouble to the neighborhood.

It is said that the dirt scraped from the Sixteenth street pavement will be used to fill the hole.

Sunday a funeral procession on Twenty-sixth street and Capitol avenue was held for the late Mrs. M. J. Bennett.

The fire and police commissioners met in regular session last evening.

Four applicants for positions in the fire department were examined.

Commissioner Hartman introduced a motion to the effect that the chief of police be directed to enforce the city ordinances in regard to fast driving.

The committee on property was authorized to approve the first estimates for the new engine houses.

The board sent a request to the council, asking authority to purchase a horse, wagon and harness for the second assistant fire chief.

In executive session the board authorized the committee on property to report on the committee on public buildings in regard to changing the location of the proposed new station at Thirtieth and Spaulding.

The only complex powder in the world that is without nitrate, with the most perfect user, and without doubt a beautifier, is Pozzoli's.

More of the County's Clerks Will Have to Walk. J. J. Webb, clerk to the board of county commissioners was a busy man yesterday.

The officials about the court house deeply regret Webb's removal, as they have always regarded him as one of the most careful and competent men about the county building.

The political ax was first swung in Jeff Megeath's office, and before it stops you will observe that all of the old deputies and clerks have to walk.

Mr. Webb was a good man, but he was not in with the present administration—not for a day.

When Tim was elected he promised the clerkship to Joseph Fontana, in Connolly and Jim Montgomery, with a secret understanding that Barney Gordon, Dick O'Keefe's brother-in-law, should have the job.

These men have lately worried the life out of the old man.

When Tim was elected he promised the clerkship to Joseph Fontana, in Connolly and Jim Montgomery, with a secret understanding that Barney Gordon, Dick O'Keefe's brother-in-law, should have the job.

There is a deal of this kind on at the present time, and O'Keefe's vote last Saturday, when he approved having a clerk, don't mean anything.

A Monument to O. H. Rothacker. Dr. T. F. Brennan arrived here from Kansas City yesterday and has commenced a fund for the purpose of erecting a handsome monument to the memory of the late O. H. Rothacker, the gifted and genial journalist and editor who died here last May.

The friends of Mr. Rothacker are now afforded an opportunity of subscribing to this fund, which will be gratefully acknowledged.

Those who may not be seen personally, may forward their material aid to E. F. Brennan, Omaha—marked "Rothacker fund."

A similar move has been started in Kansas City by Brennan, and will be in Denver and Chicago. It is believed that a monument befitting the brilliant Rothacker, will be erected in a few months.

Sufferers from Coughs, Sore Throat, etc., should try "Brown's Bronchial Troches," a simple but sure remedy. Sold only in boxes. Price 25 cents.

THE MAJORITY

Of special cough-cures do little more than impair the digestive function and create bile. Ayer's Cherry Pectoral, on the contrary, while it cures the cough, does not interfere with the function of either stomach or liver. No other medicine is so safe and efficacious in diseases of the throat and lungs.

Four years ago I had a severe cold, which was followed by a terrible cough. I was very sick, and confined to my bed about six months. I employed a physician most of the time, who finally said I was in consumption, and that he could not help me.

One of my neighbors advised me to try Ayer's Cherry Pectoral. I did so, and before I had finished taking the first bottle was able to sit up all the time, and to go out. By the time I had finished the bottle I was well, and have remained so ever since.—L. D. Bixby, Bartonville, Vt.
