ENCOURAGING FOR REALTY.

Ames Sells Over Half a Million Dollars Worth in Five Months. INQUIRIES BECOMING MORE NUMEROUS.

To a BEE reporter in search of real estate news Ames real estate agency gave a very satisfactory report as to the present condition of the Omaha market.

"Our sales," said Mr. Ames, "have lately been very much larger than for any similar period during the past two years, in fact last year, owing to the prohibition scare, business was practically at a standstill, while from the 15th of last November to the 15th of this month our business has been a very satisfactory one, amounting in round numbers to over half a million dollars. This comprises sales in all classes of property."

"The first sale of importance made after the November election was through Mr. Frederick Krug, who purchased through the Ames real estate agency a large tract of land in the city of Ames, Iowa, for \$100,000."

"Then came a property bought to move in addition like Cote Brilliant, Ames addition to Omaha, which was sold for \$75,000 and recorded in the office of the County Clerk of Douglas county, Iowa, on April 15th, 1919."

"The principal non-resident customer for whom we have made purchases is the Schiltz Brewing Co. of Milwaukee, who are cash buyers of real estate in Omaha, and are now negotiating their building plan in Omaha's present and future."

"The outlook is good and prices, while reasonable, are firm, and owners very generally ask and receive good value for their holdings when put on the market. We are not, however, in the habit of trading, but have not spared work or money to push our business and the result has repaid the efforts made and justified our belief that Omaha is the most conservative, solid and substantial city west of Chicago, that there are plenty of people here who agree with us and who are ready to invest their money in Omaha."
