APRIL SHOWERS OF SPORTS.

Mr. Barnes of Lincoln, Not of New York.

ALL THE LATEST BALL NEWS.

The Fistic Arena—Rod, Dog and Gun—Wheel Notes—Hoof-Beats and Interesting Miscellany.

Mr. William Barnes is a resident of Lincoln. He is tall, lank and ungraciously, with a growth of whiskers that defies the stiffest cyclone to penetrate. Mr. Barnes has a couple of boys whom he imagines can play ball with Buck Ewing, John Clarkson, Mike Kelley or any of the big guns. They need to play in Kearney and all this spring Mr. Barnes has been endeavoring to persuade Dave Rowe to give them a trial with the Farmers' Alliance team. But Dave is in no mood for trifling and he obstinately refuses to listen to the old man's song and dance.

A week ago Wednesday Shannon's Lambs were in Lincoln. They stopped at the Capital hotel, but providently willing they will never do so again. After dinner in the evening old man Barnes dropped around to consult with Manager Shannon about his two cherubs.

Big McCauley introduced him to Halligan, with the information that he was the man to talk to. Jocko placed his hand confidently on the old man's shoulder, while Baker, McCauley, Clarke, Walsh and Suttcliffe gathered around. They had just risen from the table and each had a handful of wooden toothpicks.

"Are your sons good hitters, Mr. Barnes?" inquired Halligan, as he stuck a toothpick in the old man's beard.

"Hitters?" he ejaculated, "you ought to have seen my oldest son paste me in the eye one night when I began to chide him furberin' out."

"What, did he hit you, Mr. Barnes?" cried Baker, McCauley, Clarke and Walsh in chorus, and as they crowded closer each man thrust a toothpick in his whiskers.

Cauley turned on his heel and went back on the field.

Means Means Business.
OMAHA, Neb., April 18.—To the Sporting Editor of THE BEE: I hereby challenge Frederick of Lincoln, winner of the late six-day race in that city, to ride on any kind of a race for a new Columbia wheel or any sort of respectable prize. An early acceptance will be appreciated. CHARLES MEANS.

A GREAT PACER'S CONVERSION.

Ed Rosewater now a Trotter—His Speed and Performances.
In 1888 a starting pacer, two years old and rather unambitiously bred, stepped off a mile in 2:20 1/2 at Council Bluffs, Ia. The track there is good, but the locality of the performance and the breeding of the youngster caused more than ordinary attention to be directed to it. The pacer's name was Ed Rosewater and he was an entire son of Vasco, dam Mary B. by Vinco. He was bred and owned in this city and named after the veteran editor of THE BEE. Ed Rosewater didn't train any in 1889. He had only one race that year, winning in straight heats, the best of which was 2:22. Last year he had six races at the pacing gait and won two. Grant's Abdallah beat him a bruising four-heat race at Independence, Ia., in August. Rosewater winning the first heat in 2:23 1/2, and being beaten in 2:30 1/2, 2:18 1/2 and 2:19. Then he fell off form until September, when he was again in the saddle, winning a race at Council Bluffs, Ia., in 2:20 1/2, 2:19 1/2 and 2:23. Later he won a heat in 2:25 at Council Bluffs, but was distanced in the second. His pacing performance and gait grew worse as he went along and it was determined to convert him to the trot. He was of Union park, Omaha, was here a few days ago and said that Ed Rosewater's conversion to the trotting gait had been accomplished very easily and with a little work with the hobble. The colt, now four years old, will be early in the green trotting classes. He is said to be much smoother of gait than he was when going from one side to the other, and almost as fast.—Chicago Tribune.

The Dying Certificate.

By Norman Baker, the Lyre.
Sandy Griswold of THE OMAHA BEE was out gunning some time since and seeing a flock of ducks sitting on the water some distance away, he crawled carefully up on his chest protector and taking murderous aim fired two loads of No. 2's into them and not a bird moved. Again did he with "veterary twir" sian the deadly missiles at them with the same equally as results. His companion suggested deafness as the cause, but to make sure they cautiously approached, when lo! it was found he had been shooting at decoys.

A centipede lay dying
Upon a grassy plane;
His head lay on his mother's breast
Whose heart was filled with pain.
She gazed into his dreaming eyes
And said, "My son, good bye!"
He answered, "Mother! I would speak
A word before I die."

The Pullman Road Race.
The Pullman road race is the greatest of its kind in the world. In 1887 it had forty-one entries, of which thirty-four were started. Winslow won the first place and time medal from the 8:30 mark. In 1888 there were eighty-six entries and seventy-one starters. Arthur E. Lumsden won and Winslow again captured the time medal with the phenomenal time of 33 minutes 20 seconds. In 1889 there were 113 entries and only sev-

enty starters on account of the poor weather. Frank Bodach won in 1 hour and 13 seconds from the eleven-minute mark and Lumsden captured the time medal in 56 minutes and 45 seconds. In 1890 the race had 167 entries. Charles Kinsey won in 1 hour, 1 minute and 36 seconds and Lumsden won the time medal in 56 minutes and 38 seconds. This year 250 or more entries are expected.

The Girls on Baseball.
Women are great enthusiasts when they once get interested in the game, and that comes when they get so they understand the game and points of play, writes Will Harris. Some go to games because it is the thing to do and is a pleasant way to pass the afternoon. Many of these go day in and day out for a long time without much more than a faint idea of what is going on before them. But they all get there after awhile, and the way they enthrall for the home team is something laughable at times. It is a noticeable thing about ladies that, as the slang crowd have it, "they want everything in sight." They simply glow over a successful trick. No home player is ever out in their opinion, and when the home team gets beaten why, well, the umpire robbed us, and I know his true, because I heard Mr. Ewing say he got the worst of it.

A List of Commanders.
The captains of the Western association teams are as follows: Shannon of Omaha, Schoch of Milwaukee, Manning of Kansas City, Tebeau of Denver, Irwin of Lincoln, Shickel of Sioux City, Shugart of Minneapolis and Conley of St. Paul.

The League commanders include: Chicago, Captain Anson; Cleveland, Captain Toban; Pittsburgh, Captain Hanlon; Philadelphia, Captain Allen; New York, Captain Ewing; Brooklyn, Captain Ward; Boston, Captain Nash. The Cincinnati team has not selected its captain. Last fall it was Captain Latham and he may be continued in that role.

Where will the state meet be held is now an important question. Omaha had it last year, who will have it this time?

Morris and Means managed the races at Lincoln last week. They say bicycling seems to take well in the alliance town.
The called run for today is Crescent City, Ia., the weather permitting. This is a fine trip and all the boys should turn out.

The first female race ever run took place in San Francisco in 1873. Alice Boyner won this event. It should have been the last.
Denman carries his left eye in a sling. He does not say what the trouble was about, but kind of hints that it is the result of taking music lessons.

There is talk of a road race from Omaha to Bellevue between Mueftering and Pixley. Mueftering, by the way, is one of the most promising young riders in the west.

The pentathlon was open for visitors on Thursday and the boys took time by the forelock and visited that institution. They also paid a visit to the asylum, state capitol and the different universities.

Frank Parmelee declines to shoot J. A. R. Elliott at Kansas City. If Elliott would consent to neutral grounds Mr. Parmelee would go him a whirl for the championship cup.
Mike Kelley, not the king of the baseball realm, but a licker of Uncle Sam's at the fort, would like to meet any local runner or walker in a race from one to 100 miles for a suitable stake.

Al Bando is looked upon as the next man to defeat J. A. R. Elliott's claim to the American Field cup. Kansas City sports are already taking a great interest in that projected event.

W. H. S. Hughes has been re-elected president of the Omaha gun club, an honor well deserved. Mr. Hughes belongs to the class of gentleman sportsmen, with a predilection

for the gun, who takes an active interest in all matters pertaining to the field and is ever ready to lend aid and advice in advancing their interests. The Omaha gun club, it must be said, has been on the decline for the last three years. It needs an infusion of new blood to restore it to its old time prestige.

Judge Alf Hazlett of Beatrice is greatly rejoiced over the fact that he has just come in possession of a valuable and high-bred mastiff. The animal is a thoroughbred and bears the name of "Only." He was whelped January 30, 1890, and is but of the imported Bruno and Asia mastiffs, shipped to this country by Buffalo Bill, during his European trip. Judge Hazlett procured the dog from his breeder, G. T. Field of North Platte, Neb. The Toy Spaniel club of England, has made the following decision: "The King Charles spaniel is a rich, glossy black and deep tan; tan spots in the eyes, and on the cheeks and the usual tan markings on the legs are also required. The presence of a few white hairs on the neck, with the black on the chest of a King Charles spaniel or with the red on the chest of a ruby spaniel shall not in itself be an absolute disqualification, but a white patch on the chest or white hairs on any part of a King Charles or ruby spaniel shall be a disqualification."

The proprietor of a resort managed by the frequenters of the Polo grounds is the owner of a black and white mongrel cur, about seven months old, which the bull player has named "Hag-gorty." The dog is a fine specimen of his kind, and is a favorite with his fellow calves. So far he has avoided the dog-catchers, but if they do get him they are sure of a reward, for he is quite a hero for his owner. So declares the New York Continent.

The English annual national bench held under the auspices of the Discount club at Chicago, last week, was the best ever held in the country. There were over a thousand entries, comprising a together the largest show of dogs ever seen in the country. Not a single breed was unrepresented. Prizes aggregating \$5,000 in cash and cups and medals worth fully as much were offered for competition. The great feature of the exhibition, however, was Imperator, the greatest Dane in the world and which was purchased about a month ago from the Hector Great Dane club of Berlin, by W. E. Hagans, of the Imperial Kennel club of Chicago. He is of beautiful fawn color, with black muzzle, and stands thirty-five inches in height, with an ideal head and neck, a perfect tail, powerful bones and a very fine coat. His price, including cartage and transportation on the steamer Pulla and a special car from New York to this city, was \$6,500. This is the first time he has been pined on exhibition.
