### NEWS FROM COUNCIL BLUFFS.

Singular Suicide of the Saloonkeeper Pete Beagle at Supper Time.

SENSATIONAL RUMORS ARE HEARD. People Who Think the Death Was Not

> Self-Murder-What is Now Known of the Case.

A tragedy took place at about 6 o'clock last evening over a saloon located at 714 Broadway. The victim was Peter Beagle, the proprietor of the place. Some domestic diffiulties have been taking place in Beagle's family for some time past, and it was these

tnat led to the affair. Mrs. Bengle was busily engaged in getting supper last evening, when she heard the sharp report of a revolver in the adjoining bedroom. She rushed in the direction of the report, and was horrified to see her husband lying on the bed with the blood cozing out of a small hole in his left, side, directly over his heart. He was gasping and in a few sec-

onds he breathed his last. Mrs. Beagle was interviewed as to what she knew about the affair that might indicate what had led her husband to the act. She could give no information. He had told her in the morning that he was tired of living and had about made up his mind to kill himseif. She thought no more about what he had said until she heard the report of the pistol. It then flashed upon her that he had meant what he said, and she ran to his side, but it was too late.

Beagle has been in the saloon business for some time past. He ran a saloon on Cut-off island for a time and one on Twelfth street in Omaha up to about three mouths ago. His saloon there was a popular resort, but it bore a tough reputation with the police. About three months ago he closed his place there and moved to this city and started up a saloon at 714 Broadway and this, too, has borne a hard name. It is known as the St. Elmo and has been headquarters for all sorts of disreputable doings. Beagle was a printer and he worked in a number of printing offices on the other side of the river before he had

gone into the saloon business. As soon as the shot had been fired Dr. Bellinger was notified, but before he arrived on the scene Beagle had breathed his last. Coroner Waterman was also summoued, and by his orders the body was moved to the un-dertaking establishment of W. C. Estep, where an inquest will be held this morning at 10 o'clock.

When the body was lifted from the bed the ball dropped upon the sheet and was picked up and kept by the undertaker. It had evi-dently come from the huge Smith & Wesson which was lying by the side of the dead man. It had entered the left side within an inch of the nipple, and had come out of the right side, about six inches farther down, and

about six inches from the spine. Last evening, after investigating the affair, the police came to the conclusion that it might not have been a suicide, after all. Officer O'Connell was detailed to work up the case. He made a thorough investigation, but owing to the different and often contradictory stories which were told by the neighbors about the affair, but little was learned, It was found that there was no powder marking around the wound, or on the undershirt which the dead man wore. This fact, it is thought, is good evidence that the gun was thought, is good evidence that the gun was fired from a distance. Another thing that causes some suspicion is that there are powder marks on the right hand of the dead man, between the thumb and the fore finger. The theory of those who believe that he was the victim of foul play is that he was attacked by someone with the gun, and that he made a grab for the weapon just, as it, went off carching the charge of gun, and that he made a grab for the weapon just as it went off, catching the charge of powder in the hand. One of the neighbors stated that she heard Beagle say a few seconds before the report of the gun, "Oh, for God's sake, don't do that."

Who the shooting could be laid to, providing it is found that the case is not one of suicide, is hard to tell. Mrs. Beagle and her husband, it is stated, have quarrelled a good deal of

it is stated, have quarrelted a good deal of late, and some are of the opinion that the shooting was the outgrowth of their quarrel. She disappeared last evening shortly after the body had been removed from the house, and where she went could not be learned, as the men about the salcon did not seem to

Snugart & Co. carry largest stock of bulk field, garden and flower seeds in the west

Catalogue and samples by mail. District Court News

District court was occupied yesterday with the trial of the case of Krueger against the city. Krueger sued the city for \$10,000, which he claims as damages for the death of his wife. It is alleged that Mrs. Krueger fell on a defective piece of sidewalk at the corner of Main street and Washington avenue, that had been unsafe for some time. and had been allowed to go without being repaired by the neglect of the city officials. She afterwards died. Monday night the ne-She afterwards diec. Bulling in more specific fendants filed a motion for a more specific statement, and this was argued by statement, and submitted. Yesterday the attorneys and submitted. Yesterday morning it was overruled by Judge Deemer. The defendants then filed a demurrer, and this was overruled. The jury was then em-pannelled, and the trial was proceeded with. The defendants claim that the death of Mrs. Krueger was not caused by the fall, as it did not take place until a year and a half after the fall was had. All the day was taken up with the evidence on the side of the plaintiff, and still there's more to follow. The attorneys state that it will be several days before the case is completed, as they have only fairly

Lace curtains cleaned from 50c to \$1.25 per

pair, at Twin City dye works. He is Insane.

John J. Wright, who was arrested Monday on a charge of insanity on a comptaint filed by his brother, Charles Wright, was brought before the insane commissioners yesterday for an examination. His brother, who lives on Sixteenth street near the Indian creek stated that the unfortunate man had been iil for some time and that he thought the illness had unbalanced his intellect. Monday he took a knife and threatened to kill himself with it. His friends disarmed him, but a few minutes later he seized an ax and rushed out into the yard, saying he would end his life with that. After considerable difficulty the ax was gotten away from him and the sheriff was called upon to take him in charge. The commissioners ordered that he be con fined in St. Bernard's hospital temporarily.

Muir has all sorts of fruit, shade and ornamental trees, Broadway, opposite postoffice.

Seed oats, corn, millet and seed potatoes garden seeds of all kinds, at H. L. Carman's, 500 Main and 501 Pearl streets.

J. C. Keily, who has been under arrest for several days past on suspicion of having been implicated in the robbery of the postoffice at Albuquerque, N. M., in which \$15,000 was taken, was brought before Commissioner Hunter last evening for a hearing. Neither the district attorney nor the Denver detectives were on hand as had been expected.

Kelly gave an account of himself that, it is

stated, proved satisfactory to the authorities !

and he was released on \$500 bail, or a charge of detaining the United States mail. This offense is alleged to have been committed when he took the letters which were addressed to the other J. C. Kelly and failed to return them to the postoffice when he found that they were not intended for him. District Attorney Miles is expected to arrive this morning without fail, and Keily will then have a prewithout fail, and Keily will then have a pre-liminary hearing on the charge of detaining the mail. It is thought by some that, although the postal authorities claim that they are satisfied that Kelly is not the man wanted, the case against him has not been dropped for good, but will be renewed against him, provided the inspectors, when they arrive, leave any doubt as to his innocence.

Prof. N'eDermid's Success. Prof. McDermid, who last year left his po sition in the deaf and dumb institution in Council Bluffs to accept the superintendency of a like institution in Winnipeg, has been winning his way and thus meeting the expectations of his many friends. The minister of public works, in his annual report, says of the institution:

The government was very fortunate in The government was very fortunate in being able to secure a successor to Mr. Watson in the person of Prof. D. W. McDermid a gentleman who, from the recommendations obtained, promises to be endinently qualified for the position, and since his appointment has proven himself to be in every respect a competent and efficient officer.

The interest in the institution has increased to such an extent that the number of pupils has more than doubled. At the present time the attendance is thirty-two, and it is fully anticipated that the number will be increased to forty if not more before the close of the ensuling year.

uing year.
The wife of the principal, Mrs. McDermid, Is ngazed as assistant teacher. She has a large xperience both as a pupil graduating at the material institution of the deaf and dumb) and as a teacher for many years, and her services therefore cannot fail to be of great benefit to the institution.

Owing to the increase in the number of pupils during the year, and the probable increase in the future, further assistance in teaching will be required.

It is to your interest to consult Mandel & Klein before you buy your furniture, carpets

Boartz' Bad Boy.

A warrant was issued in Justice Hammer's court yesterday against a fourteen-year-old son of William Boartz, charging him with committing an assault and battery on a nine year-old daughter of Charles Adams. Young Boartz, it is claimed, picked up a brick and threw at the little girl, hitting her in the eye and inflicting a terrible wound. The box had gone fishing when the warrant was issued, and he was not arrested until last evening. The frequency with which cases of uvenile depravity are coming before Justice Hammer Is convincing that gentleman that a judicial spanker would be a convenient addition to the court apparatus, for the purpose of meeting out punishment to those who are not old enough to go to the county jail and too unruly to be controlled by their parents. Furnished rooms for rent, sightly located

and convenient to center of the city. Address A, Bee office.

Freight for 150 miles prepaid on all goods bought of Mandel & Klein, 320 Broadway.

The Evidence All In. The taking of the evidence in the case of Henry against Evans, was completed yesterday by Referee Ross. The hearing was had in the library room of the court house. G. F. Wright appeared for the plaintiff and N. M. Pusey for the defendant. It now remains for the attorneys to make their arguments if they choose to do so, but it is stated that they will let the case go to the referee without any argument. The verdict of the referee will be made in a few days.

came here from Washington, engaged in a duel. Rose was killed, and Flood was shot in the mouth and breast, but will probably recover. The shooting was the result of a quarrel at gambling a short time ago.

NEW YORK BANK'S LOSS.

The Ninth National Suffers Through a Former President. NEW YORK, April 28. -Rumors were current late this afternoon that the Ninth National bank was in trouble. Investigation showed that Bank Examiner Hepburn and the clearing house committee were making an investigation. Tonight Hepburn made a statement to the press to the effect that the investigation reveals a shortage of \$400,000, chargeable to a former president of the bank. While the loss is serious it does not impair the bank's solvency nor its ability to take care of its customers. The assets besides the loss mentioned are of good character and the discounts of exceptionally good character. "The bank," added Mr. Hepburn, "has been unfortunate, but it is perfectly sound and entitled to the support of depositors and the

The clearing house committee issued a statement of similar purport, endorsing the solvercy of the bank. The late president referred to was John T. Hill, who died in March last of consumption, It was only a few days ago that anything wrong was discovered.

#### The Shah of Persia

Though advanced in years, has hair of raven Gray hairs are strictly prohibited in ids dominions, and hence the ments to that country of Ayer's Hair Vigor, by the use of which the Shah's subjects save not only their hair but their heads. Ayer's Hair Vigor restores the natural color of the

hair. It should be on every toilet-table, "Some time ago my hair began to fade and to fall out so badly that I thought I should be bald; but the use of Ayer's Hair Vigor has restored the original color and made my hair strong, abundant, and healthy. It does not fall out any more." - Addie Shaffer, 540 Race st., Cincinnati, Obio.

"My hair (which had partly furned gray) was restored to its youthful color and beauty by the use of a few bottles of Ayer's Hair Vigor. I shall continue to use it, as there is no better dressing for the hair." -

Ayer's Hair Vigor, DR. J. C. AYER & CO., Lowell, Mass.

# Londonderry Lithia

AS A CURE FOR Rheumatism, Gravel, Gout, Dyspepsia, Albuminuria,

And all Kidney and Bladder Troubles, nothing else has yet been offered the public that has had a tithe of the success of Londonderry Lithia Spring Water. It is being prescribed constantly by all our best physicians. What others think of us:

Rheumatic Gout. Office of Dr. E. B. Morey, Physician and Surgeon, Waverly, N. Y., Dec. 31, 1890.

GENTLEMEN: I wish to report to you what eems to me a remarkable cure of the most | aggravated case of rheumatic gout that I have ever seen. The patient, Mr. Fred Fitzgerald, aged about 28 years weight 115 pounds, nervous temperament, complexion blonde, habit spare, by occupation a machinist, presented himself for treatment. Aug. 18, 1856. He had contracted RHE/UMATISM some five years ago while living in Kansas, and since that time has been practically laid up every fall and winter with this disease, which did not fall to make its appearance with the cold and damp weather. He complained of pain in the left knee, ankies and joints of the great toes, particularly the l-ft which was much inflamed and considerably deformed from previous attacks. The pain was almost unbearable. I tried successively various remedies for this complaint without any apparent benefit as he was scarcely able to walk across the floormuch less to resume his work. To be brief, I wrote to you about the case, and at your suggestion ordered three cases still LONDON-DERRY LITHIA SPRING WATER. It was delivered to Mr. Fitzgerald Sept. 22. MARKED IMPROYEMENE BEGAN AT ONCE, and in about a month he returned to his work in the ever seen. The patient, Mr. Fred Fitzgerald, IMPROVEMENE REGAN AT ONCE, and in about a month he returned to his work in the Lehigh Valley car shops. Some time before he had exhausted his supply of water he told me he had ALREADY GAINED 24 PONNOS IN WEIGHT, and was still gaining. By the time the water was gone he was about as well as ever, though we have had a great deal of rain this fall and much unfavorable weather for persons of a rheumatic diathesis. I have never seen a greater change for the good in a man in fo short a time.

Most respectfully, F. R. Moury, M. D.

Most respectfully, E. B. Morey, M. D.

From An Eminent Boston Surgeon. I have tested your Lithia Water in numerous cases where acid is not well eliminated from the system, and find that it acts exceedingly well. I believe that many cases of urle acid diathesis, which give rise to itHEUMATISM, GOUT, and, sooner or later, that form of kidney and bladder disease dependent upon urle acid, will be greatly benefitted by the free use

acid, will be greatly benefitted by the free us of LONDONDERRY LITHIA WATER, and t such would recommend it as a TABLE WATER. "IF LIQUORS ARE TO BE USED, no water is at once so agreeable for diluting them, and so preventative of the bad consequences following their use." Lithia Water is the water agove all others for the man who lives well and drinks good wine.

Very truly.

700 Tremont St.

11. M. Jernegan, M. D.

A Lynn Druggist Cured of Gravel,

For years I have been PASSING STONES FROM THE KIDNEYS, like those I sent you. I have been informed that they are of urid acid formation. During all this time I have suffered from a most distressing cystitis, induced, no doubt, by the presence in the urine uric ACID CRYSTALS. Medicine gave only temporary relief. At the suggestion of a physician I began the use of the LONDONDERRY LITHIA WATER. The effect was most surprising. The intense suffering, the bloody mocus, the gravelly urine and all the old symptoms of URIC ACID, CRYSTALS and CALCULI have disappeared. I am convinced that this water will cure any case of Gravel or Cystitis, and desire to make this statement for the benefit of any who may be thus affilicted.

W. P. BECKFORD.

Walton Blumer Cured of G avel.

Walton Blumer Cured of G avel.

172 Livingston Ave., Albanx, N. Y.
Occupation: Sexton of Tabernacle Baptist
Church, Albany, N. Y.
At the suggestion of my physician, Dr. L. E.
Blair, who was recating me for many months,
with indifferent success for gravel and
bloody urine, I began the use of LONDONDERRY LITHIA WATER in April last. Since
using the water I have had but one attack of
my old complaint, which formerly seldom left
me and kept ne in almost CONSTANT MISERY. The severe neuralgic pains of a cutting nature peculiar to the disease, together
with the large amount of blood I was voiding
with my urine, kept me in a weakened and
debilitated condition so that Leould searcely
do my work. I must honestly say that I have
not been so well or feit so strong in years as I
have been this summer, and nothing else has
done it except the use of the Lithia Water, as
I have taken no other remedy. I have
GAINED in FLESH and STRENGTH, and feel
as though I had a new lease of life. I cannot
express myself sufficiently enough to thank
Dr. Blair for recommending to me your most
valuable water, I shall always give It the
unstinted praise which it merits.

CHARLESTON, Mass. Jan. 31, 1890.

LONDONDERBY LITHIA SPRING Co.:

Dear Sirs: | For five or six years past I have been at times suffering TERRIBLE PAINS IN MY KIDNEYS. I have been under the care of doctors, and by their direction used various remedies and waters, but I have used none from which I derived so much benefit as from the "Londonderry Lithia Water." I consider it a "sure cure" when used freely, and I would not be without it. I willingly commend it to all persons suffering from kidney troubles.

Sincerely yours.

PAXTON & GALLAGHER, Distributing Agents, Omaha. Neb.

Sincerely yours. REV. JAMES N. SUPPLE.

WE publish none but reliable opinions and stand ready at all times to produce the evidence of their genuineness.

Londonderry Lithia is prescribed by Leding Physicians of the country, and we are ready to give their names. It is in daily use in all standing Clubs and Hotels and we are prepared to name them.

It is used by the most eminent clizeas, from the Vice-President of the United States down, and their names are on our books. Our testimonals are all cerified by Physicians of well-known standing, and no others ever see the light.

Our success has veen so notable that the country has been flooded with MANUFACTURED "LITHIA WATERS" claiming to be superior to the

Send for our circulars and become acquainted with all the facts, so that you may know the genoine LONDONDERRY when you see it.
