Farmers Take the Third Successful Game at St. Paul.

St. Paul, Minn., May 16.—[Special Telegram to The Bee.]—The Omaha team won its third straight victory over the crippled Apollos today, and with good weather will have no the slightest difficulty in taking the other tomorrow.

Shannon was given a base on balls to start with today, and Halligan hammered out a double. Sutcliffe's grounder was fumbled at short, Griffin took a base on balls and Walsh landed a double.

Twitcheil had gone out on a ground ball to St. Paul's Daney and was left to left. They then threw McCleddy's grounder wild and a base on balls and a wild pitch out men on second and third, from which points they began to score.

In the eighth Baker hit one to third too slow and Shannon also made a hit. Halligan struck out, but Sutcliffe was given a life on Hamilton's very erratic springing and the other two following him on in on a wild pitch.

The leading features of the game were good outfield catches by Osborne and Hamburg and three lightning double plays by Omaha.

OTHER WESTERN GAMES.

Lincoln Continues to Scalph the Sioux City Savages.

Sioux City, Ia., May 16.—[Special Telegram to The Bee.]—It took eleven innings to settle the little difference between Sioux City and Lincoln on the baseball diamond.

That tired feeling which is creeping over Sioux City for some time became oppressive toward the close of the game. It was the third straight game which the Farmers have taken. Their error column has been well filled every day, but somehow they got sufficient runs to win. The Corn Huskers were given to win their next game, but their bodies are in the fence every time.

For the victors, Darnbrough pitched very effectively, although at times he was wild. He was not wild at critical times. Dewald was hit freely.

It was not till the fourth inning that runs were made. Then Burkett after banging twice at the ball smashed it for two bags.

What "Boston Dave" Pulsifer Won.

Result of the "Breakdown" on the Winter Bookmaking—Australian Thompson Learning—Other Race Course News.

NEW YORK, May 16.—Very few men who have called "big money" by Tenny's victory. There are several causes for this, the chief of which is Mr. Pulsifer's "shrewdness."

This statement can be taken with a grain of salt, says the Herald's turf editor, who adds: The bookmakers, Heffernan and Prety, would be glad to cash Mr. Pulsifer's tickets for \$15,000.

Tenny was broken down, and the other little horse was the stake. "Skip" Donohue, who owned the horse, had the night before, he too, laid a neat sum on the horse while the sporting world was mourning the colic lapse of Tenny.

Ed Leonard led all the route, but was caught in the stretch. It was a hard run, but the Australian, who came to this country to teach his Yankee confederates how to make a book. It might be mentioned, en passant, that Mr. Thompson is not as rich as he was when he began his American career.

"Matt" Corbett admitted that he had won a good deal of money on Tenny but declined to give the figures. His friends put it at \$5,000.

These are the reasons which have given most of the swayback's victory. The horse was very heavily played by the general public. Every man who had a fancy for another horse conceded that Tenny was the dangerous factor in the race.

The Union Pacific and the Crane team had a hotly contested game at the Union Pacific grounds yesterday afternoon, resulting in a tie and a scrap of an evening's playing. The umpire gave the game to the Cranes and escaped with his hair.

When it became possible to venture any distance into the cellars, it was found that the fire had started in the boiler room of the building, and it was then the work of but a short time to get it completely under control.
