Fifty Million Dollars in New Bands to Be Issued.

OLD MORTGAGES WILL BE PAID OFF.

The Floating Debt to Be Reduced. New Improvements Made, and Some Cash is to Remain in the Treasury.

Boston, Mass., April 7.-A circular was Issued from the Atchison office today to first preferred stackhalders of the St. Louis & San Francisco rattroad company, in which it is an nounced that to provide for certain deficiencies, which are given in detail, and to place the company and properties in a sound financial and physical condition, the management of the St. Louis & San Francisco railread company has decided to issue new consolidated 4 per cent gold bonds. The bonds realties, in the amount of \$50,000,000, subject only to prior liens of present outstanding mortgages, securing bonds which will be gradually retired by the operation of their respective sinking funds and maturities and be replaced by the new bonds. The circular says: "The present total out-

standing direct mortgage bond issued to the St. Louis & San Francisco railway company, on its own and leased lines, is \$36,077,500. This will leave \$13,922,500 in new consolidated 4 per cent gold bonds available for the following purposes: To provide for the re-firement of \$2,800,000 Atlantic & Pacific railroad company's second mortgage, 6 per cent bonds, guaranteed both for principal and in terest by the St. Louis & San Francisco rail way company; to provide proper facili-ties, machinery and equipment for carrying on the business of the company; to pay the floating debt of the company; to pay the treasury with cash resources, and for any other lawful purpose. The Atchison company will offer \$4,500,000 of the new bonds to the St. Louis & San Francisco railway company's first preferred stock on a basis of exchange, if par for par, each share of stock being entitled to \$100 in the new bonds. These bonds draw interest from October 1 1890, at 4 per cent. The Atchison company will extend this 4 per cent interest back to January 1, 1890, so that the first preferred stockholedrs, upon the surrender of their certificates of stock, will receive par in the mew bonds and interest in cash at 4 per cent continuously from January 1. 1890. The Atchison company in obtaining these bonds from the St. Lauis & San Fran gisco company will expect to pay 4 per cent Interest and will thus provide the latter com-pany with interest on \$1,500,000 of its new bonds, leaving, when all the available new bonds are issued, but \$376,900 in annual in-terest devolving upon the St. Louis & San Francisco company to pay on the new issue This and other changes heretofore made, are now to be provided for by the new bond issues, and places the fixed charges of the co under such an improved condition for the property on what is believed to be an ab-

A Vanderbilt Scheme. CHICAGO, April 7.—The story telegraphed from New York that Cornelius Vanderbilt is likely to enter the directory of the Chicago Milwaukee & St. Paul railroad is received with a good deal of credence here, and has revived the old report that the road in question is to be consolidated with the Chicago & Northwestern. A man whose predictions are usually based on good judgment said today that he thinks the Vanderbilt interests will soon begin to exert an influence in the management of the St. Paul, and that sooner or later a consolidation, or very close relationship, will be established between that road and the Northwestern. This would be a most important matter. Sioux City is to have some privilege en-joyed by Kansas City in the stoppage of live stock shipments at that point, and afterwards re-forwarding them at portions of a through rate to Chicago or Milwaukee. This has

been decided upon by a committee of the western freight association. The western passenger association today, after much discussion on the question of abolishing the sale of unlimited tickets, quietly laid the matter over until the May

SHALUS SINGULAR CONDUCT.

The Reverend Gentleman's Sait Lake Friends Becoming Uneasy.

SALT LAKE, Utah, April 7 .- | Special Tele gram to THE BEE. |-A prominent member of the board of trustees of the Utah university on the conduct of the president, Rev. Sam Small, whose unchurchlike performance is now exciting so much comment here, says: "When Small was elected president of the new university last summer he showed us lecture dates that had been arranged for up to January I, 1891, representing about \$4,000, and asked if we wished all or only part of his time. The board arranged to take all of his time, pay him \$1,000 a year and expenses, take all proceeds of his lectures and efforts generally. He went east and in him months has sent as \$600. Small has promised often to account for moneys raised, or supposed to be raised, by him for the building of the university, and notified us late in the fall of his intention to send us \$50,000. The money never came. He promised it for the next month, and it never February, then in March, then in April. The first week of April is nearly gone, still no accounting from Rev. Small, beyond the pittance of 8900. Calling on him to put un or explain does no good, he merely gets hot and threatens to fight and do all manner of things. In the meantime he continues lectur-ing and asking for money, while all we have to show here is a hole in the ground, plas-tered over with an indebtedness which we cannot meet because of Small's singular con-duct!"

"Cannot something be done with him?" "No; we must wait until the next conference, when we can get rid of him, and this will not be until July. Small has no bad habits, but he insists on putting up at the costliest botels and living high, traveling in Pullmans and allowing his family to live extravagantly. Just what will be done, more than letting him go when his term is up, I cannot now say."

Indiana Crops All Right.

ROCKPORT, Ind., April 7.-Reports from a number of counties in southern Indiana show that peaches, plums and pears have not been injured by the frost and give premise of an abundant yield. Oats and potatoes are a month behind the scason, but wheat is in excellent condition.

CHICAGO ELECTION IN DOUBT. Official Count May be Necessary to Determine the Result.

CHICAGO, April 7.-Today has been the

most exciting election held in Chicago for

many years, and according to the returns at midnight Hempstead Washburne, the republican leader of the mayoralty fight, is on top by a safe plurality. The democrats had a formidable split in their ranks in the independent candidacy of ex-Mayor Harrison, but the republicans were not any better off owing to the "citizens" movement, headed by Elmer Washburn. Both Carter Harrison and Eimer Washburn, particularly the former, polled a vote amazing to straight party politicians. Harrison is said to have had the secret support of a large number of wealthy men of the city who are backing the world's fair. His old-time strength with the foreignspeaking population, especially Germans and Bohemians, also returned to him heav-ily. Elmer Washburn's vote, while a surprise to machine politicians, was something of a disappointment to his friends, being con-fined more closely than was expected to the membership of American societies. The turning point in the contest was to a consid-erable extent the Irish-American vote, and this was exerted in a singular manner. H. Washburne's wile is the daughter of the president of the Hiberman bank, and it naving been asserted that certain elements were antagonizing Washburne solely because he was a Catholic, a large number of Irish-Americans, wearying of the fight between the democratic leaders, railied to Washburne's support. The indications at midnight are that aside from Hempstead Washburno the other suc-

cessful candidates are about evenly divided between democrats and republicans. Socialist Morgan's vote was unexpectedly insignificant, about one-eighth of the number of socialists popularly supposed to be in the

The interest snown tonight in the returns surpasses anything displayed here before. Mailson street and Fifth avenue, sixthere the newspaper builtelins were to be seen, were blocked for hours by thousands of people, yelling them-selves hourse and blowing tin horns. The corridors of the city hall were throughd to suffocation and in all the theaters returns were read from the stage. The day was marked by a number of bloody affrays. Even bootblacks fought over politics. Frank Gallio, aged fourteen, was stabbed and seriously injured by another boy named Clem ents because Gallio abused Clowents' candidate. Thomas Maskell was shot and fatally wounded at a political quarrel. In a free-for-all fight at another point James Scott, colored, was shot and seriously wounded. In the Thirtieth ward J. H. Clark became in-volved in a dispute and was fatally beaten. At one polling piace a ticket pecidier named Quina had his tickets snatched away by a burly tough, who also slugged him. went away, but soon returned with a new bundle of tickets and had a revolver strapped outside his coat. Quiet prevailed in that precinct the remainder of the day.

At 2 a. m. Comptroller Onahun said that

all the precincts had been beard from and | ton today for eight altermen resulted in the that complete returns gave Cregier 431 plurality over Washburne. The great gain for Cregier was in the stockyard districts, where a large body of Irish-Americans seemed to have stuck to the regular dicket. The official count will probably be necessary to decide the matter.

Election in Bansas.

Kansas City, Mo., April 7.—Elections were held in Kansas today in all cities of the first and second classes. Although without general political significance, the results of the election are regarded with considerable interest for two reasons. First, because the citizens' atliance has tickets in the field and is fighting all the old parties. The citizens' alliance is really a branch of the farmers' alliance. It is organized on the same basis and has the same objects in view. It is composed of that element in cities which would join the farmers' alliance but for the constitution of the latter organization, which will admit none but farmers. This element has been organized in the city mostly since the farmers' alliance landslide inst fall, and this election is its first opportunity of showing its strength. Much interest is manifested in the result on this account. The other element in the election which attaches interest to it is the fact that women, under the laws of Kansas, are allowed equasuffrage with men in municipal elections. has been predicted that after one or two perionics at the polls the novelty of the thing would disappear and with it woman's interests it municipal politics. This prediction has not been fulfilled. On the contrary the women's interest in politics and activity at the polls have increased with each election. The registration of women at the present election exceeded any former registration. In Kamana City, Kan, the Interest of the present election exceeded any former registration. In Kansas City, Kan., the Increase in the regis-tration was smaller than in anyother less metropolitan cities of the state, being only 75, At Topeka the registration lists were augmented by about 400 new names of women. A Wichita the increase was about 300, at Leav enworth 250 and at Atchison 250. At Kansas City, Kan., 1,245 women registered, at Leavenworth 2,748, in Topeka 2,740, in Wichita 2,300, and in Atchison about 1,800. In Kansas City, Kan., all the candidates prvide carriages to take women to the polls. About a two-third female vote was cast here. The women confined their interest in the election to voting, and is only a few cases did any of them resort to practical activity at the pells. This activity was confined to a few citizen alliance female leaders. The number of negresses that voted in Kansas City, Kan., was notable. They marched to the polis with as much, if not more, pride as their white sisters, and exercised their right of suffrage with the satisfaction pecucultar to their race.

Dispatches from other large cities in Kan-sas indicate that the vote of the women, compared to the registration, was propor-tionate to the male vote. Most of the women nad their tickets prepared at home or at places of meeting and their presence at the nolls was only long enough to permit them to deposit their puliets. Only a few femule candidates appeared on any of the tickets for flice higher than membership of the school

Returns from several cities show that the citizens' alliance did not cut much of a figure excepting where it endorsed the democratic nominees. In those places they were sucessful in electing the democratic Ablene is the only city reporting a citizens' alliance victory. Returns from Leavenworth show that the entire republican ticket is elected, the first republican victory for six years in that vicinity. At Lawrence the re-publicans were also successful. They elected their entire ticket with the exception of two members of the council elected by the citizens' alliance. At Clay Center the republicans defeated the citizens' alliance, and at Wichita the democrats carried everything. His Chief Clerk Makes a Statement About the Defalcation.

Kansas City, Mo., April 7.-Horace Mc-Kim, who was chief cterk for ex-City Treasurer Peake, who embezzled \$23,000 of the city's money, consented today for the first time to teil what he knows about the defalcation. He says the shortage began in September, 1887, when Kingston, Peake & Co failed. The Ex-treasurer made good, out of the city's funds several large checks of the irm which had been dishonored at the bank, Peake was also treasurer of the Centra Presbyterian church, and wrongfully appro-priated about \$1,500 of the church's money When warrants were drawn on him trustees, he would pay them and instruct the clerk to put the warrants in the cash drawer and charge them against him (Peake). Whenever his bondsmen would make an investigation of the office Peake would borrow enough cash to cover the shortage and immediately afterwards return it to the persons from whom he borrowed it. McKim states that Peake has been attempting to throw the responsibility of the defalcation on employes of the office and has been assisted in this by the investi-

prosse the criminal case against Peake. McKim makes the statement to clear nimself and feliow clerks. MAPPED OUT HIS ROUTE.

VILLARD'S POWER WANING. Report That His Financial fack ng Has Been Withdrawn.

New York, April 7 .- [Special Telegram to Tue Bee.] - The Commercial Advertiser n its financial review says: "The reports that Henry Vitlard has started on his retuen to New York are disbelieved by his aseciates, but they say that his stay abroad will be short and they expect him back within a month. In the afternoon when the preferred stocks declined to 69c rumors were surrent that Villard had met with a bad setback, and that the directors who wers friendly to him in the Doutsch bank of Ber lin bad been compelled to resign. This, if true, takes away most, if not all, of Villard's financial power, for it was the backing of the Doutsch bank that enabled him to overcome Harris and the opposition that had operated the Northern Pacific road after the Villard first downfall in 1884.
